Long AND Short OF IT

By TOM RIORDAN

If Tecumseh isn't the sweetest town around these parts, it soon will be.

Last week Bill Wright announced that his drug store would be the local outlet for that delicious Sanders candy.

Now we have Ralph Hodges telling us his place has been signed up by the Fanny Farmer chocolate folks.

To show no partiality, I tried some of both — and man, are they elegant. It appears any spare nickels and dimes in my jeans are already earmarked from this point on.

I'm a boy with a sweet tooth and Bill and Ralph are sorely tempting me. I can see those extra pounds coming.

But there is one out — exercise.

If I have many more Friday evenings like the one "enjoyed" last week, I could eat all the Sanders and Fanny Farmer goodies my wallet would permit (about 38c worth) and still stay slender.

Dunc Lectka got up a blooper softball game, forming an old men's team to accept a careless challenge hurled by Bob O'Neill and friends.

Performing on the little league field, we puffed, they glided, through nine innings. By a quirk, the youngsters won, 6-5. Bob himself went to great lengths to spoil our fun, blasting one pitch over the fence.

Everyone else tried to make this shot, but hitting a 16-inch blooper softball 175 feet is like trying to lift a piano.

Dunc would like to form a blooper league, or at least schedule some games. My advice is to limit such play to fellows over 30. These young bucks are just to swift afoot — and their staying power is amazing.

It would be delightful to have Kiwanis, Rotary, Exchange and the Jaycees run off a tournament. Then wouldn't the liniment business flourish?

☆

A lot of people agree that one of the nicest things to happen in Tecumseh last summer was the Sidewalk Carnival.

I hastily agree, as it was a real ball for everyone at The Herald.

You might recall we sold prints of photographs taken for Herald stories during the previous couple of years at 5c each.

Our stand was humming all day and when we totaled up that evening found we had disposed of nearly 500 prints.

The 1959 Carnival is already scheduled — it'll be a Friday in late August — and merchants have begun plans. This one should top last year's by a wide margin.

I can hardly wait.

☆

"We'll have lots of suggestions for you," Julia Boyce told me Saturday.

She referred to findings of The Herald readership survey she is now tabulating.

Julia dropped by to say there weren't any reports for this week, but that she was finding many suggestions from readers on how to make this a better weekly.

Julia and eight other college students went into 280 homes in the area to interview subscribers and learn what folks want in their hometown weekly and why they shop where they do.

Their answers and comments are going to be greatly beneficial to us and our future planning.

Only thing that worries me is that there might be an overwhelming vote to get rid of that quaint column, "The Long and Short of It".

☆

All of which indicate, I guess, that this writer should get out of town for a while. So he has.

As you read this, the Riordan clan will be rolling along some freeway (which are never free) or turnpike towards the east coast or arriving at Brunswick, Maine, home of my wife's sister.

It's the annual vacation and couldn't have come a minute too soon. For some weeks I've been at the point where nothing but driving for three or four days on end, eating questionably chow in strange roadside places, straining my eyes to find a motel with the "no" not lit up . . . to realize how nice helping to get out a weekly paper can be and what a really soft life I lead.

Bank Starts Remodeling Work

Tecumseh's old hotel will soon be only a memory.

Its present owners, the United Savings Bank, which has occupied most of the lower floor since the early Thirties, will tear most of it down.

The entire second and third floors will be demolished in a bank remodeling program, which is slated to start next week, states John Thompson, bank president.

Kreigoff Construction Co. of Adrian is handling the job, which should be completed by Oct. 1.

After the upper floors are removed, new brick facing will be applied along the east side of the building, facing Evans St.

The old hotel lobby plate glass will be removed and replaced with a wall containing several small windows.

Rental property to the north of this will be refaced.

Inside, there will also be considerable work, mainly enlarging the bookkeeping section, which has been badly overcrowded. New facilities for bank director meetings will also be provided.

The bank purchased the building for $32,000 last year. Cost of the remodeling has not been disclosed.

Voters Approve Two Proposals, Board Members

Two millage proposals and two incumbent members of the school board met approval of Tecumseh residents Monday at the annual school election.

Unopposed, Jens Touborg and Virgil Tucker were reelected, each to three-year terms. Mr. Touborg, a member since 1941, got 375 votes and Mr. Tucker, now serving his second term, had a total of 372. Eighteen ballots were voided for either candidate.

An addition of .32 mills in taxes (32 cents per $1,000 of state equalized property evaluation) to operate the public library was passed by a margin of 39 votes. The totals: Yes, 220, and No, 181. Six ballots were spoiled.

The school board had been supporting the library since 1952 without assessing the district.

Residents replied to the request of the county board of education, which was asking .5 mills for educating handicapped children, by a margin of 100 votes, 253 to 153. Three ballots were nullified.

A Lot of Hash

During the 1958-59 school year, there were 602,410 hot lunches served in eleven of the county's twelve high schools. Ten years ago 74,255 lunches were served.

In the school year just ended 1, 793,532 half pints of milk were served.

The schools participating in the program collected $290,252 for the program last year.

Kool Aid for Sale

Two ambitious youngsters created an oasis for thirsty residents last Saturday. They opened a refreshment stand under the shade trees at W. Brown and Ternes.

The proprietors, Linda Brazee, 11, and Arthur Brazee, 8, who live at 701 Ternes, put up a sign that announced: "Kool Aid' 3 cents a glass or a nickel for two." Then they waited for customers.

After an hour or so, the two-quart supply of aid—which Linda had made — was exhausted. Counting the loose change, the kids realized a profit of 52 cents.

Said Linda: "we usually do it a couple times each year. But we didn't make as much money as we did this time."

Both partners got an equal share of the profit: 26 cents each. "We are going to use the money when we go on our vacation," Linda said.

Meanwhile, as the temperature soars into the 90's, the folks in the neighborhood will have to provide their own soft drinks or wait until the kids set up their stand again.

Ford Dealer, City Planning Commission Air Views on Zoning

E. L. Simmons, one of the new owners of the local Ford agency, explained to the Herald last Saturday his proposed remodeling plan for his building west of the city.

This structure along M-50, next door to Partridge Implement, was formerly used as an International truck agency.

Originally purchased by Charlie Butler, a year ago, when he still owned the local Ford dealership, it was part of the sale when Mr. Simmons and his son-in-law, Bob Karle, attained the car outlet.

"We would like to add a glass showroom, 24 x 60, to the front of the west-end building," Mr. Simmons said.

This would bring it to within 14 inches of the state's 110 feet right-of-way, or 51 feet from the center of the road. (The road has 11-foot lanes, thus the building would be approximately 40 feet from the concrete.)

However, this would violate a Tecumseh zoning restriction. In a Business "A" restricted location — as this is — the owner cannot built within 100 feet of a right-of-way.

(The old International structure violates this ruling, made after the building went up, by 26 feet.)

Only one business along the south side of M-52 complies with the zoning law, that being the new Gulf station.

The Cities Service station, the former Jim McDowell home, Clauda Plumbing, Jack Pine Drive-In, Partridge Implements and Purkey's AAA garage are all within the 100-feet restriction. All went up before the zoning law was enacted.

If council approves the Simmons plan, there would have to be public hearings and eventually changes in the zoning laws.

Mr. Simmons explained that his showroom would be 90% glass on three sides. In front of it there would be a lawn to the berm. All parking would be along side of the buildings he stated.

Meanwhile members of the city planning commission affirmed Tuesday night the group's position on the zoning change suggested by E. L. Simmons, local Ford agency.

Last week, a report, recommending no zoning concession, was read to the city council at its regular meeting. Result: It was tabled for further study.

Chief spokesman for the nine-member body was Harry Spencer who declared: "We are not working an injustice on Mr. Simmons. He could extend the back of his building.

"He has 64 feet to the east of the proposed showroom, three feet more than the present width of the building, and 175 feet to the south property line.

"The building and property lend to no conflict in zoning construction. He can stay within the ordinance.

Mr. Simmons was not present at the meeting.

Referring to Mr. Spencer's statement, chairman Robert Bonner said: In the long run Mr. Simmons will see and realize that we are doing him a favor."

Noted James Beardsley, city attorney, "Every time we make a concession, we pay for it ten times over."

Another member, Walter Nichols, commented that the planning commission has no authority. It can only make recomendations to council.

Nichols added: "The building where Mr. Simmons proposes to make alterations has been vacated for 10 years. Improvements should stay inside the building."

Owen Partridge, part owner of Partridge Implement, told the commission, in a letter, that the 24-foot addition to the old International Harvester building will block his display area for farm equipment.

Mr. Nichols remarked that automobiles and farm equipment on either side of M-50 are near the berm of the highway. His suggestion "you can't move buildings but you can move cars and farm equipment.

John Surratt Resigns from Planning Group

John Surratt submitted his resignation to the city planning commission Tuesday His letter was read to the group.

Mrs. Gale Fisher secretary, said it will be sent to the city council for approval. Then the Council will have to appoint another member.

Nine members are required to sit on the commission.

Tecumseh's Newest Industry

By DON BAUERLE

Inside the low, white cinder block building at 805 N. Evans, a 39-year-old executive plots the future of the H. W. Tuttle & Co., a major supplier of heating units for all types of electrical appliances. His name: Harold W. Tuttle, Jr., vice-president of the concern.

His mother, Madeline K. Tuttle, is president.

Growth of the company as a leader in its field has been phenomenal. In the early 1930's, Mr. Tuttle's father invested in a heating equipment company in Detroit. Its main product: small water heaters.

Then the firm moved to Tecumseh in 1938 where it was known as TELCO. Late the same year, the senior Tuttle bought out his partners and founded the H. W. Tuttle & Co. in Adrian, where it was situated until early in 1959.

☆

"WE RETURNED to Tecumseh in February," Mr. Tuttle said. "But the final move was made in April."

What convinced Company officials to resettle here. "The Chamber of Commerce was instrumental in working out a program with the City fathers," he said. "We, too, wanted to stay in this part of Michigan.

"The city cooperated by giving the plant water and electrical facilities and the people showed us that they wanted our plant here. That's when we decided to come here."

Both plants in Adrian have been closed, he said.

Mr. Tuttle's experience with the company began while he was still going to high school. He worked at odd jobs during the summer recess. "I guess I was a janitor. I don't know for sure," he said. Once he graduated, he became a full-time employee.

☆

HIS CAREER, however, was interrupted after the bombing of Pearl Harbor. He went off to war. Meanwhile, the company revamped its operation and began to build defense equipment.

"During the war, we made fuel pre-heaters and glow plugs—the latter used on combustion chamber ignition systems — for the Air Force. We also produced some parts for the Signal Corp," Mr. Tuttle explained.

After the war, product diversification occurred and the company's organization structure was expanded to meet new demands.

Result: a research and engineering development department was set up and supplimental heating units for electric furnaces and flexible band heaters for hot water tanks were later introduced.

Now its customer list includes such household names as General Electric, Westinghouse, Norge, York, Carrier, Fetters, Easy and Whirlpool.

Remembering production figures, Mr. Tuttle said, "our total output on electric dryer units indicates that our heating elements are used in one of three dryers. Additionally, we supply 85% of the supplimental heating units."

☆

SALES FIGURES, roughly estimated, further pointed up the company's success. Covering a 12-year span, Mr. Tuttle said, "in 1946 sales were about $350,000. Last year, 1958, they were about $1,125,000."

He expects statistics on sales and production rates to climb, too. He said the company already has a foreign distributor, a licensee selling Croname (Canada) Ltd., in Waterloo, Quebec, and added:

"We can expand facilities here five times. The plant now occupies about 25,000 square feet. We employ 85, 10-15% living in Tecumseh," Mr. Tuttle pointed out.

" 'Adaptatherm,' a new process for manufacturing electric heaters and heating elements, will become—we think—a vital part of our operation. We hope to grow as much in the next ten years as we have in the last ten."

"In the Good Old Summertime, In the Good Old Summertime". This may not be the tune sung by the children as the family car or station wagon skims over the road piled with picnic basket, bathing suits and towels, but it could easily be the one running through Mom and Dad's head.

"The Battle of New Orleans" is more likely the ditty blasting the breezes as the young people express their joy in anticipation of the dip in the lake and a ride on the skis.

Those few residents who are not coming and going on vacations are keeping the highways congested between here and the lake district.

Married 50 Years

An open house honoring Mr. and Mrs. Leon Vealey in observance of their 50th wedding anniversary will be held Sunday, July 19, from 2 to 8 p.m. at the home of Mr. and Mrs. Donald Stilts and Mrs. Frank Stilts.

Leon Vealey and Flora Kuder were married April 26, 1909, in Ypsilanti. Mrs. Frank Stilts was an attendant at the wedding.

They are the parents of four children, Mrs. Edward Root, of Pinella Park, Fla., Mrs. Douglas Hall, Jack Vealey, of Lansing, and Gayel at home. They have eight grandchildren.

The Vealeys are members of the Presbyterian church though they have been residents of Pinella Park for the past eight years.

Friends and relatives are invited to the open house being held now since the Vealeys were not here in April.

They ask that gifts be omitted.

Weather Is Threat to Summer Foods

Spoilage of summer foods may result unless care is exercised in preparing, storing and serving certain dishes during warm weather, according to the Michigan Department of Agriculture.

Special care in preparation and refrigeration should be taken with foods containing dairy products or eggs such as cream pies, salad dressings and gravies, custards, and cream filled eclairs.

If the bacterial contaminants find their way into foods during preparation, the warm temperatures of summer stimulate their growth.

Bacteria, capable of producing toxin harmful to people, frequently are found in food samples tested by agricultural chemists following a foodpoisoning case. Lack of cleanliness or failure to take normal precautions in protecting food from the body of the person preparing the meal is important.

Proper cooking is important. If food is to be stored it should be chilled immediately after cooking and then refrigerated until used. Constant refrigeration is important with custard-filled baked goods, sausage or ham during warm weather.

A Lot of Dough

A study by economists at Michigan State University shows that Michigan families are consuming more store-bought pies than five years ago. Two out of three families buy commercially-prepared pies each year.

FOR ALL WE HOLD SACRED
. . . ATTEND CHURCH !

If someone were to deprive you of the right of relaxation you would be a slave.
Yet relaxation itself can enslave us!
Nero is a villain of history because he fiddled while Rome burned. He couldn't have put out the fire . . . but what a colossally stupid time to relax!
There are hours in every week when we need to relax. And there are hours that challenge our mightiest effort.
It is like those hours when, with millions the world over, we have opportunity to seek in our churches truth . . . faith . . . God!
The value of relaxation is unquestionable. But the value of religious and moral growth is *supreme!*
Copyright 1959, Keister Adv. Service, Strasburg, Va.
THE CHURCH FOR ALL . . . ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

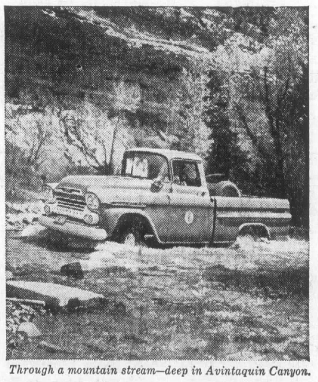
Up a steep mud-choked wash—Positraction pays off!


Through a mountain stream—deep in Avintaquin Canyon.
NO MOUNTAIN CAT, MISTER,..
That's a Chevy with Positraction!
That 3134 Fleetside has the sure-footed ways of a big western bobcat. Roams through high brush country that would buck the life out of most trucks. Crosses streams without benefit of a bridge. Climbs talus grades where piñon won't even grow. But that's all routine for this Chevy, equipped with Positraction* rear axle. It's hard at it every day for the Utah Fish and Game commission. Figure about 60,000 miles of mountaineering before this Chevy is traded. And yet the district officer who drives it would bet his badge the tie rods won't even need replacing!
Out in that wild, climbing Utah country, Chevy's suspension and frame and brakes, its Positraction rear axle and Thriftmaster 6 power are proving themselves under rougher conditions than most test engineers could dream up. They're proving that Chevrolet's advanced engineering and design ideas pay off—in spades—when the going gets especially mean and dirty.
Positraction, of course, is a big plus on this job, providing the sure grip needed to dig through mud, snow, loose sand, whatever comes along. Could be that a Positraction-equipped ½-ton pickup is the answer for your area of operation. Or maybe a 4-wheel drive Chevy. We've got trucks that specialize in getting in and out of any kind of country. Talk to your dealer about your needs. He'll show you what tough trucks are made of.

Michigan Can't Issue State Highway Maps

John C. Mackie, state highway commissioner, is speaking out against a legislative move that prevents his department from issuing an official state highway map.

"This will only give nationwide credence to the story that Michigan is broke despite the fact we have the money to provide such maps.

"The prohibition in our budget will mean that this year we will have to write thousands of persons outside of Michigan that no maps are available because of a legislative decree.

"If somebody sat down and tried to figure out a better way of supporting the unfavorable publicity Michigan has received, they'd have a hard time doing it," Mackie said.

The highway department has given out maps yearly since the late 1920's. The first prohibition was included in the highway budget last year. The last issue of maps cost $34,000.

Mackie has ordered postcards to be sent to all persons requesting the maps.

"Over 100,000 of these maps are distributed to out-of-state tourists by the highway department and the Michigan Tourist Council.

"I can only draw the conclusion that certain members of the legislature want us to build new roads but don't want us to let the public know where they are," Mackie criticized.

HERE AND THERE

BY DON BAUERLE

Harry Spencer, of the city planning commission, has found the answer for residents who complain about nuisances near their homes.

"We could solve problems in a peaceful way by forming a permanent nuisance committee," he said Tuesday night.

Mr. Spencer set up such a committee to investigate trailer ordinances in the city. His report has been sent to the city council which tabled it for further study.

Two members from the planning group and two from the council made up the committee.

Mr. Spencer said the commission intends to make a recommendation to the council, stating the rules for operating a nuisance committee.

A neutral body, it would "work on anything considered to be a nuisance." Studying the complaint, the group would then interview neighbors and finally enforce its recommendation.

What's a nuisance. It could be an untidy shed in a backyard. Or the man next door who pounds on his car late at night.

"I hope to complete the report in two or three months so I can make an intelligent recommendation," Mr. Spencer added.

Such a committee has worked in Marion, Ohio, he pointed out.

☆

WHEN I WAS younger, we used to have lemonade stands in the summer. Mixing a few things together, we would sell it for a nickel a glass. If we didn't make a lot of money, we usually got sick from drinking the profits.

Last Saturday, a brother and sister teamed up and opened their stand near their home. The team: Linda and Arthur Brazee. Soon, all the aide had been gulped down and the kids report a profit. (See page one).

☆

WHILE DISCUSSING books the other night, Mrs. Allen Seager made an observation about "Collison Course," the book I had just read.

"We got our tickets for the Andrea Doria the same day the ship sank," she related. Then, the Seagers' had to book passage on another ocaecan liner for their trip to the continent.

REPRESENTATIVES for a national soft drink company were promoting their product Wednesday afternoon. For 12 cents, I got six king-sized bottles of Coke. In addition, I received a coupon worth 15 cents on the price on another king-size six pack. Quite a bargain, I thought.

4-H Meets Monday

The Ridgeway Sunny Rays 4-H Club will meet July 20 at 4 p.m. at the home of Robert Van Vleet.

A garden tour will be conducted and will end at the home of Ann and Nancy Marks on S. Ridge Road where a picnic will climax the tour

Each member is to bring weiners and rolls. The program and refreshments are in charge of Connie Mata, Atanacio Lopez, Ann and Nancy Marks.

Picnic sandwiches made on the spot taste better and are safer to eat than sandwiches made at home, say foods and nutrition specialists at Michigan State University. This is especially true if you uses mayonnaise or salad dressing, two ingredients that do not keep well in hot summer temperatures.

Two Girl Scouts Heading Home

State Police, Military police and members of local fire departments, such as the Black Forest Department stood close guard over the 1200-acre campground at Colorado Springs where our girls, Grace Dennis and Ann Cameron, pulled up tent stakes Monday and started for home.

Mrs. R.G.B. Marsh brought the July 2 edition of the Rocky Mountatin News home with her which tells many interesting facts of the international round-up.

An avenue of flags from all the states and 44 nations waved in the breeze on one side of our girls and the swap tent was located on the other.

It will be interesting to hear what Grace and Ann have to say about the giant tent city, the 327,000 meals consumed and the other scouts and leaders they became acquainted with from 27 foreign countries.

Read the Herald next week for the exciting details.

KIWANIS CLUB

The Kiwanis Club will hold a family day picnic at Wamplers Lake on July 23 at the cottage of Don Judd.

A message from Ralph Hodges, "Your Pharmacist"

MODERN PRESCRIPTIONS ARE TREMENDOUS VALUES. It is amazing how they can be priced so low, considering the time, effort and expense of perfecting a new "miracle" drug.

EHLRICH DISCOVERED NEOSALVARSAN IN 1910. He called it "606" because he had previosuly experimented with 605 other chemicals which were useless.

A RESEARCH SCIENTIST COSTS ABOUT $75,000 PER YEAR. Salary is a smaller portion of this expense. Equipment, supplies and a laboratory are needed.

55 RESEARCH SCIENTISTS WORKED FOR 2½ YEARS. They tested more than 100,000 samples of soil collected from every part of the world. Finally one valuable broad-spectrum antibotic was discovered or more than $4,000,000 would have been lost. Yet, the final prescription cost is only about fifty cents per dose.

TODAY'S PRESCRIPTION SAVE LIVES AND MONEY. Your Doctor makes fewer calls, sickness-time is lessened and you need fewer medicines to cure sickness. We always price them as reasonably as possible.

Could you guess what's good about a headache?
If you happen to have one right now, probably all you need is an aspirin. But the fact is: a headache sometimes is a signal. It may be telling you something is wrong . . . perhaps something quite remote from the pain. In this event it's a *symptom*—valuable information for your physician. So if you have a persistent or recurring headache and don't know why, see your doctor. Don't take a chance. Your physician can probably clear up your problem in short order. Of course, he may say all you need is aspirin—but even that's worth *knowing*.

MEA Has More Members, Chapters

The close of the 1958-59 fiscal year for the Michigan Education Association reveals an increase in membership and the addition of record-number districts and chapters, according to Dr. E. Dale Kennedy, MEA executive secretary.

Dr. Kennedy has announced that 53,418 members now make up the state-wide education association. This represents an increase of 3,012 as compared to the 50,40 for the corresponding period last year.

Ten new districts and 55 chapters were added to the MEA, increasing the numbers to 157 and 327 respectively.

The new districts include Bloomfield Hills, L'Anse Creuse, Madison Heights, Riverview Jurgis, Tecumseh, East Detroit, Grand Ledge, Huron Valley and Lakeshore. (St. Clair Shores).

☆

DR. KENNEDY said the Michigan School Band and Orchestra Association was added during the last fiscal year to the list of MEA departments, now numbering 27.

Another first for the MEA was the weekly TV program, "Pinpoint," co-sponsored with Regions 10-11-12 from February through June. It focused attention on key educational issues.

Produced in the WNEN-TV (Bay City, Channel 5) studios, the series was the only one of its kind in the midwest. Only the state of Utah produced a similar show.

John H. Strandberg, a Mumford high school teacher, Detroit, succeeded Mrs. Charlotte Richards, a teacher in the Lincoln high school, Ferndale, as president of the association, July 1.

The MEA, which is made up of 18 regions throughout the state, offers educational services and benefits to teachers. The enw total of 53,418 members brings together in professional organization approximately 85 per cent of all Michigan teachers.

More than 20,000 state teachers also have joined the National Education Association (NEA) in addition to their MEA membership.

Peace Is Essential'

"Looking at matters from a perfectly natural standpoint, informed men and women have become convinced that peace among the nations is an absolute necessity," stated Mr. N. H. Knorr, president of the governing body of the world-wide organization of Jehovah's witnesses a capacity crowd of 18,317 at the I.M.A. Auditorium in Flint last Sunday.

More than 40 delegates from this area were part of the audience gathered from 22 states and 3 provinces of Canada which overflowed the auditorium facilities into tents hastily erected in parking area surrounding the building.

Mr. Kenneth Ball of the local delegation said that President Knorr is considered an international authority on the relationship between world events that fulfill Bible prophecy and his subject, "When God Speaks Peace to All Nations", was authoritative and well documented.

Mr. Ball said the local delegate received information in other sessions of the assembly which could be used advantageously in their education and training programs.

Mr. Ball also reported that 337 new ministers were ordained in a mass public baptism ceremony during the meeting.

HOSTESS TO CLUB

Mrs. Donald Purkey will be hostess to the Little Garden Club Tuesday, July 21, at 8 p.m. when a social evening discussing garden problems will be held.

Mrs. William Sisson is the co-hostess.

CHAMBER of COMMERCE

Murph Reports

By DON MURPHY
Executive Secretary

Each year for one week I attend an organizational workshop for Chamber executives at Michigan State University and I come back all fired up about what the Chamber does for every town it is in and what it is going to do.

Then, after the week is over, you must return to the town you left and try to pass on this dedication and energy.

I must fire up the membership of the Chamber because they are the people that can really kindle this fire into a big blaze. I am going to ask a few questions and I am sincere when I ask that you answer these questions to yourself you can evaluate the effectiveness of our Chamber.

The heading is, "If The Chamber of Commerce Didn't, who would maintain an office with a full time staff devoted exclusively and untiringly to the industrial, commercial and civic development of Tecumseh.

Who would do the thousand and one chores that need doing around any community when so often "everybody's business is nobody's business?"

☆

WHO WOULD be the liaison between all lines and types of business and the professions and local government?

Who would speak for business with the State Legislature and the Congress and various departments of government on laws and regulations either existing or proposed which affect business?

Who would be the central publicity agent for the community?

Who would represent business and professional people of Tecumseh in working with the educators of our public schools and colleges? — answer hundreds of questions about this city and area, made in person, by mail and by telephone?

Who would represent Tecumseh state and nation wide in governmental problems?

Who would coordinate the efforts of local businessmen in building up the facilities and the prestige of Tecumseh as a trading center?

Who would be concerned with the many basic problems in every growing community such as parking, housing, planning, water supply?

☆

WHO WOULD be working as a representative of all groups and classes, young and old, for improved recreational and cultural facilities and adequate services to meet the needs of our citizens?

Who would maintain a central agency representing the principal civic and business interests to which visitors could come for information?

Who would investigate rackets, itinerants, solicitors, magazine and book salesmen and others who would prey upon business and our citizens (this alone if taken advantage of could save the people of Tecumseh thousands of dollars annually?)

Who would do all these — and be ready" to carry the torch" for Tecumseh on all matters relative to making "our city" a better place to live and work.

These are only a few of the many things that the Chamber of Commerce does for it's city. Look around you, talk to your neighbors, get interested in your City Government, and inquire, because this is the only way we can find out what we really need.

Every person in Tecumseh has a stake in the community and it is your duty to better conditions for yourself and your city.

Cleo Shaw, Larry Carson Are Engaged

The engagement of Cleo Shaw to Larry Carson, son of Mrs. Barbara Carson, of Route 1, Adrian, has been announced.

She is the daughter of Mr. and Mrs. Floyd Wells of Route 1, Tecumseh.

A September wedding is planned.

Police Blotter

Richard L. Kelly, 35, Tecumseh, pleaded guilty Friday before Justice Ernest H. Oliver of Tecumseh to being drunk and disorderly.

He was ordered to spend three days in jail and pay $25 and $4.90 costs or spend an additional five days in jail.

He was arrested by city police Friday and booked at the county jail.

City police arrested Ben F. Smith, 48 years old, of Tecumseh, Sunday and booked him in the county jail for driving while under the influence of intoxicant. He was sentenced to serve five days in the county jail.

In addition, Smith was ordered to pay a $50 fine and $4.90 court costs or spend an additional ten days in jail. He did not pay.

William H. Rodgers, 41, of 709 Occidental Highway, pleaded guilty to an assault and battery charge, paid $15 and $4.30 costs and was released. He appeared before Justice Ernest H. Oliver.

Those appearing before Justice Oliver this week for traffic summonses were: Roger M. Palmer, 20, 307 S. Maiden Lane, paid $4.20 for loud mufflers; Ralph Priest, Tipton, $4.20 for loud mufflers; Carol Meyers, 603 Herrick Park Dr., paid $4.20 for no operators license on person; and Earl Cook, 501 W. Kilbuck, paid $4.20 for driving with an expired operators license.

Four girls from the Girl's Training School were picked up by city police and turned over to authorities at the school. The girls, Geraldine James, 15; Helen Benable, 16; Annie Oakley 16, and Bonnie Matthews 15, walked away from the school last Thursday.

Group Holds Last Summer Meeting

The Friends Missionary Society met Thursday at the home of Mrs. Melvin Muhn for the annual potluck picnic on the lawn.

Mrs. Margaret Watson presided at the business session when members voted to sponsor the Brownie Troop led by Mrs. Ernest Hammack.

The next meeting will be held September 10 at 7:30 at the church.

Qualifies as Cadet Trainee

Darrell A. Lowrey, son of Mrs. Sarah M. Lowery, of Britton, has qualified for the air force aviation cadet training program, according to Sgt. Carl B. Flint, air force recruiter from Adrian.

Darrell graduated from Tecumseh High School in 1958 and is now taking basic training at Lackland Air Force Base in Texas.

Two Crops Are Abundant This Year

Two fruit crops, cherries and apples, will be in ample supply this year barring adverse conditions, according to the Michigan Department of Agriculture.

The red tart cherry crop is estimated by the federal-state crop reporting service to amount to 84,000 tons this year. This is 70 percent more than last year's short crop, but 6 percent less than two years ago.

The harvest already is under way in southern producing regions.

Production of red tart cherries for the nation is expected to reach 138,260 tons. Michigan's yield will amount to more than 60 percent.

KATHERINE ANN HEESEN

The Rev. Alvin Brazee officiated at the graveside services Saturday for the one-day-old daughter of Mr. and Mrs. Don Heesen, Jr. which were held at the Brookside Cemetery.

The daughter, Katherine Ann, died Friday afternoon at Herrick Memorial Hospital.

Besides her parents she is survived by a sister, Janet, and her grandparents, Mr. and Mrs. Don Heesen, Sr. and Mr. and Mrs. Erwin McIntyre, of Norwich, Ont.

Two Scouts Are Camp Counselors

Mike and Tom Wilson are spending the next two weeks at Scout Camp on a campers scholarship under the supervision of Orville Collins, Lenawee District Scout Executive.

They will assist the camp staff as junior counselors. Mike is in charge of the axe yard which includes the proper handling and care of an axe as well as being able to name the different parts.

Tom is in charge of the rope yard which includes the tying of knots and lashings.

Twenty-nine merit badges were earned by Troop 73 during their stay at Camp Kenesatake last week. This is largest number of badges to be earned by a troop during one week summer camp. Thirty-three participated.

Firemen Have A Busy Week

Tecumseh Volunteer Fire Department has been busy this week with grass and field fires.

They answered two calls for grass fires July 9, one by Ralph Randolph on Munger Road and the other by Eldon Walker on S. Union and a wheat field fire at the home of Lester Mukenstrum on Carson Highway.

They squelched a fire July 12 in a field of rye that endangered the house and barn at the Kuehman Potato Farm.

A fire July 13 in a clothes dryer at the David House residence caused about $200 worth of damage before it was extinguished.

Our Readers Write

Dear Mr. Riordan,

I've tried to include in this letter enough information to keep everyone in the Tecumseh area up to date on my travels so far. I'll write again in another two weeks. I hope this gets to you in time for the July 16 edition.

Sincerely,
Sharron
July 9, 1959

Dear Friends in Tecumseh and Area,

Just two weeks ago last night, I drove through Tecumseh on my way to the Detroit Metropolitan Airport, with butterflys in my stomach and a bit of apprehension as to what or who might welcome me in Ireland. At 10:55 p.m. our Flying Tiger Super Constellation became airborne, and the 1959 Michigan Chorale started on its goodwill mission. After an hour long stop at Gander, Newfoundland, in the wee hours of the morning we continued our flight to Belfast where we arrived at 8 p.m. their time.

After being shuffled through customs, we were herded into busses which took us to Bangor to meet our "families." Marcy Briggs from Midland and I were whisked off to the residence of Mr. and Mrs. J. A. Stevenson, where we had a beautiful view of the Irish Sea. "Mom and Dad" made it easy to call Bangor our home, and our older brother, Gore, was always willing to tote us around.

Our first singing engagement was the evening of June 28, when the Chorale was divided into small groups and sang in the Bangor churches. The following night was our first big concert, in Ulster Hall in Belfast. The critics were kind and praised us highly in the newspapers.

Tuesday, we had a beautiful bus trip up the Coast road. We gave a concert in Coleraine that night, and were again assigned to private homes where we were made comfortable but also realized how much we missed Bangor. It rained all the next day while we made our way to the Giant's Causeway and on the Ballymena for another concert. Returning to Bangor late that night, we were wet, weary and happy to be "home."

Friday night was our farewell concert in Bangor and people swarmed into Dufferin Hall with the overflow crowd standing outside the doors. Although we were kept pretty busy with rehearsals, concerts and meeting officials at receptions held in our honor, we had plenty of time to fall in love with the Emerald Isle and gain many new Irish friends. It was a tearful goodbye on Saturday, July 4, when we boarded the boat at Larne, enroute to Scotland.

Immediately after landing in Scotland we were rushed onto a train which brought us to Keswick, England. I'm rooming with Liz Merrill from Ann Arbor at the Royal Oak Inn at Braithwaite, just two and one half miles from Keswick. I never imagined the famous Lake District could be this beautiful. It is simply breathtaking! Although in a guest house, we are treated as "tourists" rather than "family", we are fed royally and heartily welcomed.

We have given two concerts in Keswick and after giving two more we will leave by train for Royal Tunbridge Wells.

This is such a marvelous experience and I have only you people to thank for for my being here. May God bless each one of you.

Very truly yours,
Sharorn Muhn

DAN CISCO, son of Mr. and Mrs. Perry Cisco, has been transferred from Lackland Air Force Base, Texas, to Chanute Field, Ill., where he will attend a technical school for aircraft and missile accessories maintenance training. Upon completion, he will receive a rating of airman 3/c. A 1959 graduate of Tecumseh High School, he entered the air force June 9.

Lucky Guess!

Lucky Louise Lawson guessed the correct date for the birth of the new baby boy born to Mr. and Mrs. Charles Gross in Erndale, Michigan.

Mrs. Gross received a pair of baby shoes from Rushia's Apparel for Mrs. Lawson's right guess.

The baby, Charles Kevin, was born June 24 at 2:45 p.m. and weighed 8 lbs. and 10 oz.

Michigan Fishing Booklet Available

A newly-revised edition of "Fishing in Michigan" has just been released by the Michigan Tourist Council.

The colorful, 32-page guide outlines year-around fishing opportunities in this vacation state. Copies are available without charge from the Council's office, Lansing 26, Michigan.

Mr. and Mrs. Ray Ernst are chairman for the jamboree nite at the Country Club July 25.

Music will be provided for dancing by a three piece combo led by Frank Kiersey.

A snack will be served at midnight.

New members welcomed to the club recently are Mr. and Mrs. Wallace MacGeorge, Mr. and Mrs. Harold Lenheiser, Mr. and Mrs. Leo J. Falk of Milan, Mr. and Mrs. Luther Klager of Manchester.

Mr. and Mrs. Don Smith were chairman and the Board of Directors were hosts for the pizza pie, square dancing party July 11.

Local Agent Named

James P. McKenna, 9301 Clinton Rd., is a new local agent for the Allstate Insurance Co.

Mr. McKenna recently completed the company's training program and is licensed to sell auto, fire, theft, personality liability, homeowners and commercial fire and liability insurance.

Paul Ammer and son, Dean, are traveling abroad on vacation.

Closed Season Ends for Dogs

Michigan's annual "closed season" on dog training ends July 15. The April 15-July 15 ban is designed to protect newly-born game animals and nesting birds.

Dogs may be trained between the hours of sunrise and sunset on birds and animals that may be lawfully hunted with dogs.

Owners may use only pistols or revolvers with blank cartridges while taking their dogs on these outings. Local police or sheriff departments can give details on concealed weapon permits.

LIBRARY REPORT

Now We Have Nine

By MRS. CONRAD FOSBENDER
Tecumseh Librarian

The library system of Tecumseh has grown from last year's five libraries to a total now on nine. These include the Public Library, High School, Junior High, and six Elementary libraries.

Both school libraries and public have shown an increase in circulation to an all time high of 82,491. This is an increase over last year of 9,492.

The Public Library now has a registration of 2,448 persons.

Approximately 4,521 patrons used the Public Library to study and the staff found 2,750 answers to questions. The attached sheet gives the statistics for each library and shows the increases in new services added last year.

New equipment was added to make the library more business like and to increase service. The main change came with the Gaylord charging system. Also added was a record listening corner, as well as furniture in the office and workroom.

☆

SEVERAL NEW services were made available. A file of college catalogs and telephone directories. Both were well received by library patrons.

The special activities of the library were varied. Storyhour was held during the summer and the weekly hospital visit made. National Library Week was given special attention with a special committee of local citizens, public and school librarians.

Several events were planned as part of the week: a poster contest in the Junior High School; fine free day at the Public Library; and special exhibits in all the schools and downtown.

A book fair and art show were held at the Methodist Church for two and a half days. All fourth through sixth grade boys and girls were brought in by bus to the fair.

Both new and second-hand books were displayed and sold. The art show was enjoyed by everyone.

Fourteen organizations in Tecumseh and surrounding areas invited us to speak about the Library. Mr. Galazzi and Miss Waldron helped in this activity by speaking to several groups.

☆

PROCESSING FOR school libraries was again done at the Public Library.

Books were loaned to the various schools to supplement their library collections. A book exhibit was held so teachers could see the new books being published. Some classes came to the Public Library to visit.

Mr. Murdoch, Mrs. Blanks and myself worked closely to plan and coordinate library service between school libraries and public library.

The Public Library received good publicity through the local papers and radio station. Many gifts of magazines and books were received by the library.

Your librarian has taken part in the Michigan Library Association, attending district and state meetings. I was elected to vice-chairman, chairman elect of district II of M.L.A.

I also attended American Library Association and was asked to serve on a committee.

These meetings have added to professional growth and in gaining new ideas and planning for the library.

The Lenawee County librarians also met and discussed common problems. Mrs. Day attended her first workshop last July and will attend her second this July. This completes the necessary requirements for the state.

The Library Board met during the year to discuss and plan for the Library. Without the able help of the staff and those interested in the library, the services and increase we have shown would not be possible. My thanks to all.

Highway Project to Start July 20

Work on the Ridge Highway resurfacing project will begin July 20.

County road engineer William M. Burchfield was in Ann Arbor last week meeting with state project engineers.

The Ann Arbor Construction Co. was the successful bidder for the $33,678 project which calls for widening the road from 17 to 20 feet and resurfacing the asphalt, from the north county line to Smith Road.

Completion date is October 15.

Rogers Hwy. from Labardee Road to Rouget Road was closed Monday and Tuesday to allow a primer coat to be applied. Mr. Burchfield announced that the $130,000 federal aid contract job is running behind schedule as the completion date was July 1.

Named Realtor of The Year

Rena Fitzpatrick was selected realtor-of-the-year for Lenawee County, it was announced Friday at the meeting of the County Board of Realtors held at the Rock Inn.

The selection was based on Mrs. Fitzpatrick's activities on the local, state and national boards, community service and business accomplishments.

She is vice president of the Templeton Construction Company, has an office in Clinton and has recently opened a branch office at 9301 Clinton-Macon Road.

Her husband, Frank, operates the Clinton Theater in Clinton, where they make their home. They have one daughter, Lorena.

VOICE of THE HERALD

A Change for T ecumseh

A zoning regulation stipulating the distance for buildings to be set back from the street has apparently doomed the Ford agency's plans to remodel the front of the old International Harvester building at the intersection of West Chicago Blvd. and Occidental.

The Planning Commission has voted to uphold the zoning and sent its recommendation to Council. Council must decide, probably Monday night, whether E. L. Simmons, Inc. can or cannot erect a 24x60-foot glass showroom.

We hope that Council studies both sides of the issue and takes into consideration not only the regulation but Mr. Simmons' problems and the particular business district.

Zoning in the past has often been changed to meet specific situations. We feel that a little more investigation, especially with the agency, should be made.

Apparently, the Planning Commission did not discuss the issue with Mr. Simmons and learn of some of his problems and needs for the agency.

The commission has done an outstanding job for the city in the past and undoubtedly will continue to do so. However, Mr. Simmons, a new businessman in Tecumseh, seems to be having some unnecessary trouble in getting adjusted.

What he proposes in remodeling certainly would be an improvement over the present building and an asset for Tecumseh business.

Another factor to be considered is the possibility that the Ford agency might be forced to relocate—outside the city limits!

Let's be flexible in our thinking and actions and keep Tecumseh business in Tecumseh.

J. C. L.

Do as the Romans Do

When the Roman Catholic Church picks a new Pope, all the world's Cardinals gather in Rome and are sealed into a section of the Vatican.

The only exits are closed into walls of brick and mortar. No one can enter or leave until a new Holy Father is chosen.

It has taken weeks and months to perform this duty and always the Cardinals knew there would only be freedom for them when the task was done.

Why wouldn't this be a good method to use in finding a solution to the Michigan cash crisis?

All legislators would be summonsed to their chambers, told to bring a pillow and blankets. Lobbyists and those not officially attached to state representatives and senators would be asked to leave.

Then, up with the bricks and mortar.

Our lawmakers would be plainly told that when they had arrived at a solution and voted in necessary tax legislation, the wall would be unsealed.

This hankus pankus of five-day weekends is about as ridiculous as you can get. These fellows sought our votes to let them do a job for us—and how pitiful have been their efforts.

They talk and fight; then talk some more. Someone says let's have a cooling off period and the others yell, "OK", and off they head for the cottage or the racetrack.

Our state, once regarded as a leader, is now a laughing stock.

About the only thing left, as we see it, is a conclave in Lansing like the Cardinals have in Rome.

A solution is the only thing we want now.

LETTERS TO THE EDITOR

To The Editors:

There is $588.41 in the Susan Buell Fund. Susan and her family would like to thank the many friends, neighbors and generous people who have helped us in this time of need.

Susan has taken radiation therapy for six days with an estimated two-and-a-half weeks to go. Then she will be fitted for a brace for her back and take physical therapy.

Susan can wiggle the toes on her right foot. She can now tell which leg is being touched but cannot move her legs. She still has to receive medication in the evening when the leg pains occur.

Susan would also like to thank all the children for the comics sent to her. She in turn gives them to a little boy across the hall who has leukemia. He in turn passes them on to someone else.

We also thank you, one and all, for the many prayers said in Susan's behalf.

SPINSTER
Sylvia Ashton-Warner

This novel is set in an outpost schoolhouse in New Zealand; the heroine is a brilliant, compassionate, impulsive woman who has lived long enough to have a good deal to regret.

NINE COACHES WAITING
Mary Stewart

A beautifully written mingling of romance and mystery concerning an English governess in a beautiful chateau in France.

LOVE IS A WILD ASSAULT
Elithe Kirkland

A biographical novel of Harriett Potter, the delicate dark-eyed girl who became a legend during the stirring days of the battle for Texan independence and who also became the most notorious woman in her beloved state.

THE HOURS BEFORE DAWN
Celia Fremlin

Mixing the comic realism of life in a young household with chilling suspense, the author makes the reader laugh in one paragraph and shiver in the next.

Teachers Can Apply for Social Security for Summer Months

All teachers eligible for social security benefits may apply for compensation for the summer months, according to Thomas J. Northey, of the Michigan Education Association.

Any woman teacher aged 62 or over and any man teacher aged 65 or above who has met the work requirements for social security office at once to apply for such benefits during June, July and August.

Teachers are not eligible if they earn more than $100 during each of these months, Northey said.

Teachers who qualify may be eligible even though they are paid on a 12-month basis since they earned the money during the school year, he said.

Firemen Donate $50 to Fund

Robert Randall was elected president of the Fireman's Association at the meeting July 7 in the station.

Other officers elected were:

Vice President—Ivan Maynard.

First Assistant Chief — Harold Easton.

Second Assistant Chief — Gale Hooten.

Charles Manley was appointed secretary and treasurer.

Cecil Alderdyce, fire chief, is appointed by the city.

A donation of $50 was made to the Susan Buell Fund at Tipton.

Calorie Counters Should Examine Labels Carefully

If you're joining the ranks of conscientious calorie-counters, you should read the labels carefully.

Dieticians at The University of Michigan Medical Center caution you against mistaking "low calorie" for "no calorie."

Many brands of bread, say the dieticians, are labelled "low calorie" when the actual caloric value is only slightly lower than regular bread.

One and a half slices of most "low calorie" breads are equivalent to one slice of regular bread. At that, the difference is due mainly to the size of the slice, rather than the composition of the ingredients.

"Low calorie" bread is usually smaller and cut thinner than regular bread.

Tractor Isn't Farm "Hot Rod"

Twenty-five miles per hour is too fast for your tractor on a country road, warns Richard Pfister, of Michigan State University.

American farmers have nearly 50,000 tractor accidents a year, killing over 1,000 people, estimates the National Safety Council.

Farm machinery accidents killed 270 people in Michigan alone from 1950 to 1957.

At least 26 Michigan children under 14 have died from tractor accidents since 1950.

☆

PFISTER SAYS too many people feel a natural pride if their son drives the tractor when he's six to ten years old. Young children don't have enough skill and judgment to handle a complex $3,000 machine.

"Be sure your tractor is well-lighted on the road at night," warns Pfister. "Use lights to show just how wide your implements are."

"Tractors often tip over sideways when they turn at high speeds," says the safety specialist.

"The driver almost never jumps clear in time, as he must jump one way while the tractor fall the other way."

"Tractors are built to carry one person, not two or three," warns the specialist. "A bump often throws drawbar or fender passengers under the rear tractor wheel or in front of a trailing implement."

☆

PFISTER OFFERS three more tips that can keep farmers from becoming statistics:

"Stop the engine and wait until it cools before you put in gas.

"Back up a steep bank or barn bridge that you must cross. Then the tractor won't tip over backwards.

"Keep the shield on your power takeoff as you work with the combine. Keep your hands and clothes away from moving parts.

Many people 55 and older have tractor accidents, the specialist notes. Farmers between ages 15 and 20 have comparatively few tractor accidents, Pfister says.

Yet these people acocunt for most of the state's farm work.

Through My Window

A GOOD BIRD DAY IN MAINE!

Sitting in a parking lot is hardly the accepted way to begin an exciting bird day but that is exactly where the best bird day of our vacaton began. It was in Freeport, Maine and the parking lot was a small one behind the L. L. Bean Co.

For years and years Dad has been a user and lover of Bean's sports wear and a visit to their factory and display rooms was something he had looked forward to for a long long time.

The stairs by which entrance to the outfitters was gained were fairly long and steep — the kind which unless absolutely necessary, which I hairs don't bounce up and down — so while Mom and Dad browsed through the show rooms I sat in the car.

The parking lot was full of cars, New York, Maryland, Ohio even Texas was represented and, of course, watching the comings and goings of Bean's customers was facinating.

☆

ANOTHER POINT of interest was a back-yard garden next to the parking lot and directly in front of the car, thanks to Dad's selection in the parking stalls.

This garden was a good indication of how far north we had traveled. Their season was about three weeks behind us and the flowers, which in Tecumseh we had watched come and go, were, here in Freeport, just beginning to bloom.

The spiraea was lovely, the iris just about at its peak and although a few peonies were out, most were just beginning to show color. An especially pretty clump of tall straight blue-purple iris attracted my attention.

I was admiring the flags when suddenly our bird day began!

A tiny jewel of a bird a Ruby-throated Hummingbird, was working at the flowers. It is an old cliche, referring to Humming Birds as avian helicopters but it is so descriptive.

☆

FOR SOME minutes I watched as he hovered, dipped and hacked away. Seconds before the folks came back to the car, the little Humming Bird flew away and much as we would have liked to wait to see if he would return, we had places to go and things to see.

Oh, what marvelous things to see! For the rest of the day we drove along twisting and turning roads with always the excitement of the ocean nearby.

We were especially impressed with the small fishing villages, some of them, of course, not so small. Their streets were lined with old trees grown to tremendous size and the houses, all spic-and-span neat and many with a freshness which bespoke of new paint, were big sprawling affairs usually three or three and one-half stories high.

Everything was so interesting — the towns, the rolling country side, and, of course, the wonderful wonderful ocean — that when it was time to start thinking of stopping for the night, we had not driven many miles but we were completely saturated with the 'sights, sounds and smells' of Maine.

Then we spotted an attractive motel sitting high on a hill overlooking Penobscot Bay. We decided to stop.

☆

WHAT A HAPPY choice!

The grounds around Snow Hill Motel (and it was as picturesque as the name implies) were dotted with bird houses and feeding stations. According to the proprietors, Swallows and Wrens were their main birds.

While the folks unpacked the car I watched Swallows carrying food to the young and heard the happy trilling of a Wren but could not spot the singer.

Quickly another name was added to the list of places deserving more attention on our next vacation; wouldn't I love to get pictures of Swallors bringing home mouthfuls of tasty bugs?

Actually, all through New England we encountered Swallows. They seemed to be everywhere— it was a new experience for us and certainly a thrilling one. Often, when the car was stopped, they came quite close. Some were brightly colored, others not so much so; some had deeply forked tails and others had almost blunt or even slightly rounded ones.

☆

BARN SWALLOWS, Cliff Swallows, Tree Swallows and Bank Swallows — I imagine we saw them all. There might also very well been Purple Martins too; a more complete bird book and field glasses are 'musts' another year.

The thrill of the day, perhaps the bird thrill of the whole trip, came on, probably it was about six-thirty. We decided to have dinner at a restaurant right on the beach, it was small but highly recommended by the motel owners.

Again Dad's choice of a parking spot was fortunate — looking through the car's front window there was nothing between us and the water except a pebbly beach, a small pebbly beach which we soon discovered was slowly increasing in size as the tide went out. A wonderful place to watch the water birds!

But I see that space is running out and so the Gulls will just have to wait until next week.

Next Week: A Good Bird Day Maine, Cont'd.

The following resolution was presented

RESOLUTION
WHEREAS negotiations have been conducted for the transfer of a portion of that property known as Adams Park to the United States Government for use as a Post-office—receiving in exchange therefor an equivalent amount of property East of Pearl Street between its intersections with Chicago Boulevard and Pottawatamie Street; and
WHEREAS such a transfer seems in the best interest of the City in view of proper planning and proper use of existing land facilities.
NOW THEREFORE THE CITY OF TECUMSEH RESOLVES:
1. That the City offer to the United States Government a strip of land of uniform width of 119 feet, from off and across the North end of Lot 2, Old Plat, in exchange for a government owned property on the East side of Pearl Street between its intersection with Chicago Boulevard and Pottawatamie Street.
2. That the United States Government be informed that the proposed deed from the City to the Government shall contain a right-of-reverter in favor of the City, the same to be vested when that part of Lot 2 above described is no longer used by the United States Government for Postoffice purposes.
Motion Hamilton and seconded Brazee to adopt the foregoing resolution. Motion carried unanimously.

The following resolution was presented

RESOLUTION
The following preamble and resolution were offered by Councilman Easton and supported by Councilman Purkey.
WHEREAS, 1959 Special Assessment Rolls Nos. 1 to 4, both inclusive, for the construction of water mains and sanitary sewers in the City of Tecumseh, have been prepared, reviewed and confirmed by the City Council;
AND WHEREAS, said special assessment rolls have been divided into five (5) equal annual installments;
AND WHEREAS, the City Council deems it necessary to borrow money in anticipation of the collection of a like amount of the unpaid part of the four (4) deferred installments on said special assessment rolls;
NOW, THEREFORE, BE IT RESOLVED THAT:
1. The estimated period of usefulness of said improvements is not less than twenty (20) years.
2. Special Assessment bonds be issued in the amount of $15,000.00 in anticipation of the collection of a like amount of the unpaid part of the deferred installments of 1959 Special Assessment Rolls Nos. 1 and 2, said issue of bonds to be divided between the two special assessment districts as follows:
1959 Special Assessment District No. 1—$8,550.00.
1959 Special Assessment District No. 2—$6,450.00.
In addition to the special assessments as aforesaid, the full faith, credit and resources of the City of Tecumseh shall be pledged for the prompt payment of the principal and interest on said bonds as the same become due. Said bonds shall consist of fifteen (15) bonds of the denomination of $1,000.00 each, numbered consecutively in direct order of maturity from 1 to 15, both inclusive, dated September 1, 1959, and payable serially without option of prior redemption as follows:
$3,000.00 September 1, 1960; $4,000.00 September 1st of each of the years 1961, 1962 and 1963. Said bonds shall bear interest at a rate or rates not exceeding five per cent (5%) per annum, payable March 1, 1960, and semi-annually thereafter on the first day of September and March of each year. Both principal and interest shall be payable at such bank or trust company as may be designated by the purchaser of the bonds. Interest due March 1, 1960, shall be paid from the proceeds of sale of the bonds. Said bonds shall be designated 1959 SPECIAL ASSESSMENT WATER BONDS.
3. Special Assessment bonds be issued in the amount of $12,000.00 in anticipation of the collection of a like amount of the unpaid part of the deferred installments of 1959 Special Assessment Rolls Nos. 3 and 4, said issue of bonds to be divided between the two Special Assessment districts as follows;
1959 Special Assessment District No. 3—$8,280.00.
1959 Special Assessment District No. 4—$3,720.00.
In addition to the special assessments as aforesaid, the full faith, credit and resources of the City of Tecumseh shall be pledged for the prompt payment of the principal and interest on said bonds as the same become due. Said bonds shall consist of twelve (13) bonds of the denomination of $1,000.00 each numbered consecutively in direct order of maturity from 1 to 12, both inclusive, dated September 1, 1959, and payable serially without option of prior redemption as follows:

NOTICE OF SALE
CITY OF TECUMSEH,
COUNTY OF LENAWEE
$15,000.00—1959 SPECIAL ASSESSMENT WATER BONDS
$12,000.00 — 1959 SPECIAL ASSESSMENT SANITARY SEWER BONDS
Sealed bids for the purchase of 1959 Special Assessment Water Bonds of the par value of $15,000.00 and 1959 Special Assessment Sanitary Sewer Bonds of the par value of $12,000.00, will be received by the undersigned at her office in the City of Tecumseh, Michigan, until 7:30 o'clock p.m., Eastern Standard Time, on _____ the _____ day of _____ 1959, at which time and place said bids will be publicly opened and read.
Said 1959 Special Assessment Water Bonds will be coupon bonds of the denomination of $1,000.00 each, numbered consecutively in direct order of maturity from 1 to 15, both inclusive, will be dated September 1, 1959, and will mature serially without option of prior redemption as follows:
$3,000.00 September 1, 1960;
$4,000.00 September 1st of each of the years 1961, 1962 and 1963.
Said 1959 Special Assessment Sanitary Sewer Bonds will be coupon bonds of the denomination of $1,000.00 each, numbered consecutively in direct order of maturity from 1 to 12, both inclusive, will be dated September 1, 1959, and will mature serially without option of prior redemption as follows:
$2,000.00 September 1, 1960;
$3,000.00 September 1st of each of the years 1961 and 1962;
$4,000.00 September 1, 1963.
Interest on said bonds will be payable on March 1, 1960, and semi-annually thereafter on the first day of September 1st and March 1st of each year.
Said bonds will bear interest from their date at a rate or rates not exceeding five percent (5%) per annum, expressed in multiples of 1/8 of 1%. The interest rate for each coupon period on any one bond be at one rate only. Both principal and interest will be payable at such bank or trust company as may be designated by the purchaser of the bonds. Accrued interest to the date of delivery of such bonds must be paid by the purchaser at the time of delivery.
For the purpose of awarding the bonds, the cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from (Here insert the First day of the month next following the date of receiving bids or the date of the bonds, whichever is later) to the maturity and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produce the lowest interest cost to the City. No prosopal for the purchase of less than all of the bonds herein offered or at a price less than their par value will be considered.
Said 1959 Special Assessment Water Bonds and said 1959 Special Assessment Sanitary Sewer Bonds are issued in anticipation of the collection of a like amount of special assessments on 1959 Special Assessment Rolls Nos. 1 and 2 and 1959 Special Assessment Rolls Nos. 3 and 4, respectively. The liability of each of the Special Assessment Districts shall be limited in the manner provided in the bonding resolution. In addition, said bonds pledge the full faith and credit of the City of Tecumseh for their payment.
A certificate or cashier's check in the amount of $500.00, drawn upon an incorporated bank or trust company, payable to the order of the Treasurer of the City of Tecumseh, must accompany each bid as a guaranty of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid is accepted and the bidder fails to take up and pay for the bonds. No interest will be allowed on the good faith checks, and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.
Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, attorneys of Detroit, Michigan, approving the legality of the bonds, which opinion will be furnished without expense to the purchaser of the bonds prior to the delivery thereof. The purchaser shall furnish bonds ready for execution at its expense. Bonds will be delivered at such place as may be agreed upon with the purchaser.
The right is reserved to reject any or all bids.
Envelopes containing the bids should be plainly marked "Proposal for Bonds."

Interest Rate Isn't Higher on Loans

The new higher interest rate which can be charged for GI loans on or after July 2, has no effect upon loans closed before that date, VA officials said this week.

Loans closed on or after July 2 may be charged the new higher rates unless the lender has previously made a binding commitment to grant the loan at a lower rate.

VA officials said their explanation followed a series of inquiries from puzzled veterans. Once a loan has actually been closed, subsequent legislation has no effect on the interest rate charged for that loan, they said.

Committee Named

The lunch comittee for the Tecumseh Grange meeting July 23 is Mr. and Mrs. Howard Rohra, Mr. and Mrs. Herbert Murphy, Mr. and Mrs. Clyde Drewyor.

"AFTER THE ART OF THE APOTHECARY"

The bible states that the holy annointing oil was made by the apothecary using his special skill. The compounding of medicines is a special art learned after years of study and apprenticeship in a pharmacy.

Some of the medicines we dispense now-a-days are prepared in the laboratories of pharmaceutical firms, but we still must exercise our art by making certain they are potent when dispensed and exactly the ones specified. We compound many special mixtures, ointments, pills, suppositories and eye drops. We welcome your bringing us these important prescriptions requiring skill, knowledge and compounding time.

"How much should I save for emergencies?"

A lot of people wonder how big a backlog of cash savings is "big enough" to meet unexpected expenses. It's impossible to know; but we do know this: Many prudent savers make regular deposits at our bank until they have at least the equivalent of 3 to 6 months' earnings set aside. That seems a reasonable measure of security against the unforeseen. Whatever you can manage to save each payday, start saving it — with us. It will give you a comfortable feeling to have a growing reserve fund of money in the bank!

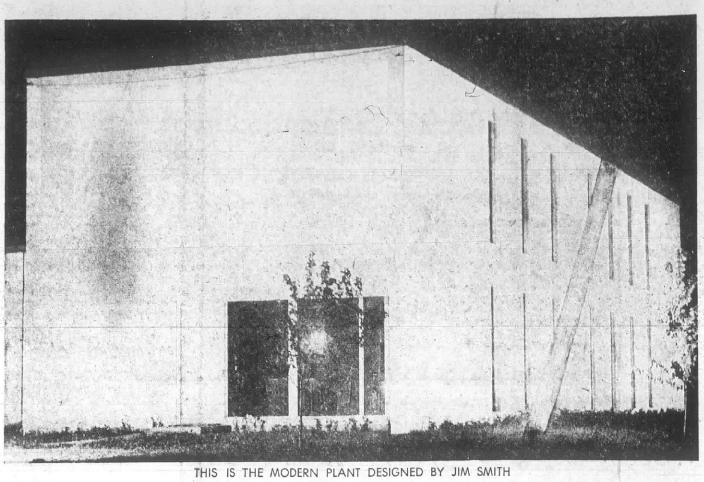
"WELCOME!"



THIS IS THE MODERN PLANT DESIGNED BY JIM SMITH

H. W. Tuttle & Co. is Tecumseh's newest industry. But the firm's former name—TELCO—may be remembered by a few residents. The company, in its infancy, settled here in 1938. Then it moved to Adrian. This year, however, a new plant was opened here, south of town near Tecumseh Products. Tuttle & Co. and the Products make similar products in different fields: the Products supplies compressors for the refrigeration industry and Tuttle & Co. makes electrical units for appliances. As Harold Tuttle, Jr., said: "Each company makes a unit which is the heart of the final product. But nobody ever knows it. When you buy a Norge refrigerator you don't know who built the compressor. The same is true of electrical appliances." The company's new plant is a low, modern structure. Offices, plant, tool and die room and lunch room are located on the first floor. The engineering department occupies the second floor, Jim Smith, local architecture, designed the building. As for the future, Mr. Tuttle said the company is doing a million dollar business and can expand its physical plant "five times." And each year, sales and production figures continue to rise. Tuttle & Co. supplies units for such companies as General Electric, Norge, Whirlpool and Westinghouse.

Long AND Short OF IT

By TOM RIORDAN

BRUNSWICK, Maine — With my toast and coffee this morning (July 17), I enjoyed The Portland (Me) Press Herald.

A few stops back, breakfast was shared with The Pittsburgh Post-Gazette and one morning it was real big time — The New York Herald Tribune.

To me, that's one of the joys of a vacation. New and different newspapers at every stop. Always to be compared with the dailies back home.

It's easy to follow the big national and international stories from city to city and you'd be surprised how similar the local yarns are. Change a few names and the locale and you have Michigan. Taxes, school fights, political rumblings — about the same things happening no matter what state you're in.

The weather is still among the top stories. As the midwest wilted under torrid summer suns, New England was soaked (remember, Marda Gene Duncan telling you about her trip here in recent weeks).

The tourist trade dropped off about a $1 million due to the rainy, cold weather, one paper reported.

Our drive here—1,050 miles — was routine. All except that lush motel we stopped at near Albany, N. Y. It's true the large, beautifully-furnished room was nice and the swim pool refreshing—but $19 for one night, wow!

☆

It's Friday morning as I write this and the mailman is due most any time. Frankly, I can hardly wait until this week's Herald arrives and with it the news of Tecumseh.

Now I know how folks must feel awaiting the weekly edition. At least I hope they feel like this.

☆

One stop on our junket was in Arlington, Mass., a few minutes west of Boston. That's where an aunt and uncle of mine, Mr. and Mrs. Antony Cravoit, reside.

After nearly three days of restaurant food (?), you could imagine how our eyes popped when we saw a 15-pound roasted turkey ready for the table.

It was a sumptous meal. Equally as delightful was the conversation during dinner, far into the night and much of the next day.

The name Johnny Flanagan came up at one session and immediately there were peels of laughter from all sides.

Poor Johnny. He gained dubious fame as an example of what not to be, years and years ago, in the original Riordan homestead at Allston, Mass.

Johnny was a distant cousin who was forever crying or pouting when he felt someone got a trifle bigger slice of cake than he did or a pal had a turn in some game before him.

Grandmother and grandfather Riordan used to admonish their offspring when trouble brewed, "Don't be a Johnny Flanagan."

As the youngsters grew up, married and had families, there was Johnny as an example of how not to act.

And now he has been introduced to a fourth generation. Comparing notes with my cousins, I discovered that Johnny Flanagan is as much a part of their households as the living room sofa—just as he is in ours.

☆

There are quite a number of things to see up here—including a novelist who published a rather zanzy weekly paper.

His name is John Gould and I expect to drop in at his place next week and this should provide fodder for a future column.

Historic Boudoin College is here. Among its alumni are Henry Wadsworth Longfellow, who also was on the staff eight years; Franklin Pierce, one of our early presidents; and Nathaniel Hawthorne.

Harriett Beecher Stowe turned out "Uncle Tom's Cabin" in what is now the Stowe House here. It now contains a restaurant, among other things, so we'll have to eat at least one meal there.

The Brunswick Naval Air Station is a hop-skip-and-jump away and the P2V-7 Neptunes, are constantly coming and going.

These ships, which patrol costal waters, have two engines and jet thrusts for takeoff. The evening we arrived, one of the first things we heard were the jets roaring as they became airborne. I thought the house was about to cave in until my sister-in-law told me what was happening.

If arrangements can be made, I'll tour the base and see these noise-makers closeup.

TWO ACES MEET—Charlie Butler, of 210 South Union, aced the fourth hole at the Tecumseh Country Club last Sunday, using a five iron. He is shown here with Frank Rice who scored a hole-in-one two weeks ago on the sixth hole. He also used a five iron. Playing in Mr. Butler's foursome were Bob Moore, Joe Rohweder and Frank Purcell. Mr. Moore has witnessed two holes-in-one, the one by Mr. Butler and the other by the late Judge Rathbun.

Laine Holden, 42, Dies on Vacation in Upper Michigan

Laine R. Holden, 42, died suddenly early Tuesday evening at Cedarville, Mich., in the Upper Peninsula. He was vacationing with his family.

Details as to the cause of his death were not available Wednesday morning.

Services will be held at 2 o'clock Friday afternoon at the Baptist Church with Rev. B. O. Bashore officiating. Burial will be in Brookside cemetery.

Friends may call at the Colins-Corkery Funeral Home after Thursday morning until 1:30 p.m. Friday afternoon.

A member of the Baptist Church and past commander of the American Legion, Mr. Holden was employed as a machinest at Ottawa Machine Company. He served with the Navy in World War II.

Survivors are his wife, Majel; a son, David; three daughters, Deborah, Joyce and Jill; his mother, Mrs. S. R. Holden; two brothers, M/Sgt. Jack E. Holden, U.S. Air Force, and Michael Holden, Tallahasee, Fla.; and a twin sister, Mrs. William H. Moore of Lexington Park, Md.

Council Turns Down Ford Dealer's Request For Zoning Alteration

By DON BAUERLE

E. L. Simmons, Inc. — local Ford agency — has to alter its remodeling plans for a new showroom at the west end of the city.

Council turned down the agency's request to add a 24-foot front to the former International Harvester Building, M-50 at Occidental Highway, and thus prohibited a change in a city zoning law by a 5-2 margin Monday night.

Councilmen Donald Purkey and Harold Easton were the dissenters.

Two weeks ago, the city planning commission advised that the zoning law remain unchanged. Then council tabled the recommendation and delayed its decision until Jim Smith, local architect, could study the city's master plan and make his report at the next council meeting.

"A 50 foot restriction seems to be a good one," Smith said Monday night.

☆

"I recommend that the setback is upheld. It meets the approval of the state highway department.

"If Occidental Highway becomes a bypass road for the city, the highway department would have to install triangular stops for proper vision."

Councilman Donald Purkey didn't agree with Smith's suggestion. He said:

"We now have non-conforming usage. We have rezoned to accomodate old and new businesses and have ordinances to control businesses."

Digressing, Purkey showed the other councilmen photos of non-conforming usage in the city. Among the pictures were two signs, one on Occidental and the other on Russell, and a commercial enterprise situated in a residential zone on S. Adrian.

☆

Councilman John Hamilton asked Purkey if he intended to turn the pictures over to the police department. He didn't answer.

Then Purkey declared:

"We have ordinances but we aren't prosecuting when they're violated."

James Beardsley, city attorney, remarked that there should be "no signs in residential areas except for sale signs which are restricted in size."

Responding to Purkey's statement, Edward Nelson, city manager, said: "We have no illegal signs now except the new ones. We'll get rid of them — in a hurry."

☆

Referring to past zoning changes, Purkey observed that "it makes no difference whether someone builds a home or remodels a building. They go ahead with it and get away with it.

"We wait until they come here to do something about it. Then we act on it."

Councilman Donald Brazee said it was "like going out and committing murder and then beating the rap."

Purkey added: "We don't want to give a concession or give thought to one."

Hamilton said Gulf Oil Co. was forced to put its gasoline station back from the highway. "It cost them money to do it, too," he said.

☆

Councilman Ray Schlegel pointed out that "we have made concessions and have done a good job of improving the area (west end of town)."

Schlegel said the city is paying for the advise of the persons working on the city's master plan. "We should go along with them. Then we are able to foresee the growth of the city.

"If we don't accept their recommendation then there is no more use for the master plan."

E. L. "Speck" Simmons, owner of the Ford dealership, then stood up and directed his comments to the council. He said:

"I only have 10-12 feet on east side of the building. Improvements within the building are impossible. The building as it stands is worthless to me."

☆

Hamilton asked Simmons, "Didn't you know what the situation was?"

"I didn't," Simmons replied.

"With the Ford Motor Co." he said, "I have only one choice. I

Girl Scouts Exchange Gifts and Goodwill at Round Up

By DOROTHY GRIGG

"We want to go to the next International Girl Scout Round-Up in three years and be counselors" said Grace Dennis and Ann Cameron Tuesday as they were interviewed about their experiences in Colorado Springs.

The girls were most impressed by the numbers of interesting people they met in the tent city of 1,000 girl scouts and leaders.

They were encamped in the Michigan patrol of a troop made up of patrols from Virginia, Montana, N. Carolina and Michigan. Their leader was a volunteer scout, "Skip" Krohn, from New Jersey.

On July 3 at the group campfire, girls from Alaska presented the flag with forty-nine stars and girls from Hawaii presented the fiftieth star for next years flag.

ONE GIRL from each country gave a talk on "Peace" in her native tongue before placing a piece of wood from her country on the bon fire.

"Our kitchen-ity, a Pop-tent from Clinton, was the only one to stay up through all the rain, hail, tornados and high winds that we had out there" said the Tecumseh scouts.

"They called 'em high winds, but we called 'em cyclones" said Grace.

"We had two hail storms on the Fourth" said Ann "It was certainly a different way to celebrate than we do at home."

The girls were commended on their charcoal stove, too. They were told, by members of National Headquarters that it was the best one in camp.

☆

IT WAS donated to the patrol by members of a service club from Jackson.

Four girls from Jackson, two from Clinton, Grace and Ann made up the Michigan patrol.

Each dressed in costume, depicting various ages from the indian to the Woman of the Future, made and served parched corn in the demonstration area.

They also scored a "hit" with their sassafras tea made from roots they had dug here at home.

Many interesting places including the Garden of the Gods and the Air Force Academy were visited by the scouts in a caravan of 44 busses.

☆

A GROUP of more than 1,000 ate dinner at the Chuck Wagon on the Flying W Ranch.

The girls were proud of the items they were given for swapping purposes which included pins in the form of tiny compressors furnished by the Tecumseh Products Company, pens by the General Telephone Company, sponges, billfolds and other items from local businesses and industries as well as many handmade items they concooted for themselves.

In return for these items, they received quite an array of interesting souvenirs including a miniature cap knitted by a Norwegian scout, petrified turtle eggs from Indiana, panhandle oil from Oklahoma, Montana agates and dozens of others.

Enthralled by the pony express rider who brought greetings from President Eisenhower, the superb Indian dances by Boy Scouts of that local and plenty of other entertainment provided them, Grace and Ann mean it when they say they want to go again in three years.

They are so thrilled with the experience that they are willing to speak to any organization who would care to have them tell of the wonderful days "A World Wide and A Mile High."

Plane Stopped by Utility Lines Is Total Loss

Frank Bisher apparently failed to see power and telephone lines as he was landing at 7:20 p.m. Tuesday evening at the Betz Airport in Blissfield.

Hitting the wires, the plane flipped and it landed upside down on the runway apron. Flying alone, Mr. Bisher escaped from the wreckage with a skinned nose.

The airplane, a Stenson Flying Station Wagon owned by the Tecumseh Flying Club, was a total loss. It had a smashed landing gear, propellor and tail, and a damaged fuselage.

State police took a statement and will make a report to the FAA. Mr. Bisher, of Newberg Rd., has flown for 12 years, logging over 600 hours.

Justice Levies Stiff Fines But Heavy Jail Terms Are Preferred

John A. Quinn, 29, of 711 Bent Oak Ave., and Harley E. Six, 21 of 225 E. Maumee St., both of Adrian, were sentenced to 10 days in the county jail Thursday for being disorderly and contributing to the delinquency of a minor girl.

They appeared before Justice Quinn to pay a $100 fine and $4.90 costs, or spend an additional 20 days in jail. Six was fined $50 and $4.90 costs, or ordered to spend 20 additional days in jail.

The fines and costs were not paid, and both men were remanded to the county jail.

Quinn and Six were arrested by city police in Tecumseh and booked at the county jail at 3:55 a.m. last Thursday.

No Tax Is Popular But State's Sinking

By HOLLO CONLIN

Because of the impossibility of answering the letters I receive on Michigan's tax problem, I would like to tell your readers some of the factors and reasoning I feel justify the tax revisions I have recommended.

First, I fully recognize the desire of the pepole of the State for economy. But certainly that suggestion has been practiced by the Legislature in the past several years.

In spite of four years under an austerity budget which has resulted in the state losing large sums of money by the cancellation of contracts and the penalties imposed by the state's inability to pay bills on time, the budget this year is higher than ever before.

This increase is not due to new services but — in a large part — to the unavoidable increase in Michigan's population (70,000 additional school children, more mental health patients, heavier welfare burdens, etc.) which means higher tax appropriations.

☆

OUR TAX Committee has no authority over appropriations, but raising the required revenue is our responsibility, thus until some better solution is offered than the one I have proposed, based on two years study, will fulfill the obligations I have undertaken by supporting these suggested revisions.

If this program were enacted, Michigan would join 35 other states which have income taxes and repeal an onerous and complicated business activities tax. Michigan is the only state to impose this tax.

The fear has been expressed that an income tax rate might be increased in future years. I would suggest that any tax can and will be increased if necessary for the only means of keeping taxes at a given level is to limit spending.

Witness the present attempts to increase the sales tax through a use tax guise in spite of a constitutional prohibition.

☆

WITNESS the increase in property taxes and the suggestions to raise the business activities tax, as well as the intangible tax, which in reality is an income tax on certain types of income.

An unworkable and inadequate tax program only assures us that an income tax will soon be forthcoming because there will be no other alternative.

I point out that if the school aid bill passes in its present form the entire sales tax revenue will go for local government and the schools, leaving none for state general operations.

If this were not done for the support of the schools, then property taxes will necessarily increase, and property taxes at the local level already have reached such proportions that home-owners, farm-owners and small businessmen are finding their tax burdens oppressive.

Since 1949, there have been 27 changes in the tax laws, either by constitutional amendment or by legislative action.

Heart Attack Takes Life of Frank Kent

An autopsy Wednesday morning revealed that Frank Kent, 50, of 504 E. Logan, died of a heart attack either late Saturday night or early Sunday morning.

His body was found Tuesday night on the dining room floor of his home by his son, Donald Kent, of Monroe. The body has been sent to Monroe for services. Mr. Kent, who lived alone, was employed at the Tecumseh Products Co.

International Truck Bid Is Accepted by City Council

Council accepted the bid of Al Merz Monday night for a new truck for the city. His price for an International truck was $4,178.50, including heavy duty equipment.

E. L. Simmons, Inc. also sent a bid for the council's consideration. The Ford dealer's price: $4,237. Schneider Bros. submitted a bid but quoted no price since Chevrolet will soon begin production on 190 models.

HOST REUNION

Ron and Lena Pocklington will host the Pocklington reunion at their home Sunday, July 26. A potluck dinner will be served at 12:30 p.m. with a program following during the afternoon.

Nancy Campbell Weds William Bortel

Virgil A. Bortel was the soloist at his son's wedding July 11 in the First Methodist Church in Fowlerville.

He sang "O Perfect Love" and "The Lord's Prayer" during the ceremony uniting Nancy Suzann Campbell and William L. Bortel in marriage.

The bride is the daughter of Mr. and Mrs. Allan B. Campbell, of Fowlerville, and Mr. and Mrs. Virgil Bortel, parents of the groom, live on Milwaukee Road near Britton.

The Rev. William Lutz performed the double ring ceremony before the altar decorated with palms, white gladioli and Regal lilies.

The bride chose a floor length gown of imported silk organza chantilly lace with a chapel train and portrait neckline.

She wore a single strand of pearls, the gift of the groom. Pearl orange blossoms and lace secured her fingertip veil of illusion and she carried a semi-cascade bouquet of orange blossoms, phalaenopsis orchids and baby ivy.

Judith Campbell, sister of the bride, was the maid of honor; Mrs. Patrick McQuire, sister of the groom, and Janice Timmerman, friend of the bride, were bridesmaids.

Kenneth Bortel was his brother's best man; Roger Bortel, another brother, and James E. Campbell, cousin of the bride, seated the guests.

Jody Swanson was the flower girl and Gordon Davis was the ring bearer.

A reception was held in the church parlors for 350 guests before the couple left for a three week trip through northern Michigan and Wisconsin.

The bride is a graduate of Fowlerville Community schools in 1956 and is presently a senior at Michigan State University.

The groom is a graduate of Britton High School in 1952, from Michigan State University in 1956 and spent two years in the armed forces, 18 months in Germany. He is employed as 4-H county club agent of Gratiot County.

They will make their home in Ithaca, Michigan.

The rehearsal dinner was given by the grooms parents in the church parlors.

Gerald Chase Is Attending Air Force Technical School

Gerald O. Chase, son of Mrs. Clyde Cook, has been transferred from Lackland Air Force Base, Texas, to Sheppard Field, Texas, where he will attend a technical school for Jet Mechanics and aircraft and missile maintenance training.

Upon completion he will receive a rating of Airman 3/c. A 1959 graduate of Tecumseh High School, he entered the Air Force June 9.

Dr. Coak Gives Report on Convention

Dr. Richard Coak and daughter, Diane, presented the program at the Kiwanis meeting last week.

Dr. Coak and family, on vacation, attended the Kiwanis National Convention in Dallas, Texas.

He gave a summary of the meeting, bringing back the true meaning of Kiwanis and the many things which Kiwanis has done throughout the nation and communities.

In the talk were mentions of many activities in which Kiwanis participates. A few of these are: working with rural youth, improvement in the community, acceptance of citizenship responsibility, support of churches, building citizenship responsibility in youth, helping the underprivileged child and helping the physically and mentally handicapped.

Diane told of the childrens activities during the convention.

Girl Is Bitten by Family Dog

Bitten by the family dog, Carmen Gomez, 6, is in Herrick Memorial Hospital suffering from wounds of the head and face.

State police said the dog — a German Shepherd—attacked her as she tried to restrain it from following her father who was riding a horse.

Grabbing the animal by its collar, she struck it with a stick. Then the dog turned on her.

The girl is the daughter of Mr. and Mrs. Blas Gomez, of Petersburg.

SCHOOL REPORT

All New Buildings Occupied

By JAMES McDOWELL
Superintendent of Schools

It has again been a pleasure to work with members of a board of education who are interested in and dedicated to providing for the educational needs of the community.

Many fine progressive steps have been completed this year in the building program, in curriculum advancement and in staff relationships.

Enrollment increases in our schools this year were less than last year by 67 students. There were 65 in the secondary school as against 98 last year and 2 in the elementary school as against 99 last year.

Actual enrollments in the high school in June were 587. The junior high had 418 students and the elementary schools 1,801.

☆

THESE INCREASED enrollments were mostly due to the increasing number of homes being built in Tecumseh and the fact that the families occupying these homes have children of school age.

It is interesting to note that the gains were about equal in the elementary and secondary school.

A staff of 156 serves 2,906 students.

It is made up of a superintendent, a high school principal, junior high principal, elementary supervisor, two full-time and five teaching elementary principals, 52 elementary teachers, 43 secondary teachers, two public librarians, four secretaries, a maintenance engineer, 12 custodians, a bus supervisor, 12 bus drivers, a field custodian, an electrician, a grounds keeper, a hot lunch manager and 14 hot lunch workers.

Included in the teaching staff are three music teachers, two art teachers, eight physical education teachers, two school librarians and a secondary guidance director.

THE ATTENDANCE record for our schools is always outstanding. It is my feeling that the parents and children of our community appreciate their schools and that the children are happy and interested in their educational programs.

Our record shows: 94.3% in the elementary schools and 96.3% in grades seven through 12. This is about two per cent better than last year in each group.

This year was the first in which we could occupy all our new buildings. Classes were held in nine locations: the high school, the junior high school, Patterson, Tecumseh Acres, Herrick Park, Ridgeway, Tipton and West Branch.

By careful planning and redistribution of children it was possible to place not more than one grade in each classroom in the elementary schools except at Macon.

The separation of the junior high has proven its educational value because we have been able to enrich the curriculum and provide extra-curricular activities, previously impossible since facilities were not available.

☆

FOREIGN LANGUAGE classes were introduced in the junior high as a part of the exploratory program.

The senior high program also benefitted by the separation of the two groups. The building is no longer overcrowded and curriculum improvements were made particularly in the honor courses.

The 1959 school census for our district shows that we have a total of 4,878 children ranging from 0 to 19 years of age. This is an increase of 275 or 5.9% over 1958.

Last year the increase was 4.5%.

We again show a much larger increase in school age children than pre-school children as there are only 34 more pre-school children as against 241 of school age.

☆

A WELL-ROUNDED music, art and physical education program was offered in the elementary and secondary schools.

Extra-curricular activities in the secondary schools included football, basketball, intramural basketball in upper grades and secondary school, baseball, track, golf, Future Farmers of America, Varsity Club, Girls' Athletic Association, debate, forensics, student council, class plays, annual staff, professional writing for awards, Spanish Club, cheerleading, marching band, Future Nurses Club, Future Homemakers Club, and Future Teachers Club.

A regional basketball tournament was again held at Tecumseh. We won the tournament.

☆

IN THE SOUTHEASTERN League, of which we are a member, we tied for first in football, were fifth in basketball, third in track and second in baseball.

This is our last year in the Southeastern League. We will join the Huron Valley League, which will consist of Milan, Dundee, Ypsilanti Roosevelt, Flat Rock, Grosse Isle, Blissfield and Tecumseh.

Two semesters of adult education or evening school programs were offered under the direction of a night school principal. All classes were well attended.

The public Library was operated by the board of education which was assisted by the library board. Two full-time librarians — and student assistants — provided outstanding service for the public.

Improvements in the building and equipment and the addition of new books and services have resulted in greater use of the facilities.

☆

THE TEACHERS' Club has reorganized and has become a MEA District.

Many committees have been set up and the future of this organization looks bright for the members are sincerely interested in the development of the more educational opportunities for the children of the community and self-improvement through in-service training.

Bus service to city as well as rural areas was boosted and the student activity bus was used for athletic and field trips.

Parent-Teacher Associations were active at some buildings while others had none. Several of the groups have raised funds which were used for purchasing school equipment.

The Band Boosters Club was very active, getting equipment for the new band room and instruments for the band.

Services of a psychologist and speech correctionist were again made available to students in cooperation with the county.

☆

PLANS HAVE been tentatively made to enlarge this program to assist the many children with hearing and sight difficulties and other physical and mental disabilities who cannot — at present — be educated in our public schools.

Funds to operate such a program were secured at the school election July 13.

The board of education met 13 times during the year. The board has been able to provide maximum educational advantages to the community at one of the lowest operational tax rates in the county.

This has been due to efficient control and cooperation of the teachers and other personnel who have accepted exceptionally heavy loads during the year.

Many other improvements to the buildings and grounds have been made. Equipment was purchased to complete furnishing the junior high and new buildings.

SITE FUNDS made no provisions through the bond issue for such purposes. Only through a gift from the Tecumseh Products was this problem solved.

The board dedicated four new elementary schools, completed the remodeling of the Central school into a junior high and the addition to the high school.

As your superintendent, I have continued to serve you again as a director of both the Huron Valley Guidance Clinic and the Lenawee Child Guidance Clinic.

I am also a member of the Labor Relations Committee of the Michigan Association of School Administrators and the Resolutions Committee of the Michigan Education Association.

Exchange Vows in Ridgeway

Gloria Spreeman, daughter of Mr. and Mrs. Wilson Spreeman, of Palmyra, and Joseph Osburn, son of Mr. and Mrs. Garland Osburn, of Clinton, were married in the Ridgeway Methodist Church Friday evening.

Mrs. Amos Wilson accompanied the soloist, Mrs. James Frye, as she sang "The Lord's Prayer" and "Because."

JoAnn Spreeman was her sister's maid of honor and the bridesmaids were Paula Schober, Beverly Lora and Mary Manchester.

Bruce Osburn was the best man and the guests were seated by Larry Osburn, Jimmy Garno and Kimball Frye.

Michael Spreeman was the ring bearer.

Mr. and Mrs. Elmer Spreeman greeted the 300 guests at the reception held at the Palmyra Fire Hall.

Those assisting with the reception were Mrs. Richard Valley, Mrs. Emily Faust, Mrs. Bruce Osburn, Marjorie Mitchell, Mrs. Raynor Spreeman and Mrs. Edward Wegner.

The bride is a graduate of St. Joseph Academy and the groom is a graduate of Clinton High School and is employed at the Dundee Products Company.

They will make their home on Ridge Road, north of Britton.

'The Drunkard' Is Playing at Clark Lake Playhouse

Clark Lake Players have selected "The Drunkard," the classic temperance play made famous by P. T. Barnum in 1843, as their third production of the summer season.

This bit of early Americana has had a glorious past and managed to put the fear of the devil into many a man who tipped the bottle.

Through the years it has lost its propoganda power but remains as a quaint piece of native American art appealing for the indulgent laughter of modern audience.

Players are duplicating the original production to the smallest detail.

Although research has been done, advice has been offered from the Theatre Mart in Los Angeles where the play is ending a 27-year-run — the longest theatrical binge in the history of the theater — and from the Gato Theatre, where off-Broadway productions are presented.

Besides the play, the Players are including 40 minutes of Olio or Entre Acte Entertainment between scenes. The audience will sip pink lemonade and crack peanut shells while hissing the villain and cheering the hero.

Opening last weekend, the play will be presented on July 23, 24 and 25. Curtain time is 8:30 p.m.

'Squealing' Success

Britton's homecoming — held July 9, 10 and 11—was well attended. Highlights of the three-day event included the Peg Harris Dancers, the talent show, the Miami Indian Dancers and the helicopter rides. A special feature was the "pig scramble". Each of the six winners got to keep his pig.

Cheryl Mickle, George Cilley Are Married

Cheryl Mickle and George Cilley were married recently in the Church of the Universal Truth in Adrian by the Rev. Bernice Case.

The bride was given in marriage by her father, Ralph Mickle.

The groom is the son of Mrs. Anna Cilley of Adrian and Everett Cilley of Clayton.

They were attended by Deanna Wilson, of Adrian, and Everett Cilley, Jr. Ronald Cilley sang "I Love You Truly" accompanied by Mrs. Earl Beach.

A reception was held in the brides home following the ceremony. The couple will make their home in Adrian.

Sherrard-McKenzie Speak Nuptial Vows

The Missionary Baptist Church was the setting for the wedding of Katherine J. Sherrard and Chester H. McKenzie Saturday afternoon.

The Rev. Edgar Owens, pastor of the church, performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Harold Sherrard and the groom is the son of Mr. and Mrs. Henry McKenzie, of Onsted.

The bride wore a two piece white suit, a small white hat and a corsage of carnations and sweetheart roses.

Sharron Sherrard was her sister's attendant wearing a pink dress with white accessories.

Douglas McKenzie was his brother's best man.

A reception was held at the Odd Fellow Hall in Britton for 100 guests in the evening.

The bride is a graduate of Britton High School. The groom is employed at the Tecumseh Products Company. They will make their home in Adrian.

COUNCIL

(Continued on Page 1)

am sorry I got into this.

"I am in the middle and I never had the idea I couldn't fix the building.

"We wanted to make it something Tecumseh could be proud of."

☆

Simmons pointed out that the parts department and automobile showroom would have to be together if there was no bubble (glass addition) built onto the front of the building.

He said the existing structure would be used as a repair area and the land 65 feet west of the building would be set up as a used car lot.

"The only way I can move is out," Simmons commented. "I am the last building in the city limits."

Criticizing the planning commission and the council, Al Merz, co-owner of the Tecumseh Equipment Co., offered his opinion.

"Two years ago I spent six months getting ground to put my building on. We need more business area in this city and more commercial zoning along M-50.

☆

"There will be no more new business in this city unless the city has a desirable commercial area."

Harry Spencer, a member of the city planning commission, opined: "We have to step on somebody's toes."

"I heard that Simmons wanted eight feet. Then I hear 15 feet might be available and then I read that he wants 24 feet.

"What does he want?

"We can either have a fine drive out there or we can let taxes come in from merchants and industry.

☆

"If he can get along with 15 feet, there should be some leniency. We shouldn't stand in the way of the pursuit of business.

"I think it is time to get some businesses in this city. I don't think 15 feet will hurt this city.

"At least 15 feet ought to be extended or whatever you gentlemen decide."

Purkey then directed a question at Simmons. "How many feet do you need to get by?"

"I can get by with 20 feet or 15 feet with a nine foot driveway. But it would be a hazard especially with all the traffic.

☆

"I am in no position to say whether it would be feasible. I would have to consult my architect.

"If I can't come out at all, I could display my cars in front of the building like Partridge does his farm equipment," Simmons said.

Then Mrs. Naomi Sallows, city clerk, read the original communication from the planning commission to the council.

The group said the 24 feet would violate the city ordinance. It was recommended not to change the zoning law. The secret ballot vote was 5 for the recommendation and 1 against.

Councilman George McCombs asked Simmons again the footage he needed to redesign his building.

☆

"Not less than 20 feet at the least," Simmons replied.

Purkey made the motion to give Simmons the 20 additional feet. After a long silence, Harold Easton had Purkey repeat his motion. Easton supported it. Then council voted.

Mr. Simmons and his partner, Bob Karle, announced Tuesday morning that "after being denied the privilege of making exterior improvements and modernizing the building by city council, we have no plans for the future other than putting in some front windows and moving in as soon as possible."

The Ford agency hopes to vacate its present downtown site in about 30 days.

Hold Wedding Shower for Adrian Couple

A wedding shower was held for Mr. and Mrs. Dale Svihl, of Adrian, at the VFW Hall here Sunday afternoon.

A three-tired cake decorated in yellow pastels with white sugar bells and topped with a miniature bride and groom centered the table.

The bride is the daughter of Mr. and Mrs. Frank Mason and the groom is the son of Mr. and Mrs. Henry Svihl, of Deerfield.

Those assisting at the reception were Mr. and Mrs. Gerald Phillips, aunt and uncle of the bride, from Hillsdale; Shirley Benz of Adrian, Louise Everett, of Clayton, cousins of the bride; Mollie Svoboda, the bride's aunt, of Manitou Beach; Patricia Head, of Pittsford and Barbara Yenor, of Tecumseh.

Phyllis Mason, sister of the bride, had charge of the gifts.

Deanna Jenkins of Adrian registered 75 to 100 guests from Adrian, Hillsdale, Pittsford, Clayton, Toledo, Deerfield and Tecumseh.

Airman Sisson Gets Promotion

Airman Michael B. Sisson, son of Mr. and Mrs. Douglas B. Sisson, 107 Van Buren, was recently promoted to the grade of airman second class.

Sisson is a member of the Hq Sq section of the 301st Bomb Wing.

He is a personnel specialist on a Strategic Air Command Base located near Columbus, Ohio.

Sisson graduated from Tecumseh High School in 1956.

Dundee Man Looking for Civil War Ship

Rayno T. McMullen, of Dundee, left July 20 for Cape Hatteras, N. C., in another attempt to locate the Monitor, famous civil war vessel.

Two divers from Detroit are accompanying Mr. McMullen. They will use rydon magnates to find the ship.

If he doesn't succeed, Mr. McMullen said he will return home about August 1.

Joan Kempf Is Awarded State Grant

Joan Kempf, daughter of Mr. and Mrs. Raymond Kempf, has received a State Board of Education Educational Grant through Eastern Michigan University.

Miss Kempf will be a sophomore there in the fall majoring in early elementary education.

One of the requirements for the grant is a program leading to a teaching degree. It will be renewed as long as the student maintains a B minus average.

Pittsburg Pirates to Conduct Tryouts

The Pittsburgh Pirates will conduct a tryout camp at Battle Creek on July 27-28. Sessions will be held at the Post Park Field and will begin at 9 a.m.

Players have to be 16 and no Junior American Legion player can participate if it interferes with his Legion activities. If he does play, he'll have to have a letter of approval from his coach or commander of the post.

Players will have to provide their own shoes, uniforms and gloves. They will have to pay their own traveling and living expenses with the understanding that all expenses will be reimbursed to those players who are signed to contracts.

Mrs. Steuwe Is Honored Guest

Mrs. Herman Steuwe, Jr., was the honored guest at a baby shower given for her in her home by her mother, Mrs. George Foos, and Yvonne Carpenter Wednesday evening.

Seventeen guests attended from Dundee, Milan and Tecumseh and enjoyed pencil and paper games.

Prizes were awarded to Mrs. Gene Tuckey, Mrs. Dale Carpenter and Mary Shiels.

A stork guarded the antique cradle which held the gifts.

A decorated cake featuring a standing black and white stork and an umbrella in the icing was served with other refreshments.

HERE AND THERE

BY DON BAUERLE

Who was the first President to have his picture appear on a coin?

His name was Abraham Lincoln.

After much opposition, the head of Lincoln was placed on the one-cent coin. Sentiment had been voiced that no public officials should be immortalized on coins.

But Theodore Roosevelt, who was president during the 100th anniversary celebration on Lincoln's birth in August, 1909, saw that legislation was enacted to put the Lincoln penny into circulation.

"In God We Trust," the inscription appearing on the coin, was authorized by Congress only a month and a half before Lincoln was assasinated. Coincidentally, the first bronze penny came from the U.S. mint in 1864 while Lincoln was still President.

The design of the Lincoln penny was not changed until 1959, the sesquicentennial year of Lincoln's birth. The other side of the coin shows a miniature duplicate of the Lincoln Memorial in Washington, D. C.

TECUMSEH KIDS are sure lucky.

During the summer months, there are many things they can do to pass the time of day.

Little League games are played mostly every day at the field near the swimming pool. Then they can swim at the pool each day. The youngsters are given lessons in the morning but the experienced swimmers take over in the afternoon.

Or they can go fishing at a nearby pond and relax under a cool tree. Or caddy at the country club.

Most of the things are free. The only change is at the swimming pool or for a can of worms.

☆

While I was home last weekend, I saw my cousin who will be a first-semester medical student at Wayne State University —my alma mater—this fall.

He showed me the books he has already bought for his courses and then he opened a box laying on the floor. It contained a skeleton for his anatomy class.

He had an unusual name for his set of bones. He called his skeleton "Brigette." Incidentally, it hasn't got too much of a shape.

But I am wondering what he'll call his cadaver when he gets it.

But It Pays To Be Courteous

Caddies Have To Be Gentlemen

By DON BAUERLE

A caddy is a harried fellow. He has to be on his best behavior at all times. Otherwise, he may not have those extra coins jingling in his pocket at the end of a round.

It pays to be courteous.

There are set rates for caddies, however, whether they go three or four or nine or eighteen holes. A captain caddy—the most experienced—gets $2.25 for carrying a single bag 18 holes and $4 for lugging two bags the same distance.

The less experienced caddy—class A or B—has a lower rate for his services. A class A caddy makes $2 for a single 18 and $3.50 for a double. A class B caddy earns $1.50 for a single and $2.75 for a double.

☆

BUT ALL the boys are paid the same rate for shagging golf balls—75 cents an hour.

Once he is on the course, he has certain rules to follow. He has to keep quiet. He has to stand still. He has to know all 14 clubs. He has to watch the ball. He has to keep up with the players.

On the fairway, he has to walk with his hand over the club heads so the clubs won't rattle. As the golfer approaches the ball for another shot, he has to lean the bag forward, allowing him to make a selection.

Then, the caddy retreats, walking backwards about 10 feet. He doesn't want to interfere with the player as he lines up his shot.

He is never supposed to laugh, either, when the player dubbs the ball or hits into a sandtrap or waterhole. He must compose himself. Such a reaction only results in a scornful expression or a cold stare as the player mumbles a few words not intended for the caddy's ears.

☆

AFTER THE golfer has blasted the ball out of the trap — sometimes after two or more swings—the caddy has to clean up the trap. Grabbing a rake, he smooths over all footprints or gashes in the sand.

Once all the players have hit to the green, the air is still. Each player, concentrating on his putt, looks at the lie of his ball. Meanwhile, the caddy lays the golf bags beside the green and walks toward the pin, careful not to disturb the balls or players. He picks up any objects, such as twigs and leafs, on the green.

Any undue sounds or talking may cost the player the hole— or the match. As the tension mounts, the caddy observes a general rule — silence is profitable!

Standing so that his body doesn't cast a shadow across the line of putt, the caddy holds the flag on the pin and waits for the player — who is away—to putt.

As the ball nears the cup, he removes the pin. He then walks off the green as the rest of the players putt out and add up their scores.

Returning to the caddy house Thursday afternoon, Howard Hunt, 14—a class B caddy at the Tecumseh Country Club — was stopped for an interview. He had just finished a round of nine holes.

☆

ANSWERING a few questions, he walked toward the new green which is situated near the clubhouse. He then offered to demonstrated a simple lesson that all caddies should remember. Turning off the sprinkler system, Gale Smith, 17, who is the pro shop assistant, volunteered to be "the golfer."

First, Howard showed how a caddy shouldn't stand and hold the pin. Then he did the same thing—the right way. Finally, he pointed out the danger of standing to close to the ball and the golfer.

Howard seemed to show no ill effects from his occupation. He had a deep tan. He said he saves part of his earnings every week.

But there is still one ill effect: Howard may buy too much candy and pop some day from his profits and have a sick stomach.

Cards Are Ready

Youngsters who passed their recent Red Cross swimimng lessons may now pick up their cards at the pool, J. J. Walper, pool supervisor, announces.

Dear Pat

I was paging through LIFE the other day and ran across an interesting ad. It was about Gambles special Trainload Freezer Purchase. So, thought I'd drop in and see if their freezer was as good as it appeared to be—and was I amazed! Suggest you take a trip to Gambles in Tecumseh and see for yourself what a wonderful bargain these freezers really are.

Mary

P.S. Sure am happy with mine!

Thanks for Selling Tecumseh

Only a few months ago, Tecumseh was sitting on a vacant industrial building on South Evans Street.

Today, Tecumseh can boast of a modern plant operated by the H. W. Tuttle and Co., which held open house for several hundred visitors Saturday afternoon.

Those who toured the plant undoubtedly were amazed at the company's products, production lines and progress in the short time since moving here from Adrian.

One Tecumseh individual, realtor Glenn Kohler, was in on the ground floor from the beginning on the transfer of the company to Tecumseh.

Numerous long distance calls, trips, leg work and other basic and vital details were worked out over a period of time. His efforts were more than those usually required of a realtor.

Tecumseh can be justly proud of the Tuttle company — and to Mr. Kohler for his part in selling Tecumseh to company officers.

Regulations Need Flexibility

We hope that refusal by the Planning Commission and the Council to change a zoning regulation for the Ford agency here does not set a future pattern in rigid zoning enforcement.

Despite the recent action, we expect that our zoning regulations are flexible enough, in certain instances, to cope favorably with the growth and progress of Tecumseh.

Such flexibility by Council and Planning Commission should be evident in dealing with large signs for subdivisions, and, for their advertising of Tecumseh homes.

There are and will be other requests to alter zoning in the future, particularly for businesses.

We hope that each request or case is treated singly and the decision is best for Tecumseh and not handled solely on a zoning regulation which might be prohibitive and detrimental to Tecumseh.

George Simpson Is Now a Navy Bluejacket

George F. Simpson, son of Mr. and Mrs. Richard F. Simpson, graduated from recruit training July 11 at the Naval Training Center, Great Lakes, Ill.

The graduation exercises, marking the end of nine weeks of "boot camp", included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the "raw recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

Clinton Boy Killed by Truck

A 15-year-old Clinton boy, James D. Happel, who was riding a horse that dashed in front of a loaded auto carrier on US-112 near Clinton, was dead on arrival Monday night at Herrick Memorial Hospital.

OBITUARIES

MRS. HERMAN BLOHM

The Rev. Kurt Koeplin officiated at the funeral service Tuesday at the Green-Dunn Funeral Home for Mrs. Herman Blohm who passed away Sunday afternoon at her home at 510 E. Logan St.

She had been in failing health for 12 years. Mrs. Blohm, the former Ella May Bennett, was 60 years old. She was born in Tecumseh Feb. 18, 1899, the daughter of John and Georgianna Bennett.

She married Herman Blohm in 1919 in Tecumseh. She was a member of the Grace Evangelical Lutheran Church.

Besides her husband she is survived by a daughter, Betty Blohm; four sisters, Mrs. Ray Bachtal, Mrs. Ernest Robison, Mrs. Ed Harper, all of Tecumseh, Mrs. William Smith of Flat Rock, and a number of nieces and nephews.

Her parents, a brother, Leo, and a son preceded Mrs. Blohm in death.

Burial was in the Lenawee Hills Memorial Gardens.

MRS. SYLVIA WEICHNER

Funeral services were held at the Niblack Funeral Home Monday for Mrs. Sylvia Mae Weichner who died Friday afternoon at Herrick Memorial Hospital where she had been a patient since the previous Sunday.

Mrs. Weichner was 75 years old. She was born in Antwerp O., May 11, 1884 and married John Weichner in 1903.

She came with her family to the Britton area in 1918. She was a member of the Britton Rebekah lodge, the Sarah DuBois Past Grand Club and the Washtenaw county Farm Bureau.

In addition to her husband, she is survived by a daughter, Mrs. Bertha Chaney of Perry, Michigan; a son, Forest, of Britton; a sister Julia Richhart of Fort Wayne; four grandchildren and four great grandchildren.

She was preceded in death by a daughter, two brothers, and two sisters.

A Rebekah service in charge of Locke 386 was held and a graveside service Tuesday at the Scipio cemetery in Harlem, Ind. The Rev. Walter Damberg, of Macon, officiated here.

BUFORD E. DERBY

Buford E. Derby, sexton at the Tipton cemetery for many years died at the Cedar Knoll Rest Home in Jackson Monday evening where he had been a resident for about a month.

He was a former Franklin Township farmer and was 76 years old.

He was born in Adrian Oct. 2, 1883. He moved to Jackson in 1952.

He was preceded in death by his wife, Veida; two brothers, George and Lawrence, and a sister, Mrs. Geraldine Lewis.

He is survived by one sister, Mrs. Dena Mohr; a sister-in-law, Mrs. M. McConnell of Jackson; a brother-in-law, Lloyd Lewis of Estero, Fla. and a number of nieces and nephews.

Funeral services will be Thursday at 2 p.m. at the Collins-Corkery Funeral Home with the Rev. O. E. Priest officiating.

Burial will be in the Tipton Cemetery.

TAX

(Continued on Page 1)

Every one of these changes raised more money, or set the stage for more taxes by changing methods of distributing current revenue.

☆

DESPITE THIS, the state government has had an operating deficit in 7 of the last 11 years.

The facts of the present situation and the past record should be enough to convince any person that major steps must be taken to correct financial conditions at both the state and local levels of government. Further expedient patchwork is not the answer our citizens have the right to expect.

Unfortunately, emotion rather than reason rules in the state tax controversy. Much of this emotion has been created deliberately by vested interest groups on both sides of the dispute.

I know a personal income tax is not popular in Michigan. No tax is popular. I have yet to hear a single citizen rushing into the Legislature with the plea "tax me".

This point is particularly well demonstrated when one analyses the various other tax packages which have been proposed during the last three months in which suggestions for raising sufficient revenue have taken such forms as increased business activities tax, increased intangible tax, elimination of industrial and agricultural processing exemptions from the sales tax, addion services such as doctor and dental bills, dry cleaning, garage, repairs, etc., taxes on motels, hotels, entertainment, cigarettes, liquor and beer, real estate transfer taxes, newspaper advertising and a host of other new kinds of taxes.

Most of these taxes would have to be adopted, in addition to a 4c sales tax, to raise the needed revenue, and the imposition of such taxes singles out certain segments of our economy for more tax levies without regarding their economic impact, but because they will produce "x" number of dollars.

☆

OUR DUTY as elected public officers, from the governor on down, is not to win popularity contests but to enact legislation which is as equitable and constructive in approach as possible within the limits of human frailties.

My decision to sponsor a flat rate income tax and corporation tax—with the repeal of many existing levies—was a hard decision to make.

Nevertheless, under present cimcustances in Michigan, I am convinced that this tax program will meet the tests of equity among all taxpayers, adequacy to sustain the programs to which we are committed and stability for the future.

In the long run, the program I suggest will keep pace with our economy and mean tax relief primarily because an adequate state level of support for schools will reduce or prevent further increases in the burden on property.

And this program can be equitably adjusted to produce less revenue than proposed if in the final analysis it is determined that less money is needed.

What do Michigan newspapers think of Rep. Conlin's tax proposals? Here are two opinions.

The Detroit News of July 11:

"So far as we can see, the only hopeful solution in sight is the flat-rate corporate and personal income tax, with exemptions, proposed by Rep. Conlin, Republican chairman of the House Taxation Committee.

"To his credit, Gov. Williams has said he will accept this plan, even though he dislikes it.

"Nobody can be asked to like it, but at least it is a plan, predictable as to revenue raised, as an equitable distribution of the tax load and in its effects on the state's industrial future."

The Saginaw News of July 10:

"As a measure for taxing, there can be no doubt that the Conlin flat-rate income tax bill is much more equitable than either of the two major alternatives.

"Rep. Conlin is rated the best informed man in the legislature on taxation. His colleagues know that his concern is in giving Michigan a tax program that is sound, fair and geared to the needs of the time."

VFW Visits "Adopted" Boy

A caravan of 13 cars filled with VFW and Auxiliary members and about 33 children went to the National Home Carnival at Eaton Rapids Sunday.

Approximately 100 flags represented the various posts and auxiliaries attending the annual event from all over the nation.

While there the members visited the little boy recently "adopted" by the post and were shown through the South Dakota home where he lives with the housemother.

A picnic dinner was enjoyed by the group before attending the carnival in the afternoon.

No One Is Hurt As Cars Collide

Mr. and Mrs. Clarence Beach were involved in a four car chain collision Sunday evening as they were enroute to Ann Arbor accompanied by Mrs. Frank Gottschalk.

An auto transport truck driver traveling east applied his brakes suddenly, causing the accident.

Children playing in the rain at the side of the road made it impossible for cars to run onto the berm and avoid one another.

Fortunately, some bruised knees were the only injuries.

From where I sit ... by Joe Marsh

Dad's a "Budding" Genius

Time to start planting flowers again, so here's a few details about the Fowler Garden Preservation System.

Youngsters used Dad Fowler's garden as a short cut to the playground. He had a tough time keeping them out until he started a new system.

He called the small fry together and had them print their names on cards. The cards were put on stakes near every clump of flowers. Right away, each kid began to root for "his" particular plants to come up first, reluctantly kept trespassers off "his" area — and Dad's garden thrived!

From where I sit, there's a system for just about everything ... even for getting along with people! The best one I know is tolerance. It means respecting your neighbor's preferences as well as your own. For instance, I prefer an occasional glass of beer with dinner. You may like iced tea. If we accept each other's choice, we're on our way to making our friendship flower.

Joe Marsh

Twenty seven ladies turned out for Ladies Day Thursday at the Country Club. Winners were Mrs. Robert Mohr, Mrs. Joe Rohweder, and Mrs. Willis Porter.

SPRING HARVEST
Gladys Taber

So much can happen in those last college weeks before Commencement. And so much did happen, to students and to faculty members, and especially to impetuous Julie Prescott, in those lovely long days in the spring of 1914 at the little co-educational college of Westerly in Wisconsin.

THE FAMILY QUARREL
Elswyth Beebe

The author of the popular Williamsburg series uncovers a wealth of Revoluntionary War material and makes a marvelous narrative of it in one of her most unusual and interesting books.

ONE SAINT AND SEVEN SINNERS
Ennen Hall

This is the vivid portrait of the life of a Baptist preacher's family warmly portrayed by one of his daughters. Papa is of course the dominant figure in the book, as he was in so many people's lives. Completely selfless, he really lived his religion every minute. But "saints" can be difficult to live with, and the sinners" often rebelled. They got into fights and disgraced themselves publicly and did all the naughty things healthy and normal children do.

DEADLY LADY OF MADAGASCAR
Frank Slaughter

A rousing sea story of piracy and passion off the Arfican coast in the 1700's.

J.B.
Archiblad Mac Leish

The Book of Job has lived in men's minds for thousands of years. In MacLeish's J.B. two broken-down actors venture to exercise their rusty talents and reinflate their egos by reading the parts of God and Satan from the famous Book, and thereby discover the Voice of Reality.

ONE OF THE 7 BIG BESTS CHEVROLET GIVES YOU OVER ANY CAR IN ITS FIELD

Take it, not from us, but from official results of this year's Mobilgas Economy Run: Chevy's pennypinching 6 delivers the most miles per gallon in its field. For a pair of these Chevrolet sixes with Powerglide walked away with the first two places in their class, getting the best mpg figure—a whopping 22.38—of any full-size car. And here are more expert, impartial opinions and on-the-record facts backing us up on Chevy's other six bests:

BEST TRADE-IN

Check the figures in any N.A.D.A.* Guide Book. Chevrolet used car prices last year averaged up to $128 higher than comparable models of the "other two."

BEST STYLE

It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "Chevrolet establishes a new high in daring styling."

BEST BRAKES

In direct competitive tests of repeated stops from highway speeds, conducted by NASCAR†, Chevrolet out-stopped both of the other leading low-priced cars—and why not: Chevy brakes are far larger, built with bonded linings, to help lengthen brake life by as much as 66%.

BEST ROOM

Official dimensions reported to A.M.A.‡ make this clear. For example, Chevy front seat hip room is up to 5.9 inches wider than comparable cars.

BEST ENGINE

Every motor magazine has given Chevrolet's standard and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed this device is surely the most wonderfully responsive engine available today at any price."

BEST RIDE

MOTOR TREND magazine calls Chevy "... the smoothest, most quiet, softest riding car in its price class." You'll be able to tell this yourself, instantly. And your Chevrolet dealer can tell you about a long list of other advantages besides these 7 big ones!

A DEHUMIDIFIER ENDS... MOISTURE DAMAGE... RUST... MILDEW

A dehumidifier can perform wonders in eliminating moisture caused by excessive humidity. But, naturally, to operate at top efficiency it must receive its share of electricity (Housepower). If your new work-saving appliances have outgrown your old wiring system they are Housepower-starved. Another circuit or two and some new convenience outlets may be all that it takes to bring you full Housepower. It will pay you to look into the matter!

THE FRAGRANT WAXY-WHITE BLOSSOM—of the night blooming cereus is large to suit the large moths that seek them out by moon light. This picture was taken by the Herald photographer, Paul Surratt, about 9:30 Sunday evening in the home of Ellen Snedecor on W. Brown St. The plant is one of three owned by Miss Snedecor and has been blooming for the past 20 of its 25 years. About 30 friends visited the Snedecor home to see the unusual blossom in all its beauty and fragrance.

Williamsons Inspect Mining Town in Canada

Mr. and Mrs. Leon Williamson have just returned from a visit to Canada. While there they had the opportunity to visit the Uranium mining town at Elliott Lake, Ontario, one of the most spectacular developments in the world.

About 3½ years ago a geologist named Franc Joubin from Belgium discovered uranium in this section which is about 20 miles East and 15 miles north of Blind River, Ontario. It has developed into the richest of its kind. In the 3½ years over 330 million dollars worth of this ore has been taken out of these mines.

A City of over 30,000 has been built during that period with modern homes, apartments, schools and stores. An eight million dollar hospital is now under construction, a part of which is in use.

People from all over the world are employed there. The Williamsons had an opportunity to spend about four hours with an official of the company and gathered a lot of valuable information about this tremendous and outstanding project.

Hostess Named for Country Club

Mrs. Raymond C. Puffer and Mrs. James C. Lincoln were hostesses at the Tecumseh Country Club luncheon and bridge July 15.

Mrs. Willis Porter received first prize for high score while Mrs. Leland Hubbard placed second.

Table prizes for high scores were won by Mrs. Earl Lindsley, Mrs. Wesley Mast and Mrs. Donald LaBounty.

Mrs. Homer Colson and Mrs. Gordon Garlick were hostesses July 22. Mrs. Orrie Gilbert and Mrs. Thomas Riordan will be hostesses July 29.

Constitution Adopted by Community Fund

The final draft of the new constitution and by-laws for the Tecumseh Community Fund Foundation was presented and formally adopted at the meeting July 14.

The draft was presented by John Zeigler, attorney.

Budget requests for the calendar year 1960 from member agencies were analyzed and a first tentative budget was set up.

All agencies will be informed by letter from Mrs. H. H. Hanna, corresponding secretary, as to the final handling of their requests.

Hearing appointments are being arranged for some agencies, to be held on July 28, beginnig at 7:30 p.m.

—o—

Mrs. Thomas Rice and children, Robert and Kathy, from Cincinati, Ohio, are spending three weeks with her parents, Mr. and Mrs. Eugene Rebottaro. Mr. Rice brought them here over the fourth of July weekend. They will remain for the wedding of her brother, Tony.

"What would I put in a safe deposit box?"

Lots of things. Even if you don't happen to own securities, jewelry, or heirlooms, here are a few of the valuable papers that most people feel deserve protection behind the time-locked door of a steel-and-concrete vault like ours: Savings bonds; service records; insurance policies; household inventory (for fire insurance purposes); birth, marriage, and pension certificates. And such protection costs mere pennies weekly at our bank. Reserve your safe deposit box with us now; transfer your papers to it soon!

The Battle of Fort Kearney

By FRANK WHITE
BUFFALO MAN

Grandson of Chief Sitting Bull

(I wish to dedicate this story to the Indian Show in Tecumseh.)

It was during the month of December, "Can-na-popa-we" the moon of Popping Trees, before the Indians were ready to make a big attack on the soldiers at Fort Kearney.

Fatanka Iyotake, Sitting Bull and "Tasunke-Witko", Crazy Horse, carefully planned it together on the night before the attack.

Sitting Bull spoke in strong words to the Sioux Warriors. "We do not have shooting guns like the white soldiers", he said, "and we have no bullets for the guns we do have.

So we must decoy the Blue Coats from the fort and trap them as we trapped the soldiers at Platte Bridge.

☆

THE MOST dangerous will be done by the man who will lead the decoys. That man will be our brave young Crazy Horse."

The warriors grunted approvingly and Crazy Horse stepped up to speak to them. "How, Mita Kola pi," (my friends, you know about the white chief, Fetterman.)

He is the man who makes big words about how weak we are. 'Give me eighty men', he says, 'and I will ride through the whole Sioux Nation'.

Let us show him tomorrow how far he will get."

"How! "Hecetu", shouted the warriors.

☆

"HOW! THIS is our plan" Crazy Horse went on quickly. "Tomorrow a party of Shahey-la, Cheyennes will attack the wood cutters when they are at work in the forest. The wood cutters will make their signals for help—five shots.

When the soldiers come out of the fort to ride to their rescue, we decoys will be waiting.

"We'll lead the Blue Coats north over Lodge Trail Ridge. You warriors will be hiding on the other side of the ridge behind hills and in ravines.

If you wait until I have my blanket over my head as a signal to attack, we can trap them all. If you don't wait,—"

☆

"WE WILL wait," shouted many of the warriors and the others cried, "Hou! Hou!"

Before it was light next morning, the war party rode down along the ice-covered piney above the fort. Many of the Cheyennes turned off toward the forest. Before long, all the remaining warriors except the decoys were well hidden on the north side of Lodge Trail Ridge.

The ten mounted decoys then approached the fort through the brush, taking care that they should not be seen. From their hiding places they soon saw the wood cutters leave the fort and ride toward the forrest.

Snow had fallen during the night. Now the sky was clear but the wind was bitter cold.

Crazy Horse pulled his thick blankets around his shoulders and settled himself in the saddle. For a long time he sat motionless thinking of the fighting to be done that day and waiting for the signal which meant that the wood cutters had been attacked.

☆

SUDDENLY there came the welcome sound of five shots from the forest. A moment later the shrill notes of a bugle were heard from the fort.

"Come," said Crazy Horse quietly to the other decoys. "It is time."

The gates of the fort were opened. Just as the soldiers rode out the decoys let themselves be seen.

Fetterman who was leading, shouted a command. The frozen earth around the decoys was sprayed with bullets, but none found their mark.

☆

YELLING as though in fear of their lives, the Indians galloped toward Lodge Trail Ridge with Crazy Horse last to protect the rear.

The soldiers rode after them shooting.

Near the top of the ridge, Crazy Horse looked back. There were too many soldiers to count but it seemed as if Fetterman must have more than his eighty men!

Before they reached the foot of the ridge, Fetterman pulled up his horse and called out sharply. The soldiers stopped. Crazy Horse watched in dismay.

Were they going to turn back so soon? Had Fetterman guessed that he and his men might be trapped? Or had he decided that so few Indians weren't worth chasing?

"A BOASTING man's pride is easily hurt", said Crazy Horse to himself "and he loses his head if he's angered. Now is the time for the blanket trick."

He shouted to two of the decoys, "He Dog, Lone Bear! Your blankets!"

Snatching up blankets which lay folded across their saddles, the two galloped down the ridge after Crazy Horse who was already charging the soldiers.

Whooping wildly, the three oglalas waved their blankets frightening the soldiers horses and angering the Blue Coats.

In a loud voice Fetterman commanded his men to ride the Indians down.

AS THE Blue Coats started for the decoys the Indians quickly turned their horses and fled up the rocky ridge.

On came the soldiers, up and over the top. Now the heart of Crazy Horse was pounding as hard as the hoofs of his war pony.

Back and forth he galloped, shouting at the white soldiers and waiting for the moment when the last soldier had entered the trap.

Then all at once he whirled his blanket over his head. "Hoka hey!" his voice rang out. "Hopo! Let's go!"

In an instant the country was alive with yelling, shooting Indians. Wheeling around, the white troops started back up the ridge, fighting as they went.

☆

THE AIR was thick with bullets and arrows. Horses screamed with pain or freight. Men groaned. Warriors made shrill war cries. Rifles cracked and smoke lay thick above the reddening snow.

Crazy Horse with his red-backed hawk in his hair, seemed to be everywhere at once.

Directing the fighting, shouting encouragement to the other warriors, knocking down white soldiers with his war club, and, finally blazing away with a new rifle which he pulled from the hands of a dying soldier, a Blue Coat.

The battle was a bitter one.

By the time it ended, twelve Indians had been killed and Fetterman with all his men lay dead.

Sitting Bull and Crazy Horse, having proved themselves wise leaders, were already thinking about an attack against the soldiers at the fort.

But while the Indians were carrying their wounded back to camp, a howling blizzard swept down from the north.

There was no more fighting that winter. For three moons, the Carli Wakpa (Powder River) was deep in snow.

Mrs. Robert Bonner Entertains Tecumseh Garden Club Members

Mrs. Robert Bonner entertained 35 members and two guests, Mrs. Doug Dunn and Mrs. Milton Flynn, of the Tecumseh Garden Club at her summer home on Wamplers Lake Friday for a picnic pot-luck.

During the short business session Mrs. Herbert Newman told of the recent meeting of the presidents of this district at the home of Mrs. T. C. Campbell in Adrian. There are 33 clubs in the district.

Mrs. William Stearns read the schedule prepared for the coming joint flower show Sept. 18 of the Little Garden Club and the Tecumseh Garden Club.

Mrs. Neil Pearson and Mrs. Herbert Newman were co-hostesses for the day.

"PHYSICIANS TRUST ENTIRELY TO THE DRUGGISTS"

About fifty years after the birth of Christ, Pliny, the elder, warned of the danger of obtaining medicines from unreliable sources or people whose only interest in their sale was the profit to be made. He explained that physicians trust druggists who have a professional reputation to cherish and preserve.

There have always been some thoughtless or money-hungry people attempting to sell medicines, even though they have no knowledge of the problems involved. The simplest medicine requires proper cautions against possible dangerous misuse. We pharmacists have the knowledge to protect you.

Principal Attended Annual Elementary Education Workshop

Marguerite M. Garlick, 113 North Democrat was among 150 elementary school principals, representing 30 states and Japan, who participated in the 17th annual summer workshop for elementary school principals which ended July 17 at Michigan State University.

The two-week workshop was jointly sponsored by the Department of Elementary School Principals of the National Education Association and M.S.U's College of Education.

Directed by Dr. Herbert C. Rudman, the workshop provided the participants a closer look at the prospects for American elementary schools in this decade.

Staffed by some of the finest specialists in elementary education and administration in the U.S., the workshop activities centered on the theme "Administrative Leadership for the Changing School Program."

What's Happening in Tipton

MRS. FAYE LUCE

Joe Gregory who has been a surgical patient in Herrick Memorial Hospital, has returned home.

√

Mrs. Caroline Baldwin was injured slightly when she lost control of her car recently, and it rolled over in a ditch on Tipton Highway just south of town.

√

Twenty-six members of the Past Chiefs Club met at the home of Mrs. Vera Driffill Wednesday evening. Mrs. Jane Anderson was assistant hostess.

Last year's mystery sisters were revealed.

Cards were enjoyed with Mrs. Bess Mattis, Mrs. Gwen Linger, Mrs. Hazel Mukenstrum winning the prizes.

Refreshments were served by the hostesses.

There will be no August meeting. The September meeting will be at the home of Mrs. Betty Cooper with Mrs. Ella Davis and Mrs. Helen Greenwald as hostesses.

√

Mr. and Mrs. Howard Evans and Mr. and Mrs. Maurice Evans and family were Sunday guests of Mr. and Mrs. Ralph Miller of Camden.

√

Mrs. Virginia MacGregor and children, Diana and Roger, of Oakland, Calif. are visiting Mr. and Mrs. Verle Miller for two weeks.

√

Mrs. Clem LeFerriere was the guest of honor at a baby shower Wednesday evening given by Mrs. John Becker and Mrs. Robert Roe at the Becker home.

Games were played and prizes awarded.

Refreshments were served from tables covered with pink tablecloths which were decorated by the guests. Mrs. LeFerriere received many lovely gifts.

Guests were present from Tipton and Adrian.

√

A birthday party was given recently for Kandy Van Sickle by her mother, Mrs. Richard Van Sickle. Nine little girls helped celebrate. Games were played and refreshments were served. Kandy received many gifts.

√

The Franklin Garden Club met at the cottage of Mr. and Mrs. Howard Kronberg Tuesday evening for a picnic supper and a social time. Forty-six members and their guests were present. Irene Wisner showed souvenirs and pictures of Japan.

√

The Maples Farm Bureau meeting was held at the Lester Munger home.

Following the business meeting and discussion period, Ruby Yeutter of Rome Center introduced Thomas Rowe of Circle, Mont. and Brindaban Chaubey of Allahabad, India, who are exchange students of the "Farmer and World Affairs" organization.

They showed slides and gave a very interesting talk on foreign aid to India.

Mr. Chaubey told of the farming methods in his country, the education system, caste disease and illiteracy problems. Mr. Towe is a graduate of Earlham College in Richmond, Ind. and Mr. Chaubey graduated from Allahabad University in India. He is in this country studying in the fields of political science and rural life at Howard University, Washington, D. C.

At the close of the meeting Mrs. Munger served refreshments.

The August meeting will be at the home of Mr. and Mrs. Ronald Mukenstrum on Bramble Highway.

√

Mrs. Emma McSwain of Hooks, Tex. and her sister Mrs. Jess Tuller and son Paul of Manchester visited their brother-in-law, George Ernst Wednesday.

√

Mrs. Richard Rudd was the honored guest at a baby shower given by Mrs. Wallace Wilkin and Mrs. Rodney Bird in the home of Mr. and Mrs. Fay Luce Sunday afternoon.

The 20 guests were all members of the Brock family and were from Jackson, Hudson, Adrian and Tipton.

Mrs. Rudd opened many lovely and appropriate gifts after which refreshments were served by the hostesses.

Laurie Lee, the infant daughter of Mr. and Mrs. Rudd remained at the hospital for further care.

√

Mr. and Mrs. Wesley Whelan and Mr. and Mrs. Lyle Whelan entertained the Whelan-Billington reunion Sunday, at the Tipton Grange Hall. A potluck dinner was served and a social afternoon was enjoyed during which pictures were shown of previous reunions. During a short business meeting it was voted to give twenty dollars to the Susan Buell fund.

The officers were re-elected for the next year as follows:

President—Wesley Whelan.
Vice President—George Allen.
Secretary and Treasurer—Mrs. Ivan Hunt.

Mr. and Mrs. George Allen and Mr. and Mrs. John Wisner will entertain the group next year at the same place. At the close of the meeting ice cream was served by the hostesses.

√

Mr. and Mrs. Harold Anderson entertained their card club in their home Saturday night. A co-operative supper was served after which 4 tables were filled for Euchre.

High prizes were won by Mrs. Guy Cox and Robert Karle, and low prizes were given to Mrs. Maurice Evans and uGy Cox.

√

Mr. and Mrs. Guy Cox and family were in Detroit on Sunday.

√

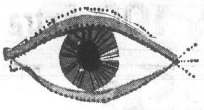
Tipton Grange met Friday night. A potluck supper was served at 7:30. During the business meeting plans were discussed for the food tent at the Adrian fair. The committee for next meeting will be Mr. and Mrs. Ivan Hunt and Mr. and Mrs. Ed Furgason and Mr. and Mrs. Bill Bales.

√

Mr. and Mrs. Robert Aten and family of Tecumseh were Sunday dinner guests of Mr. and Mrs. Wayland Kahle. Debbie Aten who has been spending a few days with her grandparents, returned to her home with her parents.

Sunday evening supper guests of Mr. and Mrs. Kahle were Mr. and Mrs. Frank Wotring of Metamora and Mr. and Mrs. Park Kahle of Sylvania and Mr. and Mrs. Richard Kahle of Tecumseh.

About that boulder in your eye



"Got something in my eye," the customer said. "Feels like a boulder. How about taking it out?" He was hurting and wanted help then and there. The pharmacist remembered hearing about another man whose "something" turned out to be a steel splinter embedded in his eyeball. He advised him to see his physician. Prompt surgery saved his sight. So, we're careful. And if we seem overly cautious sometimes, remember—we're pharmacists, not physicians. We work with doctors, dispensing the drugs and medications they prescribe. But we don't practice medicine.

Through My Window

A Good Bird Day in Maine Cont'd.

Picking up where we stopped last week brings us to the Sea Gulls we encountered just out of Rockport, Maine. It had been a beautiful day (just two days later the rain caught up with us) and we were parked right down on the beach, next to a little restaurant. It was a tremendous view and from the car we could see ocean and beach, a lovely sky and best of all, birds!

Oh, of course, we had seen Gulls at other places on our trip but this was the closest we have ever been to them and we had the longest time to watch them. The birds were down the beach aways, congregating around some old pilings which helped form a small break-water.

It was a large flock and their constant movement made it possible to even venture the wildest sort of a guess as to number. The birds were milling about and from a distance, it looked like mass confusion.

They were going through all sorts of rather pointless actions; for instance, a bird who had been circling around would, all at once and for no apparent reason, decide he wanted to 'sit down' and so, regardless of whether the selected piling was occupied or not, down he would come.

☆

THE NOISE which accompanied such shenanigans was something to hear!

Suddenly, however, the whole flock rose and, as a single unit, came towards a small rocky outcropping in back of the restaurant. A man and women were down there and apparently the small sacks they held contained food for the birds. From the knowing way the Gulls acted, these hand-outs were quite common.

Oh, the commotion! And the noise—much much worse than before!

In the Gull family there is no such thing as politely standing in line and patiently waiting for your turn. It is every man for himself and no holds barred.

We laughed at one poor soul, he really had a rough time.

☆

THE FREE-LOADERS were being treated to either fried shrimp or scallops and this particular Gull managed to grab one.

He was a beautiful bird — snowy white with back and wing markings such a soft and delicate gray that they bordered on dusty-blue. We noticed him first as he flew in front of the car, looking for a quiet spot where he could eat in peace.

It was not going to be that easy for him, however, because two other Gulls saw him leave the squawking quarreling flock and the chase was on. Back and forth and around and around they flew; each time they flashed by, the first bird looked a little more desperate but, with an increasing show of grim determination, he was holding fast to the highly prized morsel.

Need I mention again the screaming and squawking.

Really, Gulls have the most shrill raucous voices!

Finally, the two boys chasing gave up and the, by now very tired, Herring Gull sailed to a nearby sandpoint, settled down and after a few moments rest, ate his hard won prize. I hope it was good enough to justify all his work.

☆

THIS BIT of drama had just ended when, right in front of the car, there was a big Great Black-Backed Gull. Oh, these are gorgeous birds!

Larger than the Herring Gulls, they are dazzling white with a broad band of black crossing their wings and back. The pure white, of course, makes the black look blacker and vice versa.

Well, this bird, a magnificent specimen, was prehaps ten feet above the water and just lazily flying back and forth. All of a sudden, even though the bird books say Gulls do not dive for food, he dove! Head first into the water he went and in an instant, almost before he was completely under, up he came with a tiny shiny fish in his mouth.

Hovering above the same spot, it was only a matter of seconds before he repeated the performance; straight down, he hit the water with a splash but almost immediately was air-borne again. Five or six times his happened and it was absolutely breath-taking to watch.

What a marvelous director had staged this—we could not possibly have been in a better spot even had we known what was going to happen!

☆

ON HIS LAST dive, apparently the fish was a little bigger than he had bargained for. At least, instead of rising triumphantly into the air with a small victim wiggling in his bill, he merely righted himself in the water and made several jabbing lunges at something just beneath the water's surface.

At one point it looked as if he had the fish in his bill but his actions indicated that it was just a little more than he could handle. Disgruntled by his failure, he flew into the air, looked disdainfully down at the scene of his defeat and flew away.

This bird, so lovely and graceful, provided the perfect climax to our good bird day in Maine!

Next Week:—Flying High!

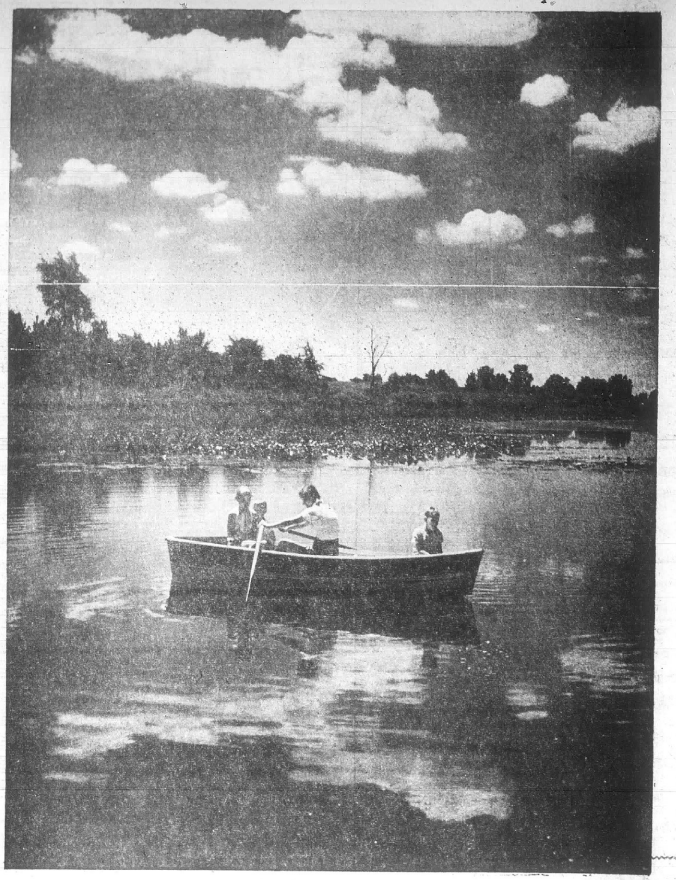
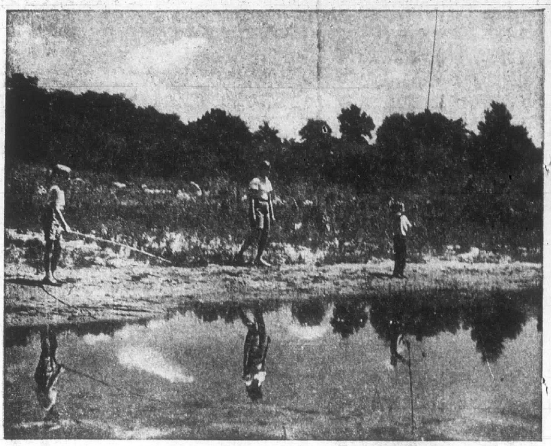
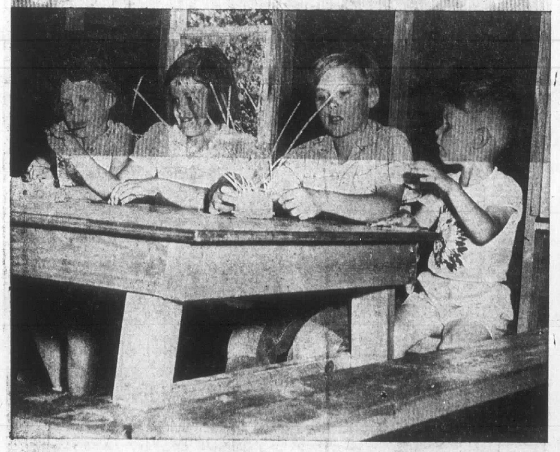
A DAY CAMP CAN BE FUN







HERALD PICTURE PAGE

(Upper Left). On a hot, sunny day, a boat ride is relaxing. (Lower Left): Mrs. Welke gives Chris Moran, Martha Kells and Kathy Hodges an archery lesson. (Middle): Karen and Nate Thompson, Sally Gould and David Welke work on handicraft projects. (Upper Right): After two trys, one Indian caught a fish. (Lower Right): Counselor Judy Wynn and one of the tribes perform a dance.

Kids will love Camp Sequoia, a day camp located on Gady Rd., a half mile west of Occidental Highway. The camp got its name from Chief Sequoia, a Cherokee. He was the Indian who devised a written alphabet for his people. At the camp, the kids go swimming, play volleyball or badminton, take hikes or sit in a circle, listening to an Indian legend. Explained Robert Welke, who operates the camp along with his wife, Judy: "The children are divided into tribes when they come to camp. Then, they earn feathers by doing tribal projects, such as gathering wood or presenting indoor dances and skits. They get extra feathers for catching the longest fish or by scoring a bulls-eye on the archery range." A new addition to the summer program — although a winter camp program is offered every Saturday —is horse back riding. Mr. Welke, a 13-year veteran, said on hot days the kids even make their own ice cream. "The only bad batch," Mr. Welke said, "was the sour cherry ice cream. Someone forgot to add the sugar." Such are the experiences of a day camp director. But they're a lot of fun, too.

Long AND Short OF IT

By TOM RIORDAN

Well, I met Maine's John Gould, the author who puts out that state's "Fastest Growing Paper."

Sporting a full beard, neatly trimmed, John has been producing The Enterprise at Lisbon Falls, Me. for almost a year.

It's unlike any other New England weekly. Probably the nearest thing to it is The Desert Rat produced in Arizona by Lucius Beebe.

John's family has been in Maine for several hundred years and he lives in the original homestead, about which he wrote in a volume, "The House That Jacob Built."

He produced several other books, "Farmer Takes a Wife," "New England Town Meeting," "Pre-Natal Care for Fathers," "Neither Hay nor Grass" and "One To Grown On."

In the acknowledgement of one volume, John wrote, "Portions . . . have appeared in the Christian Science Monitor, The New York Times Magazine, Holiday and The Lisbon Enterprise ($2 the year postpaid.)"

The flyleaf talks about the writer, "John Gould is a farmer, a fisherman, a florist, a champion horseshoe pitcher, editor, publisher, broadcaster and a number of other useful things. But what most folks like best is the fact that he has written half a dozen of the funniest books anybody has ever written."

This is easy to believe, especially after you've read them or seen John's paper.

Here's a sample.

CONVENTION WILL MOVE NOT WANTED AT THE FORT

By Fido Red Bone
(Dog Editor)

Erminine, the best writer in the Harvey family, says in the Fort Fairfield Review "that . . . there are too many big dogs running loose in the village. All last summer they were running in packs, and this morning as I was driving up Presque Isle street there were big dogs coming in all directions, getting ready to congregate, I supose. The village is no place for this sort of thing."

As Accommodations Chairman for the Big Dogs of Maine, I can only reply that this is the last time we'll ever hold a convention in that town!

The one last summer was well attended, bringing into Fort Fairfield every major dog in the state. The one this year was even better, for we were able to get a more prominent speaker, and the procupine bounty added an impetus that really turned the boys out.

But a convention needs to feel welcome in the community it selects, and this uncomplimentary blast from the Review's Editor's children's mother has offended many of us. Unless an apology is forthcoming, and soon, it will be my happy function to select some other town for our annual convention in 1960.

May I point out to the young lady that every one of us has paid his tax and holds receipt for same, and that this has given the state a cash fund of a great many thousand dollars, which is to be frittered away on notions and absurdities without one single solitary benefit to us dogs, as such?

No segement of our society is so imposed upon as the lowly dog, man's best friend, who pays his dues every year, and never gets to see his money again!

And what do we get for this handsome contribution to the welfare of Maine?

We meet solemnly, in a quiet, orderly convocation duly assembled, and immediately there is set up this great out-cry against us.

It is unfair, and we have been offended deeply.

WE'D LOVE to reprint in full one of John's weekly essays, which run under the heading, "The Stuffed Owl . . . That Cheats the Time," but it's a trifle long.

It tells, in 46-column inches, how to flash a greeting to a friend while you are pushing a wheelbarrow.

Here are the high spots:

"According to Emily Post, page 569, the thing for the well-bred man to do is set the handles down, straighten up, bow from the waist, and lift the right hand in a friendly salute, moving the fingers gently in recognition, and waiting for the folks to pass from sight down the road.

"This may be all right in New York, where folks attend their window boxes in cutaways, but the ease of custom has long since

Jim Smith Rides High in The Sky

By DON BAUERLE

Jim Smith, Tecumseh's flying architect, soars through the air in a glider.

He said operating a glider isn't as easy as some people think. "It is a real challenge to make quick decisions and to plan a flight," Jim said.

"It isn't like flying a jet or an ordinary aircraft," Jim said. "It's smoother and a lot quieter."

His method of takeoff is simple—he has a conventional airplane tow his glider to an altitude of 2,000 feet. Then he signals the pilot and begins his descent toward the earth.

☆

"BUT GLIDING isn't just a matter of getting towed up and coming down," Jim explained.

He has to rely on his skill and currents of warm air called "thermos" to plot his course. As he descends he gazes over the terrain looking for a dry patch of land where "thermos" are found.

A thermo is a stream of air circulating skyward. Jim uses a thermo to supply the lift for his glider. Once he has located one, he can climb as fast as 1,000 feet a minute.

The breakoff point for a glider is usually between 6-8,000 feet, Jim said.

Jim said he ascends upward in very tight turns in a spiral fashion, utilizing the horsepower a thermo offers.

☆

"A THERMO can produce as much as 20,000 horsepower," Jim said, "giving an average speed of 45 miles per hour."

His speed in cross-country competition ranges between 50-60 miles per hour. While soaring to earth, he gains enough momentum to attain speeds of 70-125 miles per hour.

In 7 to 8½ hours, a glider covers about 200-300 miles in a national contest. The flights in local competition, such as the Midwest Soaring Championship in Adrian starting Thursday, are about five to six hours in length, Jim said.

☆

JIM POINTED out that gliding isn't too risky. He said pilots take a lot more chances when the competition is keen but only rarely does anyone get hurt or is a plane damaged.

A bachelor and graduate of the University of Michigan, he has his office over Wright's Drugstore. He lives with his parents at 804 N. Evans.

Mr. Smith placed third in the national soaring contest held this month in Elmira, N.Y. He won the 60 mile and placed second in the second in the 125 and 140 mile contests. He came in fifth and 12th in the distance competitions.

Until the last day of the event, Mr. Smith was in first place. His average cruising speed was 50 miles an hour. His fastest time was 125 miles an hour.

Mr. Smith — who was a naval flier in World War II — has been a glider pilot since 1956.

Work Begins on New Credit Union Office

Construction started this week on a new $15,000 office for the Tecumseh Products Credit Union on S. Maumee St., just south of the Union Hall.

Designed by Max Elliott, it is being built by his Elliott Construction Co., of Tecumseh.

The building is scheduled to be completed by Oct. 1.

With an aluminum and glass front, it will be 32 x 40 feet in size. Interior features will include asphalt tile floors, painted block side walls and acoustical tile ceilings.

The credit union was founded in August, 1956. Its offices are presently located in one of the Products' buildings. Although it could serve all employees, its membership is about 1,500. As of May, the union's total assets were about $367,000.

Dr. Frank W. Stephenson, assistant to the president of Adrian college, will be the speaker during the morning worship at the Methodist Church Sunday, Aug. 2.

WISH COMES TRUE — When Bill Damon, III (in the block house) got a small plastic fort for Christmas, he dreamed of having a full-scale model. So his dad agreed to undertake the project this spring. Bill used slab lumber, obtained from the Ridgeway sawmill. He said it's not unusual to have 25 "wild Indians," roaring around the fort, which is located in the backyard of the Damon home at 817 Outer Dr. in Herrick Park. "Attacking" force here includes Patrice Damon (at left) and Jane Abner.

Hotel Was Once the Hub of Tecumseh

By CLARA WALDRON

The year was 1895. A dry-goods "drummer", making out his week's schedule of southern Michigan towns, wrote the last entry with an air of satisfaction — "arrive Tecumseh, Saturday afternoon; spend Sunday at the Lilley House."

Sunday at the "Lilley House" was a much desired goal for the informed traveling public of that period.

If there had been an AAA travel guide it would have given a double star to the hotel on the corner of Chicago and "Railroad" streets.

It goes without saying that banker, Lucius Lilley, was not "mine host" but, as he was apparently the principal owner of the building at that time, his name was given to the hotel no matter who owned the equipment and managed the business.

☆

KNOWN AS the Merchants Block, the building was completed in 1867 and at first the hotel also went by that name.

In the beginning there were three stores across the first floor front, the hotel entrance was at the side and the third floor was an auditorium. "Merchants Hall" was used for dances, theatricals and public meetings.

As business increased this floor was made into hotel rooms and the lobby was moved to the corner location with the entrance on Chicago street. Later, this was again reversed and the name of the hotel was changed to the "Chief".

In spite of its age this was not the first hotel at that location.

A rather rambling, two story and a half, wooden building was moved in 1867 to make room for the Merchants Block.

☆

THIS HAD been built in 1835 and was known as Snell's Hotel or "The Mansion House" and one of its several managers was a Mr. W. P. Smallridge, "late of Clinton."

As evidence of the good construction of the period, the Snell house, after being moved twice, is still in use as a double house on W. Pottawatamie street.

At least fifteen managers and proprietors have been associated with the brick hotel over the years.

The first was a Mr. Abel Wood and, in 1880, when General Joseph Brown, one of Tecumseh's founders, died there at the age of 87 it was a Mr. Sink who gave him tender care.

It was during the regimes of C. F. Patterson, the Blockers and the Barrett Bros., in the "gay nineties" and nearly 1900's, however, that the hotel reached the peak of its popularity.

☆

THEN EIGHT trains each day stopped at the Main street crossing and deposited their passengers almost on its doorstep.

Salesmen, commission buyers and traveling theater companies filled its rooms and local citizens enjoyed its meals and used its dining room for banquets and parties.

It was headquarters for the famous Tecumseh baseball team and, when they had won the South Michigan pennant, the banquet given them there had a menu like that of the Waldorf.

The building has survived at least three fires but, along with the railroads, it surrendered to the motor car and now even its empty shell is coming down.

Scouts Camp Out

About 54 cub scouts and fathers of Pack 73 with their cubmaster, Neri Collingsworth camped over the weekend at the Conservation Club north of M-50.

A building donated by Mrs. Lillie Porter on W. Pottawatamie St. was moved to the grounds the previous week by the fathers and was used for the camp kitchen. It will be left on the grounds for future use.

The 16 fathers acted as chefs for the affair doing the cooking on stoves furnished by the Protane Gas Company which also furnished the gas.

On Saturday evening the mothers visited camp and awards earned by the boys during the summer were presented by Mr. Collingsworth.

Three teams were organized for ball, the main sport of the outing.

Spray for insects was donated by the city. Don Brazee did the spraying with the city sprayer.

John Bolden was the medicine man at the big first air tent.

Week at Wamplers

Sharlene Sue Seitz, daughter of Mr. and Mrs. Robert Seitz, is spending the week at Wamplers Lake with her Girl Scout Troop of eight girls. Mrs. Harold Miloh is the leader.

Nurses Furnish Room in Honor of Fellow RN

A completely-furnished room in the south wing of Herrick Memorial Hospital now stands as a memorial to a former staff nurse who died two years ago.

Mrs. Laura Howlett Meiers was that nurse. She performed her duties while raising three children and taking part in church work, school and civic affairs.

She continued to work at the hospital until cancer slowed her pace. In July, 1957, the disease claimed another victim.

So that Mrs. Meiers' dedication to nursing would stand as a building stone for others in her profession, her former fellow nurses here organized a fund to furnish a room in her memory.

Then others lent a helping hand.

There were contributions from Mrs. Meiers' family and friends. There were raffles, auctions and bake sales. Finally, the needed $850 was collected for the room.

The nursing staff purchased furniture, drapes, lamps and other furnishings for the room that include a large desk, a desk chair, a lounge chair and stool, a floor lamp and a TV table.

A 17-inch television set, previously given nurses by two staff dottors, was placed in the room.

Mrs. Meiers' nursing school classmates—who graduated with her in 1943 from Toledo Hospital —made their donation, a painting showing a pastoral scene, done by local artist Russell Steinke.

Mr. Steinke's mural was installed Monday.

Mrs. William Browne, one of the RNs who helped get the project underway said, "In behalf of all nurses, we the Herrick nurses, present this room as a memoriam to all women who maintain a home and family and still find time to be of service to their community."

Joanne Marie Ford, Anthony Rebottaro Are Married in Double Ring Ceremony

Palms were banked to soften the setting at the St. Elizabeth Church Saturday for the wedding of Joanne Marie Ford and Anthony C. Rebottaro.

Lovely arrangements of white gladioli and white chrysanthemums enhanced the altar with wedding hampers of gladioli and orchard majestic daisies on either side of the altar rail.

The family pews were marked with white satin bows backed with greens.

The bride is the daughter of Mr. and Mrs. Russell E. Ford, of Blissfield, and the groom is the son of Mr. and Mrs. Eugene Rebottaro, of Centennial Road.

The Rev. Fr. Thomas J. Collins performed the double ring ceremony at 11 a.m.

Mrs. Ben Hammack presented nuptial music while the guests were seated and accompanied Wallace Whiting as he sang "Ave Maria" and "On This Day O Beautiful Mother."

The bride was given in marriage by her parents.

She wore a white gown of embroidered nylon organza over taffeta and net featuring a scalloped helmile of intermission length in front draping into a sweep train at the back.

The fitted bodice featured satin bows in front and back with streamers down the back and short scalloped sleeves.

She wore embroidered mitts and pearl earrings which were the gift of the groom.

Her fingertip veil of imported illusion with a hand rolled edge was held in place with a chantilly lace crown shell trimmed with pearls and iridescent sequins.

She carried a lovely cascade

arrangement of white butterfly rosebuds interspersed with white tulle and ivy sprigs. It was centered with a purple lipped white orchid which she wore as her going-away corsage.

Luella Knierim, of Blissfield, was the maid of honor in a ballerina white nylon sheer dress with fluer-de-lis' and scallop embroidery trim in dainty lilac with a lilac crushed tafefta cummerbund caught in the back with a sassy bow and sash.

She carried a white lace fan with a crescent arrangement of tiny white rosettes and lavendar asters at the base.

Mrs. David Vanderpool and Anne Rebottaro, sisters of the groom, were the bridesmaids in gowns of the same design and color as Miss Knierim's

They carried white fans with similar floral clusters. All the brides' attendants were lilac picture hats and pearl earrings, gifts of the bride.

Louis Rebottaro was his brother's best man and the guests were seated by another brother, Charles, Tony Sinelli, Earl Nesbitt and Lawrence Sinelli.

Sally Rothfuss, cousin of the bride, was the flower girl in a white frock styled like the attendants and a orchid picture hat. She carried a nosegay edged with orchid tulle and centered with tiny rosebuds and bebe pompoms.

Michael Cochran, cousin of the bride, was the ring bearer dressed in a white coat and black trousers.

Dinner was served to 300 guests at the United Products Union Hall and a reception for 500 was held there in the evening.

White and lavendar blossoms with white tulle and orchid streamers and bows, crystal candelabra and white tapers were used in decorating the hall.

Those assisting at the reception were Mrs. Thomas Rice, Mrs. Dean Peotter and Kay Carroll, Mrs Harold Quigley and Mrs. Russell Simpson served and cut the wedding cake which was encircled with a bridal ring of orchid flowers.

Deanna Knapp had charge of the guest book, Mrs. William Peters, Mrs. Henry Stein, Mrs. Robert Hyde and Mrs. Russell Johnson had charge of the gifts.

Daneing was enjoyed to the music of Red Diekinson's orchestra.

Mr. and Mrs. Rebottaro will spend two weeks touring to Yellowstone National Park before they make their home at 1390 Raisin Center Hwy., Adrian.

The bride is a graduate of Blissfield High School 1953 and is employed as a bookkeeper at Tecumseh Products Company. The groom is a graduate of Tecumseh High School in 1950 and is employed at Tecumseh Products Company.

An $8,500 Laboratory Will Be Completed by Fall at Hospital

An $8,500 laboratory is being constructed at Herrick Memorial Hospital, reports Orrie Gilbert, administrator.

It will double the size of the present lab and be located on the first floor, in the west wing.

The former medical records section and hospital staff room will be occupied by the new lab.

Started last week, it will be finished in early September and will feature much new equipment.

New Food Cart Put into Use at Hospital

The second 24-tray capacity food cart donated by the Hospital Auxiliary to Herrick Memorial Hospital goes into use this week.

Costing $1,600, it provides both heated and refrigerated compartments.

Cart No. 1 has been serving patients for the past year.

Mrs. Ruth E. Dustin returned last week from a trip to Colorado with her son, Dr. Robert Dustin.

Announcement of the engagement and approaching marriage of Sharron Marie Muhn to Mr. P. William Leyrer is made by her parents, Mr. and Mrs. Melvin B. Muhn, of 415 Kilbuck St. Mr. Leyrer is the son of Mr. and Mrs. Phillip Leyrer, of Portland, Michigan The wedding will take place September 11.

Sheila Carol Sprague, Gordon Mitchenson Married in Hudson Methodist Church

Sheila Carol Sprague wore an empire princess styled white taffeta gown for her wedding to F. Gordon W. Mitchinson Saturday at the First Methodist Church of Hudson.

She is the daughter of Mr. and Mrs. Carroll Sprague, of 216 S. Oneida St., and the groom is the son of the Rev. and Mrs. Francis Mitchinson, of Irvington, Cal.

The ceremony was performed by the Rev. Howard Montgomery. Organ music was presented by Stacy Carpenter, former schoolmate of the bride.

Mrs. Mahlon Smith, of Adrian sang, "Whither Thou Goest" and "The Lord's Prayer" as the couple knelt at the altar.

White gladioli and purple asters filled the altar baskets flanked by palms and candelabra. Each window held an arrangements of candles, flowers and greenery.

The bride was given in marriage by her father. The bodice of her gown was made of Chantilly lace featuring long sleeves ending in points over the wrists. The full skirt was street length.

Her veil of white net was edged with French lace and fell from a crown of Chantilly lace covered taffeta.

She carried a cascade arrangement of orchids and stephanotis centered with a Catlega orchid with ivy and white satin streamers.

Mrs. Richard Lockwood, of Waldron, was maid of honor wearing lavendar taffeta in the same design as the brides and a head band of white flowers.

She carried a basket arrangement of tinted carnations and roses to match her gown.

Mrs. Douglas Sprague and Brenda Lou Sprague were bridesmaids and Sonja Sprague was the junior bridesmaid.

Each wore a gown of similar design to the brides—Mrs. Sprague in rose taffeta, Brenda in light blue and Sonja in yellow.

Each wore headbands of white flowers and carried baskets of tinted blossoms to match their gowns.

Mrs. Sprague substituted for Mrs. Shirley Mitchinson who was ill and unable to attend her sister's wedding.

Philip Wineland was best man. Stanley Mitchinson, brother of the groom, Douglas, Donald and Alfred Sprague, brothers of the bride, were the ushers.

A reception was held in the church dining room for the 300 guests following the ceremony.

Mrs. Donald Sprague served the cake decorated in pink and white with wedding bells on the top.

Others assisting with the reception were Mr. and Mrs. James Harris, Mrs. Jean Exe, Hillary Brown, Jacqueline Sprague and Mrs. Darrell Myers.

Following their wedding trip to Ottawa Beach on Lake Michigan for a week, the couple will make their home in Osseo, Michigan.

The bride is a graduate of Hudson High School, attended ployed by the Kroger Company in Adrian.

The groom is a graduate of Husdson High School, attended Jackson Junior College and will continue his education at Adrian College. He is a student minister of the Osseo Methodist Circuit of Albion District.

A rehearsal party was held at the home of Mr. and Mrs. Douglas Sprague south of Hudson.

A miscellaneous shower was held for the bride Tuesday evening by Mrs. Stewart Watson and Mrs. Nora Atchinson at the Watson home which was decorated with floral arrangements.

Twenty guests enjoyed games and contests. Guests attended from Hudson, Waldron, Adrian, Ridgeway and Tecumseh.

Rescue Breathing Can Save More Lives

By DON BAUERLE

Rescue breathing — mouth-to-mouth artificial respiration — may save your life.

It is the latest method to revive a person whose breathing has been halted by drowning, Electrical shock, smoke or gas inhalation or other accidents and illnesses.

Duane Furbush, swimming instructor at the "Pit," announced Monday that a film on this new technique will be show two times Thursday in Tecumseh.

The main showing will be held at 7:30 p.m. in the high school cafeteria. An earlier showing will be held at 2:30 p.m. in the hospital cafeteria. There will be no charge for either showing.

☆

OWNED BY the Lenawee County Red Cross, the movie runs for 25 minutes. It can be obtained from Paul Ahleman, who is the county's first aid chairman.

Commenting on the film, Mr. Furbush said: "It is a very good demonstration of the new direct breathing method of resuscitation.

"Both the Nielsen and Schafer prone method have often been unable to induce enough air into the lungs to sustain life.

"The mouth-to-mouth method roughly supplies the lungs with 12 times the amount of air in comparison with the others."

To avoid direct oral contact with another person, a "resuscitating tube" or an "airway" — a S-shaped plastic object — can be used.

☆

DESIGNED BY Dr. Peter Safar, a John Hopkins anesthesiologist, and Capt. Martin C. McMahon, of the Baltimore Fire Dept., it simplifies the technique and is more effective.

In Baltimore hospitals—where the device was first introduced—it has saved about one life a month.

Johnson & Johnson passed out 6,000 "Resusitubes" at the American Medical Association conference in 1958. These results were reported the same day:

A young woman, who had tried to commit suicide by drowning herself, was saved.

☆

ELECTROCUTED by a power line, a worker was revived.

About 300,000 airways have already been produced by Johnson & Johnson for doctors, nurses lifeguards, police and fire department rescue squads and first-aid kits. They cost as little as $1.50 and are available at most drugstores.

The Army and Air Force have officially accepted the Safar airway. The Army intends to distribute airways to its forces on the buddy system — one for every three soldiers.

About 50,000 persons die of smoke or gas inhalation, drowning or similar tradgedies each year. Many experts feel that by knowing the steps involved in mouth-to-mouth resusciatation, countless lives might be restored.

Once brain cells are deprived of oxygen, they die or suffer irrevocable damage — in many cases — in three to five minutes.

LONG & SHORT

(Continued from, Page 1)

made such formal reaction unusual in Maine.

"What you do is tip your head back and open your mouth. You appear to be saying, "Hello!", or possibly 'Hi'. You don't actually say anything, as sound is seldom a factor in this exchange.

"The head should be thrown back well, and the mouth opened fairly wide.

"It is about the same gesture you would take if a horse stepped on your foot. Particularly if he twisted a little.

"There are variations to this. The infrequent one is to simply wave, whereupon one side of the wheelbarrow goes down, the contents are spilled over the lawn, and you are gathering things up long after your friends have passed by.

"This method is hard on a person if he has so many friends he gets saluted several times one right after the other.

"It is also hard on the contents. A paper bag of sheep manure will stand only so much vibration.

"There is something to be said for the foot waver. With your hands tied up, and the muscles in your back and neck geared to the wheelbarrow load, it is sometimes not advisable to lift the head and open the mouth.

"There is a method by which you can reach out with one foot, and wave it from the ankle. This unexpected contortion amuses people, and is enough of a physical accomplishment so they admire you for it. It is well, however, to have a good grip on your equilibrium if you try this."

The entire content of each edition is filled with such stories. There is little attempt at coverage of current news, other than via Editor Gould's poignant remarks about a particular happening.

His editorials are excellent and just to show he can produce brief as well as lenghty pieces, here is one titled "New Version."

"A bat out of hell started up, the other day, like a teen-ager."

HERE'S HOW — Dr. R. G. B. Marsh is ready to place the Resusitube airway into the mouth of a "drowning victim", played by a nurse, Mrs. Gene Tuckey. Assisting the doctor is another nurse, Mrs. LaVern Moll, of Holloway. This is the newly-recommended type of artificial respiration, which will be demonstrated at 2:30 p.m. Thursday at Herrick Memorial Hospital in a Red Cross film. The movie will be shown again at 7:30 p.m. in the high school

Married in San Diego

The Wedding Chapel of the First Presbyterian Church of San Diego, Cal. was the scene of a lovely summer wedding on Saturday morning, July 25, when Carolyn Dickhaut became the bride of Tom Naser. Only the immediate families were present.

The bride's parents are Mr. and Mrs. Edwin Dickhaut, of St. Louis, Mo. and Mr. and Mrs. Harold F. Naser, of Tecumseh, are the parents of the groom.

The bride was given in marriage by her father. She chose a gown of traditional bridal white lace and a fingertip veil. Her single strand of pearls was a gift of the bridegroom. She carried a bouquet of white bridal rose buds and a white Bible.

Cristine Dickhaut, a sister of the bride, was the maid of honor. She wore a gown of pink lace, and carried a bouquet of pink rose buds.

John Naser assisted his brother as best man.

Dr. William D. Livingstone, minister of the church, performed the double ring ceremony.

The bride's mother wore a gown of blue silk and a sequin hat. The groom's mother wore a pale green gown of silk organza and a black velvet veil hat.

Following the ceremony, a bridal luncheon and reception were held at Valle's in La Jolla.

After the reception, the bride and groom left for a honeymoon at Las Vagas, Nevada. Upon their return they will be at home at 3661 Mission Blvd., San Diego.

Friday evening Mr. and Mrs. Harold Naser gave a dinner in honor of the bride and groom at Bali Hai on Shelter Island.

The bride is a graduate of St. Louis High School, and is employed as a secretary at Convair Astronautics.

The groom graduated from Tecumseh High School in 1953, attended Kalamazoo College and served two years in the United States Marine Corps.

He is an employee of Seaboard Finance Company of San Diego.

POLICE BLOTTER

Police officers operating their speed timing equipment on West Russell Road near the 45 degree curve at the southwestern city limits Monday, resulted in 38 summonses for speeding in a 5-hour period.

The speed limit at the city limits is 35 miles an hour and the limit on West Russell, immediately east of the curve is 30. It was here that the violations occurred.

Summonses were issued to: Gordon E. Aldrich, Jack L. Arnett, Hubert R. Barrow, Nicky R. Berlin, Elmer R. Bohannon, Octariano Burciaga, Emmett L. Dennis, Zama B. Vitmar, Alfredo Faz, Julie M. Fielder,

Hubert E. Kelley, Robert L. Krouse, Varid L. Morton, Louis R. Patchersky, Lewis W. Renner, Victor A. Sanborn, George B. Teller, Manuel S. Vallejo and James L. Willard all of Adrian.

Mary Lou Barrett, Kay Blossingham, Nina E. Butler, Jeanette Fright, Charles I. Husketh, John E. MacGeorge, Yvonne M. Ottgen, Janet E. Powell, Paul W. Schaffer, and LeRoy H. Titley, all of Tecumseh.

Robert E. Hart and John L. Bird of Manitou Beach; Charles C. Benedict of Ridgeway; Martha Knisely, Hazel Park, Mich.; Clifford L. Lafond, Jackson; Max E. Ries, Sand Creek; Lucille M. Medvecz, Tipton and Helen E. Aebersold, Britton.

Glen W. Work, 711 Adrian St., was issued a summons for reckless driving Monday and also for not having an operators license on his person.

An auto driven by Henry A. Eby, 9231 Sumpter Rd., Maybee, struck a motor scooter operated by Larry D. Flowers, 16, 1107 Russell Rd., at the Products parking lot in front of Gate 4 last week. Only damage to the scooter resulted. Flowers stated that he was following another scooter and didn't see the car until they hit. No summons was issued.

A summons for failure to yield the right of way was issued to Adeline A. Handy, 105 Bartlett St., Clinton after her car struck one driven by Donald L. Curtis of 304 S. Union St. The Handy auto slid on wet pavement and through the stop street striking the Curtis auto. The accident occurred at the intersection of Ottawa and Pottawatamie St. last Thursday.

Two reckless driving summonses were issued Friday. Glidden Wallen, 19, of Manchester ran off the roadway and damaged lawns at the intersection of Evans St. and M-52, and Michael E. Hope, Tipton, told police that he fell asleep and his auto ran off the roadway.

Theodore L. Frolich, Britton, was traveling on Chicago Blvd. when he hit a wet spot in the pavement Tuesday, causing his car to slide into a road sign. No summons was issued and damage was minor.

Mrs. Carl Burch has been ill at her home for the past two weeks. Her condition is improving.

Scott Fosbender, 2, Has Birthday Party

A birthday party for two-year-old Scott Fosbender was held Friday evening at the home of his parents, Mr. and Mrs. Conrad Fosbender, of 509 Parkway Court.

Paper hats and noisemakers ably worn and used by his grandparents, Mr. and Mrs. Carl Fosbender and Mr. and Mrs. Harold Walmer of Kalamazoo, made the event of gladsome one for the little man.

His cousin, Greg Bowen of Syracuse was also present to enjoy the party.

Greg's parents, Mr. and Mrs. Jerry Bowen arrived here last Saturday for a visit.

Ernie Retires as Delivery Man

Tecumseh's horse-drawn delivery service is now only a memory.

Ernie Van Vleet, 80, and his team of horses—"Bob and Jane"—have retired to 204 N. Pearl St. Reason: French's Market—one of Ernie's stops—went out of business two months ago.

His other stop was Marv's Market on E. Chicago.

During his lifetime, Ernie has seen Tecumseh grow from a small village to the refrigeration capital of the world. Ernie first became acquainted with Tecumseh in 1906.

☆

HE AND his wife, Minnie, came here from Northville where he had been employed by the U. S. Express Co.

At that time, five groceries—Frank Avery and Co., Lowry and Sons, Anderson Bros., C. M. Gilbert and Williamson Bros.—and two meat markets—Millers and Marsh's—were in business here.

All these stores were customers of the central delivery system established by Charles Shaw in 1903. Then Ernie and his partner, Floyd Freeman, bought out Mr. Shaw.

Before 1903, all the merchants maintained their own delivery wagons. They were high-wheeled and canvas-covered and the grocers name appeared on the side. They were all drawn by horses.

Competition was sharp. The wagons scurried about town all day long, criss-crossing each others path.

☆

ONE MEAT market had a two-wheeled cart with only a covered box between the driver standing on a rear step.

For many years, Ernie and his partner used two wagons to cover the town four times a day. Bert and Floyd Waring ran one route and later Floyd operated it alone.

After 1916, Ernie was the sole owner of the delivery system and while he only kept one wagon, he made two runs each day to every part of the village.

No other person probably knows the town and its kitchens as well as Ernie. New comers, especially city dwellers, have been startled to have a man walk into their kitchens and leave groceries on their tables.

Or he even put perishable goods — such as butter and meat —in the refrigerator if they weren't home.

☆ ☆

"IF THEY wanted it done, I'd do it for them," Ernie said in reference to his added services.

Over the years, he had some spills and accidents. "I never had any bad accidents," he said. "I got run into once or twice in 53 years."

One time, on a hot day, a can of molasses blew up in his wagon. Then there was the time two defective handles fell off two jugs of maple syrup as Ernie was crossing the sidewalk.

These were just some of his experiences.

"One question everyone asks me is how many teams have I had," Ernie said. Thinking for a minute, he said: "about 40 horses I guess."

His last team—"Bob and June" —live in the barn at the rear of his home.

Together, they can relax and take life easy. But Ernie said:

"I am not used to not working —yet."

WELCOME ABOARD—William A. LaCoe, seaman apprentice, USN, son of Mrs. Martha Buell, of Tipton, is welcomed aboard the US Naval Missile Center, Point Mugu, Calif., by Rear Admiral Jack P. Monroe, Commander of the Pacific Missile Range. LaCoe enlisted in April, 1959, and reported to the missile center July 2 from the Naval Training Center in San Diego. He has been assigned to the Naval Air Station's Operations Department.

OBITUARIES

ALBERT R. FILTER

Funeral services were held Sunday afternoon at the Immanuel Lutheran Church on the Ridge for Albert R. Filter who died Friday at Herrick Memorial Hospital where he had been admitted only a few hours earlier.

He suffered a stroke on May 2 and had been confined to his bed since that time. He was 78 years old.

Born in Germany, Mr. Filter came to this country with his parents as a small child.

Mr. and Mrs. Filter lived in Britton until 1919 when they purchased the farm two miles south of Ridgeway. Before purchasing the farm Mr. Filter was a carpenter for many years.

He was an active member of the Immanuel Lutheran Church on the Ridge.

He is survived by his wife, Ella; two sons, Robert and Gerald both of Britton; two daughters, Mrs. Mildred Netcher of Onsted and Alice Filter at home; two brothers, Frank and Henry, both of Britton; five sisters, Mrs. Mary Prange, Mrs. Minnie Krueger and Mrs. Rose Baumgarten, all of Adrian, Mrs. Anna Gafner of Palmyra, and Mrs. Emma Prange of Detroit; four grandchildren and three great grandchildren.

He was preceded in death by one brother William and one sister, Mrs. Bertha Prielipp.

The Rev. James Moehring officiated and burial was in the Ridgeway cemetery. Funeral arrangements were made by the Niblack Funeral Home.

o

DANIEL BISHER

Funeral services were held Monday for Daniel Bisher of Hillsdale, brother of Frank Bisher, who was killed in an automobile accident Friday.

Mr. Bisher is survived by his wife and three children, his mother, Mrs. Alta Bisher, two sisters and another brother besides Frank.

Burial was in Lakeview cemetery in Hillsdale.

o

FRANK KENT

Funeral services were held Thursday in Monroe for Frank Kent who was found dead at his residence on East Logan St. last Tuesday evening.

An autopsy revealed that Mr. Kent died of a heart attack. He was found by his son, Donald, of Monroe who survives with his sister, also of Monroe.

Mr. Kent was born in June 1909, the son of Samuel and Estella Anthony Kent.

He was employed at the Tecumseh Products Company and had lived here for the past years.

Don's Grill Gets CAR Award

Don's Grill Beef Buffet was named Monday to receive the nationally known CAR Standard Award. The announcement was made by J. Leo Callan, president of the Certified Associated Restaurants.

Its headquarters are in Minneapolis, Minn.

Don's Grill can now display the CAR emblem and other insignia of the coast-to-coast chain of qualified and independently-owned restaurants.

CAR service standards say that a restaurant must be situated on a traveled route, serve good food at popular "family prices" and be clean and sanitary. Personnel must be neat and give prompt, courteous service.

The CAR family of restaurants are listed in a national motorists' guide book.

Officer Goes on Duty

Robert Arwood, patrolman on the city police force, will leave July 31 for Fort McClellan, Ala. where he will spend two weeks in active army reserve training with the 302nd Chemical Combat Support Unit.

He is platoon sargeant of the unit made up of approximately 65 men.

Nuptial Vows Spoken by Britton Couple

Barbara Spence, daughter of Mr. and Mrs. Robert Spence, of rural Britton, and Dewey J. Frayer, son of Mrs. Thelma Frayer, of Britton, were married Saturday evening at the Ridgeway Methodist Church by Allison Mitchinson.

Mrs. Warren Benham sang a selection accompanied by Peggy Jo Pocklington at the organ.

Shirley Spence was maid of honor and the bridesmaids were Mrs. Thomas Conrad, Linda Lee Spence and Cynthia Frayer.

Denise Ann Brown and Priscilla Meuller were the flower girls and Chucky Justice was the ring bearer.

Van Frayer was best man and the ushers were John Cadmus, LeRoy Plank and Larry Wagner.

A reception was held following the ceremony at the Tecumseh Grange Hall.

After a wedding trip the couple will make their home in rural Britton.

Hazel Hertler, Harold Wilson Wed Saturday

Mrs. Hazel Hertler, of Clinton, and Harold E. Wilson, of 207 S. Democrat St., were married Saturday afternoon in the St. James Evangelical and Reformed Church in Saline township.

Only the immediate families attended the ceremony performed by the Rev. Armin Bizer.

The couple was attended by her daughter, Mrs. George Kozan, of Vicksburg, Miss., and his son, Dr. George C. Wilson, of Clinton.

A dinner was held at the Gilbert Steak House in Jackson following the ceremony.

Mr. Wilson is a City Service oil distributor in Tecumseh.

After a six weeks trip to the west coast and Canada, the couple will make their home in Tecumseh.

His Name's Mark

Mark Trevor Hoffman is the name of the little boy born Tuesday to Mr. and Mrs. Douglas Hoffman at 12:44 a.m.

He weighed 9 lbs. 13 oz. His father left at 6 a.m. for duty at Sheppard Air Force Base at Witchita Falls, Texas.

Mrs. Hoffman is the former Barbara Snyder.

Ridge Highway Closed to Daytime Driving

Ridge Highway will be closed to through traffic during the day all this week. Paving, which will take about six days, began Monday morning. Ann Arbor Construction company is contractor for the $33,000 federal aid project.

SUMMER REC NEWS

In the Peewee League, Tecumseh Acres squeezed by North End July 22 by a one-run margin, 10-9. Dave Snyder was the big man at the plate. He hit a home run, a double and a single in three times at bat.

John Francisco, Snyder's teammate, got two home runs.

Jim Mitchell made a rare fielding play in the sixth inning, turning a sure hit into an out.

☆

In another Peewee game, July 15, Tecumseh Acres beat out Central, 11-10. John Francisco took over the mound duty in the 2nd inning, replacing Brad Hoffman, and won his own ball game.

Francisco hit a three-run homer in the fourth inning. Jim Mitchell preserved the victory with a spectacular catch in the last inning.

Ice Cream Social

The Rebekah Lodge will hold an ice cream social Friday, July 31, on the lawn at the home of Mrs. Mabel Duncan.

Plans for a plastic party to be held in the fall were discussed at the recent meeting in the Odd Fellow Hall on Green Highway.

o

CLOSE OFFICE

James McDowell announced Tuesday that the office of the superintendent of schools will be closed Aug. 3 through Aug. 8.

o

A/3 C Douglas Hoffman is home on a 12 day leave with his wife and parents, Mr. and Mrs. Harry Hoffman, from San Angelo, Texas. He will be stationed at Sheppard Air Force Base in Witchita Falls, Texas.

He Will Be Remembered

A familiar sight has passed forever from the Tecumseh scene. Ernie Van Vleet and his team of horses — "Bob and June" — have officially retired, although Mr. Van Vleet, who is 80, maintains that "he still isn't used to not working."

Mr. Van Vleet came to Tecumseh over 50 years ago and invested in a central delivery system that picked up and distributed groceries for the local markets. Over the years, Mr. Van Vleet created a reputation for himself. He was reliable and courteous in all kinds of weather.

We can't count the number of kitchens he entered unnoticed or how many housewives he startled when he opened the back door and walked into the house, but his added services weren't forgotten by harried mothers. He would put the butter and milk in the refrigerator on a hot day or place eggs out of the reach of tiny hands.

Mr. Van Vleet's reward for his services was a warm smile or a sincere "thank you." These were the things he liked to do for his customers. Although a lot of shopping today is done at the big supermarkets, some housewives will remember Mr. Van Vleet and they will smile. He will not be forgotten.

Our 'Bosses' Approve

No matter what your job is, it's only natural to want to know just how good or badly you're doing it. Usually one feels his performance is acceptable if the boss doesn't complain.

In the newspaper business, there are many "bosses" — each reader. With us, that figures 8,500 men, women and children, who "boss" our operation.

Since we bought The Herald almost two years ago, the number of bosses has increased nearly 2,500. Some have complained, some have said nice things. But these were mainly random comments.

To find out the exact reaction of readers towards The Herald, a survy would have to be conducted on a scientific basis. This would mean interviewing a carefully-chosen cross section of readers.

We worked out preliminaries for several months before the questioning took place. Julia Boyce, a student at Ohio Wesleyan University, was given the job of forming a team to do the actual interviewing.

In addition, she drew the task of formulating the questionnaire, based on things we wanted to learn from our readers—basically, what they liked and read, what needed improvement and how much buying they do at Tecumseh stores.

She worked and re-worked the vital questions until we agreed we had exactly what we wanted. Reference to a similar survey made by the Clio Messenger, which is published near Flint, helped greatly.

Julia and several of her team made a pilot check at four homes, then returned and we hashed over the wording of the questions, making a few alterations.

With a final questionnarie ready, the girls were assigned specific blocks, from each of which they could get no more than two samples, insuring a report from nearly every neighborhood in the city. Several were assigned territories in rural sections, in Ridgeway, Britton and Tipton.

Thus, the 280 completed samples gave ample representation to every catagory of reader The Herald has.

You can imagine how pleased we were when Julia brought us her first tabulations on readership and we found that 74% of our "bosses" go from the front page to the back, reading every issue completely.

The percentage of those who cover from "at least half" to the entire issue each week is 97% — a comforting figure.

Another pleasing item is the fact that 62% of our readers always read our editorials and another 32% "occasionally" read them. Of these folks, 88% agree that "The Voice of The Herald" has been adequate.

When we came here, one businessman asked if we intended to write local editorials. We assured him we would. It has always been our reaction to newspapering that the editorial is the "heart" of a publication and should concern itself with local affairs. We shall always follow this policy.

In addition to the front-page story, this week, pertaining to the survey, there will be others as statistics and comments become available.

The Crowd Had No Heart

A young boy was pulled from the lake as the weekend crowd look on. He had been swimming when he got cramps. He screamed a few times — then his body was brought to shore.

As rescuers laid his limp body on the beach, a man approached. He explained he could "breathe life into the boy." But all his efforts to persuade the crowd failed and as a result — while the crowd argued over the best method of artificial respiration — the boy, 8, died.

In an Associated Press story, the man who tried to save the boy said: "It was an awful mess. I started to use the mouth-to-mouth method and the kid seemed to come around a bit. Then 15 or 20 people started pushing me away. They were pulling the boy's arms and legs and everything.

Another observer, a 15-year-old lifeguard, remarked: "It was like a backyard squabble. Everybody was pulling at the boy and arguing about the best method to use."

But this is the very character of a crowd. It is temporary in nature, unruly, stubborn and argumentative. A crowd collects for only a short span of time but its objective is often very narrow, selfish or destructive. Usually, its ultimate effect is negative.

Thus, the crowd — as reported in this incident — had no idea of expedient rescue operations. If it did, it wouldn't have deprived a young boy of his life or detained the man who might have saved him.

We strongly urge you to attend the showing of the film on the mouth-to-mouth rescue method at 7:30 p.m. Thursday night in the high school cafeteria. We wouldn't want you to become part of a violent crowd that had no heart.

Garden Club Members Discuss Flower Show

Additional plans for the forthcoming flower show were made at a meeting Tuesday evening at the home of Mrs. William Stearns.

Twelve members from the Tecumseh Garden Club and the Little Garden Club, sponsors of the show, discussed the joint project to be held at the Pro-ducts Union Hall from 2 to 9 p.m. on Saturday, September 19.

In addition to floral arrangements and horticultural exhibits, there will be oil paintings, weaving, ceramics and hooked rugs displayed.

The next meeting will be held Aug. 18 at the home of Mrs. William Schroer with Mrs. Royal Welch and Mrs. Paul Burns as co-hostesses.

Traffic Signals Reduce Accidents

Highway Commissioner John C. Mackie cited oversize traffic signals for a sharp reduction in accidents and injuries at five urban intersections on Michigan's trunkline system.

One year before-and-after studies indicate that accidents at these five intersections—in Berrien, Genesee, Livingston, Midland, and Muskegon counties — dropped from 125 to 74, a 40.8 per cent reduction. Injuries dropped from 42 to 18, a reduction of 57.2 per cent.

Fatalities rose from 1 to 3 at one intersection, but all three persons were killed in one accident. Traffic engineers believe the severity still shows a decrease since total persons injured at this intersection dropped from 8 to 4.

The normal eight-inch signal heads were replaced with 12-inch signal heads at these intersections.

Mail 'Is Killed' By Helpful Public

Packages that have multiple addresses and other markings may never reach their destination, Postmaster Jack Metcalf said Monday.

"There aren't many people who would deliberately plan to hamper the delivery of their mail, but they do, by trying too hard to be helpful," he said.

They "kill mail with kindness," especially parcel post. Reason: both the address and return address are written on more than one side—sometimes all sides — of a package.

Mr. Metcalf said addressing only one side of a package results "in simplicity and accuracy in mail handling.

"Multiple addresses sometimes cause the marking on parcel post—such as special handling, special delivery, insured or c.o.d. to be overlooked," he said.

As far as the package itself is concerned, Mr. Metcalf said:

"If the package is well wrapped and tied and the contents are well packed, the chances of loss or damage are very small."

Then he offered residents a tip: "The public can avoid unnecessary work and the post office unnecessary trouble, if packages carry a single main and return address.

"All we ask is that the job be done properly—just once."

Scenery Collapses, Teacher Is Injured

John Babcock, a speech and dramatics teacher at the high school, was injured July 11 in an accident in Ann Arbor.

He suffered multiple bruises on his face and left side of his body while working on a production, "Look Back On Anger," at the Lydia Mendelssohn Theatre. Twenty pieces of scenery collapsed and fell on him.

Ironically, Mr. Babcock — who is taking postgraduate courses at U-M—was head of the property department at the theatre.

After diagnosis and treatment at the U-M Medical Center, Mr. Babcock was driven to his home, 305 S. Adrian. Mrs. Babcock said Tuesday that he still gets pains when he walks and needs to rest.

MARDA GENE DUNCAN'S

Thru My Window

FLYING HIGH!

Even now looking back to it brings a little shiver of excitement. It seems almost too good to have happened but it did. It really did! On Sunday, July 12, the Duncans, all three of us, went for an airplane ride!

The plane was a sleek saucy looking Beach Craft—low wing, single engine, four passenger or at least, three passenger and the pilot. To say that we were excited about the trip is the understatement of the year. Just imagine changing a wheel-chair for an airplane—wow!

Of course, getting someone like me into a small plane presents some unusual problems; however, Dad and Bob Sage had decided before hand just how to do it and it wasn't difficult at all.

It might have looked a little strange, but who cared, they got me in!

☆

THEY MERELY pushed my chair near the plane and set me on the wing; then with some pulling and hauling, some lifting and sliding, I was in! Mom and Dad climbed in back, Bob settled himself, next to me, in the pilot's seat and we were off.

We were up almost an hour and a half and just listen to what we saw: Tecumseh, the Irish Hills' lakes, Monroe, Sandusky Bay, Lake Erie, the Detroit River, a bit of Canada, Detroit itself, Toledo, Sylvania and, of course, all points in between.

I truly intended to remember such things as altitude, air speed, wind velocity, etc. but the excitement of being in a plane and the thrill of so much scenic beauty was overwhelming.

Tecumseh from the air, is a lovely sight; you really have no idea how pretty we are until you look down on us. We were so proud of our home town.

It took a little while to get into the knack of picking out familiar places from such a different point of view but once, just as the plane banked to the right, the wing dropped down and there was our house!

☆

IT WAS merely a speck of blue-gray roof showing through the trees but it was recognizable and what a kick to see it.

The lakes, were tremendous and each seemed to have a distinct personality. Evans, of course, was easily recognized because of the two islands and Sand Lake, well, it was easy to see the reason for that name.

It is full of sand bars.

All the lakes were busy that day—tiny almost invisible motor boats left white wakes as they cut through the sparkling blue water. In miniature it was like looking at jet streams in the sky only we were looking down instead of up.

After circling the lakes we turned east and it seemed as if we had not gone far at all when suddenly, ahead of us, was Lake Erie. The Raisin River, Monroe, up the lake shore to the Detroit River—we were amazed, it was just like looking at a map.

☆

POINT PELEE jutted into the lake, it was most map-like! The Ambassador Bridge was a lovely sight and, of course, the large airports in and around Detroit stood out, confusing criss-crosses of runways.

Perhaps the less said about Detroit and Toledo the better.

Even though it was a clear day, Bob said the visibility was almost perfect, the atmosphere over the Motor City was a bit heavy and murky. Our altitude was such that the outside temperature was 40° (when we left home the thermometer on the back porch read 84°) and from so far up the big cities were sprawling tangles of confusion and conjestion.

Oh, we were happier than ever that Tecumseh was home.

If the big cities were not attractive, the country side and small towns certainly were. Everything was so neat and clean looking. The colors possessed vividness as we had never seen before. So many shades of green and all so alive; accentuating these lush greens were the bright and tawny yellow grainfields.

☆

IT WAS a beautiful day for flying—the sky was a blue as only it can be on a perfect July day and clouds—oh the clouds! Big billowy white puffs, so soft looking that one wanted to jump into them and snuggle down.

They were absolutely gorgeous; they were magnificent; they were the sheer beauty that utterly defies description. We were above them most of the time and looking down on their inviting fleecyness was one of the biggest thrills of the day.

I think it is no exaggeration to say that one of the most spectacular sights ever were these majestic banks of white and below them the multi-colored patchwork fields of agriculturally rich Michigan.

It has often been said there was never a pilot who didn't believe in God; and I add, I should think there would be few non-believing passengers. Certainly July 12 we had strong evidence, and I hope appreciation, of His handiwork; only a Supreme Being could be responsible for such unsurpassable scenic splender.

He must also be responsible for a race of mankind whose genius can build airplanes and whose generosity prompts them to share the glories of flying with others.

Next Week:
So Hard To Grow Up!

August Is Lawn Seeding Time

August is lawn seeding time, says Carter M. Harrison, of the farm crops department at Michigan State University.

The usual dry weather helps in weed control, and makes the soil easier to prepare, he says. August 15 to September 1 is the best time.

Later seedings will not have time for enough growth and winter killing may result.

Advice for the best seeding includes:

1. Slope the grade away from the house, and spread and disk in top soil during the first two weeks of August. This will lay the dirt foundation for the seeding.

2. Pick the seed. Bluegrass is well adapted for open, sunny areas, on fertile loams and clays. On sandy lawns, or those of low fertility, red fescue is better. Combinations are effective on mixed soils, or lawns with both shade and sun.

3. Use a fertilizer with lots of nitrogen. An analysis of 12-6-6, 10-6-4, or 10-10-10 should be applied at the rate of 15 to 25 pounds per 1,000 square feet.

4. Finish the seed bed smooth.

5. Allow the seed to germinate and start growing before water is applied, but after they start, don't let the seedlings wilt.

Cycle, Car Collide; Man Is Injured

A Temperance, Mich. man is recuperating at Herrick Memorial Hospital after his motorcycle collided nearly head on Thursday with an automobile on M-50 near Cambridge Junction.

Clinton state police said Eugene Stevenson, 21, suffered leg and nose injuries. The accident occurred when Paul Johnson, 36, of Toledo, was making a left turn.

Blissfield Farmer Is Seriously Burned While Cleaning Combine

A Blissfield area farmer was seriously burned while cleaning a grain combine next to a tank of gasoline last Wednesday.

Joseph Yurnikl, 45, suffered third degree burns on his abdomen, arms and face. He was admitted to Parkview Hospital in Toledo where his condition is reported as fair.

Blissfield firemen speculated that friction caused sparks which ignited the gasoline. Damage to the combine and tank was estimated at $250.

Model Home Opens Saturday

A Colonial home will be shown by Tecumseh Homes, Inc. in the Sunset Meadows Addition from 1 to 8 P.M. this Saturday and Sunday.

The Fairlane is a National home, with an attractive living room and dining area, three bedrooms, kitchen and bath.

The home is decorated inside and out. It has fully insulated exterior walls and ceiling, weather-stripped doors and windows, rooms bedroom and linen closets, an abundance of storage area, double-hung type aluminum windows, aluminum gutters and downspouts, forced-air, counter-flow heat, Fruitwood kitchen cabinets, one-piece Formica work surfaces on base cabinets, double sink, and other modern conveniences.

"This home is an outstanding value on today's housing market," said John McShane, vice-president of Tecumseh Homes, Inc.

☆

"ITS LOW price represents a complete reversal of the general upward trend in home costs, and, as a result, the Fairlane is a favorite of home buyers wherever it has been shown."

All of the bedrooms in the Fairlane have spacious, floor-to-ceiling closets, so that every member of the family has all the room he needs to put his clothes away.

The large living and dining area is light and airy, making it an ideal place for entertaining and for the pleasant evenings that the family spends together at home.

The efficiently-arranged kitchen is large enough to include a comfortable space for family meals.

The Fairlane, like all National homes, is a "component" house, built with 2 x 4 wall studs.

Sunset Meadows addition is conveniently located just 3 blocks south of the new Kroger store which is on Chicago Blvd.

This fully planned and developed community has curving streets, sidewalks, curbs and gutter, storm and sanitary sewers and many other city conveniences.

It is located close to the new Tecumseh Acres elementary school and the St. Elizabeth parochial school. Shopping centers and churches are within walking distance.

CLIP AND SAVE PROGRAM

Are Your Shrubs Dry? Try Water

Midsummer drouth will give trouble to shrubs and evergreens as well as the lawn, warns Joseph T. Cox, extension specialist in landscape architecture at Michigan State University.

This summer is shaping up as a long, dry one.

Shrub trouble will be especially serious for first-year bushes, says Cox. They need more care the first season.

Gentle, soaking applications of water at least once a week or oftener, depending on the soil, will bring the best results, he says.

Heavy soils need less water than soils that are lighter or better drained.

Less attention need be paid the shrubs in later years, but they still bear attention. Even well-established, heavily-rooted bushes often show drouth pangs.

An additional warning is that if plants are closer than three or four feet from buildings, the building surface will reflect heat strongly enough to injure the plants.

About the only thing that can be done is to supply enough water to offset the heat.

For moisture conservation, Cox suggests mulching around plants. Mulching also reduces extreme temperatures, reduces soil cracking, discourages weeds, and improves the soil texture during the summer months.

Dry lawn clippings, peat moss, straw and sawdust are among materials that make good mulch, if used two inches thick or more.

Malcolm Campbell Returns to 'School'

Malcolm A. Campbell, district manager in Tecumseh for State Farm Life Insurance Co. went back to school for two weeks in a group of 74 life insurance managers and home office executives studying the business and sales management of a field life insurance agency.

The school was held July 13-25 at the Edgewater Beach Hotel in Chicago and was conducted by the Life Insurance Agency Management Association of Hartford, Connecticut, a research organization of 327 life insurance companies.

Pfc. Gerald Price 'on Active Duty

Army Reserve PFC Gerald F. Price, whose wife, Eleanor, lives at 9210 Clinton-Macon Rd. is scheduled to complete two weeks of active duty training July 26 at Fort Leonard Wood, Mo.

He is the son of Louis Price of Milwaukee Rd., Milan. He is a graduate of Dundee High School and was employed by the Tecumseh Products Co.

TECUMSEH HERALD PHOTOS

NOT SO BAD—Two youthful patients at Herrick Memorial Hospital found their stay interesting. Deanna Rolston, 9, (at left) daughter of Mr. and Mrs. Fred Rolston of Manchester, who broke her right arm in a swing accident is shown building a tower. Admiring it is her ward mate, Janet Gaertner, age three, of Petersburg. She's the daughter of Mr. and Mrs. Harold Gaertner. Both young ladies were discharged Tuesday. The youngsters had a variety of toys to play with and several attentive nurses aides on hand to make sure everything was OK.

Service to the community

A colleague of ours tells this one. On Saturdays he sells dimes (10c each). Seems the neighborhood movie is next door. The kids stop in before the show for dimes—for the vending machines in the theatre. A lot of our business is like this—service to the community. Glad to do it. Because we're conveniently located and open long hours, we're a handy place to pick up change or a bottle of aspirin. But a pharmacist's true service to his community is to be a quick, reliable source of the drugs and medications your physician prescribes. That's the real reason we're here. And we are always pleased to serve you.

"WHEN PAIN GROWS SHARP AND SICKNESS RAGES"

Pain is an indication of sickness. Persistant recurring pain is nature's warning signal that something must be done soon to correct the condition or serious danger may result.

No one but a physician has the knowledge to determine if a pain is the result of a minor or serious condition. Pain is just one of many other symptoms to be studied if a cure is to result. Do not wait till pain grows sharp and sickness rages. Consult your physician immediately to prevent other pain-filled days and possible serious sickness.

Parents It's Time for Whooping Cough, Polio and Other Shots

The Michigan Department of Health warned parents today to protect their youngsters against whooping cough, polio and other communicable diseases.

Cases of whooping cough so far this year are about double the number last year. The figures: 1959, 1,001, and 1958, 503.

Three deaths resulted from the disease through June.

There were two in the same period last year.

Whooping cough strikes young children. Most doctors begin the first, four-shot immunization series when the child is three months old. Three other shots follow at one-month intervals.

A booster dose is given when the child is two and five-years-old.

Protection is given by administering a vaccine that is effective against diptheria and tetanus.

The health department recently changed its immunization recommendations to include a whooping cough booster at the age of five.

Victims this year have been five and six-year-old youngsters who got shots as infants and again when they were two-year-old. Apparently their immunity "wore-out" because it wasn't strengthened by a booster shot, the department explained.

KANGAROOS IN THE KITCHEN
Lorrain D'Essen

Living together in a red brick house right in the middle of Manhattan is the strangest group of animals ever assembled since Noah floated the Ark. From dawn to dusk and sometimes into the night, some fifteen to twenty uncaged, unchained animals roam the four-storied premises in perfect freedom and harmony — a testament to the efficacy of Mrs. D'Essens methods of training animals by kindness alone.

THE SHOOK-UP GENERATION
Harrison Salisbury

Here is a firsthand report on the teen-age gangs, the juvenile dilinquents and hot-rodders of slum and suburb whose conduct stirs increasing national alarm. It is based on personal observation and talks with the youngsters in the candy stores, on the street corners, in the rock-n-roll hangouts where they spend a great part of their lives.

Mrs. Murray Day is attending the Michigan State Library workshop at St. Mary's Lake this week.

ALL IN A DAY'S WORK—At 8 p.m. Monday morning, construction workers began to build this pre-fabricated house in Kerby Heights. Since the foundation had been laid a few days before, the first object was to put up the four walls. Then the roof was installed. Other components of the house were then added. At the end of the day, the workers quit working and locked the door of the house behind them.

Clinton Man Cuts His Arm While Closing Window

A Clinton Engines Co. employee was injured Thursday while trying to close a window at the plant. The bench on which he was standing overturned and his arm was sliced by glass.

The victim, Richard Dinning, 62, of Clinton, is recuperating at the University Medical Center in Ann Arbor.

He was first rushed to Herrick Memorial Hospital for first aid and plasma. Then he was transferred to Ann Arbor for a surgical operation. Doctors said he severed an artery in his arm.

County Fair Opens August 16

Opening on Sunday, Aug. 16, the Lenawee County Fair is a month earlier than last year.

Adopted two years ago after a hassle with school superintendents on release time for student exhibitors, the new schedule allows secretary-manager M. R. (Mac) Mohr to book many attractions unavailable before.

The big event opening day is the chicken barbeque from noon to 7 p.m. 4-H project mothers built a new 24 x 36-foot kitchen for $2,000 and using proceeds to pay for it.

The same day, religious services will be held at 3 p.m. sponsored by the Lenawee County Ministerial Association.

☆

GATES WILL open at 4 p.m. Monday, Aug. 17. Exhibitions will be arranged in all departments. In the evening, there will be a grandstand show featuring local talent from the area, plus a fiddle-playing contest and pony pull.

Kid's Day is Tuesday, Aug. 18. All youngsters will be admitted free, beginning at noon. Contests for boys and girls of all ages will be staged. Two bicycles are the prizes. A horse and tractor pull are morning attractions.

The Mariners — former members of the Arthur Godfrey show —and other acts will entertian during the grandstand show Tuesday night, following the horse races. The Mariners will perform again Wednesday night.

Two high school bands—Clinton and Onsted—will give concerts on Thursday. Clinton will play at 1 p.m. and Onsted at 8 p.m.

"The Harmonicats" will demonstrate their artistry at 1 p.m. Thursday afternoon.

The Junior Livestock Sale will take place on Friday. Other features are horse racing, the grandstand show and two band concerts, one by Sand Creek High and the other by Blissfield High.

The last day of the fair is Saturday night. A Thrill show, at 8 p.m. — Swenson's Thrillcade — will climax the fair. Included on the program are "Crazy Otto" and "The Honey Girls."

State's Share of Automotive Job's Slipping

Michigan's two-thirds share of all automotive jobs has slipped in ten years to 45 per cent of the industry's employment.

The decentralization of the automobile industry is cited by Dr. Andrew F. Brimmer, Michigan State University economist, as a major factor in the relatively slow recovery of the state's durable goods industries.

"Michigan automobile jobs shrank from 460,000 in 1949 to 284,000 at the end of 1958 and were only 307,000 as recently as last May," he writes in the July-August issue of Michigan Economic Record.

Between 1953 and 1958, the economist points out, 220,000 jobs were lost in the nation's automobile industry, "and 94 per cent of the loss centered in Michigan plants."

Michigan also suffered from the shift in defense contracts away from tanks, wheeled vehicles and other armaments associated with Michigan industry.

Production has picked up in other areas, however, and Dr. Brimmer writes that "the future of durable goods in the state seems to depend on the rate at which existing industries other than motor vehicles and equipment can expand, and the rate at which new industries can be induced to locate here."

The steel industry, he points out, "has been expanding capacity in Michigan at a much faster rate than in the nation as a whole" giving the state almost one-tenth of the industry's new production capacity added since 1946.

Long AND Short OF IT

By TOM RIORDAN

One of our city's biggest boosters has moved and we're going to miss him and his lovely family.

This fellow is Jack Shutt, who founded Tecumseh Homes, Inc., builder of National Homes here.

Jack's partner, John McShane, is now running the business in our town and Mr. Shutt has taken over a similar setup he purchased in Bay City.

At first, Jack thought he could run it by remote control and he and Mr. McShane took turns driving up to the Bay area to oversee. But the Bay City operation fairly exploded with orders so that Jack decided he better be there full time.

So the Shutts have moved and we know they miss Tecumseh. Certainly Tecumseh will miss them.

Jack dropped me a line along with his check for a subscription last week.

"I'd like to express mild disappointment in your dispatch from Brunswick, Maine. You listed Longfellow, Hawthorne and Franklin Pierce as illustrious alumni of Bowdoin College—but, alas, you forgot to mention my name.

"During World War II, I spent nine months at Bowdoin as a prometorology student!"

Jack continued:

"You might also be interested in knowing that you are quite famous in Amsterdam, N.Y., as the man from Tecumseh who had radiator trouble.

"Actually, I too had driven off the New York Thruway to use my Gulf credit card and hit the same filling station only one or two days after you did.

"The attendant was beginning to think that Tecumseh was a really big place. I didn't bother to explain that it was actually a relatively small place with an abundance of credit card travelers."

☆

Don't miss the U.S. Steel Hour television show on Aug. 28.

The production that evening will be adapted from a short story by Allan Senger.

It was entitled "A Taste of Champagne" and originally appeared in Cosmopolitan magazine.

☆

So Mr. K. is going to visit the States this fall and Ike will travel to the land of the Soviets.

This exchange of dignitaries is well worth the carfare—if we keep in mind a few things.

Ten years ago this might have been a risky business. Most average Americans weren't too sharp when it came to analyzing our brethren of the USSR—we and quite a few of our government officials.

In that short decade a lot of folks have begun to realize what the Reds are really attempting to accomplish, no matter how hard they might try to camouflage their actions.

They want the world for communism.

Then why entertain Mr. K.?

Here's my reflection: bluff is a big item in the commie makeup. They'll go on and on as long as we let them. Stand up to this bluff and the Red backs down—he doesn't want to fight, just the booty from winning without coming to blows.

Mr. K., when he looks about America, is bound to be impressed, no matter what he might say.

Let him view our great industrial resources, see our military might. Suddenly, he may become a little more satisfied with just keeping communism back home.

Certainly he will know the USA doesn't ride on bluff.

News of the top-level exchange brings to mind three books—one about the Hungarian revolt (can't remember the name), "Berlin" and "Look Out Below."

Red brutality in surpressing the Hungarians was almost too much to believe—thousands of troops, tanks, heavy artillery, complete leveling of buildings where Hungarians resisted.

"Berlin" brought out the barbarism of Russian troops as they rolled into that German city. Again, it was almost too fantastic.

In "Look Out Below," a story by a chaplain of the paratroops during World War II, was a report of the same crude behavior of Red soldiers as they swept into a German city near a prisoner-of-war camp where the padre was held captive.

His description matched much of that in "Berlin."

Quite obviously, this country and Russia will probably never think in parallel channels. But we're in the same world together

'Grandma' Bruns Is 99

TECUMSEH HERALD PHOTO

JUST ONE CANDLE—But Caroline Bruns, better known as "Grandma Bruns" is 99-years-old. She celebrated her latest birthday Sunday at Parrett Nursing Home on E. Pottawatamie St. Grandma Bruns enjoyed ice cream and cake with 16 guests and her Sunday school class from the German Lutheran Church in Manchester sang German songs to Grandma. Grandma was not ungrateful, however. She repaid her guests by singing two German songs, proving her alertness and good health at 99.

Stickers for Dump Finally Available

Edward Nelson, city manager, announced at the council meeting Monday night that the ordinance to control the city dump will be officially enforced starting Monday, Aug. 10. Reason for the delay: the car stickers that were ordered in June finally arrived last Friday.

Stickers, costing $1 for a six-month period, are available at the police station. They will be required to enter the dump.

There will be only one sticker issued for each family in Tecumseh.

Residents who have Herb Dillon's service will not have to buy a sticker. They, however, have to show a receipt for his service to get a sticker.

Residents of nearby communities — Clinton, Raisin Township, Macon, Britton and Ridgeway — have been prohibited from using the dump.

The only exception is Tecumseh Township because it has expressed a desire to share in the maintenance of the dump, Mr. Nelson said.

He said the city will not allow Dillons' trucks to dispose of garbage and trash collected in Clinton at the dump.

"Dillon will have to provide some place to dump his garbage from Clinton," Mr. Nelson commented.

Violators, Mr. Nelson said, will be charged with a misdemeanor that carries a fine not exceeding $100.

So the dump can be managed, the back entrance has been closed and a guard has been stationed at the main gate on Wyandotte St. behind Herrick Memorial Hospital, Mr. Nelson said.

Dumping hours are 8-11 a.m. and 2-6 p.m. on weekdays, 8-5:30 p.m. on Saturdays and 1-4 p.m. on Sundays.

CHARLIE IS SHOWN HERE AFTER TURNING THE BRAKE

Daring Pilot Sprays Fields at Low Altitude

High in nerve and skill, Al Swartz flies low—real low.

Circling his target, he points his two-wing plane toward the ground as he picks up speed. Swiftly, his craft falls. Then he hoops over a utility wire, heading for his destination—a corn field.

His plane levels off. It is going about 90 miles per hour. He is 12 feet off the ground. The corn stands six feet tall.

Mr. Swartz and his wife, Joan, operate the Skyway Crop Dusting Co., of Marshall, Michigan. He began as a pilot with the Navy 14 years ago. He has been "flying low" for nine years. Mrs. Swartz is a "duster" pilot.

☆

THEY HAVE five planes—two two-wingers and three Piper Cubs—to dust, seed, fertilize or spray crops. They cover the state of Michigan, Mrs. Swartz said.

For spraying, Mr. Swartz uses a two-winger which has a 220 horsepower engine. This plane—fabric covered—has a fuel capacity of 50 gallons. Another 100-gallon tank holds the liquid chemicals.

He was saturating the 556-acre Kuehmann Foods, Inc. farm Monday morning, situated on M-52 near Staib Rd. Although the firm makes "Q-Man" potato chips and other products, there were no potatoes in the fields.

Corn was planted this year to revatilize and build up the soil, Ernie Bremforder, a Kuehmann vice-president, said. But the crop has been infested by the alphis lice — sucking insects — that apparently reproduce by the millions.

These lice are carried by ants or flys, Mr. Bremforder said. They bleed the corn stalk of its sap, drying up the stalk. Then the corn dies and the insects move on to the next stalk.

"THE SPRAY is effective for 14 days," Mr. Bremforder said. "It ought to thin them out. It won't hurt the crop."

Since the farm is still up for sale, Mr. Bremforder said Kuehmann's relies on its 400-acre Manchester, Mich. and 1,150-acre Folly, Alabama, farms for the chief ingredients of its products.

"We have to store the crop here," Mr. Bremforder said. "We harvest it between September and October 20 and then store it until March.

"In Folly," he noted, "the harvest begins around May 10 and the crop is in by June."

Meanwhile, Mr. Swartz was still pulling up short of utility poles and other objects as he sprayed the rest of the farm. He said he expects to be back in this area soon. Jack Hahn, manager of the Kuehmann farm, said other area farmers want their fields and crops protected.

Purkey Resigns

By DON BAUERLE

Donald Purkey is no longer a city councilman.

As the council meeting was nearing adjournment Monday night, Naomi Sallows, city clerk, said she had a communication to read to the council. It was Mr. Purkey's letter of resignation.

Then there was a wave of silence in the council chamber in city hall. No councilman spoke for a few minutes. But, finally, one remarked: "It sure is quiet in here."

His comment broke the stillness. Other councilmen began to talk to one another. The obvious question apparently was why is Mr. Purkey resigning.

☆

OF HIS resignation, Mr. Purkey said, "it is not a spur-of-the-moment decision. I would not have written the letter if I did not want to resign."

Responding to his statement, Mayor H. H. Hanna said, "if it is his desire, there is nothing we can do about it."

Councilman George McCombs was curious about Mr. Purkey's resignation. Mr. McCombs asked him, "what has caused you to change your mind since the time of the election?"

Mr. Purfkey's blunt answer: "I

Charlie Stops Wild Rail Car

Heading for the four corners in downtown Tecumseh and heavy traffic at the intersection, a runaway boxcar was "corralled" Wednesday afternoon by Charlie Manley, the fire truck driver.

As the wild boxcar was gaining speed, Oscar Schneider ran into the firehouse and told Charlie it was rolling north under its own power.

When Charlie looked up the street, the car had already passed the crossing near the Bruce Foundry. So Charlie, who is 60, boarded the car near W. Pottawatamie and S. Evans, climbed the steel ladder and turned the manual brake.

The car ground to a halt.

A few minutes later, the New York Central engine crew from the Tecumseh Products Co. pulled up in the diesel locomotive. Recoupling the car to its mates, the engine returned to the Products.

Charlie said the crew was apparently switching tracks when the loose car was bumped, causing it to roll.

He added that the traffic light at Chicago Blvd. and Evans St. is the only one the railroad stops for in the U.S. "It even was printed in Ripley's "Believe It Or Not," he said.

A member of the fire department since 1942, Charlie has been driving the truck for 10 years. He used to be chief clerk at the freight office on N. Evans St.

He lives with his wife, Elizabeth, at 107 W. Kilbuck.

Health Director Warns of Septic Tank Cleaners

Dr. John S. Wisely, director of the Lenawee county health department, says septic tank cleaners have been telling residents "they represent either the state health department or the local health department."

Dr. Wisely maintains that the statement is false. "Neither the state nor the county health department checks septic tanks routinely to see if they need cleaning," he says.

He further warns residents about tank cleaners who work on a per pound or per gallon basis.

"The home owner," he points out, "should realize that a five-hundred gallon tank will hold nearly two tons of clear water.

"At two cents a pound the cost is not cheap, especially as septic tank sludge weighs more than water."

Dr. Wisely added:

"Be careful of the man who knocks on your door and wants to inspect the septic tank at your place and be especially careful if he represents or leaves the impression he is from a health department.

"If you're doubtful of his reputation, send him on his way. There are several cleaners listed in the yellow pages of the telephone book or you can get the names of reliable firms from the county health department."

Fire at Products Causes Damages Over $25,000

An explosion Sunday morning demolished a compressor dehydrating oven at the Tecumseh Products.

Damages are reported in excess of $25,000 to the oven and building.

Two employees, Ray Bryan of Onsted and Oultman Sisty of Dundee, near the oven when it exploded, were not injured.

Tecumseh fireman who responded to the alarm believe a gas pocket formed in the gas-operated oven, and caused the blast.

No Services after Aug. 9 at Baptist Church until Sept.

The Rev. Clarence Burkhard, of Britton, will be the speaker at the First Baptist Church Sunday at 11 a.m.

There will be no worship or church school services through the remaining three Sundays in August. Regular services will be resumed September 6.

And It Was All Iced, Too

Thieves were a bit ahead of the owner of two kegs of beer at the Union hall Sunday morning.

A wedding reception had taken place there Saturday evening and it was close to 4 a.m. when the hall was locked up.

Chester Slayton, of Deerfield, reported the breaking and entering when he returned a few hours later to get the two kegs left in tubs of ice.

Sidewalk Carnival

Here's the date to mark on your calendar—Friday, Aug. 28. That's the day of this summer's second annual Sidewalk Carnival in Tecumseh. Chairman Claude Helms announces that the all-day affair will follow an Hawaiian theme, featuring palm trees in front of each shop and other Pacific island decorations. The date was switched from Aug. 21 so as not to conflict with the County Fair. Watch next week's Herald for more details.

Jaycees to Hold Picnic

A picnic for the Jaycees and their families will be held Thursday, Aug. 6, in the Patterson Park at 6:30 p.m. In case of rain the event will be held Friday evening.

Reunion Is Sunday

The Bales family reunion will be held at the home of Dr. and Mrs. Carlton Cook at 140 West Brown St., Sunday, August 9th.

Luella Marie Bishop, John Rundell Spoke Vows Saturday in Ridgeway

Luella Marie Bishop carried a bouquet of Madonna lillies and stephanotis with tiny strands of ivy for her wedding to John O. Rundell Saturday at the Ridgeway Methodist Church.

She is the daughter of Mr. and Mrs. Nilwen Bishop of 6328 Ridge Highway and the groom is the son of Mr. and Mrs. T. W. Rundell of 808 Red Mill Drive.

The chancel of the church was beautiful. There was the soft glow of many candles and arrangements of white and pink flowers in tall white wedding hampers and palms.

The center aisle was lighted with tall single candelabra, fronted with white gladioli and white satin bows. Preceding the entrance of the bridal party the ushers placed the white aisle cloth.

Mrs. Richard Coak was the soloist, singing "You'll Never Walk Alone", "Bless This House" and "The Lord's Prayer." She was accompanied by Mrs. Carl Carroll.

The bride, given in marriage by her parents, wore a gown of white mirmist taffeta with embroidered alencon lace forming the rounded neckline and short sleeves.

The lace was also used to outline the waist and panel the floor length skirt with the petal back drape falling into a chapel train.

She wore pearl earrings and a crown of lace secured the tiered veil of silk illusion.

Sharon Bishop was her sister's maid of honor and the bridesmaids were Mrs. Charles Bishop, Mrs. Harold Rhora and Sandra Koval.

Carla Sleesman, cousin of the groom, was the flower girl. Her dress was identical to the maid of honor's.

Miss Bishop wore a gown of light green dotted swiss over green taffeta fashioned with a sleeveless bodice, full skirt with a cummerbund and double pouf of taffeta for back interest.

The bridesmaids wore gowns of darker shades of green fashioned indentically to the maid of honor's.

Miss Bishop carried a natural wicker bridal ring from which cascaded a cluster of miniature purple grapes and pale pink pompoms, interspersed with loops of pink velvet ribbon.

Mrs. Bishop and Mrs. Rhora carried bridal rings with clusters of pale pink grapes and white pompoms with ribbons of rose and purple velvet.

The little flower girl carried a natural wicker basket filled with pale pink rosebuds and white pompoms.

David Bishop, nephew of the bride was the ring bearer.

James Rundell was his brother's best man and the guests were seated by Thomas Robeson, Norris Kopka, Harold Rhora, Charles Bishop and John Cadmus.

Mr. and Mrs. Philip Colgrove and Mr. and Mrs. Earl Pennington were hosts for the reception immediately following at the Tecumseh Country Club.

Pink and white floral arrangements were used about the reception and dining room.

White tulle flounced over pleated green taffeta and draped with pink ribbons covered the cake table which was centered with a low bouquet of shaded pink carnations with white Fugi mums encircled with tall lighted white tapers.

Mrs. James Rundell registered the guests, Lorna Dicks, Beth Meyer and Mrs. Gene Williams had charge of the gifts.

Those serving the cake were Mrs. Alroy Vanderpool, Mrs. Russell Hyatt, Sylvia Helzerman and Janice Henderson.

Those serving punch were Nancy Glasson, Mrs. Norris Kopka, anet Martin and Martha Hindes.

Those serving coffee were Mrs. Warren Benham, Mrs. H. H. Hanna, Mrs. John Jennings, Mrs. Russell Schultz and Mrs. James Purkey.

Sandra Bailey was the organist during the reception. Mrs. Walter Towler and Mrs. Joseph Galazzi also helped with the hostessing.

Mr. and Mrs. T. W. Rundell entertained for the rehearsal dinner Friday evening at the club.

Following two weeks honeymoon in Maine the couple will make their home at 6030 E. Monroe Road.

The bride is a senior at Eastern Michigan University majoring in later elementary education. She is affiliated with Alpha Sigma Tau sorority.

The groom is a senior at Eastern Michigan University majoring in Business Administration.

don't think I should have run for re-election. But after a lot of thought, I decided to run."

Serving his third term as an elected city official, Mr. Purkey added, "this has been a fine group of people to work with."

☆

DURING HIS second term, he was president pro tem of the council.

He was third in the number of votes recorded at the spring election. He had 429. Councilman John Hamilton had 642 followed by Mr. McCombs who had 518.

Now the council has to appoint a new member to sit on the body for the duration of Mr. Purkey's unexpired term. No names were proposed Monday night. The council has 60 days toappoint a new member.

Mr. Purkey is a member of the Tecumseh Junior Chamber of Commerce, the recreation board, the volunteer fire department and has been active in the Community Chest fund drives.

An oil distributor in Tecumseh, Mr. Purkey and his wife, Bonnie, and four daughters live at 515 N. Occidental.

Beverly Luttrell, Robert Manley Exchange Vows in Fayette, Ohio

Beverly Ann Luttrell of Fayette, Ohio, was united in marriage to Robert J. Manley of Tecumseh Aug. 1 at the Methodist Church in Fayette.

The bride is the daughter of Mr. and Mrs. Norris Luttrell, of Fayette. The groom is the son of Mr. and Mrs. Charles J. Manley, of 107 West Kilbuck, Tecumseh.

The Rev. Robert Rector performed the ceremony in front of an altar surrounded by white gladioli.

The bride's father, Norris Luttrell, gave away the bride gowned in a ballerina length white satin and lace dress. The dress with rounded neckline and long sleeves, was trimmed with seed pearls and white lace. It was accentuated by a pearl necklace and earrings, a gift of the groom.

Her head was adorned with a seed pearl coronet with a fingertip veil of nylon tulle.

The bridal bouquet was a spray arrangement of white carnations with green foliage topping a white bible. White satin streamers hung from the bouquet.

Patricia Gardner, of Toledo, was maid of honor. Barbara Dietrich, also of Toledo, was the bridesmaid.

The maid of honor and the bridesmaid were dressed alike in blue dacron dresses with matching cummerbunds.

They both carried bouquets of white carnations and white gladioli tipped with blue. White streamers hung from the bouquets.

The best man was Charles M. Manley, brother of the groom, of Adrian, Mich. Ushers were Willis Kilbourn, brother-in-law of the groom, and Albert Comfort, of Tecumseh.

A reception was held in the church parlor following the ceremony.

The bridal cake, made by the bride's aunt, Mrs. DeBurh Smith, of Fremont, Ohio, was three tiers high and topped with a bride and groom. Assisting at the reception was Mrs. Roscoe Scheffner.

For the wedding trip, the bride wore a blue cotton dress styled with a Princess Ann collar and full skirt. Her corsage was from the bridal bouquet.

After a trip to Niagara Falls the couple will live at 3831 Upton Ave. in Toledo.

The bride graduated from Fayette High School in 1957. The groom graduated from Tecumseh High School in 1956.

A buffet supper at the Fayette Methodist church was given after rehearsals by the groom's parents, Mr. and Mrs. Charles Manley of Tecumseh.

Girl Diamond Stars Win 3 Games

On July 17 the newly organized girls softball team played their first game. Their opponent was the Girls Training School.

The final score was 14-1 in Tecumseh's favor.

The G.T.S. was kept scoreless until the 5th inning when a walk was allowed that later enabled them to score.

The leading Tecumseh hitters were Ruth Auten and Carol Hand with 4 for 5, and Ann Kempf with 5 for 5.

On July 28 the girls played G.T.S. defeating them 9-6. The leading hitters for Tecumseh were Carol Kapnick with 4 for 4, Marcia Kunkle and Sherry Tucker with 3 for 4.

The team played the Girls Training School again on Aug. 4 defeating them 18-11. The leading hitters for Tecumseh were Brenda Whelan with 3 for 5 and Carol Kapnick with 3 for 6.

In all three games Sharon Spencer did the catching for G.T.S. while Lorraine Daniels pitched.

Ann Kempf was the winning pitcher for Tecumseh in all three games.

Approval of GI Loans Ends in '60

World War II Veterans are today in the last year in which they may apply for GI home, farm or business loans, Lloyd H. Jameson, Manager of the Detroit Regional Office of the Veterans Administration, said today.

Congress has set July 25, 1960, as the cut-off date in the post-war program that has seen nearly five million World War II veterans take advantage of the GI Bill loan provisions since une 22, 1944.

Mr. Jameson pointed out that the law allows an additional year, or until July 25, 1961, for the processing and actual closing of loans.

Readers Frankly Answer Herald Survey Querries

SECOND IN A SERIES

How can the Tecumseh Herald be improved?

To find the answer to this important question, we chose our only source of information — you, the reader. We asked 280 families, in a local readership survey, to fill out a questionnaire and to note criticisms or positive remarks about news coverage in the Herald.

After all the comments were gathered and tabulated, we selected a few at random to see whether the Herald is doing its job. Here, listed below, are the frank answers to 12 questions:

1 Do you think the Herald is serving the needs of Tecumseh as a weekly paper?

Has improved in last few years!
Nice paper for small town.
It's wonderful!
Covers just about everything.
Certainly do!
Doing nicely.
More to it than Tecumseh section of Adrian paper.
Good variety.
Could have it twice a week.
Would like to see it worked into a daily.
Social news all the same.
No, too much local news.
Could be more about "Little League."
Up to date news — improve!

2. DO YOU THINK the editorials have been adequate?

Great change under new men.
Been doing a good job.
Like them — should have one on throwing trash in the streets.
For city this size.
Unbiased.
Never read the editorials.
Don't always read — no opinion.
Isn't qualified to say!
Misinformed.
Could be more.
Kind of sticks to one side at times.
Doesn't like the summer reporter.

3. Do you think the paper has enough personal news?

Outstanding.
More than other small towns.
Just right!
Could have more diversified coverage — more people and their activities.
Always same ones; should have different people to call for news.
Need more!
Could be more some weeks.
Not too interested!
Lots of people don't want theirs in.
Often don't know many of the people.
Don't know enough of the people to judge.
No more needed.
Hasn't noticed.
Too much out-of-town news.
Some could be omitted.
Definitely — maybe too much!
Some hasn't appeared.
In Tecumseh.
Too much.
Paper is outgrowing provincialism and local color — inane.

4. Do you think the paper has sufficient coverage of the church news?

Very pleased.
Fine coverage.
Usually adequate.
Sometimes not enough.
Should be enlarged.
Liked separate articles on each church.
Some activities missed.
Sometimes difficult to find.
More organization.
Some aren't covered (e.g. Nazarene).
More coverage — Pres. Church, but it might be their fault.
When churches turn it in.
What about a church editor?
Doesn't notice.
Couldn't say!

5. Do you think the council news sufficiently informs the voters of city government activities?

Good and interesting.
Very good.
Seems to.
Much improved.
Pretty good lately about sewer and water information.
Good job technically, but not enough details — not condensed.
Only hits high spots in paper.
Could give us more information.
More detail, especially on the dump.
Could be better.
Some remarks not necessary.
Sometimes too many of the personal comments — "little townish" in this aspect.
No background for new residents.
Not a voter yet, so not interested.
Never read council news.

Accountant Here Waives Examination on Forgery Charge

A private Tecumseh accountant waived examination Monday on a forgery charge before Justice L. J. VanDeusen, of Clinton. He was bound over to circuit court.

Roger P. Brewster, 47, of 706 Inner Dr., was released on a $2,500 bond. He will enter his plea at 9 a.m. Friday before Circuit Judge Rex Martin.

Brewster was arrested last Friday by Clinton state police who said he is charged with forging checks on the account of the Clinton Independent Workers Union. His wife was treasurer of the union since 1956. The amount of bogus checks has not been determined, police said.

Nazarene Church Holding Meetings

Four meetings will be held Aug. 7-9 at the Tecumseh Church of the Nazarene.

F. O. Parr, professor of sociology at Olivet Nazarene College in Kankakee, Ill. since 1948, will be the speaker.

He has studied and worked in state mental institutions as consultant and counselor and is presently pursuing graduate studies at Michigan State University.

Meetings begin each evening at 7:30 p.m. Pictures concerning social problems in many major population centers of America will be shown.

"How should I evaluate an auto financing plan?"

Simply decide whether it will give you the most satisfaction at the most reasonable cost. Take our bank's plan: You repay, in modest monthly instalments, the amount you borrow (which may cover the initial car insurance premium, if you wish) plus our low borrowing charge; spread repayment over a period of months. Action is prompt; the whole deal is kept confidential; you build that desirable asset, bank credit standing . . . Before you decide on any financing plan, look into ours — it will pay you to do so!

More Than 1,000 Attend Barbeque

Over a thousand people were present last Sunday at the Meyers Airport for a barbeque sponsored by the Civil Air Patrol and the Tecumseh Flying Club.

While the barbeque chicken dinner was being served, the people were entertained by parachute jumps, exhibitions of model airplanes and a spot landing contest.

Parachute jumpers were William Muller, of Ypsilanti, and Marty Winn, of Jackson. Both men jumped from an altitude of 4,500 feet.

A spot landing contest was held giving $15 to the first prize winner and $10 to second. Dee Barnard, of Ann Arbor, took first, and Bat Jasure, of Detroit, second.

An exhibition of model airplanes was given by Gary McKenzie, John Dickson and Steven Freckleton.

Summer Rec News

The second league championship of the season was picked off by Spot Richardson and his Products Union team of the major League this past week as the summer recreation program moved into its last week of operation.

The Union club, with solid pitching and great offensive power, marked themselves as probably the finest team in the short history of the Major League.

Hard pressed throughout the season by the Exchange Club, the Union clinched the flag with an 11 to 0 victory over that same team one day before the season's final.

Much credit should go to Richardson and his capable assistant Ron Barrett as they led their troops throughout the year, chalking up 14 wins against a lone defeat.

☆

Bill Fetty was the first to initiate the title grabbing act as his Products Union team ran roughshod through the Men's Softball League, winding up their season a week ahead of everyone else.

This club could be a real dark horse in the coming state tournament as they presented fine pitching, balanced hitting, and a tight defense to Tecumseh area fans throughout the year.

☆

Pony League action continues this week as teams square-off in the final play-offs to determine the league champion.

Anyway you look at it, the Clyde Locker family is going to cop the title here.

Mrs. Locker, after aiding Mr. Locker throughout the 1958 baseball season, took over the reins of the Eagles at midseason this year and brought them into the playoffs by grabbing the second-half, leadership.

Her husband had qualified for the finals by winning the first half title two weeks earlier with his Products team.

The best two out of three games will determine the league champion.

☆

This week will also wind up play in both the Minor League and Pee Wee League. Jim Curth's Central White Sox will see action against Bob Dick's Tecumseh Acres Cubs for the Pee Wee title and the Yanks will oppose the Giants for the Minor League flag.

☆

Men's tennis has reached the final stages in both singles and doubles. Vic Lawson and Dune Leetka qualified for the finals in men's doubles with a two set victory over Jim Curth and Bob Dick.

They will face the winner of the Montague-Prettyman vs. Mackey-Aten match for the doubles championship.

Ray White stamped himself as the favorite to walk off with the men's singles as he blasted his way past Prettyman 6-3, 6-4 to move into the quarterfinals.

It is hoped play will finish up early next week in both divisions.

☆

Tot lots will wind up the season with a field day at the Athletic Field on Friday. Games of all descriptions will occupy the youngsters from 9 a.m. until noon.

Dennis Williams Breaks Collar Bone

Seven-year-old Dennis Williams has been seriously injured again.

While playing Monday evening near his home, Dennis broke his collar bone. He missed the seat on a swing set and fell to the ground, landing on his shoulder.

His mother, Mrs. Arthur J. Williams, said Wednesday morning that Dennis is resting at home, 702 W. Pottawatamie. She said he will be confined to the house for 30 days.

Dennis suffered multiple lacerations on the left side of his face —resulting in a black eye—and lost four teeth—two permanently—when he ran into a car June 13 on Adrian near Pottawatamie.

He is a second grade student at Tecumseh Acres School.

Exchange Vows

Sherry Lee Glover, daughter of Mr and Mrs. Lauren Elliott, of Adrian, and Thomas Van De Car, son of Mr. and Mrs. Wilton Staulter, of Britton, were united in marriage Saturday at the First Christian Church in Adrian.

Following a wedding trip through the upper peninsula they will make their home at 356 Logan St. in Tecumseh.

The bride is a graduate of Adrian High School and the groom of Britton High School. He is employed at the Clinton Engines Co.

Rotarians Will Meet, Golf, Dine at Country Club

The 2nd annual Rotary Day and Invitational Golf Tournament will be held Tuesday, Aug. 11, at the Tecumseh Country Club.

About 200 Rotarians from 10 clubs in the surrounding area are expected for golf, dinner and the meeting in the evening.

Gordon Garlick is chairman of the event assisted by Hugh Walter and Maynard Lucas.

Jim Smith Wins Midwest Soaring Meet

Many glider pilots were frustrated last weekend at the Midwest Soaring Meet in Adrian because they couldn't locate thermals that provide the lift for their planes.

But Jim Smith, Tecumseh's flying architect, apparently had no trouble finding them. His 150-mile flight to West Alexandria, Ohio, was the longest recorded.

His total score for the three-day meet—he got 1,000 alone for the distance trophy — was 1,857 points.

Richard Schreder, of Toledo, Smith's rival last month in the national soaring contest in Elmira, N. Y., was only 50 points behind Smith. He got 1,807.

Twenty-two fliers were registered from Michigan, Ohio, Indiana, Illinois and Pennsylvania. Each glider was towed to an altitude of 2,000 feet for each event.

TWO HOUSES GOING UP IN NEW KERBY HEIGHTS SUBDIVISION ALONG N. UNION ST.

Michigan Milk Market is Down, Says MMPA

Dry weather and only moderately good pasture conditions throughout Michigan apparently had a dampening effect on milk production during June, according to the monthly market report of Michigan Milk Producers' Association.

The report shows that June production in most Michigan markets was down from May and showed only slight increases over June, 1958.

In the Detroit market, total production during June was 178 million pounds — 11 million below May, and only 2 million higher than last June.

Sales of drinking milk, meanwhile, were up 4% from June 1958, and down only 1.7% from May—considerably less than the usual May-June declines experienced by the market in recent years.

Prices remained steady with last month and last year. Dealers paid $4.338 for milk used for bottling purposes (58% of total deliveries).

Under terms of the price agreement negotiated by MMPA, this was 65c a hundred more than the Federal Order price.

The price paid farmers for base milk (86% of average deliveries) was $3.89, and the average return for all milk was $3.75, two cents less than in May, but five cents more than last June.

Resignation OK'd

Council approved Monday night the resignation of John Surratt, of the city planning commission. Councilman Donald Brazee amended the motion and said a letter should be sent to Mr. Surratt, thanking him for his services to the community.

But council didn't appoint a replacement for Mr. Surratt. Nine members are required to sit on the commission.

Newest Subdivision Opens This Month

Tecumseh's newest subdivision — Kerby Heights — will show its first model home later this month.

Located on N. Union St., the area has been subdivided into 44 lots, all of different sizes facing curved streets.

F. J. Schultz & Son, an Adrian firm which has been building homes for 50 years, is doing the construction for Leland Kerby of Morenci, the subdivisdor.

Two homes are being finished at the present, one to serve as a model and the other already sold to Mr. and Mrs. Guy Nixon of Morenci. Mrs. Nixon is secretary of Mrs. Madeline Tuttle, president of the H. W. Tuttle Co. here.

Six floor plans will be available to buyers, ranging in price from approximately $13,000 to $15,500.

The model is a three-bedroom ranch, with full basement, gas forced air heat, built-in kitchen cabinets. It will be completely furnished by Des Ermia Furniture store of Tecumseh.

Sewer, water, curb, gutter and sidewalks will be provided by the subdividors.

Mr. Kerby explains that tradition construction methods are used, featuring 2x4 studding.

"Mr. Schultz has his lumber precision, pre-cut beforehand, finding this saves time and is more efficient than hand cutting," added Mr. Kerby.

Included in the plat is a playground, 140x150 in size.

New Conservation League President Is Victor Humble

Victor Humble was elected president of the Tecumseh Conservation League at a meeting held recently at the Club.

Others elected to office were: Vice President—Troy Wallace Secretary-Treasurer — Richard L. Beasley.

Board members — Dave Mack, Lynn Harris, Melvin Baugh and Cecil Alderdyce.

Trap and skeet shoots are held every other week. One will be held Aug. 9 at 2 p.m.

Water Lock Breaks

Red Mill Pond, situated on N. Evans just beyond the A & P store, has been pumped dry. Reason: the lock that controls the water flowing under the bridge into the Raisin River broke Wednesday morning. It is now being repaired.

Relaxing Week at Wamplers Lake

Troop II of the Tecumseh girl scouts spent July 25th to Aug. 1 at Wamplers Lake.

Barbara Wilbar, Carol Brighton, Sharlene Blitz, Ruth Ann Milcsh, Betty Hensen, Sharon Butler, Pat Long, Della Holdridge, and life guard Susie Day spent a relaxing week dancing, boat riding, bathing, and sunbathing.

Chagerons were Mrs. Harold Milcsh, Mrs. Mamie Menson, and Mrs. Arthur Holdridge.

Will Attend

Mayor H. H. Hanna will attend the Michigan Municipal League conference at the Grand Hotel on Mackinac Island for three days beginning Sept. 10.

He and Cal Zorn, city engineer, who was nominated as the alternate representative, were selected at the council meeting Monday night to represent the city.

Thieves Steal Money, Cigarettes from Gas Station

City police are investigating the breaking and entering of the L & S Gulf Station on W. Chicago Blvd. sometime after midnight Friday.

Cigarettes and money from a coke machine which was pried open, two batteries and approximately $95 from a cash box in a drawer were taken.

Admittance to the building was gained by breaking a window.

Police received the complaint Saturday morning. There are no suspects.

Juniors Beat Their Dad's at Baseball

The Jaycees major league baseball team beat their fathers in a game played Sunday afternoon on the Little League field. Following the game a potluck supper was served by the mothers.

The boys presented Wayne Hebb and Royce Durkee with key chains in appreciation of their assistance during the season and the two men responded with thank you speeches and words of encouragement to the boys, especially those who will be promoted next year to another league.

There were 15 boys on the team this year.

Police Blotter

Nelson W. Jantz, 26, 283 S. Ann Arbor St., Saline, pleaded guilty before Justice Ernest H. Oliver Monday to reckless driving. He was ordered to pay $75 and $4.90 costs or spend five days in jail.

Jantz was booked at the county jail Saturday after his auto ran into a parked car owned by Gary Hanna, 707 Outer Drive, causing it to hit a parked car owned by William Packard, 211 W. Pottawatamie. Considerable damage was done to all vehicles.

Jantz claims he fell asleep causing him to lose control of his auto.

The accident occurred on West Pottawatamie St. at 8:35 p.m.

√

Justice Ernest H. Oliver sentenced two Tecumseh teenagers to jail this week.

Jack L. Braden, 18, was arrested Friday by Tecumseh police and ordered to spend five days in the county jail or pay $50 and $4.90 costs or spend an additional five days for furnishing beer to minors.

Paul E. Underwood, 17, was arrested by Clinton state police and booked at the county jail Friday. He was sentenced to spend three days in jail by Justice Oliver and pay $25 and $4.90 costs or spend an additional five days for being drunk and disorderly. The arrest was made in Tecumseh.

√

Robert L. Bable, 22, of Tecumseh pleaded guilty before Justice Maurice Spear Monday to being drunk and disorderly. He was ordered to pay $25 and $4.30 or spend five days in jail.

The arrest was made by sheriffs deputies Saturday on Rogers Highway.

√

Summonses were issued by city police this week to John Sussex of Munger Rd. for reckless driving; Luis A. Ordonez of Laredo, Texas, for no operators license on his person, and Jack E. Brown, Green Hwy., for speeding 55 miles per hour in a 35 mph zone.

√

Merlyn Missler, 55, of Tecumseh, was arrested by Britton police in Britton Thursday, and booked at the county jail for drunkenness.

Couple See 48 States in 49 Years

In the fifty years of their marriage Mr. and Mrs. C. C. Richards have been just about averaging one state a year. They almost covered them all this year when they visited the two remaining of the original 48.

The Richards, who have just returned from a trip west through Illinois, Colorado, and Utah, have finally reached their goal. That is, a trip to all 48 states.

When they first started their march through all the states they were not counting on the United States expanding. But the addition of Alaska and Hawaii as our 49th and 50th states has somewhat altered their goal.

Mr. and Mrs. Richards, who will be celebrating their golden anniversary in September, have two more states to visit. How about it Mr. Richards? Do you think you can visit these two states in your next fifty years of marriage?

TECUMSEH HERALD PHOTO

ERNIE BREMFORDER, KUEHMANN FOODS EXECUTIVE, HOLDS DISEASED CORN STALK.

Letter to The Editor

To the Editor:

Having witnessed a presentation of indian dances and ceremonies by members of the Chippewa and Sioux tribes in an ideal setting near the swimming pit here in Tecumseh, we have nothing but praise for their efforts.

However, we were sorry to find so few people present for their excellent performance.

The price of admission is reasonable, the dances are authenic, and the colorful costumes are hand made. What more do we want especially when the two hour show is brought to our door with no distance to go, no charge for parking and no standing necessary because portable bleachers are provided.

It seems to me that Boy Scouts, Girl Scouts, Camp Fire Girls, 4-H Clubs, and other youth groups as well as adults should feel honored to have the opportunity to learn about indian lore first hand.

Don (Red Arrow) Stevens who is employed at the Tecumseh Products Company is a friendly sort and deserves a lot of credit for bringing his tribesmen here to share their talents with us.

As you know, the grandson of Sitting Bull is here from South Dakota as their special guest and does some special numbers. He also painted the medicine pole which has significance.

Records show that the ancestors of the American Indian as we know him were here centuries before Christ. Therefore, it behooves us to know more about the indians. The General Federation of Women's Clubs urges all groups to do more for our good friends, the indians.

Please, let's do everything to encourage people to patronize them and make them want to come back next season and bring us more of their culture.

They are volunteering their services and using the proceeds for more costumes some of which require thirty minutes to arrange on a person.

Sincerely,
Ruth V. Rentschler (Mrs. T.)

To the Editors:

I am sending this news item to you that appeared in the daily Sun-Tattler here in Hollywood, Florida.

As I was born and raised in Tecumseh, I really enjoyed seeing news of my home town in print, especially since I live almost 1,500 miles away.

This probably doesn't sound too important, but it is when you've been living away from family and friends for almost 3 years and haven't been in your home town for two.

At any rate, this is a wonderful thing that is happening there. Too bad more communities cannot be in on this program.

I would also like to congratulate you on the wonderful work you have been doing on the Herald. I am always glad when Monday rolls around because I know the Herald is waiting for me in the mailbox. Keep up the good work!

Sincerely
Marilyn J. Baaske
Hollywood, Fla.

Here is the story about Tecumseh that appeared in the Daily Sun-Tattler:

TECUMSEH, MICH. (AP) — Wherever you live, you some day may owe your life to this town in southeastern Michigan.

Most of Tecumseh's 8,500 residents have volunteered to participate in the largest health study of its kind ever undertaken by medical science.

Thorough physical examinations that include cardiograms and X-rays are being given families. A health history also is being compiled on each participant.

From this picture of a whole community's health, science hopes to learn what people by types, occupations and kinship have what and why; possible ways to detect an ailment as it develops and before it becomes obvious; whether distribution of a disease reflects the cause of it; interrelationship of diseases, and new methods of prevention.

The study is being directed by the University of Michigan's School of Public Health, whose Dr. Thomas Francis Jr. directed the nationwide trials of the Salk polio vaccine. It will run through 1960.

Currently, the study is being financed by a two-year grant of $280,000 from the National Heart Institute, a branch of the U.S. Public Health Service.

Already, some of those participating have been told of diseases they never suspected they had. And experts believe they have discovered something significant about influenza and how an immunity to it may be established. But details are being withheld for the present.

Tecumseh was chosen for several reasons: It is close to the University of Michigan. It is big enough not to be just a farming center. It is a town with no obvious bias. It is a town not dominated by one industry.

While they hope the current study will point to many specific fields for further investigation, Dr. Borton and his colleagues appear confident this health picture may establish the pattern of possibly several diseases and point out means of coping with them more sucecssfully.

HERE AND THERE

BY DON BAUERLE

An official of the Henry Ford Museum and Greenfield Village expects 30th anniversary events and exhibitions to break attendance records this year.

Dr. Donald A. Shelley, executive director, said nearly a million persons toured the museum and village in 1958 to establish an all-time visitors mark.

In the first six months of 1959, attendance is running about 6,000 ahead of last year. Dr. Shelley said the three summer months —July, August and September— bring the greatest number of sight-seers.

Located in Dearborn, 15 miles from downtown Detroit, the Ford Museum occupies 14 acres and Greenfield Village 200 acres. Both are non-profit institutions for the preservation and display of historically significant technological, educational and artistic artifacts.

Among current exhibitions are "Schoolroom Progress. U. S. A.," a two car traveling display contrasting classrooms old and new, "The Story of Henry Ford Museum," and a Civil War Panorma, a series of 15 paintings by Thomas Clarkson Gordon — a self-taught artist and Union veteran —depicting highlights of the war between the states.

Since Oct. 21, 1929, when the two sites were founded by the late Henry Ford, visitors have totaled nearly 14 million.

A day at the Village is not easily forgotten.

OWNERS OF ONE of Britan's most fashionable men's shops have disclosed that a man's necktie is an indicator of his character.

Worst of all, however, is the fact that women can read men's ties.

A maroon tie apparently exposes a very dull man, a conformist. A pale colored tie means the man's a wolf. If a man's tie matches his suit, he is supposed to be very timid.

An interesting comparison is this one: a tie loosely knotted means the man is not untrustworthy but a tie in a small, neat knot means the man is methodical or an organization man.

I don't know what I am. I usually wear a thin striped tie with a small Windsor knot. I'm a coward—I'm afraid to guess.

A newspaper publisher—a woman — was recently married in Indianapolis, Indiana. The headline over the story about her wedding read:

"Mary S. Wedding Married."

SENATOR ROBERT Kennedy (D-Mass.) did some politicking on the Jack Paar Show last Wednesday night.

Throwing out more charges against the Teamsetrs Union, Senator Kennedy said Hoffa and some of his associates "feel they are above the law, that they can fix judges, fix juries and even fix members of the legislators."

Kennedy said Hoffa deserves no credit for the high wages that Teamster Union members have got through their contracts. High wages are limited to eastern states where Hoffa has no part in negotiations.

The senator described Hoffa as a more serious threat than former Teamster president Dave Beck. He said Beck "was just a thief" while Hoffa deals "only in cash" and has "betrayed the union membership."

Beck wasn't convicted of extortionating money from the Teamsters but of income tax evasion.

Asked why the union's membership didn't overthrow Hoffa's leadership, Kennedy answered:

Reflecting on this point, I don't think the Senate Rackets Committee will convict Hoffa on any charge stemming from union activities.

Reason: the committee makes too many accusations. This group of senators tends to chastise Hoffa more as an individual than as president of a powerful union.

A message from Ralph Hodges, "Your Pharmacist"

AN OLDER PHARMACIST FRIEND once gave us this good advice which we never have forgotten and always tried to follow.

HE SAID, "ANY MEDICINE OR HEALTH-AID can do much good if properly used and great harm if improperly or excessively taken."

"PHARMACISTS LEARN IN COLLEGE how to compound medicines, protect their potency by proper storage and the possible dangers involved if they are not taken properly."

"PHARMACY'S CODE OF ETHICS directs pharmacists to consider the public's health to be more important than greater profits. It is the dedicated obligation of every pharmacist to caution folks who may be unwisely taking a patent medicine or home remedy."

PLEASE ASK OUR PROFESSIONAL OPINION of any patent medicine, vitamin, or home remedy. We will always give you an honest, informed answer. If necessary, we will explain when it would be wiser for you to consult a physician.

THIS HELPFUL ADVICE IS IMPORTANT.

Every medicine or health-aid should only be secured from a pharmacist. We will never knowingly permit you to gamble with your health

VOICE of THE HERALD

A Citation for Charlie

Tecumseh narrowly missed — by about 100 feet — a possible disaster last Wednesday afternoon. A runaway boxcar was racing toward the four corners in the downtown area.

Apparently jarred while the New ork Central crew was switching cars at the Tecumseh Products Co., the loaded freight car went unnoticed until a passer-by pointed it out to Charlie Manley, who was on duty at the fire station.

Sensing the possible destruction it might do if it ever ran the traffic light at the main intersection of the city, Charlie, who is robust and agile for his 60 years, ran toward the fast-moving railroad car.

As it neared W. Pottawatamie and S. Evans, he climbed aboard, pulled himself up the ladder, and turned the manual brake. The car jerked and then came to a halt across the street from the Herald office.

Charlie's observations while a railroad employee paid off for Tecumseh. There was no disaster. There was no pathos. There was nomisery. There is only one thing we can say: "Thank you, Charlie." D. D. B.

Mrs. Paul Keyser Is New President of Past Presidents

The Past Presidents Parley of the American Legion Auxiliary met Thursday at the summer home of Mrs. Louis S. Schneider at Wamplers Lake with 13 present.

Mrs. Paul Keyser was elected president and Mrs. Vern Manwaring, secretary and treasurer.

Plans were made for an auxiliary membership breakfast to be held September 1 at 9 a.m. at the home of Mrs. Ned Baldwin.

Members also made plans to assist the membership committee of the auxiliary during the coming year.

Cards were enjoyed and dainty refreshments were served by the hostess assisted by Mrs. Manwaring.

Resident Here to Raise Ship

A Civil War Ship, the Monitor, still lies deep in its grave off the North Carolina coast.

Raynor T. McMullen, a retired Dundee mailman, failed for the third time last week to find the sunken remnant of the war between the states.

The iron-hulled Monitor fought the Confederate ship, Merrimac, to a draw on March 9, 1862, in Chesapeake Bay. Historians say that this was the turning point in the use of metal vessels over wooden ones.

Mr. McMullen—who hired two skin divers from Detroit — had hoped to raise the vessel, which sunk in a storm off North Carolina while being towed, by using magnets.

But the magnets were not strong enough and the roll of the search ship made contacts erratic, Mr. McMullen said.

He reported that he has already got an offer of financial aid from a Tecumseh resident who wants to go along next time.

How does he propose to surface the ship next year? Mr. McMullen said he will use cork ring on the line holding the magnets.

He added that he wants to salvage the Monitor and put it on public display as a historical site. He has been interested in the exploits of the Union ship ever since he was a boy.

Local Notaries Named

Secretary of State, James M. Hare, announced today the seven Tecumseh persons had been appointed or re-appointed as Notaries Public during the past three months.

They are Marvin L. Barber, Ashley E. Chase, Dorman S. Force, Vere L. Hart, Ethel Hammack, Louise Reum and Cornelia M. Walker.

According to Mr. Hare there are more than 70,000 persons currently commissioned as Notaries Public in Michigan.

Use Tongs Not Fork

Do you cook outdoors in the summer? If you do, here's a helpful tip: you should add a pair of tongs to cooking equipment, using them to turn chops and steaks on the grill, instead of puncturing meat with a fork.

Fair Opening Aug. 16

The Lenawee County Fair will open in 10 more days. The date to remember is Sunday, Aug. 16, a month earlier than last year.

This date was adopted two years ago after a dispute with local school superintendents, allowing more time for student exhibitors and the booking of many new attractions.

4-H projects mothers have built a new 24 x 36-foot kitchen, costing $2,000. Proceeds from the chicken barbeque sale on the first day of the fair will be used to pay for it.

Meals will be served between noon and 7 p.m. at the project building on the fairgrounds. Desert and a second cup of coffee will be included in the price of $1.50 for adults and 75 cents for children.

☆

THE SAME day, deligious services will be provided at 3 p.m., sponsored by the Lenawee County Ministerial Association.

Gates will open at 4 p.m. on Monday, Aug. 17. Exhibitions for spectators will be arranged in all departments. In the evening, there will be a show in the grandstand, featuring talented persons from the area, a fiddle-playing contest and a pony pull.

Kid's Day is Tuesday, Aug. 18. All youngsters will be admitted free, starting at noon. Various contests for boys and girls of all ages will be staged. There will be two prizes :two bicycles.

The Mariners — the quartet that used to sing on the Arthur Godfrey show — and other performers will entertain during the grandstand show Tuesday night, following the horse races.

☆

THE MARINERS will repeat their act again Wednesday night.

Tow area high school bands will give concerts on Thursday. Clinton, under the direction of Richard Wegner, will play at 1 p.m. and Onsted, directed by T. V. Course, at 8 p.m.

At 1 p.m. Thursday afternoon, "The Harmonicats" will demonstrat their artistry during the grandstand show. Horse racing will be offered at 8 p.m.

The junior Livestock Sale will take place on Friday. Other features include horse racing, the grandstand show and two band concerts, one by Sand Creek High School, directed by R. J. Farley, and the other by Blissfield High School, whose director is D. C. McCoy.

The last day of the fair is Saturday. An auto thrill show at 8 p.m. in the grandstand will climax the fair. Included on the program are "Crazy Otto" and "The Honey Girls."

Tecumseh Public Schools show a balance of $2,988.93 in the General Fund. However, short term loans against anticipated State Aid for 1958-1959 total $150,000.00 plus interest. The State of Michigan owes the Tecumseh Schools $55,469.36 so that the total deficit over the years accumulates to $93,484.39. All of this deficit is due to the remodeling of the Central School into a Junior High, the equipping of the new elementary and secondary schools, additional furniture needed for the increased enrollments, and the development of the lawns and play areas at the new schools. The Board expects to eliminate this deficit through the sale of obsolete school property, and the use of regular capital outlay funds.

The Board has retired all of the 1952 Bond Debt for the Tecumseh Public Schools and all of the 1952 Bond Debt of the Ridgeway School which was annexed. The Board has paid the yearly principal and interest payments on the 1957 Bond Debt and has accumulated $132,163.39 towards retiring these bonds prior to redemption dates.

The Board has again been able to provide maximum educational advantages for the community at one of the lowest operational tax rates in the county to the community at one of the lowest operational tax rates in the county due to efficient control and the cooperation of the teachers and other personnel who have accepted exceptionally heavy loads during the year.

The Board has recommended to the County Tax Allocation Board that $9.00 per thousand of state equalized evaluation be levied for operation for 1959-1960, a reduction of 35c per thousand over last year, and $6.30 per thousand of state equalized evaluation for Bond Debt, a reduction of 15c per thousand. However, the Board requested the electors for 35c per thousand on state equalized evaluation for the operation of the Public Library at the dassion in school and library taxes for next year will be 28c per thousand on state equalized evaluations. In a year that all other county schools are asking increased support for schools the Board expects to provide the same exceptionally fine educational opportunities and still reduce school taxes. However, without increased state aid in the future, more local support will be necessary if the Tecumseh Schools are to continue to serve the community at the present high standards.

Golfers Hear Noise But It's Hole-in-one

After Frank Parker, of Clinton, fired an 8-iron shot to the ninth green at the Irish Hills golf course, he and two other golfers, Don Freeburn and Walter Johnson, heard a strange noise.

All three agreed that it sounded like someone had slammed a screen door. Then they thought for a moment. There are no screen doors near the golf club.

Hurrying to the green, they discovered that Mr. Parker had scored a hole-in-one. His ball landed in the cup on the fly.

As for the noise, it was just the impact as the ball lodged in the cup and rolled around inside.

50-Mile Speed Limit Proposed for Occidental

The speed limit on Occidental Highway may be reduced to 50 miles per hour, William M. Burchfield, county road engineer, said Thursday.

A proposition from the state police safety and traffic bureau will be submitted to the state police commissioner for his approval. Then the proposal will be returned to the county road commission for its acceptance.

The apparent reason for the lower speed limit is that two fatalities have been recorded on the six-mile stretch from M-52 to Tecumseh.

Other improvements for safety purposes will be erected on the highway.

Large barricade-type signs will be placed on the more dangerous curves and reflectors will be installed to outline the curves.

Mr. Burchfield and the state police studied the condition of the road before making their recommendation.

Swim Show at Pool Is Set For August 28

Make-up tests for swimmers, intermediate and junior intermediate, will be held at 9 a.m. Monday at the Joyce Andrews Memorial Pool.

Similar tests for beginners will be the same day at 10:30 a.m.

Delinquent swimmers may qualify for life savings tests at 9 a.m. Aug. 11 and 12. It is necessary to be present both days.

All the swimmers who have taken lessons at the pool during the summer will present a swim show at 7 p.m. Aug. 28. The public is invited.

For adults, the pool is open each Monday, Wednesday and Friday from 8-9 p.m.

'Picnic' Ends Two Weekend Run at Clark Lake Playhouse

"Picnic," a study of manners and morals in a small town, closes a two-weekend run this Saturday at Clark Lake Playhouse.

This three-act winner of the Pulitzer Prize and Critics Circle Award—the season's fourth production—is a high-spot of presentations at the playhouse.

Curtain time is 8:30 p.m. on Thursday, Friday and Saturday evenings.

The play ran successfully on Broadway with Ralph Meeker and Janice Rule in the starring roles of "Hal" and "Madge."

MARDA GENE DUNCAN'S

SO HARD TO GROW UP!

This year we seem to be blessed with a bumper crop of Blue-jays. They are wonderful — noisy, of course, but so funny!

For being such fiercely independent birds in the winter the Blue-jays, during the family raising period, show an amazing sense of 'togetherness'. They are down-right clannish.

This summer we have often had two or three eating together and occasionally we hit the jackpot and have four, five, or even six dining at the same feeder. Believe me, six Blue-jays is quite a feeder full!

One day we had two on our bird feeding station, two on the smaller tray, one in the bird bath and three in the 'wren tree.' See what I mean by a bumper crop?

☆

OF COURSE, with Blue-jays you not only see them, you hear them as well! And oh, they are noisy.

The youngsters are constantly squalling for food and it takes little imagination to just know that these shrill voices are screaming, "Ma, Ma, Ma!" The much overworked parents make a valiant effort to keep up with their children's appetites but there is apparently no such thing as filling up a baby Blue-jay.

For sometime after they leave the nest a typical sight—"Ma, Ma." and sure enough, sitting in a nearby tree will be Junior. Mouth open incredibly wide, wings fluttering wildly, he sounds so desperate, so hungry and looks so very very helpless.

Just in the nick of time, or at least from the hysterical note of his cry one assumes that he is in the last throws of malnutrition, help comes in the form of either Mother or Father Jay.

This last minute reprive from the horrible fate of starvation is almost too much; at the sight of the food-bearing parent, the bird almost goes to pieces.

☆

HIS CALLS become even louder and more frantic; his already fluttering wings start to tremble —it is a most pathetic sight. So desperate is the situation that right in the middle of a scream, the food is jammed down the red cavernous opening that is the baby Blue-jay's mouth.

As the shrill squawk becomes a strangled gurgle we breath a sigh of relief. Starvation has been averted; baby Blue-jay will live another—Oh no! After depositing the food into that bottomless pit of a youngster, the older bird flies away and Junior immediately starts screaming for more.

From morning until night this tense life and death drama plays continually. One wonders at the stamina and the patience of parent Jays. Just imagine trying to placate such ill-mannered illtempered children.

And the kids, free-load as long as they can get away with it, too! Even after they are old enough to come to the feeder they do as little as possible for themselves.

When two or three are brought down for a lesson in feeder tray etiquette they show little interest in the subject. Often looking bigger than the parent, they tag after him or her screaming to be fed.

☆

MOUTHS OPEN wide, their wings aflutter and oh, the noise. These shrill rasping voices are impossible!

The difference between this begging and that done in the trees, is that now, when this great show of helplessness does not attract enough attention, the panhandler can and does eat for himself.

He may be a bit awkward in picking up his own food but he manages quite well. Growing up is hard, however, and the youngsters make it quite clear that in preference to feeding for themselves, they much prefer being waited on.

But time marches on and finally there comes the day when the baby jays must assume more responsibility.

They are still reluctant to give up childhood completely, however, and in threes, fours, and even fives they come to the feeder. Occasionally one lets out three or four pleading crys for 'Ma' but only on very rare occasions is there any response.

☆

AS HARD as it is, they must grow up.

Gradually the strong family ties weaken and this morning we had an example of how quickly the youngsters are now taking on selfish aggressive adult ways.

Two of them were happily gobbling breakfast when one, sudden and for no apparent reason, straightened up, opened his bill and really started to tell the other off.

The bewildered and surprised second Jay immediately answered back. Neither was about to give in but as quickly as it had started, the glaring and sparring and saucing stopped.

Finally, as if to 'kiss and make up', the first bird stepped over and carefully fed his brother, what we presumed to be an especially tasty tid-bit.

Peace reigned once again.

We wonder though just how many more times these little squabbles will be settled in such a friendly manner. The Jays have fought growing up, over and over again their actions have indicated how hard it was.

The inevitable will happen, however, and I am afraid that this year our days of watching Blue-jay families are numbered.

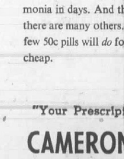
"50¢ a tablet can be cheap!"



No one likes to pay 50c for a single tablet—including us. Nevertheless, some of the newer drugs cost that much. They seem expensive—yes, only seem. Consider this: Pneumonia used to mean 4 to 6 bedridden weeks. Loss of pay. Often hospitalization. Often death. Now, a few dollars' worth of one antibiotic will generally cure pneumonia in days. And this is only one example . . . there are many others. When you consider what a few 50c pills will *do* for you, they seem downright cheap.

WHY DO WITHOUT A LITTLE LUXURY LIKE THIS... LET ALONE

Chevy's the only car of the leading low-priced three that gives you the convenience of crank-operated vent windows. No awkward latches to fumble with . . . your knuckles and fingernails will appreciate it.

THESE BIG CHEVY VIRTUES!

bigger brakes

Bigger, yes, and built with bonded linings for as much as 66% longer life. And how's this for proof that Chevy's a real stopper: in a NASCAR*-conducted test of repeated stops from highway speeds, Chevrolet outstopped both of the "other two" time after time.

*National Association for Stock Car Advancement and Research.

full coil ride

You're the expert on ride, so you'll want to try Chevy's easygoing smoothness for yourself. MOTOR TREND magazine can give you a hint of what you're in for: ". . . the smoothest, most quiet, softest riding car in its price class." And Full Coil springs, of course, never squeak, never need grease.

award-winning engines

The NASCAR*-Outstanding Achievement award goes to Chevrolet! Chevy wins for "the creation and continuing development of America's most efficient V-type engines . . . for the establishment of new levels of V8 compactness combined with outstanding smoothness." And you can choose among eight V8's and the Six that won the Mobilgas Economy Run for its class.

fresh styling

POPULAR SCIENCE magazine gave Chevy's styling a thoughtful look, then said it this way: "In its price class, Chevy establishes a new high in daring styling . . ." You'll find your own happy way of saying that Chevy's the only unmistakably modern car in its class.

greater roominess

Automobile Manufacturers Association records carry the facts on this. In a Chevy sedan, for example, you've got more front seat head room than all but one of the high-priced cars! And Chevy's front seat hip room spreads up to 5.9 inches wider than comparable cars.

bigger savings

Here's solid proof that Chevrolet squeezes more miles out of a gallon: In the famous Mobilgas Economy Run, two Chevrolet sixes with Powerglide took the first two places in their class. Winning mileage: 22.38 m.p.g. And that, friends, took top honors for Chevy from *every* full-sized car!

higher trade-in

N.A.D.A.* Guide Books prove that your Chevrolet will keep its value. Chevy used car prices last year, for example, averaged up to $128 higher than comparable models of the other two cars in Chevrolet's field.

*National Automobile Dealers Association.

HOLLOWAY NEWS

By MRS. EDGAR RELYEA
Please phone Tecumseh 7065-W

Mr. and Mrs. Elwood Baugh and family visited Mr. Baugh's mother, Mrs. Ruth Baugh who is staying at the home of Mr. and Mrs. Frank Smith in Adrian Sunday.

The Main Street Extension Club held their annual picnic Thursday of last week at the home of Mr. and Mrs. Earl Bennington.

With clear skies the members had placed tables and grills in the yard only to find later that a rain and strong winds were quickly finding their way to the area and the group hastily moved to the Bennington garage.

Slightly crowded and warm, the group finished their meal and after the rain the children were relieved of their shoes and stockings and the water puddles were busy for the rest of the evening.

Games, cards and a social evening was spent by the parents. It was a picnic that will not soon be forgotten by the group.

Mr. and Mrs. Edgar Relyea and family were in Adrian Sunday where they were dinner guests at the home of Mrs. Esther Smith.

The occasion was the birthday anniversary of Dr. Edith Boroff of Hilledale who has lived with Mrs. Smith during the summer while teaching at Siena Heights College.

On Thursday of last week Franklin Relyea spent the day at the home of his friend Russell Johnson in Ridgeway.

The Raisin Cane 4-H Club held their regular meeting Monday evening of last week at the home of Cindy Calhoun.

During the meeting plans were made for the exhibits at the fair.

Refreshments were served by Cindy assisted by her mother.

On Thursday afternoon the group held a project work meeting at the home of Kay Adams.

After the lesson more plans were made for fair exhibits.

Tecumseh Represented at Church Meeting

A number from Tecumseh area are attending the 91st annual camp meeting of the Seventh Day Adventist Church at Grand Ledge this week.

They are the families of Mr. and Mrs. Clifford Wolf, Mr. and Mrs. Harold Wolf, Mr. and Mrs. Paul Wolf, Mr. and Mrs. Robert Fogg, Mr. and Mrs. Worth McClue, Mr. and Mrs. Ervin Hubbell, Mr. and Mrs. Hubert Brower, and Mr. and Mrs. Robert Allen, of Clinton.

About 12,000 are expected to attend this annual event from the lower peninsula.

Mr. Ralph Schafer Attending Convention

Mr. Ralph Schafer, of 10685 Macon Hwy., Tecumseh will attend the sixth annual convention of the Valparaiso Advisory Council that will be held Aug. 7-9 on the campus of Valparaiso University.

Mr. Schafer is a representative of the Immanuel congregation in Britton.

The VAC is comprised of volunteer representatives from congregations of the Lutheran church—Missouri Synod throughout the country. Organized in 1953, it has grown steadily to its present size.

Mrs. Rice is Lucky

Mrs. Frank Rice won first prize at the Tecumseh Country Club bridge luncheon Wednesday.

Mrs. Orville Laidlaw won second prize. Table prizes were awarded to Mrs. Leland Kerby, Mrs. E. C. Boss and Mrs. Leland Hubbard.

Mrs. Orrie Gilbert and Mrs. Thomas Riordan were hostesses.

While We Sleep . . .

As our city slumbers each night, there are key posts which are manned by wide-awake specialists to insure that Tecumseh life and property are protected from sudden disaster. Fire is a dread possibility, which often strikes in the dead-of night. A sentry is always on duty in the local fire house, ready to spread the alarm seconds after he learns of a blaze in the area, have the truck ready to move out moments later. Our police keep an all-night vigil as Patrolmen give special attention to business establishments, checking interiors through windows and making sure doors are locked. In our hospital Angels of Mercy slip noiselessly from room to room, constantly assuring themselves their charges are resting comfortably. Two privately-owned ambulances stand prepared to rush to the scene of disaster or unexpected illness 24 hours each day, seven days a week. It's indeed comforting to know that we have this battalion of Night People who serve us while we sleep.

Susan Is Glad To Be Home

By DON BAUERLE

Asked if she were glad to be home, the young girl in the pretty dress nodded her head and smiled.

Even though her small body has to support a cumbersome brace, Susan Buell, the seven-year-old Tipton girl who has cancer, is recovering at her home on Tipton Highway.

Her parents, Mr. and Mrs. Raymond Buell, brought Susan home from the University Medical Center on Sunday, Aug. 2. She was there almost a month as doctors tried to relieve the cancerous growth in a vertabrae in her back.

Mrs. Buell said Susan has more feeling in her right leg and can move her right knee and left foot, although her legs and feet are still swollen—an after-effect of three week's of radium treatments.

While Susan was in the hospital, her visitors were limited. Now, however, neighbor children, classmates and friends come to see her. She has got many cards, flowers and even a TV set.

Confined to a special rack in the hopital that fitted the contour of her body, Susan can't sit up in a wheel chair. She finds it is easier to read and play cards with her best friends — her younger brothers and sisters.

Susan especially missed her family while she was in Ann Arbor, Mrs. Buell said. They missed her, too.

But they're near their older sister again and Elfie, 6, or Karen, 5, or Greg, 3, and even Rebecca, who is six-months old, can touch her hair and hear her voice and place a hand in hers and perhaps see her walk again as her body fights to resist the effects of the disease.

Mr. and Mrs. Buell said there has been a generous response to the fund set up to pay Susan's medical expenses. So far, $1,150 has been donated to the fund.

The Buell's are humble and grateful. They said they can never repay the kindness so many people have shown Susan. They can only say "thank you" for all the aid and gifts sent to Susan.

Two months ago, there was only hope for Susan. Then, as her condition improved, she got stronger. Now the Buell's have their Susan home again and she will be baptized this Sunday on her eighth birthday in the Tipton Community Church.

Now There's a Real Auto

Inside the garage on the O. K. Eldridge Farm, 1591 Taylor Rd., there are three antique cars—a 1913 Ford, a 1916 Chevrolet, and a 1930 Lincoln Dual Cowl Phaeton—the pride and joy of James and Eugene Eldridge.

Their hobby is restoring old cars and guns.

The Lincoln Phaeton is in perfect condition and it has a colorful history dating back to the 1930's.

It was a gift to Governor Frank Fitzgerald, who held office in 1935-36 and again in 1939 before he died, from the Ford Motor Co. In the glove box of the car are papers belonging to the deceased governor, a parking lot pass, a guarantee for an auto battery and an insurance policy.

Jim Eldridge bought the car about three years ago and has exhibited it at the old car show at Greenfield Village.

The touring car has a 95 horsepower engine and will approach 90 miles per hour. There are only nine such cars in existence, according to the Classic Car Club.

The car has had three owners, including Jim. After Governor Fitzgerald died, it was sold to Gladwyn Orr of Tecumseh. Then Jim purchased the car

Membership Drive Starts Thursday

Thursday, Aug. 13, will be M-Day for the board of directors of the Chamber of Commerce. M is for membership and they'll be out to collect renewals and new members in an all-day drive.

Friday morning, the board will gather for a breakfast session at 7:30 in Harvey's Grill to go over the results.

Emergency Polio Fund Campaign Began Monday

Chapters of the March of Dimes across the country are running low on funds. Lenawee County is no exception, chairman Paul Ahleman said Tuesday.

"Thus, volunteers began an emergency fund-raising campaign in the county Monday morning that will continue for the rest of the month.

"A quota of $24,000 will pay our current bills and carry us over until January — we hope," Mr. Ahleman commented. "All the money we collect will stay in the county."

He said the National Foundation didn't meet its mark last year. "About $37 million dollars was collected. But $64 million dollars was the national goal."

Mr. Ahleman added that there will be a "Father's March on Polio" on Aug. 25. Mrs. Clara Easton is the chairman of the local program.

Any organization willing to direct this emergency drive is asked to contact Mrs. Harold Easton, phone 1130.

THAT'S RIGHT — Mr. Nilwen Bishop, who operates a farm on Ridge Rd., confirms the fact that he has grown a tall crop of corn. On July 4, it was six-feet tall. Now it towers over the 10-foot mark on the measuring stick. For other details, see page 1, second section.

THE Long & Short OF IT

By TOM RIORDAN

When most Detroit children were in grade school and their teacher asked them to name a famous poem, someone always raised a grimy hand and said in dead seriousness:

"Edgar A. Guest."

The instructor was hoping for Tennyson or Longfellow and such an answer probably left her a little unhappy, but, of course, she could have done worse.

To the youngster not overly exposed to books at a tender eight or nine, they knew but one poet and he was Eddie Guest.

They'd hear their folks reading some amusing little verse aloud at the breakfast table, or they'd happen across one themselves while viewing a copy of the Free Press.

Now, after all these years of spinning his common man's rhymes, Eddie Guest is gone.

Me, I was one of those little guys who thought that Guest topped the rest (no pun intended).

Only until my brother, a mighty four years my elder and a junior high student, insisted I grow up and learn the facts of poetic life, did I silence my opinion.

I know that Eddie's "It takes a heap of living to make a house a home," is one line I'll never forget.

☆

This must be our week for poetry.

A letter arrived from a gal named Jeanne Westerdale of Pontiac. Mrs. Westerdale, it turns out, can produce a charming bit of verse herself.

She sent us 10 of her four-line efforts and everyone around the office loved them.

She tells us she's a graduate of Oberlin College, had placed her work in national magazines. Her two sons are now college students and Jeanne would like to "pursue a career of my own."

So she is dispatching her poetry to papers all over Michigan, asking editors if they'd care to run it.

We readily accepted. You'll find Mrs. Westerdale's initial verse on page one of this issue.

If you enjoy this and those of succeeding weeks, we'll incorporate this poetry as a regular feature.

☆

"Let's get together for lunch some time."

A trite saying among the always-rushing businessman. Too busy this week, maybe next month, or next year—or never.

The fellow means well, he really would like to break bread with his old friend, but his schedule doesn't permit.

Like the weather, we often talk about the sad situation, but seldom do you hear anyone doing anything about it.

That is, until a chap by the name of Ey Cross who labors for Consumer Power in public relations at Jackson decided he would give some thought to the subject.

"Life is too short," Ty was telling me on the phone last week. "How about lunch together Thursday, I'll drive down?"

"What's the occasion?" I asked.

"No occasion, just thought we should get together."

So we dined and chatted. It was a world of fun.

Ty used to labor for the Detroit Times and that's how our paths happened to cross. He was a one-man bureau in Pontiac and I was with the Pontiac Press. We covered council together and often ran into one another on stories.

He has been with Consumers for half a dozen years now and when I got back to Michigan nearly three years ago we were always going to get together.

It finally happened last week and I wouldn't trade that luncheon for the world.

When Ty was leaving, I complimented him on his wonderful spur-on-the-moment idea, adding "You know, I'm going to have to call up a long-lost buddie for lunch real soon."

Maybe we could get a trend going.

Don's Grill Is Expanding

Remodeling work on the new Don's Grill — formerly French's Market—is proceeding on schedule.

When completed, it will give Tecumseh a really top-flight dining establishment.

Week-day hours will be the same as the present Grill's, and in addition there will be Sunday serving after Labor Day.

Local architect Jim Smith designed the interior. It features two full-brick walls and another, the east side, for display of oil paintings.

These will be furnished by Russel Steinke, Tecumseh's talented artist. Certain works by Mr. Steinke's students also will be included.

Proprietor Don Smith's cooking area will be partially open to the dining room.

All serving will be buffet and the emphasis will be on beef.

The new layout will offer comfortable seating for 100, as compared to the crowded 75-chair capacity in the present grill.

Two three-ton air conditioning units, manufactured by Tecumseh Products Co., will cool the atmosphere in warm months.

A brightly-decorated ladies powder room is also included in the features of the new location.

Don has set a target date, but is keeping it a secret until the last minute, not wanting to jinx the planned grand re-opening.

His old layout was closed Saturday so that all efforts could be directed towards getting the new one ready

Free Fair Tickets

Hey, kids, you can go to the Lenawee County Fair—free. Your ticket—one apiece—for "Kid's Day" which is set for Tuesday, Aug. 18, is now available at the Herald office, 117 S. Evans. You may pick up your ticket during the week between 9 a.m. and 5 p.m.

All kids will be admitted to the fairgrounds starting at noon. Various contests will be staged for boys and girls of all ages. Amusement rides will cost only 10 cents during the special afternoon matinee. A drawing for two "free" bicycles will be held at 5 p.m. You must be there in order to win.

Opens New Law Office in Masonic Bldg.

James P. McKenna announces that he has located his law office from Dearborn, Mich. to quarters at 108 N. Evans, Masonic Building, adjacent to Ralph Mull and Associates.

Mr. McKenna will operate his All State Insurance agency from the same office.

A 1951 graduate from the University of Detroit School of Law, he practiced in Dearborn and Detroit before moving to Tecumseh.

Victory Party Held for League Champs

The Ned Rosacrans home was the setting for a barbeque honoring the Tecumseh Products Pony League team winners.

Other guests were Mr. and Mrs. Duncan Leckta, Dr. and Mrs. William Britton, Mr. and Mrs. Dan Corkery and Mrs. Ted Sisson.

Scout Leader Gets New Ideas

Howard Wilson Jr. has returned to Tecumseh with a notebook filled with new ideas and programs on Boy Scout work he will use to train new leaders and assist leaders already engaged in scouting.

Mr. Wilson spent two weeks at Boulder Junction, Wisconsin attending a Wood Badge council. He will be the fifth leader in the council, which includes Lenawee and Monroe counties, to receive this intensive training.

Returns Home

Mrs. Dick Loughney and daughter, Peggy, returned to their home in Tecumseh Tuesday after a three-months stay in Joliet, Montana. Mrs. Loughney was called home on the death of her mother.

Clark Lakers' 'Guys and Dolls' Is Coming Here

The musical fable of Broadway, "Guys and Dolls" will be presented in Tecumseh next month. This will be the second year that the Herrick Memorial Hospital Auxiliary has brought the Clark Lake Players to town.

Last year, the Clark Lake Players presented a one night stand of "The Boy Friend". Due to the favorable comments last year, they will be here with "Guys and Dolls" for two nights, September 16 and 17. The play will be presented at the Strand Theater.

Mrs. Ralph Dabe and Gloria Jadwin are the co-chairmen for this year's event. There will be a committee meeting at Mrs. Dabe's home at 1 p.m. Thursday.

The following chairmen have been selected: tickets, Mrs. Harold Easton and Mrs. Richard Eggleston, Mrs. Dabe is handling programs and Gloria Jadwin the publicity.

"Guys and Dolls" is based on a story and character by Damon Runyon. The music and lyrics are by Frank Loesser. The book was written by Jo Swerling and Abe Burrows.

Anyone interested in promoting the coming production should call Mrs. Dabe 1156W or Gloria Jadwin 776R.

Mr. Ray Gilmore Is 80-years-old

The 80th birthday of Ray Gilmore was celebrated Saturday at the home of Mr. and Mrs. Herbert Gilmore in Macon.

After the pot-luck dinner, pictures were taken and movies of the group were shown.

Those attending were Mrs. Ray Gilmore and Millard, Mr. and Mrs. Wesley Gilmore and children, Mrs. Rosemary Niblack, of Kalamazoo, Miss Hilda Gilmore and Mr. and Mrs. Carlton Moe, of Parma, Mr. and Mrs. Alvin Clark, of Manchester, Mr. and Mrs. August Ruttman, of Howell, Lulu Gilmore, of Ridgeway, Mr. and Mrs. Wilbur Boyce, Clarence Gilmore, Mrs. Alta Boyce and Marjorie Boyce, of Tecumseh.

Shower Given for Flora Nixon

Mrs. Wallace Whiting and her daughter, Judy Fielder, held a shower Friday honoring the forthcoming marriage of Flora Nixon.

The shower was a 12 hour-shower whereupon the guests dropped in at intervals during the 12-hour party. Miss Nixon received many nice gifts.

LAST MINUTE CHECK—Julian Strong, of Ridgeway, gives the eye-piece of his handmade telescope a final inspection before he appears at 1:30 p.m. Sunday on WXYZ-TV, channel 7. A biology teacher at Melvindale High School, Mr. Strong began his project last Christmas. He drew up the plans and sent them to the wood and metal shops in the school. He said the telescope is classified as a Reflecting Newtonian type on an English yoke mount. The 12 1/2-inch mirror in the scope was ground by Mr. Strong and is valued at $350. Retail price of such a scope is about $1,300. Mr. Strong, who lives in Melvindale during the winter, said the high school is building a permanent observatory to house the scope. He added that interest in astronomy has tripled since Sputnick.

It's here at last." The long awaited morning when the car is ready, packed with suitcases, extra blankets, badminton set, even the monopoly game.

Mom and the kids have each smuggled out just one more item to tuck into the already filled car while Dad makes one last round of the premises and locks the door.

With a sigh Mom climbs into the car and settles the "scrap" about who will sit by the window first and the family is off for a vacation.

As the car turns out onto the boulevard, a wet hiccup under the chin from the dog reminds one of the boys that they didn't bring the leash. With a groan Dad drives once more around the block for it and then they are on their way.

Married 50 Years

MR. AND MRS. HARRY S. FISH

An open house will be held from 2 to 5 p.m. Sunday, August 16, at their home three miles north of Tipton, in honor of the 50th wedding anniversary of Mr. and Mrs. Harry S. Fish.

Harry Sanford Fish of Jackson and Lillie Bertrude Iler, of Ridgetown, Ontario, were married August 17, 1909, at Ridgetown. At that time Mr. Fish owned and operated the Excelsior Printing Company in Jackson.

They moved to a farm west of Clinton in 1915, where they later built a modern ten-unit tourist court, one of the first on U.S. 112, which is still in operation, though it was sold five years ago.

They have two daughters — Mrs. Margaret VanVorst, at home, and Mrs. Sam (Mary Helen) Burns, a missionary in the Sudan, Africa — and one grandson, David Sanford Burns.

One son, Leanord Sanford Fish, died in infancy.

Mr. and Mrs. Fish request that gifts be ommitted.

They are members of the Memorial Baptist Church in Jackson.

Carrie Rucker, Gerald Biehl Wed Saturday in Adrian

Carrie J. Rucker, of Tecumseh, was united in marriage to Gerald L. Biehl, of Blissfield, Aug. 8 at the Church of Christ in Adrian.

The bride is the daughter of Mr. and Mrs. Leonard S. Rucker, 305 N. Maiden Lane. The groom is the son of Mr. and Mrs. William Biehl, of Blissfield.

The Rev. Rupert E. Warren, minister of the Church of Christ in Flint, performed the ceremony in front of an altar embellished with hampers of white gladioli and white mums. The altar was illuminated by candelabras.

The bride's father, Leonard Rucker, gave away the bride gowned in a ballerina length, white chiffon over acetate dress. The dress, with rounded neckline and short sleeves, was styled with an empire waist.

It was accentuated by pearl neckless and earrings, a gift of the groom.

A coronet of ivy with lace and pearl insets added splendor to a shoulder length veil. The edges of the veil were scalloped and trimmed with organdy daisies.

The bridal bouquet was arranged in a cascade of American Beauty roses centered with a detachable corsage of white roses and stephonotes.

Loxie Starks, niece of bride from Flint, was the maid of honor, Janice Kreps of Tecumseh was the bridesmaid.

The maid of honor was dressed in a pure silk sheath with a tunic attached to a satan band at the waist. The bridesmaid wore a dress in the same style but in powder blue.

They both carried bouquets of American Beauty roses cascading about bows and sprays of nylon wheat.

The best man was Reed Mapstone, of Blissfield. The ushers were Allen Loop, of Blissfield, and Elmo and Gerald Rucker, brothers of the bride.

The reception followed the ceremony at the Tecumseh Grange Hall. Assisting at the reception were, Cathy Doyle, Mrs. Don Starks, and Mrs. Gus Doyle.

The bridal cake was 4 tiers and decorated with red rosebuds and red garlands.

For the wedding trip, the bride wore a blue and gray printed chiffon dress and white lace coat. Her corsage was from the bridal bouquet.

After a week in the Smokey Mountains the couple will make their home in Toledo.

The groom graduated from Blissfield High School, in 1950. The bride is a 1958 graddate of Tecumseh High School.

A rehearsal dinner was held Friday by the parents of the groom at their home in Blissfield.

Friends Visit Dixons

Belle, A Beagle, Is Missing

Belle, a two-year-old female Beagle, is missing.

Mrs. Robert Connin, of 202 Cairns, said Wednesday morning that the dog, a family pet, wandered out of the yard Tuesday morning and vanished.

"She won't be wearing a collar," Mrs. Connin said. "She slipped out of it before we noticed she was gone. All her tags are at home."

Her two sons, Carl, 5, and Clip, 4, are heartbroken, she said.

"They want their dog. They even went out to feed her this morning. But she hadn't returned," Mrs. Connin said.

"We've had Belle since she was six weeks old," she added.

Although she is a pedigree, Belle is not a hunting dog. Mr. Connin bought Belle for that purpose, Mrs. Connin explained, but she couldn't be persuaded to chase birds.

Mrs. Connin said that someone may have picked up Belle, believing she was a stray dog. If a resident sees a dog like Belle, he is asked to phone 729-M.

After a discussion, it was decided that the group would send for vanilla and pepper to sell, to get 72 snack sets and 72 more punch cups. They hope anyone in the community who needs either of these will please contact any of the circle members, as they are anxious to sell it. They are sponsoring a bake sale in Tecumseh on Friday afternoon August 28 from 3:30 thru the evening. They will welcome any contributions.

Mrs. Charles Gorton, Jr., read the devotions. Mrs. Mary Lou Moore gave a talk about the Apostle Simon Zellott. Mrs. Dean Collins the co-hostess helped serve the refreshments.

√

Mr. and Mrs. Clayton Bigelow and his sister Mrs. Lula Fulkerson, who has been visiting the Bigelows, went to Grand Rapids where they were joined by another sister, Mrs. Jessie Bovay, of Florida. The party then went to Buellah to visit Mr. and Mrs. Charles Bigelow and family at their Hill and Dale resort, for a few days.

√

Mrs. Nellie Harmon is spending several days with her daughter in Kalamazoo.

√

Recent dinner guests of Mr. and Mrs. Melvin Travis were Mr. and Mrs. James Lampman and sons, Larry and Dick, of Syracuse, New York. Other guests were Mr. and Mrs. Clyde Kinsey and family, of Ann Arbor.

√

Mr. and Mrs. Joseph Horvath and family are spending this week at Houghton Lake.

OBITUARIES

GEORGE TURNBULL

George W. Turnbull, son of Mrs. B. B. Turnbull of 107 S. Adrian St., died suddenly at his home in Grosse Pointe July 31.

He is survived by his wife, Esther; a daughter, Mrs. Thomas Pond; a son, George W. Turnbull; and four sisters, Mrs. Phoebe Nemethy, Mrs. H. M. Waller, Mrs. Gordon Merchant and Mrs. Lawrence Mutart, of Tecumseh.

Funeral services were held in Grosse Pointe and Chelsea Monday and burial was in Chelsea.

THOMAS LOWRY

Funeral services were held Aug. 8 for a former Tecumseh resident, Thomas Lowry, in Lansing. The 85-year-old man had been a patient in the Veterans hospital but had returned to his home.

He was born Dec. 28, 1873, the son of William and Nancy Lowry who lived on Macon Road in Tecumseh township.

He married Ora P. Aladay of Unionville in 1935. Mr. Lowry was a veteran of the Spanish-American War.

He was employed a number of years in maintenance work at the state capitol building.

Besides his widow he is survived by several step-children; three brothers, David of Adrian, William and Robert of Tecumseh, and a sister, Anna Lowry of Ann Arbor. He was preceded in death by a brother, Adam, of Tecumseh.

Mr. Lowry was buried in the veterans' section in Evergreen Cemetery in Lansing.

MRS. WILLIAM SLOAN

Musa Ellen Sloan, of 207 South Occidental Road, died last Monday morning at the age of 85. For the past three weeks she had been a patient at Herrick hospital and had been in poor health for the last two years.

Born January 11, 1874 in Ludington she was the daughter of William and Helen Fortune.

Mrs. Sloan was preceded in death by her husband William and one son.

Living in Tecumseh 10 years she made her home with Mrs. George Hay.

Survivors include a brother, Ed Fortune, of Ludington; sisters, Mrs. Effie Standford of Ludington, Mrs. Margarette Brooks and Mrs. Ethel Sloan, of Flint, and two grandchildren.

The body was removed from the Green-Dunn Funeral Home Wednesday to East Jordan where funeral services were held at 2:30 p.m. Rev. Daniel Axt conducted services with burial in East Jordan's Sunset Cemetery.

ELIHU PIERCE

Elihu Pierce, of Tipton, died Sunday morning in Bixby Hospital. He was 89.

Born May 4, 1890, in Van Wert, Ohio, he was the son of Charles and Sarah Bigelow Pierce. He had lived in Tipton for over 25 years.

Survivors include his wife, Hazel, a son, Harold, of Compton, California; and two daughters, Mrs. Pauline Mortley and Mrs. Clara Marie Sussex, of Tipton.

Services were conducted at 2 p.m. Wednesday at the Collins-Corkery Funeral Home with Rev. Paul Brantingham in charge. Burial was in Lenawee Hills Memorial Park.

ALEJANDRO RODRIQUEZ

Alejandro Rodriquez, five-month-old son of Mr. and Mrs. Robert Rodriquez and grandson of Mr. and Mrs. John Rodriquez, of Tecumseh, died Tuesday morning in Bixby Hospital after a short illness.

Graveside services were conducted Wednesday in St. Mary's Cemetery in Adrian.

From where I sit ... *by* Joe Marsh

An Apparent Reason

A week ago, Red Roberts' wife gave birth to a baby boy. Naturally, we went to the hospital to see the new arrival.

We found Red standing (and beaming) in front of the nursery window, saying things like "look—he's got my eyes," and "his chin is shaped exactly like the Missus," and "Yessir, that's my boy."

Just then a nurse whispered, "That *Johnson* baby is cute, isn't he Mr. Roberts? We'll bring yours out in a minute."

From where I sit, once in a while we all jump to conclusions without knowing the facts. For instance, some people are like that about my favorite beverage—beer. They're quick to say that tea or coffee go best at dinnertime . . . when the *fact* of the matter is it's simply a question of choice. Intolerance breeds on ignorance—and we ought to *know* before we "deliver" an opinion on anything.

RECREATION NEWS

Tim Sisson's bases-loaded triple broke up a wild, thrill-packed play-off game here last Saturday, as the Products Union team captured the Tecumseh Pony League title with a 17 to 16 win over the Eagles.

Sisson's hit, his third of the game, came with two out and his team trailing by two runs.

After seeing a 12 to 2 lead vanish in the sixth and seventh innings, the Products found themselves in the short end of a 16 to 13 score going into the last of the seventh.

With one out, Green walked, Williams struck out, Baughy was hit with a pitch and Hebb got life when his infield bounder was booted, loading the bases.

Dave Brooks then walked forcing in one run setting the stage for Sisson.

Champanois collected a homer for the losers while Clyde Locker picked up three singles and a walk.

Locker and Posky shared the pitching chores for the Eagles while Risner and Brooks were on the mound for the winners.

A great deal of interest followed this play-off series as the Locker family battled for the Pony League flag.

The final game was a bitter pill for Mrs. Locker to swallow as her "come from behind" team had the title all but won only to see it slip away in dramatic fashion.

However, if you can't win yourself the next best thing is to have the honors stay in the family and the Lockers have that.

Score By Innings

	1	2	3	4	5	6	7
Products	3	4	5	0	0	1	4
Eagles	0	1	1	0	5	3	6

Batteries: Risner, Brooks and Brooks, Green, Locker, Posky and Collier.

Sharron Writes from Germany

Editor's Note—Sharron Muhn is now on tour with the Michigan Chorale. Her trip was made possible partially through the efforts and contributions of interested Tecumseh citizens. Her latest report on her activities follows.

By SHARRON MUHN

BERLIN, Germany — How hard it is to find a few minutes to call my own! My busy schedule, seasoned with procrastination, impairs my efficiency in keeping up to date in my diary and letter wrting.

I have been in many famous places, which, of course, are thrilling.

I can hardly believe that I should be strolling past Buckingham Palace or viewing the Eiffel Tower. However, there is nothing for me to tell of the places that you have not heard before.

In my of my experiences, the most interesting feature is the people.

At Royal Tunbridge Well, my family was quite wealthy and the house and surrounding gardens were magnificient.

Our two days spent there were laden with a busy schedule which left little time for me to be with Mr. and Mrs. Eddy and their two sons. The time we spent together was pleasant, but more formal than I am accustomed to.

Attempting to get all of London into our two free days proved to be fun, but tiring indeed.

☆

WE CALLED the dormitories of London University home, but spent only a small portion of time there for fear of missing some of the sights. A group of my friends and I became confused on the subways and managed to see the entire underside of London for five pence.

Our first experience with a foreign language came in Stolberg, Germay. With some of the chorale members speaking German and several of our German friends speaking English, we had little difficulty in expressing ourselves.

We found that a group of young people can have a tremendous amount of fun even with a language barrier.

I hardly gave Paris a fair chance to exhibit its best side during our four days there.

Our hotels were in one of the worst sections and we were without many conveniences. Our sightseeing was done on organized tours which were interesting and made it possible to see more than we could alone.

Many of our members had already been ill with the flu when it finally caught up with me and made me stay in bed for our last two days in France.

Thus my Paris adventures were limited.

☆

WE FOUND it refreshing to go to Holland where everything is so spotless and beautiful.

As we made our way to Amsterdam, we were greeted by a most beautiful sunset, and at our hotel we were welcomed with open arms and set down to a delicious meal.

The genuinely friendly atmosphere in the Hotel Fleissig made us feel completely at home.

Once again we became too attached to our new friends and it was hard to say goodbye as we boarded the train bound for Berlin.

Having to walk through a heavy rainstorm to the railroad station, we started our day's travel rather soggy and uncomfortable.

Even with the bad start we dried off quickly and the day went surprisingly fast.

☆

OUR BERLIN families were eagerly waiting for us when we arrived at 9:15 p.m. I'm staying with a young couple who have a five-year-old boy. Since they can speak no English and I know only a very few German words, it is confusing, but also fun.

We're all becoming accomplished at charades and we manage to somehow express our ideas.

I've discovered just how much a simple smile can say.

This brings you up to date on my activities and I certainly won't neglect you so long with my next batch of news.

May God be with each of you.

POLICE BLOTTER

Glidden Wallen of S. Louis Road ,Manchester was arrested Friday on reckless driving charges. He was fined $50 and $4.90 costs.

Drunken and disorderly conduct charges against Harry Marsh of Ottawa Street resulted in a $25 fine and $4.90 costs.

Two girls from the State Vocational School in Adrian were picked up and returned to school authorities last Saturday. They were Diannie Seman and Rose Poffenbarger.

No summons were issued last Wednesday when Daniel E. Rood, 1004 River Acres Drive, backed out of his drive hitting the car of Alda Pickard, 1007 River Acres Drive.

Teen Dance

There will be a dance at 9 p.m. Thursday at the Teen Club. Drop around and bring a variety of records with you.

Sunny Rays 4-H

Ridgeway Sunny Rays 4-H club summer Achievement program will be held Saturday, August 15, at 7:30 p.m. The meeting will be held at the home of Robert Van Vleet on Monroe Road.

Summer projects exhibit plans will be completed for the exhibits at the Lenawee County Fair.

2 Weeks at Sea

Vic Palpant left Saturday morning for a two-week stint of active sea duty on the Great Lakes with the naval reserve.

"THE UNION OF AVARICE AND AUDACITY PRODUCES A TOTAL DISREGARD OF DECENCY"

There are many wonderful drugs that accomplish seeming miracles, but, to use them safely they must be taken as prescribed by a physician.

Do not believe all the claims made by certain avariqious firms who have the audacity to advise you to attempt unwise selftreatment when you are sick. Do not let door-to-door peddlers, high pressure television or mail order advertisers overpower your judgement. The best advice you can follow about what medicine you should take is your physician's. He can prescribe the proper medicine because he can diagnose the cause of sickness.

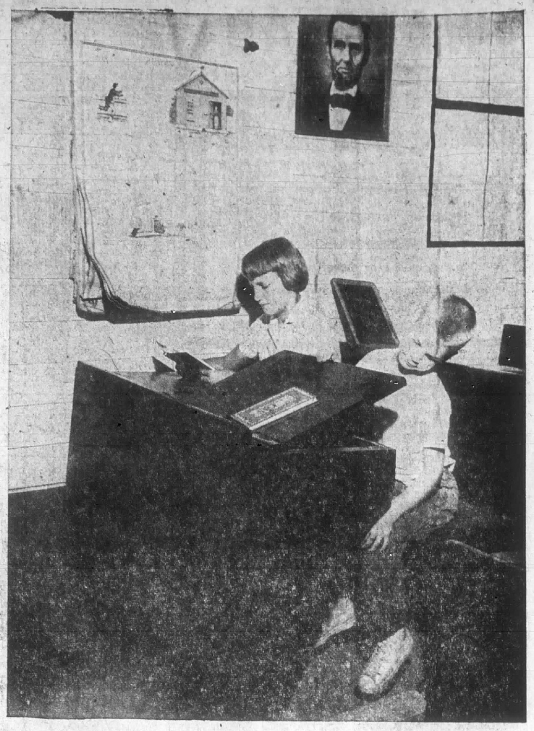
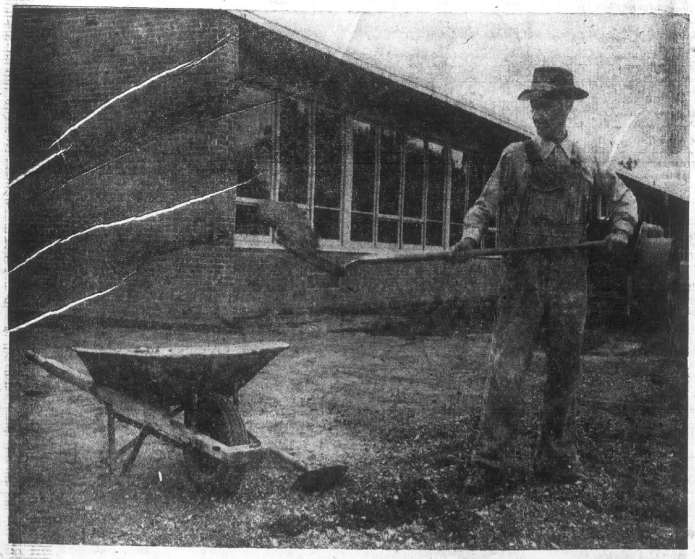
It's Fair Time Again

County Fair time arrives early this year — in fact, the annual event opens Sunday afternoon. It will continue each day and evening through Saturday. One of the interesting exhibits will be an old-fashioned, one-room school. It's 100% authentic, right down to the McGuffy readers on the teacher's desk. Two Tecumseh youngsters got a sneak preview last week and approved. Emily and Guy Manwaring, children of Mr. and Mrs. Vern Manwaring, tried out the student desks (see picture at right) and then Emily played instructor, scolding her little brother for being "dunced." The school room is bound to bring a lump to the throat of oldsters who see it, just as their teachers likely raised a lump on their knuckles in a similar setting 40 or 50 years before. Everything in the exhibit was furnished by Milton Porter, county superintendent of schools. Next to the old-time layout is a 1959 classroom. The difference is startling. Be sure to see them both when you visit the Fair.





CITY EMPLOYEE TAYLOR TURNER PREPARING A PORTION OF PLAYGROUND AT PATTERSON SCHOOL WHICH WAS HARD-TOPPED THIS WEEK. AREA IS ABOUT 120x120 WILL BE IDEAL FOR PLAY IN WET WEATHER.

TOM WALTERS WAS A MITE PUZZLED LAST WEEK WHEN HE FOUND THE FAMILY BOAT, USUALLY ABOUT 30 FEET FROM THE RED MILL POND SHORE, HIGH AND DRY. TOM DIDN'T DO ANY BOATING THAT DAY. BY MID-WEEK, AFTER DAM HAD BEEN REPAIRED, THE POND WAS FILLING UP AGAIN. IT SHOULD BE BACK TO NORMAL DEPTH, 15 FEET IN PLACES, NEXT WEEK.

Blacktop; Boats High and Dry

REALLY LOOKS NICE — Driveways and parking area at Bud's A&W Drive-In, west of the city on M-52, have been completely paved with asphalt — nearly 26,000 square feet. Curbs and stall painting completed the job. Forty-three spaces are now marked. The job cost $3,000. Mr. and Mrs. Bud Ruettinger have been operating their drive-in here for just a little more than a year. During peak hours, they employ 17 car hops and kitchen help. Open from early spring until late fall, the business is in operation seven days a week, 11 a.m. to midnights, Sunday through Thursday, and from 11 until 1 a.m. on Fridays and Saturdays.

Warning to Teenage Girls

We won't argue the fact that you might want to change the color of your hair from brown to light blonde but is it worth the dangers involved when you resort to home-made bleaches?

Various concoctions — such as laundry bleaches — that lighten and brighten clothing, do not have the same effect on human hair. If they're used, the result is scalp burn, loss of hair and, in some cases, total baldness.

A local physician stated: "Very severe skin reactions will result from applying these liquids."

When trying to improve upon nature, it is best to seek those whose profession it is to beautify or purchase cosmetics that are labeled as safe by the U.S. Food and Drug Agency.

Chorale Concert Is Sept. 13

One Hundred teen-age singers, who comprise the Michigan Chorale, will give a concert in Hill Auditorium in Ann Arbor at 3 p.m. Sunday, Sept. 13.

The concert will be under the auspicies of the University Musical Society of the University of Michigan in cooperation with the Michigan Council of Churches, sponsor of the singing group that spent the summer touring Europe.

Sharron Muhn, of Tecumseh, is one of the singers.

Conducted by Lester McCoy, of the UMS, the chorale began its overseas itinerary June 24. First stop was northern Ireland. This was followed by a trip to England. Then there were concerts in Stolberg, Germany, and Paris —where the group performed in the American Cathedral—and in Amsterdam.

Although the trip now is at mid-tour, the chorale will continue to interpret world understanding through music by presenting programs in Germany, Sweden and Finland.

The Michigan Chorale will return to the U.S. about Sept. 1.

This teen-age exchange program involves over 500 American youths, who travel six to eight weeks while visiting many countries that have host families. In turn, youths from those countries come to America.

Forty communities in southern Michigan are represented in the chorale. The concert Sept. 13 will be the group's only post-European performance.

Tickets—75 cents, main floor, and 50 cents, balcony—are now available at the University Musical Society's office in Burton Tower, Ann Arbor. They will be sold at the Hill Auditorium box office on the day of the concert.

Fund Drive Started

Funds are being collected for the rest of August in Lenawee County to pay $13,000 owed the University of Michigan Medical Center for the care of polio patients.

Don't Just Paint Your Masonry— ROX IT!

Rox is an inorganic, cement base, all purpose masonry coating specially compounded to keep water out. Rox will outlast any other product because it far exceeds acceptable standards of quality set by independent testing laboratories for masonry coatings. Available in 6 decorator colors.

Accept no substitute—there isn't any.

EXTERIOR CEMENT BLOCK WALLS: Insulates, beautifies and protects.

FLOORS (Before laying tile): Keeps moisture from loosening tile.

DRIVEWAYS AND WALKS: Beautifies and individualizes.

SWIMMING POOLS: Long lasting protection of walls and bottom. Cuts maintenance costs . . . becomes harder than the surface itself.

OUTSIDE FOUNDATIONS: Cuts heating costs by keeping out water which conducts heat . . . becomes part of the surface to which it is applied.

BASEMENTS: Waterproofs from the inside—a must before panelling.

GUARANTEED TO KEEP WATER OUT AND NOT BLISTER OR PEEL.

NO LEAKAGE IN TOUGH 24 HOUR TEST

After a test conducted for the U. S. Government, an independent research agency reported: "The cinder block wall coated with Rox Cement Paint in the warehouse showed no signs of leakage whatsoever, either from the front or back face, after 24 hours' exposure to simulated 50 or 60-mile-an-hour wind driven rain."

TALL ROW TO HOE—Nilwen Bishop of 6328 Ridge Road displays his bumper crop to his son Charles and agriculture teacher Paul Burns.

Mr. Bishop is one of the Tecumseh area farmers who has entered the adult farmers corn growing contest this year. The contest is open to all farmers who attend over 50 percent of the night school classes the previous year.

The practices used on his one acre contest plot include plowing, disking, spike toothing, and planting. Mr. Bishop used Genetic Giant number ten seed corn and set his planter for nine and one-half inch spacing in the row. He applied 600 lbs. three, eleven, eleven fertilizer and 80 libs. actual nitrogen. He cultivated his corn twice for weed control.

On July fourth the corn was six feet tall, and at the time of the above picture, August 4, the corn was eleven and one-half feet high. Mr. Bishop has 180 acres of corn this year.

Paul Burns local agriculture teacher says there is much interest in the contest again this year. There are seventeen farmers in the contest who are trying to beat last year's winner. The high yield of 148 shelled bushels per acre in last year's contest was achieved by Phil Young.

NOTICE OF SALE

$150,000.00

Tecumseh Public Schools, District No. 11

County of Lenawee, Michigan

NOTES

Sealed bids for the purchase of tax anticipation notes of Tecumseh Public Schools, District No. 11, Lenawee County, Michigan, of the par value of $150,000.00 will be received by the undersigned at Board of Education Office, Tecumseh, Michigan until 8 o'clock p.m., Eastern Standard Time, on the 24th day of Aug., 1959, at which time and place they will be publicly opened and read.

The notes will be dated September 1, 1959, will mature March 1, 1960 and will bear interest at a rate or rates not exceeding 3% per annum. Both principal and interest will be payable at the United Savings Bank of Tecumseh, Michigan. Denominations and form of notes to be at the option of the purchaser. Accrued interest to date of delivery of such notes must be paid by the purchaser at the time of delivery.

Said note or notes shall be subject to redemption prior to maturity in inverse numerical order at par and accrued interest on the first day of any month prior to maturity thereof, upon fifteen (15) days' notice served upon the holder or holders thereof, or published in a newspaper or publication circulated in the State of Michigan, which carries as a part of its regular servce notices of the sale of municipal bonds.

For the purpose of awarding the notes the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the notes from Sept. 1, 1959 to their maturity and deducting therefrom any premium. The notes will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the Tecumseh Public Schools, District No. 11. No proposal for the purchase of less than all of the notes or at a price less than their par value will be considered.

The loan is in anticipation of the operating tax due and payable December 1, 1959.

Envelopes containing the bids should be plainly marked "Proposal for Notes."

A certified or cashier's check in the amount of 2% of the par value of the notes, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of Tecumseh Public Schools, District No. 11 must accompany each bid as a guarantee of good faith on the part of the bidder. Checks of unsuccessful bidders will be promptly returned.

Bids shall be conditioned upon the unqualified opinion of the purchaser's attorney approving the legality of the notes, to be secured at the purchaser's expense. The purchaser shall furnish notes ready for execution at his expense. Notes will be delivered at Board of Education Office, Tecumseh, Michigan.

The right is reserved to reject any and all bids.

You Can 'Visit A Small Planet'

Notice to summer stock enthusiasts who are Martians or outer-planetary visitors: a universal production starting at Clark Lake Players are presenting a universal production starting at 8:30 Thursday, Aug. 13.

It is "Visit to a Small Planet," running for two weekends at Clark Lake Playhouse, situated on the north shore of Clark Lake. Curtain time is 8:30 p.m.

"Tippecanoe and Tyler, too," shouts the visitor from another planet who drops in on earth to do a bit of sight-seeing and to see or start a war.

Margaret Harris Left Last Week for California

Margaret Harris left with Mr. and Mrs. Kenneth Rutherford and family Friday for San Diego, Cal. She will work as a nurses aide in the Villa View General Hospital there beginning Sept. 1.

The Rutherfords are visiting her sister and family, and their son, David, who has been staying there this summer. David will enter Los Angeles City College in the fall.

Jaycees Had Fun

The Jaycee's had a potluck picnic last Thursday night at Patterson Park.

Over 80 Jaycee's and their families attended the picnic. The enthusiastic children were entertained with pony rides until dark. A marshmallow roast rounded out the program.

Monument of Christ Is Erected

The inter-planetary traveling salesman is named Kreton, whose hobby is studying the Civil War. But poor Kreton miscalculates the time—and the century. He is enchanted by playthings made for war in the 20th century, however.

Directed by Wm. J. McAnallen, the play is the fifth production of the season at the playhouse.

A marble statue of Christ delivering the Sermon on the Mount was erected Friday at the Lenawee Hills cemetery west on M-50 at Billington's Corners.

Costing more than $3,000, and standing 10-feet high, it was sculptured in Italy by a New York artist especially for the local cemetery.

The monument is one of several improvements planned by the new owners, Bob Anderson of Devil's Lake and Marvin Snyder of Lake Fenton, near Flint.

In the Catholic section of the cemetery, they will erect a large marble Bible, opened to the Lord's prayer.

Next spring, they plan to build a small chapel.

Lenawee Hills here is a branch of the Adrian cemetery of the same name. The local burial grounds were opened in 1956. At present, 12 acres of the 45 in the cemetery have been developed.

There are now 1,700 four-place lots in it.

Bowlers Meet Friday

The Ladies Country Club Bowling League will meet Friday, Aug. 14, at 2 p.m. at the Club. All who are interested please attend.

If unable to attend, call Mrs. Ned Rosecrans, Mrs. George McCombs or Mrs. Frank Reinhardt.

'The Year The Grandstand Fell'

EDITOR'S NOTE — While looking at columns written by Clara Waldron a former Herald, social news writer, we found one about "the year the grandstand fell" at the county fair. Here is her story.

By CLARA WALDRON

For as long as men have grown things from the soil and taken pride in what they grew, autumn has been "Fair" time.

Early times—there was often sale as well as show and nearly always some form of the mountebank and the "shell game," added entertainment and a bit of hazard to the prize squash and the fat stock.

For the true native of Lenawee, of course, there is only one fair. Some elderly citizens of the county have not missed a Lenawee County Fair since they could walk.

It is a happy part of the childhood of many more. But to the fair-goers of a generation ago, the picture was darkened by "the year the grandstand fell."

☆

THAT WAS the worst disaster ever to happen in Lenawee, before or since, and it took place on Thursday of fair week in 1879, 80 years ago.

The fair, at that time, was held on the "old fairgrounds" called Lawrence Park in Adrian just west of the river and north of west Maumee St., not far from the present armory.

Twenty-three people were killed and hundreds crippled and injured in a space of a few minutes.

A local Adrian paper gave the following eye witness account:

"At ten minutes to three o'clock yesterday, just after the class of double teams had completed their mile around the track (this must have been the judging of 'gentlemen's driving horses,' not a race), while the grandstand was crowded with people and the band was just beginning to play, the center of the grandstand fell down.

☆

"IMMEDIATELY following, the whole front fell forward onto the track and the rear part fell backwards into the river.

"At once ensued of indescribable confusion.

"Buggies were overturned, horses dashed frantically up the track into the masses of people who were rushing towards the 'disaster.'

"The writer fails to mention the fact that the roof, falling onto the seats below, caused most of the casualties."

It is not difficult to picture the horrors of the scene. But it is almost impossible for us to imagine how rescue work could have been accomplished without ambulances, without a hospital, without modern machinery to lift the timbers and, most of all, without telephones to summon aid.

☆

AN ANN ARBOR doctor was called by railroad telegraph. Wagons and teams carried the injured to houses in the neighborhood and to the opera house where they were cared for by the doctors available and the "practical nurses" of the day who were accustomed to dealing with all emergencies.

Stories of heroism and hair-breath escapes were legion.

The writer's own mother crawled through a crevice to safety, minus part of a new dress. An aunt who wore her hair in long braids had one cut in two between timbers.

But unhappy as were the memories of 1879, they do not seem to have retarded the growth of the fair, which in one form or another had even then been a going concern for more than 25 years.

Probably there is a basis for the 82 years now given as its age, but that certainly does not tell the whole story.

☆

THERE WERE local "agricultural expositions" in Tecumseh before 1850. As early as 1853, Benjamin Baxter, editor of the Herald, mentions a Lenawee County Agricultural Society (the name of the present Fair Board) and in 1854 it was announced.

"The Lenawee County Fair is this year being holden in the village of Hudson."

Evidently for some years it was held in different towns of the county and then in June, 1865, we are told:

"Thirty acres of land have been purchased in Adrian for a State Fair Grounds. They are on the west side of the river, northwest of A. J. Dean's."

This was, of course, the old fairgrounds and here it must have started out as a state wide project and been reorganized later under the present setup.

Some time in the early 1890's the present site was purchased, where it has been ever since.

So, in one form or another and in spite of the 1879 disaster, the people of Lenawee have had a fair for more than a century.

Douglas Hooton Gets GMI Degree

John F. Gordon, president of General Motors, delivered the commencement address Aug. 7 at the General Motors Institute in Flint. He was introduced by James E. Goodman, GM vice-president and chairman of the Board of Regents.

Degrees were granted to 406 graduates. Douglas Gale Hooton, of 110 S. Division, received his four-year engineering diploma.

GMI is an engineering college that provides GM with 25% of its engineers. High school graduates are selected by GM plants for appointment to cooperative programs in mechanical or industrial engineering. Students alternate between the classroom and the plant, ultimately completing a four-year program.

PLAYMATES NO MORE!

Last winter, in an article describing the antics of Little Red, it was noted that suddenly two red squirrels had been seen in the neighborhood; we went on to speculate about the fun it would be to have them raise their family nearby.

Well to make a long story short, they did and it was!

Actually we suspected there were little squirrels around sometime before we really saw them. A streaking flash of something here, an unusual motion in a clump of leaves there and, of course, the almost sure sign, the tip end of a small branch bending and bobbing under the weight of something unseen.

(This summer the leaf curtain of green is pulled so tightly that often we can only guess at what is going on and it is most frustrating to think of all the tree-top activity we are missing.)

☆

BUT FINALLY, as the mulberries were ripening, the little squirrels 'came out'.

There were two of them—about half grown, they were, in miniature, exact replicas of their parents. They were so cute and oh, how they loved the mulberries. Squirrels, of course, and especially Red Squirrels, are usually the latest word in graceful fleetness; the young Little Red were, however, quite new to their world of trees and they progressed accordingly.

A bit awkward and a little cautious. As they tip-toed out to the very end of the pencil-thin branches, their eagerness to get the highly prized fruit posed quite a problem — that berry looks good but my, this branch is so wiggly and wabbly'.

Usually the appetite won out and with exaggerated carefulness, the little squirrel slowly inched his way along. Fortunately there were no bad falls and by the end of berry season it was amazing what progress in tree scrambling had been made.

Mother Nature originated the 'educational toy' and even as the youngsters played, they were practicing and perfecting the skills that would stand them in good stead in adult life.

☆

THE LOVELY big sprawling elm tree in Doctor Marsh's yard was their first playground. They ran and jumped, scurried and scampered; up and down they went and around and around.

We only had glimpse of them as they ran their races and played their games of tag but it was most apparent that they were playmates having the best of times together.

As they grew older and bigger their play area increased. From the elm and mulberry tree they could come into our big walnut or go straight north into the soft maple which we often call the 'wren tree'.

From this they gained access to a whole new world of tree tops—on both sides the creek is lined with trees and once they started reaming, there was almost no limit as to how far they could go.

Happily for us, they seemed to confine their explorations to the neighborhood and from our back porch we watched many of the exciting treaks.

☆

LATELY, ALTHOUGH there is still much running and chasing, the old feeling of all-out-for-pleasure is missing. The squirrels have apparently divided up the territory, one taking the 'wren tree' and everything south, the other rules all trees north.

The big elm, which stands on the creek bank just a few feet from the north-west corner of our porch, is apparently the dividing line and it has become a sort of no-man's-land.

Although trying to be very grown up now, the squirrels still indulge in some kiddish pranks.

Mr. South will creep into his former playmate's territory—serious, yes but still there is a hint of teasing to his stealth.

Suddenly, the intruder is discovered and with a loud burst of Red Squirrel noise, the chase is on.

☆

AT A break-neck pace and with jumps daring enough to do credit to any squirrel, the invader is driven off.

In all seriousness the route continues until the squirrels get into the boundary tree. There Mr. North sits and watches, making sure the other Little Red doesn't turn and come back.

The next reconnaissance into enemy territory will probably be made by Mr. North.

The process is just the same, apparently the squirrels are testing each other, they like to see how far the other one will let them go.

So it is, that in a sense, the squirrels are still playing games. There is a seriousness about them now however, and although not mortal enemies, they are certainly not happy carefree playmates anymore.

"How can I save on my '59 income tax?"

One obvious way: Take all allowable deductions. But were you able to recall all your deductible expenses at tax time this year? Would you be able to prove all your claims? The best way we know to have complete records and receipts is to deposit all earnings and income in a checking account; pay all bills by check. What neater, simpler records than checkbook stubs? And cancelled checks are automatically-returned receipts. Be in a position to really save money at tax time next year: Open a checking account with us now—and make fullest use of it.

County United Goal Is Lacking About $78,000

Officials of the Lenawee County United Fund are in a quandary — preliminary requests for operating expenses for the 1960 fiscal year are about $78,000 short of this year's campaign goal.

Community service agencies want about $195,000 in comparison to the potential fund of $117,000, according to the board of directors of the county fund.

One reason for the apparent deficit is the loss of Tecumseh as an affiliate o fthe county fund. Members of Tecumseh's Community Chest board voted March 18 to become a separate agency.

Funds collected locally last year amounted to $59,080. This figure represented over one-third of the total of $173,548 raised in the county. In return, Tecumseh only got $5,000 for local service agencies.

☆

NOW THE local group can raise the necessary monies for local charities and the proposed civic center project, as a member of the county fund, there was no provision to set aside money for capital improvements.

But a gift of between $5-10,000 will probably be provided for the county and state United Fund and donations made by out-of-town industrial employees through payroll deductions will still be forwarded to their local drives.

The latter has been a policy of the local board.

In a letter explaining the county's plight, President Howard White said:

"The Lenawee County United Fund, in its support of over 40 local, county, state and national community service agencies, is faced with a serious challenge that could severly curtail almost every community service program in our area.

☆

"BECAUSE OF the serious implications to the county fund and its members agencies if a severe campaign failure should be experienced this year, we are calling a meeting of representative contributors," Mr. White added.

He said the county fund directors and Mr. Maurice Stubnitz, general campaign chairman, hope to get the answers to important questions at a meeting that will be held at 8:30 p.m. Wednesday, Aug. 19, in the Consumers Power Building in Adrian.

"This is not a solicitation or campaign organization meeting," Mr. White declared.

"Special meeting invitations are being sent to citizens throughout the county to obtain their presence and opinions on what the county fund goal should approximate this fall."

About 50 frienrs and relatives surprised them on Sunday night. A potluck supper was served. Guests were present from Adrian, Hudson, Jackson, Ida, Liberty Center and Tipton.

√

Mrs. Helen Spencer was a guest of her daughter and family, Mr. and Mrs. William King in Columbiaville over the weekend.

√

Mr. and Mrs. Walter Reimer have moved to the Marguerite Luce apartment.

√

Mrs. Richard Platt and children, Bobbie and Susan, have returned home after spending a few days with her mother, Mrs. Helen Williams in Rockford, Michigan.

Mrs. Williams had spent the preceding week in the Platt home. Bobbie Platt was a recent guest of Dr. and Mrs. Thomas Platt and family in Anderson, Indiana.

√

Mr. and Mrs. Emil Weber, Jr. and family, of Manteno, Illinois, were weekend guests of Mr. and Mrs. Raymond Platt.

√

Mr. and Mrs. Glen Bice and family and Mr. and Mrs. Lonnie McMichael and family attended the Brown reunion held in Hudson Sunday. A potluck dinner was served to 50 members and guests at noon.

Mr. and Mrs. Leon Schulte were elected to fill the offices of president, secretary and treasurer for the next year.

A son was born to Mr. and Mrs. Clem LaFerriere in Bixby Hospital in Adrian on Friday, August 7.

√

Mrs. Harvey Johnson and son, Brian Keane, returned home Thursday from Bixby Hospital in Adrian. P.F.C. Harvey Johnson is on a 20-day leave from Aberdeen Proving Grounds, Aberdeen, Maryland.

√

Edwin Deis and daughter Joan and Mrs. Richard Rudd were in Detroit Tuesday.

√

Mr. and Mrs. Elmer Eberhardt, of Britton, and Mr. and Mrs. George Beal, of Milan, were supper guests Saturday evening of Mr. and Mrs. Lamont Simmons at their cottage on Wamplers Lake.

√

Mr. and Mrs. Grover Swarts and son, Kenneth, spent the weekend in Buffalo and Mt. Morris, New York.

√

Lt. J. G. Kenneth Swarts has returned home after serving 40-months in the Navy. He spent 15 months on the U.S.S. Intrepid and last year was stationed in Washington, D. C. He plans to return to the Consumer Power Company in Jackson where he was formerly employed.

√

The Ladies Aid Society will meet Aug. 25 instead of August 18 as previously announced. Mrs. Fay Luce will be hostess.

Relatives Visit Mrs. Vera Connor

Visitors from Oak Park, Illinois, Mrs. Fred Hendershot and daughter, Barbara, spent several days at the home of Mrs. Veva Connor.

They were in Detroit Monday. Miss Hendershot is book buyer for the Fair Store in Chicago.

Hold Picnic Sunday

The Macabees will hold its 28th annual picnic in Jackson this Sunday in Loomis Park situated in the 1300 block on E. Ganson in the 1300 block on E. Gaston St. on the east side of the city. There will be a program and prizes and the promise of no long speeches.

Tying Run Dies on Third Base

It was a little pop foul to the right side of home plate, caught by catcher Glenn Green, that ended the 2nd annual junior baseball All-Star game with the tying run on third.

The Red Squad, composed of players from the Union, Rotary and Jaycee teams, managed to snuff out a ninth inning rally by the Blue Squad, consisting of players from the Exchange, Hodges, and Kiwanis teams, and hang up a thrilling 6 to 5 win.

With Greg Allen retiring the first three batters in the first inning, the Red Squad came to bat and jumped off to a two run lead on one hit and two errors.

Jim Lawson led off and hit a slow grounder that Bob Miller fumbled, and Jim was on. A single by Mac Myer sent Lawson to second, and Jim promptly stole third.

☆

DAVE DZIACHAN then hit a grounder to Miller who threw Lawson out at the plate, with Myer moving to second and Dziachan at first.

Runners advanced to second and third on a pass ball.

Myer then scored on an infield out and Dziachan went to third. With Dave Tilton at the plate, Beamer uncorked a wild pitch and Dzichan scored the second run of the inning.

In the top of the second the Blue Squad got one of the runs back when with one out Larry Whelan doubled, went to third on an infield out, and scored on a wild pitch.

There were no serious scoring threats by either team until the Squad made a bid to tie the score.

Gordon Gibson reached first safely on Dzichans error and went to second on a pass ball.

☆

AFTER BOB Miller popped to Dziachan, Gibson reached third on an infield out, but was left stranded when Larry Whelan tapped one back to the pitcher Paul Snyder, and was thrown out at first.

The sixth inning saw the Red Squad move out in front by a 4 to 1 margin on three hits and an error. Paul Snyder led off with a single and moved to third on a pass ball and a throwing error.

After serving up a hit to Snyder, it looked as if Terry Morden was going to pitch his way out of the inning when he retired two batters in a row.

But with two out, Gary Peterson scored Snyder from third with a base hit. Peterson then went to third on Don Baird's double and scored on the throw to second.

After Jeff Robison was safe on an error, Dean Hebb lined to Ron Rentchler at short to end the inning.

☆

BEFORE THE Blue Squad could recover, the Red Squad dented the plate twice more in the seventh inning.

With two men out Paul Snyder walked and went to second on Bob Barth's single.

Glenn Green scored Snyder from second, with Barth going to third on the throw to the plate and Green moving down to second.

Dave Mueller was safe on Jeff Osborne's error and Barth crossed the plate with the second run of the inning.

With one out in the ninth the fireworks began. Bob Donahoe walked. Dennis Beemer batted for Clgir Maynard and singled Donahoe around to third, Beemer going to second on the throw in.

PHIL COLLIER promptly singled both runners home and the score then stood Red-6 Blue-3.

Jeff Osborne singled Collier to second and Randy Work hit a long drive to deep center for the second out, both runners holding.

Bob Baker singled Collier home with the fourth run, while Osborne moved to second on the hit and to third on the throw in.

At this point the Red Squad brought Dean Hebb in as relief of Gary Peterson.

Bob Miller batted for Terry Morden and was safe at first on a low throw by the stortstop, Peterson, with Osborne scoring the fifth run and Baker going to third.

With Larry Whelan batting for Ron Rentchler, Miller stole second. On the next pitch Larry popped to the catcher Glenn Green for the final out.

Greg Allen was the winning pitcher with Dennis Beemer was the loser.

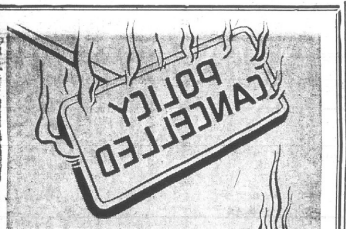
The hearing for both organizations was held in Jackson Aug. 29. Both groups were investigated the same day, May 23.



THAT BRAND LASTS A LONG TIME....

Some "low cost" companies writing auto insurance have the habit of cancelling a policy soon after their insured has an accident. This brands a driver as "unsafe" and makes it difficult to get insurance at regular rates in a good company.

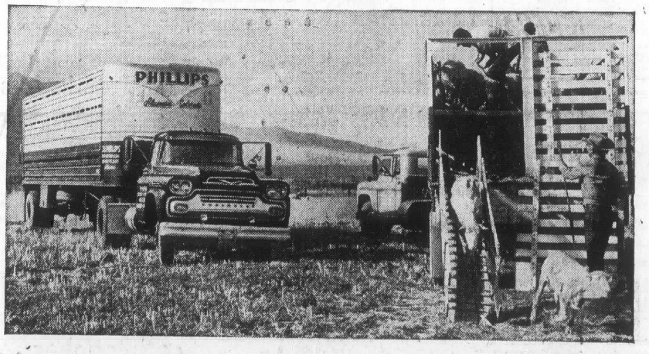
Two Chevy middleweights prove their rawhide stamina!



Top hands on high-country hauls!

'Ask any trucker who's been over Wolf Creek Pass, 10,850 feet up in the San Juans: a 9-mile pull to the summit and low gear all the way down. Mr. C. H. Phillips of Alamosa, Colorado, has a 6403 and a 6508 Chevrolet truck that are up over this route the year round, taking sheep and beef to pasture, later marketing the stock in Denver. In less than a year, his Chevy middleweights have averaged about 50,000 miles of this kind of treatment—and they're going stronger than ever!

Watch Chevy trucks at work out in range country. It's a sight to see the way they pack into high-up mountain pastures and handle through brush and rock like a cowman's favorite cutting horse. Take any truck work for that matter. Chevy middleweights probably handle a bigger variety of jobs than any trucks alive. About anything you name, including work that used to be reserved strictly for bigger rigs. When a truck's built the way a Chevy is, lean-muscled and rawhide-tough, it takes to ugly trails the same way most trucks roll over the highway. It just keeps going, without a big to-do, but looking good every mile of the way. How they do it is your Chevrolet dealer's department. He'll be glad to supply details and specifications on the type of models you need.

No job's too tough for a Chevrolet truck! CHEVROLET

'Special' Food Prices Aren't Always Marked

Warning: when grocery shopping, you should make certain the article you buy at a "special" price has been changed to reflect the lower advertised cost.

This is a suggestion for housewives from J. L. Littlefield, chief of the Michigan Department of Agriculture's foods and standards division.

One of the department's inspectors recently bought several items in a Jackson store. But he paid an average of 16% more for the four items than was advertised by signs and in the newspaper.

Later, the inspector learned that it was not the store's policy to remark prices on the containers of advertised specials. Reason: checkout clerks are expected to remember all special prices.

At his court hearing, the store's manager pleaded guilty to a false advertising charge and was ordered to pay a $25 fine and costs of $35 or serve 30 days in jail.

He paid the fine and court costs.

"How general this practice of charging the customer more than the advertised price has become throughout the state is not known," said chief Littlefield.

"But unless it is brought to a halt it could cost grocery shoppers many thousands of dollars."

He advised shoppers to report any instances where prices on containers of food are higher than advertised to his Lansing office.

Four Scouts Are Honored

Scouting honors were bestowed on Bob Glenn, David Dustin, Michael and Thomas Wilson Friday evening when they were inducted into the Order of the Arrow at Camp Kanasatake, honorary camping lodge near Brooklyn.

Bob and David were initiated as Ordeal Members and the Wilson brothers advanced to the Brotherhood of the Order.

Candidates are elected by members of their own troop to Camp Kanasatake.

Following the special rites Michael and Thomas left for a canoe trip down the Manistee River.

Mike Walters Finished 9th in Driving Rodeo

Mike Walter, son of Mr. and Mrs. Hugh Walter of 1013 Red Mill Drive, winner of the Tecumseh Jaycee Teen-Age Rodeo, attended the state finals in Midland, June 6th. He was accompanied by Mr. Malcolm Campbell.

Mike finished 9th out of 63 contestants. He scored 411 out of a possible 500 points.

"How about one of those wonder drugs?"

"I've got a cold," the man said, and he went on to ask for a "wonder drug." The pharmacist sold him some aspirin and advised him to see his physician. As it happened the aspirin fixed him up fine, but the point is this: Pharmacists are not physicians. We work with doctors, providing the drugs and medicines they prescribe. We have a professional knowledge of the powerful new "wonder drugs," so we know how important it is to use them correctly. Please do not feel offended when your pharmacist refuses to sell you a certain drug. It is for your protection and in the best interest of your good health. Always see your doctor when potent medication is required.

CHAMBER of COMMERCE

Murph Reports

By DON MURPHY
Executive Secretary

Progress is a must for any city—or business—that expects to stay competitive with the rest of the world in these fast moving times of ours.

Well, turn up the corners of your mouth and let the smile wrinkles show at your eyes 'cause Tecumseh has shown in the last twelve months a "definite trend toward progress" and from all indications expects to stay competitive.

Let me cite a few changes and advances that we who are living on top of the heap are apt to overlook:

The H. W. Tuttle Company, a new manufacturing concern for Tecumseh, has moved in and is under full time operation. The moving of the Tuttle Plant to Tecumseh was the result of combined efforts of many people and organizations.

This is one thing we have that is often overlooked, the fact that when help is needed from one or more persons or organizations to accomplish something that help is there.

☆

MADELINE K. Tuttle, president of the company, has expressed appreciation for both herself and the company, for treatment received prior to the move and since they have been in town.

This appreciation is well received and I would like, for the Chamber of Commerce, to say that we are happy to have the Tuttle industry with us and will work with the Company in any problems that they may have in the future.

Don Martin, owner of the Gamble Store, has purchased the Butler Building, present location of the Ford Agency, as the site for the future Gamble Store. When Mr. Martin has completed his plans and finished the remodeling of the building for his new store, it will be one of the nicest Gamble Stores in the state.

Don Smith, owner of Don's Grill, is working feverishly to complete his new restaurant for his big opening later this year.

The new restaurant will be located in what was formerly French's Market and from Don I got the information that "he will try to have the type restaurant that the people in Tecumseh want and need."

The new Kroger Store, located on W. Chicago Blvd., is celebrating its first anniversary in the new location, the week of August 10th thru the 15th.

☆

KROGER MOVED to its new facility one year ago so that it could better serve the needs of the people of Tecumseh.

The A&P Store located on N. Evans street has been in their new building less than a year and are very happy to say that they feel that the new facility gives more service to the public, and that they could not give the service required for a growing city like ours in the old location.

Mr. Simons, owner of the Ford agency, has purchased the corner of Chicago and Occidental and this is to be the site of the new Ford Sales. Mr. Simons feels that in the downtown location he could not have the adequate room for servicing the car buying public.

Van's Bakery, Des Ermia's Furniture Store, Helms Furniture Store, Cities Service Station, have added new fronts to their stores, and several of the business places have made their rear entrances more attractive and handy to our free off-street parking.

Country Market, located in the former Kroger location, has been in town only months and are really happy that they moved to Tecumseh. Parking facilities have been enlarged and improved and they promise service at its best.

Pickard Florist, now located in the Seneider Building, have also been here only months and they express their appreciation for the reception that Tecumseh has given them.

The corner of Chicago and and Evans is taking on a new look. The Savings Bank, in appreciation of what the people of the Tecumseh area have done for them, is making the old facility into a new modern bank of service the people and to give the corner a definite new look.

The surfacing, lighting and marking of the parking lot directly behind the Ford agency is a definite sign that the City of Tecumseh is interested in progress and are going to go along in making this progress possible.

These are only a few of the signs of progress in Tecumseh, but they definitely prove that we are in the ring with competition and mean to stay there.

Ben's Market Has Changes Owners

Ben's Market, 807 W. Chicago Blvd., has changed hands.

Ben Hammack Jr. and his mother closed the store for the last time Sunday night. His father, Ben Sr., who died in Sept., 1952, and his mother opened the grocery and meat market in 1941, moving from a small wood building.

Mrs. Ethel Hammack is now manager of the local branch of the Secretary of State's office situated in her home, 805 W. Chicago Blvd. Ben Jr's. plans for the future are indefinite.

New proprietors of the market are Melvin and Josephine Wegner, of Tecumseh. They will reopen the market soon and will continue to offer groceries and meats and other foods.

At the council meeting Aug. 3, transfer of the State Liquor Commission license and sale of the property was approved by council.

Tuesday Bowling League Planned

A Captain's meeting was held at the home of Mrs. Loren Forrester Wednesday to organize the Tuesday afternoon women's bowling league.

Any women who would like to bowl Tuesday afternoons may call Mrs. Forester at 796-J as soon as possible.

Another captain's meeting will be held Aug. 31 at the Airport Bowl.

HERE AND THERE

BY DON BAUERLE

"I'll meet you at the fair."

This is a line in the dialogue of the motion picture, "I'll Meet You in St. Louie," we are using it to make a point—the Lenawee County Fair will open its gates in three more days.

We understand that this year's fair will be bigger and better than in prior years. Reason: it is being held a month earlier than last year. Thus, M. R. (Mac) Mohr, the fair's secretary-manager, has had more time to book new and interesting attractions.

For example, there is "Crazy Otto," the zany piano player. Or the daring fellows who will drive the cars in the "Thrill Show." Or two grandstand acts — "The Mariners" and "The Harmonicats."

But what's a fair without horses, cows, and other animals. We always make it a point to see them at the fair—especially the young sheep or calfs. They put on their own show. Their legs wobble and they make funny faces at the crowd.

One thing you can't pass up at the fair is the chicken barbeque made by 4-H projects mothers. We have been told that the meal will quiet all hunger pains. Really, it's that good.

So, as the song goes, "We'll meet you at the fair."

ers. It will be Sunday from noon until 7 p.m.

DO YOU NOTICE that the streetlights up and down Chicago Blvd. and all over the city were burning brightly Tuesday afternoon about 1 p.m.?

We did, too.

It puzzled us. We couldn't figure out why they had been lit. Was a switch broken? Had someone pulled the wrong switch? Did the overcast sky have an effect on the city's lighting system?

To clear up these questions, we called city hall. We got the right answer from Cal Zorn, city engineer. He said the streetlights are turned on about once a month so city workers can find burned out lamp bulbs.

☆

THE PEDESTRIAN signal light at the intersection of Chicago Blvd. and Evans St. in downtown Tecumseh is very frustrating. We stood there Friday afternoon while the traffic was moving up and down Evans St. and then the light said "walk."

But about halfway across Chicago the light turned to "don't walk." That light isn't too fair to the pedestrian—it hardly gives one a chance to safety cross the street.

We're just wondering what can be done about it—if anything.

☆

HAVE YOU been bothered lately by high school students who have been selling magazine subscriptions?

Their sales pitch goes like this: "We are seniors . . . would you care to buy a subscription . . ."

We have been told that "these students" are encroaching on foreign territory. Reason: They are not students representing the senior class at Tecumseh High School. These solicitors live and go to school in Jackson.

Ladies Join Tour

Mrs. Robert Betz, Mrs. Elwyn Green from the Round the Block Extension club, Mrs. James Bennington and Mrs. Joe Studnicka from the Main Street Extension club, of Holloway, recently joined the Lenawee County Extension women on the Operation W tour.

The morning tour the group assembled at the Rome Grange where they were served dinner and later Save Rice showed pictures of Argentina.

Former Ministers Meet

Two former Methodist ministers, Rev. Horace James of Capac and Rev. Ronald Brunger of Marysville had a picnic reunion in Marysville Sunday with Mr. and Mrs. Walter Hizer and Allen.

The Hizer family visited first in Capac and both families attended Rev. Brunger's services Sunday.

Helen Jewell, Vicki Johnson and Judy Kempf returned Sunday evening by plane from California. The trio spent two weeks visiting various California cities.

YES SIR—David G. Crocker is one of 333 Second Lieutenants who completed an eight-month officers' basic course at Marine Corps school in Quantico, Va. A graduate of the University of Michigan, Mr. Crocker is the son of Mrs. Jean Mutard, 107 S. Adrian. His wife is the former Doris M. Haist, of Chelsea.

Keeney Farm Is Historical Site

John R. Keeney's farm in Franklin Township, just west of Tipton, has been designated a "centennial farm" by the Michigan Historical Commission.

Originally, the farm was owned by Polly Stacy, of Tecumseh. Then Mr. Keeney's grandparents, Mr. and Mrs. John W. Keeney, purchased the farm after migrating here from LeRoy, N.Y.

Mr. Keeney, 77, and his wife, Dorothy, live in the farm house built in 1862. Previously, a log cabin was located there.

Main crops on the 260-acre site are apples, peaches and cherries.

Although he has retired, Mr. Keeney said he is still interested in the operation of the farm now run by two sons, John and Frank. Mrs. Keeney added: "John lends his moral support whenever it is needed."

Hendershot Reunion Held Last Sunday

Clinton Park was the reunion site for the Hendershot family last Sunday.

Mr. and Mrs. Lloyd Hendershot from Muncie, Indiana, and Mr. and Mrs. McFarlan from Grosse Pointe were out-of-town families that attended.

Woolworth's Opening Store in Tecumseh

Woolworth's is coming to Tecumseh.

The national chain is opening a store here sometime late this year. It will be located in the present Ford sales and service building, splitting the floor space wth Gambles.

Don Martin, who purchased the structure from Charlie Butler six months ago, is moving from his current locale, just east of the Strand Theatre.

Each business will have an area 50 x 156 feet, all completely remodeled. Hard-topped parking for 120 cars is located north of the building.

Woolworth's layout will feature the latest in self-service counters and fixtures. Check-out areas will be located at entrances on Chicago Blvd. and Pearl St., near the rear of the store.

Its inventory will include a wide cross-section, much larger than is usually associated with the older stores.

A representative from the firm's Cleveland office told The Herald in a telephone interview Tuesday morning that the company has been improving and adding to its wearing apparel section and teen-age clothing.

He said there'll also be some casual furniture, complete lamp and shades department, wide selection of draperies, a green-growing section and a pet shop.

Completely air conditioned, Woolworth's will have a luncheonette with 15 stools.

Construction work is scheduled to begin early this fall. No opening date has been announced yet.

Long AND Short OF IT

By TOM RIORDAN

Credit Glenn Kohler with bringing Woolworth's to Tecumseh.

Glenn first approached Woolworth's in March at the chain's Cleveland office.

Officials of the company visited here in May, liked the community were impressed and surprised with the drawing-power of the shopping area.

Off-street parking facilities also caught their eyes.

Normally, Woolworth's doesn't come into a town this size, but Tecumseh offered so much, they decided on a store here.

Don Murphy of the Chamber of Commerce also cooperated to help after Glenn introduced him to the Woolworth's folks.

Of course, Don Martin, who is the landlord, was also in there pitching.

Congratulations, to Glenn and the two Dons.

A writer friend dropped in on his way through Tecumseh last week and we chatted about many things.

"How's the colonel?" I asked.

This brought a grin to his face and he filled me in on the latest exploits of pompous World War II army officer who never forgot his rank.

There's one yarn I'd like to tell about him.

Right after the war, the colonel landed a job in command of public relations at a large midwestern university.

Among the first things he did was have his name lettered on the door of his office—leading off, of course, with COLONEL.

One fine spring Saturday, with a variety of sports events to be covered, the colonel lined up his staff of student assistants, many of whom were enlisted men in the war and who had returned to finish college.

The colonel was reeling off orders, "Jones you cover the track meet; Smith, you take tennis; Brown, you cover golf and Bryant, you . . . say, son, where is your clipboard?"

Bryant was obviously not fully equipped.

The student had broken a long-standing order to carry a clipboard whenever reporting for the colonel.

This called for a reprimand.

So the colonel, swelling up his chest, thundered, "Son, do you know that I carried a clipboard half way across Europe?"

There was a deadly silence, then the youth said softly,

"I carried a rifle myself."

To me, this is ideal for the Saturday Evening Post's "Perfect Squelch" series and I asked my friend, who had told the story to me years and years ago, how come he never submitted it.

He smiled and said he wouldn't dare. The colonel's identity probably couldn't be hidden and they were long-time friends.

I'm sorely tempted to send it in myself.

There's a new booth at the Fair this year, devoted to the various weekly papers in the county.

Mac Mohr, Fair secretary, donated the space and Duane DeLoach, editor and publisher of The Blissfield Advance, did the organizational work and decorations.

Each paper sent along copies of the current editions and subscriptions blanks. The Herald added a set of enlargements of pictures which have appeared in our paper.

Look for the booth in the Merchants Building.

If things seem a little hectic in this issue—and next's week, too—please have patience.

Co-publisher Jim Lincoln is, at the moment you read this, dipping a line in some New Hampshire lake just loaded with fish.

Brutal Crackup Claims 2 Lives

Two Tecumseh men, victims of an auto accident Sunday morning, were buried Tuesday afternoon in Brookside Cemetery.

Their deaths seemed a strange twist of fate — two cars from this city hitting head-on at 3:30 a.m., on US-112, a dozen miles west of here.

One victim was from each car. Killed instantly were David Lee Vanderpool, 29, of 115 N. Union St. and William J. Watson, 35, of 109 Burt St.

John R. Ladd, 27, of 313 W. Logan St., riding with Vanderpool — State Police don't know which man was driving — is in serious condition in St. Joseph's Hospital in Ann Arbor.

His injuries include a punctured lung, broken ribs, possible skull facture and servere cuts about the arms.

Accompanying Watson was his wife, Virginia, 32, and two other couples, Mr. and Mrs. Don Gallant and Mr. and Mrs. Ralph Lutey, all of Adrian.

☆

THE WATSON car coming from Jackson ironically was heading for the restaurant at Cambridge Junction — the intersection of Rt. 112 and M-50 — the same place the Vanderpool car had just left moments before the fatal crash.

Mr. and Mrs. Watson were celebrating their 14th wedding anniversary and the Gallants their 15th Saturday night. Mr. Watson and Mr. Gallant were life-long friends, had attended Tecumseh High School together.

Mr. Lutey is an employee of Mr. Gallant's interior decorating service.

Because of Mr. Ladd's condition, there has been no report as where he and Mr. Vanderpool had been, except that restaurant personnel had said the pair stopped there to eat.

☆

MR. GALLANT told The Herald that the three men were seated in the front seat of the Watson car and their wives in the back. They had been in Jackson for the evening and were going to stop at Cambridge Junction to eat.

Mr. Gallant said that he and Mr. Lutey had slumped in their seats to take a nap. Mrs. Gallant was awake in the back seat. She told her husband that just before the crash Mr. Watson screamed, "Oh, my God."

State Police said the Watson car was in the wrong lane.

The two vehicles met with tremendous impact, demolishing both — Watson's 1956 Buick and Vanderpool's 1959 Oldsmobile.

The Buick spun around and

Kerby Heights Holds Weekend Opening

There will be a grand opening celebration from 1-8 p.m. Saturday and Sunday at Kerby Heights, Tecumseh's newest subdivision.

Situated on N. Union St., the area has been subdivided into 44 lots, all of different sizes that face curved streets.

Mr. Leland Kerby, of Morenci, the subdividor, said, "The main features of this development are the homes and the spacious lots."

He said the model home in Kerby Hieghts was smartly decorated by local businesses. "These experts contributed to the arrangement and design of the model home," he added.

A ranch home, the model has three bedrooms, full basement, forced air gas heat, built-in kitchen cabinets. It has been furnished by Des Ermia Furniture store in Tecumseh.

Six floor plans will be available for buyers, ranging from $12,900 to about $15,500.

Fund Budget Is $20,295

A budget of $20,295 was approved by the Tecumseh Community Chest at a board meeting Tuesday evening in the United Savings Bank.

This year, Tecumseh will operate its drive independently of the Lenawee County United Fund, of which it was a member last year.

The budget breaks down:

Tecumseh Scouts, recreation, charity, etc., $5,550.

Red Cross, $3,250.

Lenawee County Humane Society, $500.

Wolverine Boy Scout Council, $2,200.

Salvation Army, $1,500.

Huron Valley Child Guidance Center, $1,000.

Crosswell School for Retarded Children, $750.

Michigan United Fund (state and national charities), $3,945.

Administration expenses for drive, $600 (estimated).

The balance collected here will go into a building fund, which will erect a civic center in Tecumseh within the next three years.

Last year, Tecumseh industry and residental giving topped the $50,000 mark. Thus, if this could be matched again in 1959, nearly $30,000 would go towards the center.

The local fund has a bank balance of $16,000 at present.

Dog Fees Going Up

Tecumseh residents may have to pay a total of $5 in county and local dog license fees to keep the family pet out of the dog pound.

The county board of supervisors voted Aug. 12 to hike the expense for a county dog license. Now it will cost $2 for males and unsexed females and $4 for females.

Last year, the fee was $1 and $2 respectively.

In addition, the fee for kennels housing 10 or less dogs was increased from $7.50 to $10 although the fee for a kennel of 10 or more dogs remained at $15.

Meanwhile, the city is drawing up a new dog ordinance and it was read for the second time Monday night at the council meeting. On Sept. 8, council will adopt or reject the ordinance.

Licenses would be issued by the city for $1, regardless of the dogs breed or sex.

However, if the dog is six-months-old or is acquired after March 1, 1960, or the owner moves to the city after the time limit, the cost would then be $2.50 for males and unsexed females and $4 for females.

If a dog is confiscated by the city dog warden, it would be kept at the city-operated pound until the owner pays $1.50 for care and feeding and other expenses, if any.

No dog will leave the pound unless immunized against rabies and all dogs not claimed after 10 day—unless designated by the warden—will be destroyed.

Council Appoints Russell Cooper

Russell Cooper, of 115 Burt St., was appointed by the city council Monday night to fill the vacancy on the City Planning Commission

John Surratt resigned July 14 from the planning group. Nine members are required to sit on the commission.

Observe 50th Anniversary

Mr. and Mrs. Frank Kish, of 408 S. Adrian, will observe their 50th wedding anniversary, August 23. An open house will be held in their honor from 3-5 p.m. Sunday at the St. Elizabeth Auditorium.

Miss Mary Messarns and Mr. Frank Kish were both from Hungary. They met and were married in Powhatan, West Virginia.

They have 6 children and 12 grandchildren.

Eugene Kish, of Dundee, Joseph Kish, of Ridgeway, Frank Kish Jr. of Blissfield, Geza Kish and Mrs. John Casper of Tecumseh and Mrs. August Maska of Britton are arranging the open house.

A request has been made to omit gifts.

Grand Haven Girl Becomes Bride of James Stutesman

Ruth E. Benedict, of Grand Haven, and James L. Stutesman, of Tecumseh, exchanged marriage vows Aug. 15 in Grand Haven Gospel Hall.

Mr. Peter Pell, of Grand Rapids, officiated the ceremony.

The bride is the daughter of Mr. and Mrs. Homer W. Benedict, 1446 Pennoyer Ave., Grand Haven, Mich. The groom is the son of Mrs. Vadah Stutesman and the late Mr. Walter Stutesman, 113 S. Maumee, Tecumseh.

Those attending watched the bride walk down a white carpeted aisle toward an altar surrounded by palms and bouquets of white gladioli and pink asters silhouetted by candle-light.

She wore a gown of Duiponi silk with fitted bodice features and a sabina neckline trimmed with lace and studded with seed pearls and sequins. The full skirt flowed from a scalloped bodice waist into a chapel train.

The finger-tip veil of French Illusion flowed from a headpiece of bowed white velvet bible topped with pink sweetheart roses and streamers.

Ester Stutesman, sister of the groom, was maid of honor at the double ring ceremony. Her gown was blue organdy over taffeta

She wore a blue tulle headpiece. Her flowers were cascades of white daisies and pink sweetheart roses.

Mr. Philip Stutesman, brother of the groom, was best man.

The ushers were Mr. Edward Deinse, of Spring Lake, Mich. and Mr. Theodore Benedict, of Grand Haven. Both men are uncles of the bride.

The bride is a graduate of Grand Haven High School and Emmaus Bible School of Oak Park, Ill.

The groom is a graduate of Tecumseh high school and Emmaus Bible School. At present he is a senior at Eastern Michigan University in Ypsilanti.

After their honeymoon the couple will live in Ypsilanti.

Three Youths Get Probation

After pleading guilty Monday to a larceny charge, three Lenawee County youths were put on three years probation by Circuit Judge Rex Martin.

They are Arlis O. Spivey, 18, of Tecumseh, William G. Dunsmore, 19, and Harold E. Williams, 18, both of Clinton. They stole, an outboard motor owned by Arling Heavener, of Tecumseh, at Evans Lake.

Judge Martin ordered the offenders to pay a $100 fine each and court costs of $150.

You Told Us

BY DOROTHY GRIGG
Herald Society Editor

Traffic is heavier than usual on the road between Tecumseh and Adrian as the residents attend the county fair this week.

Held about a month earlier than in previous years, time away from school will not be a problem for student exhibitors in FFA and 4-H Clubs.

It may prove to be a boon, too, for busy mothers who are always so "wound up" with other activities once school starts.

A great many residents are vacationing.

Mr. and Mrs. Waylor Loar, of Blissfield, were entertained by Mr. and Mrs. Reginald Dixon, last Thursday. The Loar children, Kenneth, Roger, and Waylen, spent a refreshing day at the pit with the Dixon children.

Mr. and Mrs. Leo Bishop and Mr. and Mrs. Reginald Dixon will entertain Mr. and Mrs. John Dennis and family, who will be moving to Toledo shortly, with a steak roast Wednesday evening.

Pfc. Robert Marsh is home on leave from Camp Pendleton, Calif. After a 40-day leave he will be stationed at the Atomic Research Center at Lake Meads, Ariz.

Carol, Bobby, and Beth Moore, children of Robert D. Moore, 512 N. Pearl, will be at the YMCA camp at Grand Lake next week.

Mr. and Mrs. Donald Ketteman spent the weekend in Chicago. Among Chicago's attractions, they saw the "Music Man" and the All-Star game.

Sharon and Dick Ketteman spent the weekend in Toledo visiting their grandparents, Mr. and Mrs. T. H. Thompson.

Linda Easton is visiting her aunt and uncle, Mr. and Mrs. Orville Brown, in Kalamazoo.

Mrs. W. H. Smart is leaving Friday for a vacation in Winnipeg, Canada.

Mr. and Mrs. Dale Bowen are off for a vacation at Wamplers Lake with their daughter, Mrs. John Sisson and family.

Mr. and Mrs. Phillip Colgrove and daughters, Mary and Barbara recently visited Jane, who is counciling at a girl scout camp near Akron. Jane will be returning home August 22.

Mr. and Mrs. Kenneth Coch of Dearborn and Mr. and Mrs. Phillip Colgrove and daughters, Mary and Barbara, spent the weekend at Wamplers Lake.

Mr. and Mrs. W. J. O'Brien are visiting her parents, Mr. and Mrs. Claire Beland at Sand Lake. The O'Brien's will soon leave for a two week trip through the East. They will return to Tecumseh before going to their home in Richmond Heights, Missouri.

Mr. and Mrs. C. O. Bailey returned last week from a four-week vacation in the West. They saw Grand Canyon and Yosemite National Park and visited friends and relatives in Los Angeles, Santa Anna and Sacramanto.

Enroute to California, they stopped to see relatives in Illinois, Missouri and Kansas.

They were accompanied by Miss Rebecca Bailey, of Adrian, who remained in California.

Dr. and Mrs. Carlton Cook and family spent a weeks vacation at South Haven, Michigan.

The family enjoyed swimming, tennis and family cook-outs.

Pvt. John Barton is home on a 30-day leave from San Francisco. He is with military police in the Marine Corps.

John spent the week at the Hiawatha Club in the Upper Peninsula with his parents, Mr. and Mrs. Jim Barton.

Mr. and Mrs. James E. Hartsell are up at Townsend across the Straights. They are staying at the Ernie Maschino cottage.

Mrs. James McIlwain of Cincinati, Ohio, returned to Tecumseh with her daughter and family, Mr. and Mrs. Charles Dodson Jr. and Bruce, following a week's vacation.

Mrs. McIlwain will help the Dodsons who will move to Boston, Mass. early in September.

Mr. and Mrs. Gordon LaLonde and family, Mrs. Don Van Camp visited friends in Cedarville, Harrisburg, and Sault St. Marie last week.

Mrs. Harold Naser returned Sunday from a ten day visit in Chautauqua, New York and Pittsburgh. Her nephew Howard Naser, Jr. and Mary Ellen Barnes, of Tarentum, Pa., returned with her for a week's visit.

Joan Downing, James Wood Are Wed

A candlelight ceremony at Congregational Christian Church in Raisin, Saturday evening united Joan Downing and James R. Wood Jr. The double ring ceremony was performed by Rev. Gustav O. Hanrevik.

The bride is the daughter of Charles C. Downing and the late Mrs. Downing. The bridegroom is the son of James B. Wood of Toledo, and the late Mrs. Wood.

Preceeding the wedding, musical selections were given by Peggy Jo Pocklington and soloist, John Witten.

For her wedding the bride wore a floor length white, silk organza over satin gown with short shirred sleeves, a wide scoop neckline trimmed with embroidered Alencon lace appliques.

The bouffant skirt was scalloped at the hemline, ending in a court train. Her fingertip veil fell from a lace chapel cap garlanded with small seed pearls.

The costume was fashioned by the bride and her sister, Mrs. Gerald Bordine

Attendants included Mrs. Jack Patterson, Beverly Rohrback, Linda Downing, Sue Smith and Mrs. Richard Dimond, as Matron of Honor. Floor length gowns of embroidered silk organza in pink were worn.

Best man was Ronald Croll, and seating the guests were James Arft, Cal Rohrback and Fred Deaner. Timothy Downing, nephew of the bride was ringbearer.

A reception for 350 guests was held at the United Products Hall.

Families Tour Upper Michigan

Four local families traveled through the Upper Peninsula last week and spent some time in Pentwater visiting Mr. and Mrs. George Green.

They were Mr. and Mrs. Harry Crosby and family, Mr. and Mrs. Frank Gray and family, Mr. and Mrs. Gerald Driscoll and family and Mr. and Mrs. Glenn Driscoll.

Reunion Held Sunday

The 54th Bryan-Sisson reunion was held Sunday at the home of Mr. and Mrs. Wallace Bryan with 41 relatives enjoying a picnic dinner.

Officers for the coming year are: President, Edward Matthews; Vice-president, Robert Bryan; Sec.-treasurer, Rhoebe Bryan.

A number of letters from relatives were read and an invitation was extended to attend a Bryan reunion next October at Oberlin, Kansas.

Club Holds Picnic

A picnic will be held at Wamplers Lake State park on Tuesday, Aug. 25 at 6:00 p.m., for the Twin Mothers Club and families. The picnic is potluck. Bring your own table service, beverages, meat, and a dish to pass.

Resumes Practice

Dr. Robert Bowers has returned home from St. Joseph Hospital in Ann Arbor where he underwent observation and tests.

He has resumed his regular office hours.

Gluckmann's Goal: Round the World Flight

By DON BAUERLE

Heading south for Mexico City, Peter Gluckmann, San Francisco's "Flying Watchmaker," will leave San Francisco Saturday on the initial leg of the first officially sanctioned flight around the world, a distance of 24,000 miles.

If he succeeds, Gluckmann will make aviation history. He would establish the speed mark for a global hop and the same for a light aircraft. Gluckmann uses a Meyers 200 which he has said "is the best airplane built."

Thus, Gluckmann has apparently cancelled his attempt to break the record of 7,683 miles for a non-stop flight in a light plane, now held by Max Conrad, of San Francisco. In June, Conrad flew from Casablanca, Africa, to Los Angeles in 58 hours, 38 minutes.

Conrad exceeded the record set last August by Capt. Pat Boling, of Palo Alto, Calif. Starting at Manila, Boling flew across the Pacific to Pendleton, Oregan, a flight of 6,856 miles.

☆

GLUCKMANN picked up his plane in Tecumseh last fall at the Meyers Aircraft Co., M-52 and Macon Rd. Gluckmann returned here in June so Al Meyers could install the "wet wings" he designed.

Each wing is an huge fuel tank that can hold 120 gallons of fuel. The wing span that is ordinarily 30 feet, six inches has been extended six feet and allows for more lift.

Gluckmann's plane will carry 480 gallons of fuel, 240 in the special wing tanks and an additional 240 in the extra fuel tanks grouped together in the cockpit.

Before he left for the west coast two months ago, Gluckmann told the Herald: "I don't think the public will be interested in my flight (his crack at Conrad's record).

"Conrad has already broken the record. I will just be making a repeat performance. I guess I will have to do something different.

"Maybe I will fly across Russia. I could start at Siberia and end at Alaska."

☆

IN A LETTER he wrote this week to Joe LeFevre, Meyers sales manager, Gluckmann said: "While the actual flight plan calls for 12 days, I will consider myself lucky if I can make it in 14.

"I will leave San Francisco Saturday and go to Mexico City. Other stops are San Juan, Puerto Rico; Santa Maria, Azores; Lisbon, Portugal; Cairo, Eygpt; Karachi, Pakistan; and New Delhi and Calcutta, India.

"From India I will go to Manila. Then I will head for the Phillipines, Tokyo, Honolulu and finally San Francisco.

"The plane appears perfect. I checked whatever I could, including the points, propellor and even the spinner.

"You should see all the junk I am packing. I am just wondering where to put the kitchen sink.

(The interior of his plane has been modified. There is only one seat in the cockpit. The other three were removed to allow the necessary space for the additional fuel tanks and other equipment.)

☆

"I AM SLIGHTLY worried about landing at Mexico City. While the runway is over 10,000 feet long, its elevation is about 7,000 feet. I will be about 600 pounds over gross weight (3,000 pounds.)

"But if everything goes according to plan, I will come back with two records."

Meyers Aircraft Co. is Michigan's only airplane manufacturer. The Model 200 was introduced last fall. Each plane is produced by hand, although a miniature assembly line is used.

Before and during World War II, Meyers assembled OTW two-seat military trainers. The OTW was cited for its excellence by the federal government.

Al Meyers, 50, president of the company, built his first plane in 1935 when he operated a flying school. He couldn't locate a plane to meet his qualifications, so he designed and made his own. He hopes to assemble 25 Model 200's this year.

Corn Ruined by Vandals

Crops are occasionally ruined by adverse weather conditions but Edsel Brooks, a young Tecumseh farmer, had an acre of corn he was raising for a contest destroyed last Thursday night by ruthless persons.

On Friday morning, Edsel found a half-mile section of his seven-acre field, situated on M-50 near Matthews Highway, torn by tire tracks.

"It hurt my chances in the corn-growing contest," he said. "My loss was about $100."

Edsel has no insurance to cover the loss.

Edsel said he plowed, disced, culta-packed, dragged and planted the crop. He cultivated it three times and side-dressed it twice. In addition, he spread weed control and 650-pounds of fertilizer over it.

A sophomore this fall at Tecumseh High School, Edsel, 15, is secretary of the local chapter of the Future Farmers of America.

TECUMSEH HERALD PHOTO

BROKEN-HEARTED BOY—Edsel Brooks kneels dejectedly in his corn field which was ruined by vandals last week. Edsel had been preparing for a corn-growing contest when someone drove a car in a figure-8 pattern through the crop. The loss amounted to $100 in money and a broken heart for a 15-year-old lad.

LONG & SHORT

(Continued from Page 1)

It's Jim's first two-week vacation since coming to Tecumseh and we know he's enjoying the time off.

Besides Jim being away, our two front-office gals, Mrs. Lyle Grigg and Mrs. Bob King, are also on vacation.

Fortunately, we've had some expert replacements up front in the personages of Mrs. Jim Lincoln, Mrs. Tom Riordan and Marcia Kunkle.

Of course, Mrs. Lincoln is in New England now and so Cherie and Marcia are doubling up on the chores.

☆

You'd be surprised how many mothers are awaiting next week's Sidewalk Carnival to do all their children's back-to-school buying.

From what I've heard, they wouldn't be at all disappointed. Besides the eyebrow-raising prices, it will be a world of fun.

Named Top Salesman

Robert W. Wallace, of Britton, has been named one of Mutual of New York's sales leaders for the month of July. He placed fourth in policies sold in MONY's central region.

On a national scale, Mr. Wallace was the ninth ranking field underwriter. The company has more than 3,500 underwriters. About 900 are in the central region.

Rummage Sale Set

Boy Scout Troop 23 of Britton is holding a rummage sale Friday, Aug. 28, in the Britton implement showroom.

A surprise 10th birthday party was given last week at Wamplers Lake for Sharie Osburn, daughter of Mr. and Mrs. Jack Osburn. Fifteen friends gathered for a swim party followed by birthday cake and ice cream.

POLICE BLOTTER

George Anderson, a vagrant from Wisconsin, was held overnight August 11 in Tecumseh jail and ordered to leave town the following day.

Keith Hopkins, 1004 Sunset Drive, Tecumseh was arrested August 13 on charges of being drunk and disorderly. He was fined $25, $4.30 costs.

Reckless driving charges brought a $75 fine and $4.90 costs to Don Deniston of Tecumseh. Deniston reported he was passing a car which crowded him off to the left side of the road resulting in his hitting a pole. A passenger, Herman Schmidt of 208 W. Cummins was admitted to Herrick hospital with a broken leg, bruises and facial cuts.

Coy Palmer of 504 W. Logan was the driver of a car that collided with one driven by Roy Carr of Adrian last Saturday morning. Police stated no improper driving was indicated.

Last Saturday Louis Corbin of Adrian was stopped on W. Chicago Blvd. near Occidental to allow a car in front to make a right turn when he was hit from behind by a car driven by Arthur Hassenchal of Newport who was unable to stop because of wet pavement. No improper driving indicated. Frances Hassenchal was admitted to Herrick hospital for neck injuries.

Estelle Nichols was returned to girls training school in Adrian Monday.

Reckless driving charges were issued against Robert Rice of Manchester. He was fined $35, $4.30 costs or five days.

Ingwald Johnson, 33, of Tecumseh was recently fined in Adrian court $14.30 for failing to stop in the assured clear distance ahead.

Keith C. Hopkins, 45, was ordered to pay $25 and $4.30 costs or spend ten days in the county jail. He pleaded guilty before Justice Ernest Oliver to being drunk and disorderly.

Hopkins paid and was released.

He was arrested in Tecumseh Thursday by local police and booked at the county jail.

Annual Pool Show

All youngsters who took lessons this summer at the Joyce Andrews Memorial Pool will demonstrate their adeptness as swimmers next Friday, Aug. 28, at 7 p.m. at the annual swim show.

Besides the kids' exhibitions, there will be a life-saving demonstration and a water-ballet act. There is no admission charge for the program and the public is invited to attend the event.

Change Proposed

There will be a hearing on a proposed zoning change at the next council meeting Sept. 8.

After discussing a letter Aug. 11 regarding the McGehee Enterprises new laundry on W. Chicago, the City Planning Commission moved that the request was in violation of business A zoning.

The commission's recommendation: add this new classification to business A zoning, "launderette or laundromat within the meaning of a coin operated machine, with a poundage of 16 pounds."

Mr. A. McGehee, who appeared at the council meeting Monday night, said he wants to open his laundry in 30 days. Council pointed out that if there is no objection at the hearing, the laundry would be in operation on time.

Engagement Told

The Fair closes Saturday night with a big grandstand show.

CHAMBER of COMMERCE

Murph Reports

By DON MURPHY
Executive Secretary

"M" Day, the day that the Board of Directors of the Chamber of Commerce canvassed the city for renewal of membership in the Chamber proved very satisfactory.

The national average for membership "fall - out" is 5% but, as in the past, Tecumseh again proved that National Averages has nothing to do with it, and membership in the Chamber is no exception. Congratulations go to the board for the wonderful job they did on this drive.

Last weeks column listed many of the changes that have taken place in the past twelve months. Of course, it wouldn't be complete if all the improvements had been listed, so I missed a couple and I am sorry.

Omitted from the list were: Radio Station WABJ who have moved to their new location on W. Chicago Blvd., next to the Strand Theater and the new building being constructed on S. Occidental to house the expanded facilities of the Tecumseh Woodworking Plant.

☆

THE TECUMSEH Boosters Club, up to this writing an unknown club that is being formed, is a club whose purpose is to get things done in the athletic activities.

Although the school district and the city are doing a fine job of directing these activities, they need help in the financing of the projects to maintain an athletic program.

It was decided at the August monthly meeting of the Inner-council, made up of the presidents and vice-presidents of our service clubs, that we should form this "Boosters Club"

Tom Riordan and Jim Lincoln, owners of the Tecumseh Herald and known civic boosters, have agreed to explain the working of this club in next's weeks paper. For this we are thankful.

The old saying, "It takes all kind of people to make a community and a community is made of all kinds of people", is very appropriate for this Boosters Club undertaking.

We wouldn't like to have all the Tecumseh people belong to this club and show that we are interested in our community, especially in our athletic program.

☆

WE HEAR so many people say "Why do we need parking meters on our main street"

I would like to answer this question and would like also to say that this answer is not mine but is taken from all part of the country where it seems the question is in force.

The reason for the street parking meters is for the convenience of the house wife who has to make a quick trip to town for something she forgot to get on her last shopping tour.

Without these meters it would be impossible to keep this very important parking space vacant for the "quickie" shopper as the places would be filled with all day parkers.

As a result of these meters, we can afford to improve our off-street parking lots in the city. The lot directly behind the Ford Bldg., only last week graded, black topped and marked was paid for out of the revenue taken from the few meters we have on our main street.

☆

THERE ARE those people that feel that monies taken from taxes should not be spent for parking areas downtown, especially to make them so elaborate as the new lot is now. For those people we would like to say that this complete project was financed through the "parking meter revenue".

It is the hope of the city that next year's revenue may be used to secure additional space to be used for "Free Offstreet Parking," thereby making our business district more attractive for the shopper.

So, when you are downtown to do your shopping, pull into the improved free parking lot behind the Ford Building and see what can be done by having parking meters on the main street.

First Practice Starts Aug. 31

It's football time again in Tecumseh.

Coach Duncan Leckta said Wednesday that students who want to participate in athletics this year are urged to appear at 10 a.m. Thursday, Aug. 27, at the high school for a physical examination.

Then, the following Monday, Aug. 31, football practice begins, coach Leckta said. He expects a large squad again this year.

He said his team will have plenty of time to get into shape for the first game at Hudson Sept. 18 and added:

"Tecumseh will face the challenge of a new conference known as the Huron League and the task of filling positions left by Larry Yoakum, Mike Walters, Dave Champanois and Dave Hohenstein."

The coach pointed out that each player will wear a mouthpiece this year. He said it would eliminate serious teeth injuries. Four local dentists will fit the team. The school, Coach Leckta said, plans to buy the protectors.

"WORRY PROFOUNDLY AFFECTS THE HEALTH"

Research scientists are learning that worry actually can make people sick even though there may be nothing wrong with their health. Worrying about a possible sickness and doing nothing else to help overcome it is unwise.

Why worry about your health? A phpsician's life is dedicated to keeping you well. Visit your physician anytime you feel sick and let him examine you. He will soon find out if there is anything to worry about and will prescribe any medicines needed to correct any present or developing trouble.

Fraternity Member to Attend Workshop

James W. Nash, 4350 Macon Rd., is one of 450 collegians who will attend Sigma Chi fraternity's 12th annual leadership training workshop Aug. 21-25 at DePauw University.

Designed to provide special schooling in chapter management, delegates from 132 chapters in 43 states and four Canadian provinces will be instructed by a faculty of 80 Sigma Chi alumni and international officers.

Mr. and Mrs. Albert Merz and sons, John and Robert, are back from a two-week vacation at Wamplers Lake.

OBITUARIES

GRIFFIN E. COVEY

A fatal heart attack was suffered by Griffin E. Covey, 46, of Clinton, Friday while he was painting a barn north of Clinton. Taken to Herrfick Memorial Hospital, he was declared dead.

Born December 20, 1912, he is survived by his mother, who makes her home in Tecumseh with a daughter, Mrs. Richard Woodcox. Other survivors include two sisters, Mrs. Loren Snyder of Alpena and Mrs. Veatron Doolittle of Millersburg, two cousins and several nieces and nephews.

He was preceded in death by his father, two brothers and a sister.

Funeral services were conducted Monday at Proctor Funeral Home with Rev. Paul Brantingham, of the Tecumseh Friends church, officiating. Burial was in Brookside Cemetery.

MRS. DORA E. JOHNSON

Mrs. Dora K. Johnson, 76, died Saturday afternoon at the home of her daughter, Mrs. Millard Bell, of E. Kilbuck St. A native of Ohio, Mrs. Johnson had been living with her daughter about three weeks.

Her body was taken to Sidney, Ohio, where services were conducted Tuesday. Burial was in Glenn Cemetery in Port Jefferson, Ohio.

HENDRICK HEESEN

Following a dinner last Thursday where his cousins from Tecumseh, Donald Heesen and Alvin Brazee and their wives, had gathered to honor his 90th birthday, Hendrick La Vern Heesen, of Beaver Falls, Pa. suffered a fatal heart attack.

Services were held last Sunday afternoon at the Young Funeral Home in New Brighton, Pa. As Mr. Heesen had requested, Rev. Alvin Brazee officiated. Burial was there in the Grove Cemetery.

Mr. Heesen, the son of Henry and Ordelia Alverson Heesen, was born in Tecumseh on Aug. 15, 1869. He attended school here and was a student at Michigan State University.

On June 30, 1904, he married Miss Bertha McDaniels, of Beaver Falls, and they lived in that area for the rest of their lives. Since the death of wife two years ago, he had lived with his daughter, Marion (Mrs. Ray Miksch), of Beaver Falls.

Besides his daughter, he is survived by two sons, Ernest, of New Brighton, and Hendrick, of Beaver Falls; two sisters, Mrs. Mildred Russell and Mrs. Geraldine Yates, of Los Angeles, Calif.; five grandchildren and one great grandchild.

CHARLES DES ERMIA

Services were held at 3 p.m. Sunday at the Dunn Funeral Home in Onsted for Charles Des Ermia, who died Friday morning after a long illness. He was 90.

He was born March 9, 1869, the son of Mr. and Mrs. Fred Des Ermia. He married Emma Ostrander, of Jackson, April 7, 1897. His wife preceded him in death in 1958.

Mr. Des Ermia was businessman in Onsted for 50 years. He retired in 1938. He operated general stores in Onsted, Springville, Brooklyn and Jackson.

He is survived by a son, Lyle, of Tecumseh, a daughter, a half sister, five grandchildren and several great grandchildren.

VOICE of THE HERALD

Polio Fund Needs Donations

At the peak of the polio season, the county chapter of the March of Dimes reports that it's funds have been depleted. So an emergency campaign began last week.

Already behind in paying its bills at the University of Michigan Medical Center — where it owes $13,000 — Paul Ahleman, county chairman, has said a quota of $24,000 has to be raised so funds will be available for infantile paralysis victims in the county for the rest of the year.

Mr. Ahleman pointed up the fact that there are presently six major epidemics of this dreaded disease in the county, crippling unsuspecting persons. Another polio outbreak is hard to calculate. It's apt to unexpectedly infest an area and claim its toll of victims.

If a volunteer worker asks you to contribute to the fund, we urge you to give generously. Those who have to endure the distorting effects of polio need your help —now. Once the money has been secured, the peril of polio can be more effectively curbed.

D. D. B.

GOING FAST—If you'd like to get a last look (we wonder who would?) of the old hotel, you'd better hurry. It's going down fast. All that will remain will be the main floor, occupied by the United Savings Bank. Both the second and third levels, which once made up the flourishing hostelery here, will become just a memory. The change is decidedly one for the better.

Books Available

A few weeks ago, the "New York Herald-Tribune Book Review Section" published a list of books which would form the home library of a well-educated person. The Tecumseh Library now has all of these available.

Has Hawaiian Motif

The Chicago gift show featured the Hawaiian motif this year said Mrs. Bert Ousterhout and Mrs. David Ousterhout who attended the showing last week.

Spanish Classes

Adult Spanish classes will be resumed in September. Groups are now being formed for beginners and advanced Spanish classes. The classes will start the second week in September. Anyone interested, please contact Mrs. Leslie Calhoun as soon as possible. The number of registrations is very limited.

Susan, Nancy and David Kennel will spend a week visiting their grandparents in Kenton, Ohio.

Garden Club Meets

Mrs. William Schroer was hostess to members of the Little Garden Club Tuesday, Aug. 18. She was assisted by Mrs. Royal Welch, and Mrs. Paul Burns.

Brazee Kin Dies

Rev. Alvin Brazee was notified Wednesday noon of the sudden death of his 61 year old brother in law, John L. Smith, of Somerset, Michigan. Mr. Smith was a graduate of Tecumseh High School.

Tuesday Is The Day

Goodwill trucks will pick up discarded household goods next Tuesday, Aug. 25. Mrs. Carl Burch, 868, is the local Goodwill representative.

Karen Woodbury, Albert Wacker Married Saturday

Karen Woodbury, daughter of Mr. and Mrs. Don Woodbury of Peck, Mich., was united in marriage to Albert C. Wacker of Port Huron, Saturday evening at 8:30 at the Peck Methodist Church.

The new Mrs. Wacker is the granddaughter of Mr. and Mrs. Leon Williamson, of Tecumseh. The Leon Williamsons, Robert Williamson family and Mr. and Mrs. Howard Dawson and family, of Ypsilanti, were weekend guests at the Woodbury home and attended the double ring ceremony.

Improve City, Win $10,000

The Sears & Roebuck foundation is sponsoring a contest offering $10,000 reward for community improvement.

The Tecumseh Monday Club is the only federated womans club in Lenawee County to join the community achievement project.

They will cooperate with the city council or any group that is interested.

Allan Seager has suggested a civic center or a new library. Others would like an east end park. Any community improvement is urged.

The club appeals to Tecumseh citizens for suggestions.

Mrs. Clifford Knudsen, chairman of this project, is giving a Monday Club breakfast at her home, 302 N. Wyandotte St., next Thursday, Aug. 27.

All proceeds will go to the local achievement fund.

Member Appointed

Leland T. Brighton, of Brooklyn, has been appointed as a member of the Lenawee County committee for the Farmers Home Administration. He succeeds Nathan Knowles, of Manitou Beach, whose three-year term expired June 30.

Mr. Brighton operates a 580-acre farm in the Irish Hills north of Onsted. He has been a long-time member of the County Agricultural Council.

Minerals Displayed

Mr. and Mrs. Clare Handy, Diane Hardy and Robert Murray Jr. have entered mineral displays at the Jackson and Saginaw County Fair.

The Green Lane Jr. rock and mineral club will resume in September and the Adrian group will exhibit the clacite, celestite, sulphur and devonian fossils it found on field trips.

Like Riding On A Cloud

A few city streets are smooth again.

All the bumps and ruts have disappeared.

"The city is finishing up a paving project," Edward Nelson, city manager, said Friday.

"Two blocks on Logan, two on Evans, four on Ottawa and alleys behind businesses and the new off-street parking lot located behind the Simmons Ford agency have been resurfaced," he said.

Mr. Nelson said there will be no more major street improvements until next spring. He said only seal coating will be done on new curb and gutter projects.

Ladies Day Attracts 50

August 12 was the date of the Ladies Day party for golf and bridge at the Lenawee Country Club in Adrian. About 50 members from Tecumseh Country Club attended.

Bridge winners from Tecumseh were Mrs. Orville Laidlaw and Mrs. Kenneth Hall.

Mr. and Mrs. William Elliott of Rochester spent the weekend at the Charlest Elliott home.

Schools Have Four Vacancies

Tecumseh schools have four vacancies, three in the elementary schools and one in the high school, Superintendent James McDowell said Tuesday.

Mrs. Geraldine Pobuda has accepted a position as a director and teacher of physically handicapped children in the county. She will work out of Tecumseh.

Mrs. Helen Thomas has resigned so she can accompany her husband to St. Louis, Missouri, where they will operate a motel and trailer park.

Miss Carol Sheffer resigned to accept a position as physical education instructor at Eastern Michigan University.

Mrs. Mary Swain will teach vocal music in the Tecumseh grade schools. She has transferred from West Branch where she taught third grade.

Mr. McDowell said starting salaries in Tecumseh are $4,200-$5,200, depending on the education and experience of the candidates.

All teachers must have at least a BA degree or its equivalent, he said. Each has to be certified to teach in Michigan. Teachers interested in the vacant positions should contact Mr. McDowells office, 800.

Township Wants to Use City Dump

At the council meeting Monday night, the supervisor of Macon Township asked the council, in a letter, if his community could use the city dump here.

Council said it would permit the dumping of trash but garbage would be prohibited. Ed Nelson, city manager, said he would figure out a fair price for the township's share of maintaining the dump.

Service to the community

A colleague of ours tells this one. On Saturdays he sells dimes (10c each). Seems the neighborhood movie is next door. The kids stop in before the show for dimes—for the vending machines in the theatre. A lot of our business is like this—service to the community. Glad to do it. Because we're conveniently located and open long hours, we're a handy place to pick up change or a bottle of aspirin. But a pharmacist's true service to his community is to be a quick, reliable source of the drugs and medications your physician prescribes. That's the real reason we're here. And we are always pleased to serve you.

FOR ALL WE HOLD SACRED . . . ATTEND CHURCH !

THE CHURCH FOR ALL . . . ALE FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	John	12	35-36
Monday	Psalms	84	1-6
Tuesday	Job	5	8-17
Wednesday	Isaiah	9	1-6
Thursday	Jeremiah	13	15-17
Friday	Lamentations	3	22-26
Saturday	John	14	6-13

Have you ever been deep in a woodland, where it is so dark that you think light can never enter? Then suddenly a shaft of sunlight strikes through the trees, and you find yourself standing in unexpected beauty.

Life can be like that, too. At the darkest moment, suddenly there can be light—if you have the power to see it. But that's an important "if." So many of us fumble through the days and years when the greatest candle of all, the [illegible] stands ready to light our path.

If you have been depriving yourself of the guiding strength of the Church, start now attending its services. It will help you find your way both in sunlight and in shadow.

THAT BRAND LASTS A LONG TIME....

Some "low cost" companies writing auto insurance have the habit of cancelling a policy soon after their insured has an accident. This brands a driver as "unsafe" and makes it difficult to get insurance at regular rates in a good company.

VANDERPOOL CAR, IN WHICH OWNER WAS KILLED, DREW CURIOUS LOOKERS.

Two Killed in Crash

(Continued from Page 1)

ended up pointed towards Jackson. The other crashed into a guard rail, was hurled through the air into a tree.

THE FACT that four of the car's occupants had been asleep probably saved their lives.

Mrs. Lutey was bruised, did not require hospitalization.

Mrs. Watson suffered a fractured knee cap and must remain in traction for six weeks in Herrick Memorial Hospital.

Mrs. Gallant received two broken vertebrae.

Both Mr. Gallant and Mr. Lutey suffered cuts about the head, Mr. Gallant needing 17 stitches and Mr. Lutey 18. They were treated at the hospital and released.

The Green-Dunn ambulance and Proctor ambulance, of Clinton, brought the victims to Tecumseh, where Mr. Ladd was transferred to Ann Arbor.

☆

ARRANGEMENTS for Mr. Vanderpool's graveside military services were made by Collins-Corkey Funeral Home.

An Air Force veteran of four years service, Mr. Vanderpool is survived by his wife, the former Rena Rebottaro, who last week took a leave of absense from her secretarial job at Tecumseh Products. Five-months pregnant, she is expecting their first child.

Her husband had been driving a steel truck for Dundee Products Co.

Other survivors are a son, Michael, 12, by a previous marriage; the victim's father, Lawrence Vanderpool, of Sand Lake, and mother, Mrs. Marian Peebles.

☆

GREEN-DUNN Funeral home handled the Watson services.

Survivors include, besides his wife, two sons, William David and Roger Wayne and a daughter, Lana Sue; two sister, Mrs. Austin Miller and Mrs. Melvin Purple of Tecumseh; a brother, Samuel Watson of Fremont, Ohio.

His father, David, and stepmother, Lois, also survive. His mother preceeded him in death in 1939.

In the navy in World War II, Mr. Watson graduated from Tecumseh High School in 1944 and was a employee of Tecumseh Products.

He also owned a small sand and gravel business, hauling materials in his own trucks after working hours at the Products.

Grandstand Show Are Free Again at The State Fair

Hey, moms and dads, you can save money this year at the Michigan State Fair. There will be no charge for all the grandstand shows running from Sept. 4-11, twice a day. The only exception is the 250-mile auto race Sept. 13.

Said general manager Donald Swanson; "The State Fair has gone a step further with this free grandstand policy started last year for all members of the family by adding a fireworks display that will conclude the fair Sept. 13."

The program will include such thrillers as Sam Howard's Driving Champions, Homer and Jethro, comics and singers, and William Twins, trampoline artists. Additionally, Johnny Ginger, of WXYZ, and Jingles, of CKLW-TV, will appear at the grandstand shows.

Other events have been staged for afternoon shows.

Kunkles Had Dinner Guests

Wednesday dinner guests of the Arthur Kunkle family were Dr. and Mrs. Clarence Kunkle, of Hudson. Daughter Connie, who has been visiting in Tecumseh, returned home with her family.

Local Schools Open Sept. 8

Tecumseh Public Schools will open their doors Sept. 8 at all nine locations.

School hours will be the same as last year, Superintendent James McDowell said Tuesday, unless changes are necessary due to the scheduling of busses.

Students at the high school and junior high will start at 7:51 a.m. Classes will be dismissed at 3:03 p.m. Students will have an hour for lunch at noon.

Elementary school will begin at 9 a.m. and the children will be dismissed at 3:45 p.m. They will have one hour and 15 minutes for a lunch period.

Youngsters who were enrolled in Tecumseh Schools last spring have already received notice of the school they will be attending, Mr. McDowell said.

Further information on bus schedules, enrollments and other school news will be published in the Herald in the next few weeks.

Rotary Gets Club Flag from England

Paul Maves presented fellow Tecumseh Rotary Club members with a Rotary flag Tuesday, a gift of the London, England club.

It was given to Mr. Maves during his recent trip to Britain when he attended a meeting of the London unit.

Speaker for the evening here this week was Carlos Jones, who talked about time, from the Stone to the Atomic Age.

Tim Neill told about the Tecumseh Athletic Boosters Club which is being formed. Its first project: build a new press box at Recreation Field. The job is scheduled to be completed by the start of football season next month.

"IT PAYS TO DEAL THRU A REALTOR"

MARDA GENE DUNCAN'S

Thru My Window

HE NAMES HIMSELF!

This time of year, when the doors and windows are all open, a delightful blend of bird music pours into my room. When we are on our tree-house like, screened porch the day long serenading is even more exciting.

Every branch and twig seems to hold an unseen singer and although some of the voices are familiar many of the songsters are unidentified. Now, of course, there are people who could sit on the porch and, just listening, tell us every bird in the neighborhood.

Unfortunately, I am not one of the blessed; I must have a tin-ear or something because there are woefully few birds I can identify by their call alone.

There is one bird, however, who takes pity on the likes of me. "Toe-whee, toe-whee"! When this loud clear whistle is heard even I knew immediately who is around. The Towhee names himself and I for one appreciate his thoughtfulness.

☆

THIS ROBIN size bird lives in the in-between world; he finds neither the wide open spaces or the dense forest pleasing. His domain is the underbrush or thickets which line roadsides, woods or fields. Seeds and insects are his principle food with an occasional wild cherry or some other fruit being relished for dessert.

Actually, though we often hear the Towhee, our first hand experience with him is very slight indeed. Not being 'front-lawn' birds nor showing any inclination for bird feeding station living, they are not often seen from my window.

Two springs ago, however, a bright flashy male spent several days scratching around the creek bank.

It was before spring clean-up and the usual litter of dried up leaves and dead grass covered the ground out by the fence where the fall before some bulbs had been planted. When we first noticed the commotion out there, the leaves and what have you were being tossed helter-skelter, we certainly expected something much bigger than what we finally saw.

When at last he hopped in sight, after getting over our amazement that such a little guy could cause such a rumpus, we were interested to see how he scratched the ground. Instead of using both feet at once, he used first one and then the other. Isn't that what chickens do?

☆

APPEARANCE-WISE the Towhee is a striking bird; as expected, the male is the dandy and wears the bright clothes.

His head, back and throat, well into his breast, is black, his lower breast is snowy white and on each side, dividing the white from the black, is a wide strip of crimson-brown. His tail is long, slightly rounded and has two large white spots near the end.

The female is similar to her mate except that she wears dull brown where he is black. Although we have never been close enough to see for ourselves, they say these birds have bright red eyes.

But back to the voice. It is a distinctive call.

The two clear notes, to us at least, seem to say "tow-whee" most distinctly, to be truthful I must admit that they could just as easily be "chee-wink".

In reading about this bird it seems that everybody has their own version of what he says.

☆

THE "AUDUBON Bird Guide", for instance, defines it as "drink your teeeeeee", others give "c h u c k-burr, pil-a-will-a-will-a-will" and Thoreau heard it as saying "hi-you, he-he-he".

I will stick with "tow-whee".

Although it is not an uncommon trait among many of our birds, the ventriloquistic faculty of the Towhee is highly developed. He throws his voice all over—he sounds far away and then close up; to the right, then to the left; high in a tree top, low in the bushes.

Long ago we gave up trying to spot this singer by following his voice. We will wait for some loud scratching in the underbrush.

Better still, instead of trying to spot this bird, we will merely enjoy his singing and be grateful that, among so many unidentified singers, he names himself!

Michigan Chorals Concert Is Sept. 13

Sharron Muhn, of Tecumseh, will be one of the 100-teen-age singers, who comprise the Michigan Chorale, to give a concert in Hill Auditorium in Ann Arbor at 3 p.m. Sunday, Sept. 13.

The concert will be presented under the auspicies of the University Musical Society of the University of Michigan in co-operation with the Michigan Council of Churches, sponsor of the singing group that toured Europe this summer.

The Chorale will return to the U.S. about Sept. 1.

Forty communities in southern Michigan are represented in the chorale. The concert Sept. 13 will be the group's only post-European performance.

Tickets are now available at the University Musical Society's office in Burton Towers, Ann Arbor. They will also be sold at the Hill Auditorium box office the day of the concert.

SIDEWALKS WERE JAMMED FROM 9 UNTIL 9 LAST YEAR.

Loads of Fun

The illustrations here should bring back happy memories to folks who attended last summer's Sidewalk Carnival in Tecumseh. It was a perfect day, sunny—but not too hot. The merchants had their goods on the street by 9 a.m. and were kept busy until 9 that evening. Downtown was jammed all day. There were 2,000 free ice cream cones (courtesy of Hodges Drug Store), cotton candy, cartoons at the Strand, just to mention a few highlights. Storefiels are getting ready for this year's Carnival and they hope it will surpass 1948's. To be next Friday, August 28, the promotion will have an Hawaiian theme with back-to-school specials. Chairman Claude Helms is busy working out details. The event is sponsored by the retail division of the Chamber of Commerce.

THE CROWN AND THE CROSS
Frank Slaughter

In the pages of this moving book, the universally popular novelist Dr. Frank G. Slaughter brings his greatest insight and scholarships to the story of stories, the human drama of Jesus' own pilgrimage on this earth. Not only is the reader at once caught up by the life of the Saviour, but he participates in the personal stories of those men—passionate, ambitious, and spiritually alive — who witnessed the turbulent and inspiring events of his life.

GO WITH GOD
Jim Bishop

Jim Bishop, noted author of The Day Christ Died, has gathered together in this remarkable volume a moving collection of the finest traditional, ritual, and personal prayers. Here are the great devotions of many lands and many cultures, of Protestant, Catholic, Jewish, Moslem, Buddhist, and Hindu faiths.

From where I sit ... by Joe Marsh

A Real "Novel" Idea

Had a call from Whitey Fisher, head of the Town Library's Emergency Committee. He's asked me to explain the situation.

This is the "emergency." The Library's moving into its new building next week—over on Bridge Street. Moving all those books will cost more than $200. At that rate we won't be able to afford any new books for a couple of years.

Whitey's got the solution—have everyone in town borrow at least five books, keep them a week, and return them to the new address.

From where I sit, cooperation among neighbors is the life-blood of a town. People should work together . . . whether it's to help a library or fight intolerance. For instance, if you'll respect my right to an occasional glass of beer—and I respect the beverage of your choice . . . that kind of cooperation will do lots to help wipe intolerance "off the books."

smoothest ride!

One of the 7 big bests Chevrolet gives you over any other car in its field

Anyone who's ever taken a Chevy over a choppy country road can tell you how lightly Chevrolet's Full Coil suspension handles rough going—and *coil* springs never squeak, never need grease! Try this velvet way of going for yourself. Once you do, you'll find your own way of saying what MOTOR TREND magazine puts this way: ". . . the smoothest, most quiet, softest riding car in its price class." But the happiest part of it all is that this Full Coil ride is just one of *seven* big bests—all documented by published opinions of experts and on-the-record facts and figures.

BEST ROOM—Official dimensions reported to A.M.A.* show that Chevrolet sedans offer more front seat head room than all but one of the *high*-priced cars—more front seat hip room (by up to 5.9 inches) than the "other two" of the leading low-priced three.

BEST ENGINE—Chevrolet engines have long won expert praise from virtually every automobile magazine, and, just recently, Chevrolet received the NASCAR† Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engines."

BEST ECONOMY—A pair of Chevrolet sixes with Powerglide won their class in this year's Mobilgas Economy Run, topping every other full-sized car. And the winning mileage was a whopping 22.38 m.p.g.

BEST BRAKES—Chevy's bonded-lining brakes are the biggest in their field, built for up to 66% longer life. In a direct competition conducted by NASCAR, Chevy outstopped both of the other leading low-priced cars in a test of repeated stops from highway speeds.

BEST STYLE—It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

BEST TRADE-IN—Any N.A.D.A.‡ Guide Book can give you the figures on Chevy's extra value. You'll find that Chevrolet used car prices last year averaged up to $128 higher than comparable models of the "other two." Your Chevrolet dealer will be happy to tell you about a whole host of other advantages besides these seven. Why not drop by his showroom?

IMPORTANT NEWS! Now you can add your dependent parents to your Blue Cross-Blue Shield group contracts.

New and exclusive with your M-75 group coverage ... Blue Cross-Blue Shield protection for all your "income tax dependents", regardless of age

Now, for the first time, Blue Cross-Blue Shield protection is available to every member of your family circle . . . under your present Blue Cross-Blue Shield M-75 group membership!

Your father or mother . . . your adult children . . . even your in-laws (if they are "dependents" of yours) are eligible for Blue Cross-Blue Shield health care under two new additions that you may make to your present contract.

Result: You are relieved of financial burden should illness or accident strike *any* of your "income tax dependents".

Here's how the new Blue Cross-Blue Shield coverage works:

Your employer may arrange for you to select either—or both—of two new "riders" now being offered for addition to the Blue Cross-Blue Shield M-75 contracts you already have.

One of the additions, "FAMILY CONTINUATION RIDER F", provides health care for your dependent children after they reach age 19. As you know, Blue Cross-Blue Shield has always offered group protection for your youngsters *up to* 19 years old. But now, the new rider *extends* that coverage for your unmarried children through the college years up to age 25.

The second addition that you may wish to make to your present M-75 contract is called the "SPONSORED DEPENDENT RIDER S". This provides 30 days of hospital and medical care for still other dependent members of your family circle. Your own parents, for example. Or even children *over* 25.

Limited Time Only

As a group member of the Blue Cross-Blue Shield M-75 plan, and subject to the agreement of the employer of your group, you are welcome to add either—or both—of these new "riders" to your present coverage. The cost of the additional benefits will simply be added to your regular contract payment.

However, your group must act promptly. The current "sign-up" period for these new "riders" extends only to November 1, 1959.

For full details on the most complete family coverage Blue Cross-Blue Shield has ever offered, see your personnel or payroll officer or call the Michigan Blue Cross-Blue Shield office nearest you. Information about these two new riders is being sent to every M-75 group this week.

It's wonderful to feel cared for

TECUMSEH HERALD PHOTO

HAPPY AGAIN—All Clip Connin, 4, can do is smile and hug Belle, the family pet. Belle disappeared last Tuesday morning but returned home Thursday after a feature story about the dog appeared in the Herald. Mrs. Connin said Belle wasn't hungry, just covered with grease.

Missing Dog Comes Home

Carl Connin, 5, and his younger brother, Clip, 4, were watching a television program Thursday morning when Carl glanced toward the back door and shouted:

"Momma, Belle is home."

Belle, a two-year-old Beagle who had been missing since Tuesday, apparently suffered no other ill effects than a greasy coat while she was gone.

Mrs. Robert Connin believes that Belle, the family pet, had been lying under a car or perhaps sleeping in a gas station during her two-day absence from the Connin residence, 202 Cairns.

"But a few baths have almost removed all the grease from her coat," Mrs. Connin said Monday.

At first, Mrs. Connin thought Belle had been kidnaped because she is a pedigree. However, Belle is not a hunting dog. Although Mr. Connin bought Belle for that purpose, the dog couldn't be induced to chase birds or game, Mrs. Connin explained.

Museum Has Four New Art Objects

Two Delft beakers, a Delft jar and a small 16th century Chinese porcelain cup, are new additions to the Toledo Museum of Art ceramics collection.

Used as a garniture for tall Dutch cabinets in the 17th century, the Delft objects were molded after ancient Chinese temple jars and painted in bright floral designs.

They were made in the famous port city of Delft at a factory called "the melting pot," a converted brewery.

The Chinese cup was made about 1600 in China and exported to northern Europe. To offset its beauty, the German owners had it set in a silver mounting, the same used for precious gems.

The Delft ware has been placed in the museum's Dutch Gallery and the Chinese cup in the Sculpture Court near the buildings entrance.

New Pupils Enroll Early

Memo to new residents:

New junior or senior high school students are requested to enroll for the fall semester from 9 a.m. until noon on Aug. 26, 27 or 28. They will sign up for classes in the principal's office of the respective schools.

In addition, senior high pupils who want to change their schedules, made out last spring, may do so at the same time. No schedule may be altered after Aug. 28.

Parents Asked To Pay Expenses Early This Year

Russ Spalding, superintendent of the Britton-Macon school district, is asking parents to pay book rentals and other fees before school resumes.

"They can pay the fees during the week of Aug. 25, 26, 27, 28 and 31," Mr. Spalding said.

"This will help our staff," he continued, "give parents better service in handling the payments. One payment to the office will take care of all your children attending school.

"We hope parents will cooperate with us on this new feature this year."

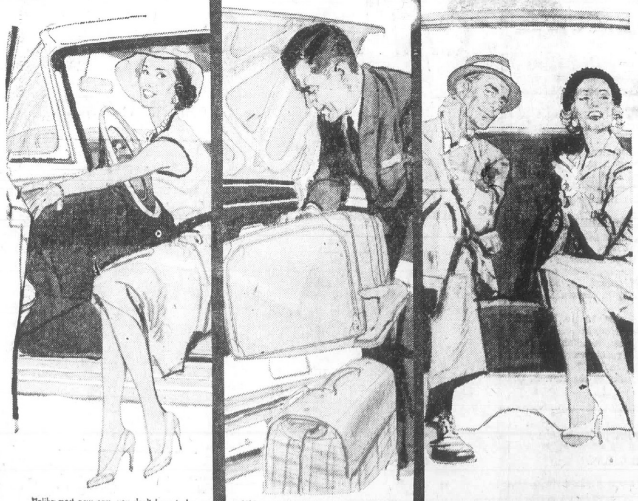
HERE'S WHY MORE FOLKS DRIVE THE 59 FORD!

EASIEST

...to get in! ...to "lift" in! ...to live in!



Unlike most new cars, you don't have to be an athlete to enter a 59 Ford. The doors are wider where you need it. Door sills are lower, too. And the front doors stay open automatically in either full or ⅔ open position.

Lifting weights is fine for wrestlers! But most folks would rather load their trunk with less exercise. That's why Ford's trunk loading height is as much as 10 inches lower than its chief competitor's.

It's a soft life, riding in Ford. Foam-padded front seat cushions are standard on all Fords. In back seats, the middleman gets lots of room because Ford's "tunnel" is half as big as its nearest competitor's.

Tribe of Rotarians Stage Big Pow Wow

Rotary's annual all-day invitational golf tourney is getting bigger and better, reports president John Surratt. Twelve area clubs sent their memberships to this year's affair, held two weeks ago at Tecumseh Country Club. Last summer's first annual golf day attracted nine groups. Next year's is expected to get bigger. Local members were on hand at 9:30 a.m. to greet their guests, several in full Indian attire. As each car arrived, Charlie Butler speeded up in his golf cart and drove the visitors to the club, where they checked in with Hal Kelso, who was in charge of golf handicaps. Besides golf, guests were welcome to a swim at the local pool, sight-seeing at Hidden Lake Gardens and through the Irish Hills. The day was capped with a fried chicken dinner. Only out-of-town men were eligible for the dozen golf prizees offered. One man won a special tee, about six inches long—after he hit the shortest drive of the day, 50 feet. Mrs. Perry Hayden donated 24 boxes of her famous Wheat Germ for gifts which were given along with the six door prizes. Taking charge of this were Varn Manwaring and Mr. Butler. Dr. Elmer Goerke of Romulus, Rotary International district governor, was a special guest. All told, 119 attended the all day of fun which ended at 9 p.m.

WELCOMING COMMITTEE INCLUDED A COUPLE OF INJUNS, JOHN SURRATT AND CHARLIE BUTLER. THEY'RE DANCING AROUND A TEEPEE, WHICH WAS FASHIONED BY BOB MOORE, SR.

HOW! YOU WANT UM RIDE? SO ASKED CHIEF CHARLIE, WHO DROVE VISITORS TO HANDICAP TABLE IN HIS ELECTRIC GOLF CART. THE BARE FEET UNDER THE TEEPEE BELONG TO A BRAVE BY THE NAME OF CARLOS, TRIBE OF JONES. OBVIOUSLY, EVERYONE WAS ENJOYING THE ALL-DAY OUTING.

Long AND Short OF IT

By TOM RIORDAN

If this weather doesn't break pretty soon a lot of we mortals will.

Whenever the heat becomes oppressive, an old story comes to mind—and it's true.

At a church in Detroit, an important function was taking place on a blistering Sunday.

The bishop was on hand and the place of worship was jammed with sweltering folks.

The elderly custodian had neglected one, quite obvious chore. He forgot to open any windows.

After a few minutes, the pastor was frantic, finally located the janitor in the rear of the church.

In a stage whisper, which rang out through the quiet building, the exasperated priest ordered:

"Open the windows. Can't you see the bishop is sweating like a pig."

☆

Hugh Walter brought back a flock of pictures from the boat trip he made down the Mississippi in Bob Moore's boat. (See story of the junket on another page.)

One was of a sign, which read: "Keep Wisconsin Green. Bring Money!"

☆

The fellow who invented the whiffle bat and ball should get a medal.

This is the baseball gear made of plastic, harmless to players and windows alike.

Kids can take a wild swing and accidentally hit someone or throw the bat without thinking. No matter what it hits, there is no damage.

Try this with a wooden bat and there is need for a half dozen stitches in someone's skull—or a shattering of glass.

The whiffle really has caught on in our neighborhood, where the little ones are just learning baseball. They can bat and pitch amazingly well and not a mom or dad has to worry about the youngsters being hurt.

Watching these six and seven-year-olds perform makes it easy to understand why baseball is our national sport. I never realized before how easy it is to learn the game—despite the fact some might not even run towards first base after hitting the ball, or else keep right on going "around the horn" even if the blow carried only as far as the pitcher.

Learning football or basketball this young is out of the question.

While on the subject of kids and sports, I'd like to congratulate the people who handle swimming lessons for the small fry at the city pool.

It's a thrill to see half-pint boys and girls jump right into the water and start churning away. This is a talent that will be a valuable asset to them the rest of their lives.

Say, going for a swim right this minute might be a marvelous idea. See you.

'Buried Treasure' Found

By DOROTHY GRIGG

As workmen were dismantling a hollow pillar in the upper stories of the United Savings Bank Building Friday they were surprised when a packet of coins fell out.

Upon examination, it was found that the coins were enfolded in a programme for a "Melo Drama" dated May 29 and 30, 1867.

The coins included two, one-cent pieces, dated 1865 and 1863; five cents, 1866; two two-cent pieces, 1864 and 1867; a three cent piece, 1867 and a copper piece easily mistaken for a penny that was an advertisement. It read, "D. Ford, watchmaker and jeweler, Cairo, Ill."

The coins were found by Leonard Conduff, of Adrian, employed by the construction company.

Knowledge of the men who raised the building was left us by those same men.

☆

ON THE reverse side of the programme, they signed their names and wrote the statement, "This column was erected by the above workmen at 11 o'clock February 11th AD 1868."

The names are Charles Cummins, C. H. McConnell, James E. Cadwell, Charles Burlingame, Alfred James, Hiriam J. Snell, A. V. Arvill, L. H. Merritt and L. E. Montgomery.

Visiting Clara Waldron, local historian, we were able to learn more about the builders.

Mr. Cummins, a blacksmith, was the son of Thomas Cummins, proprietor of the carriage factory located where the American Legion Home now stands.

Mr. Caldwell was a patent right dealer located on River St. now called Water St.

Mr. Burlingame was the publisher of the Tecumseh Herald.

Alfred James was a dealer in groceries, provisions, crockery and glassware and later went into the insurance business.

Mr. Snell owned a livery stable just north of the Hotel on Evans St. He probably was a relative of the Snells who built the first hotel called the Mansion House.

☆

MR. MERRITT was a dry goods dealer. His shop was located in the new building. Lyman Montgomery was one of the carpenters working for R. Culberson.

Many familiar names appeared in the cast of characters of the drama on the programme including O. P. Bills, S. P. Hosmer, G. T. Ketcham, S. C. Stacy, L. VanTine and several of their wives.

The name of the drama was "The Writing on the Wall" and it was the first benefit for the soldiers monument.

Right House, Wrong People

A city police officer was at the right address last week but found the wrong people.

An observant neighbor told police that unidentified persons were occupying the vacant King residence on Adrian St. The Robert Kings and family were on vacation.

Alas, the policeman arrived at 1:30 a.m. and aroused the housebreakers from their slumber. His suspects—Mayor Oley Hanna and his wife, Eddie.

It was the moment of truth.

Before the Kings left, they offered their home as sleeping quarters for the H. H. Hannas, who were expecting guests.

Britton Opening Sept. 2

Classes will begin Wednesday, Sept. 2, for Britton-Macon area school. A two-day teachers conference will be held Aug. 31.

School hours this year will be 8:30 a.m. to 3:20 p.m. There will be a 30-minute lunch period for the high school and an hour for the elementary grades.

Any child not registered for kindergarten last May must enroll Wednesday, Sept. 2. The regular kindergarten class starts Sept. 3.

Tots living northwest of the Wabash Railroad tracks will attend kindergarten in the morning and those living southeast of the tracks will go in the afternoon.

The bus route will be about the same as last year. There will be only minor changes, reports Superintendent Russ Spalding.

He added that the school cafeteria will again be operated for all students and staff.

"We expect all students who don't live close enough to go home for lunch to remain at school during the noon hour.

"The local restaurant can't adequately handle short order lunches during the lunch hour."

☆

ADDITIONALLY, Mr. Spalding announced the teaching staff for the coming year:

William Saxton—principal.
Robert Miller—science.
Robinette Howard—English.
Verne Neidlinger—physical education and social studies.
A. Marie Latham—English.
David Bowen—Band and Music.

Carol Mumby—Homemaking.
Nancy Pippitt—Seventh grade.
Frances Byrd—Fifth and sixth grade.
Donna Canaan—Fourth grade.
Bernice Moll — Second and third grade.
Mildred Casteel—First grade.
Lorene Edelbrook — Kindergarten.

New Pupils Must Enroll by Friday

There are only two more days, Thursday and Friday, for new junior and senior high school students to register for the fall semester.

James McDowell, school superintendent, said enrollment began Wednesday at the respective schools. Students may sign up for classes from 9 a.m. to noon.

In addition, he said no senior high school pupil may change his schedule, made out last spring, after Friday.

Meanwhile, Mr. McDowell reported that all nine Tecumseh schools will open Sept. 8.

Unless changes are necessary because of bus rescheduling, he said school hours will be the same as last year.

At the junior and senior high, students will start at 7:51 a.m. They will have an hour for lunch. Classes will be dismissed at 3:03 p.m.

Elementary schools will begin classes at 9 a.m. and the children will be dismissed at 3:45 p.m. Pupils will have an hour and 15 minutes for a lunch period.

Mr. McDowell added that youngsters who attended local schools last spring have already received notice of their grade promotion and location of their school.

Carnival Time

In honor of our newest state, this year's Tecumseh Sidewalk Carnival — Friday from 9 until 9 — will have an Hawaiian theme.

All sales people will be wearing Hawaiian leis about their necks and the sidewalks will be decorated with swaying, tropical palm trees. Banners fluttering in a cooling breeze (we hope) will be overhead.

Sponsor is the Retail Division of the Chamber of Commerce.

No official reports have been issued about grass skirts, but there have been rumors.

Merchandising emphasis will be on back-to-school clothing, shoes and supplies, also clearance of summer stocks.

Prices have been slashed, from one end of town to the other.

Auto dealers are joining the fun and will place cars on sidewalks, in front of businesses which won't have outside setups.

The Kiwanis Club is going to have a concession stand and Don's Grill will again have his 'Paris Cafe" with half a dozen tables on the sidewalk.

The Herald will sell glossy prints of pictures, which were taken for the paper, at 10c each. Its booths will be in front of Eberhardt's Insurance office.

Ads in this week's Herald best tell the story of the buys which will be available in Tecumseh Friday.

Fire Gets Local Man in Hot Water

A Tecumseh man, Howard J. Baughey, was trying to park his car in a Clinton alley Monday when he inadvertently jarred the legs of a 275-gallon fuel tank.

Oil flooded the area. Firemen were called to clean up the oil, avoiding a fire hazard.

Meanwhile, state troopers gave Mr. Baughey summons because he hadn't transferred licence plates to his vehicle.

Sports Group Selling Cards

Membership cards for the Tecumseh Sports Booster Club — at $1 each — will be sold during the Sidewalk Carnival Friday. Headquarters will be the Hanna Insurance office with five salesmen moving about the downtown area. President Jack Hanna states the club's goal is 2,000 members. Its first project is to build a new press box at Recreation Field.

Coffee, Donut Shop Opening Next Month

A coffee and donut shop will be opened next month by Joe Church, owner of Van's Bakery, in the former Don's Grill building.

Mr. Church will continue his present operation in his 124 E. Chicago Blvd. location, and also manage the new one.

The new business will feature a stand-up coffee bar and at least 30 different varieties of donuts every day. It will be patterned after similar shops in the Detroit area.

Interior of the old Don's Grill will be completely remodeled, this work starting next week.

Walls will be paneled and a variety of fixtures installed. The donuts will be fried in the rear portion of the shop.

DINNER PLANNED

The Ladies Aid of the Tipton Community Church will serve roast beef for their regular first Wednesday of the month public supper. Serving will begin at 5:30 p.m.

Flier Heading for Azores

If he is on schedule, Peter Gluckmann, "The Flying Watchmaker," should be heading toward the Azores. His last stop was Puerto Rico.

He left San Francisco last Saturday. He is attempting to set a speed record for an around the world flight and the same for a light plane.

Gluckmann expects to take about two weeks for his global hop. A sign on his watch shop reads: Back on Sept. 8 (I hope)."

He uses a Meyers Model 200, made in Tecumseh by Meyers Aircraft Co. His plane is equipped with "wet wings" — each wing holds 120 gallons of fuel. Other modifications include a group of extra fuel tanks in the cockpit.

The Federal Aeronatique Internationale has sanctioned Gluckmann's flight. He must fly at least 22,800 miles, the distance by the way of the Tropic of Cancer — or Capricorn. The plane must be clocked officially at each stop.

Wiley Post's famous flight of 1935 was 15,596 miles. Bill Odum's, in 1935, was 20,020. Gluckmann's course should allow him to exceed the distance requirement.

So he won't become ill, Gluckmann is carrying bottled water, breakfast food, instant coffee, powdered milk, nuts, peanut butter and dried prunes. He won't risk eating or drinking anything offered at the rest and refueling stops.

'Messenger of Goodwill'

Berlin certainly received Sharon Mann and other members of the Michigan Chorale with enthusiasm according to the newspapers there.

One said, "wherever they go they are the guests of resident families and they strengthen such contacts from person to person by means of song.

"When they raise their voices, they not only do honor to the work of their director, Lester McCoy, they are appealing messengers of good will, creating friendship and understanding through music."

Mr. McCoy said, "Our receptions in the various cities has been absolutely fabulous. Berlin went all out for us.

"I don't tell you what a terrific experience this is—to feel that you are using music to bring people closer together, and that you are giving an unforgettable summer to one hundred young Americans."

Area residents will have the opportunity to hear the teen-age singers in a concert at Hill Auditorium in Ann Arbor at 3 p.m. Sunday, Sept. 13.

Tickets are available at the University Musical Society office in Burton Towers and will be available at the box office the day of the concert.

Wanted: Members

Mrs. Ned Baldwin, president of the past presidents parley of the American Legion Auxiliary, will hold an membership breakfast at her home Tuesday, Sept. 1, at 9 a.m.

Sandra Staulter Weds Charles King

Sandra Sue Staulter became the bride of Charles E. King, son of Mrs. Ethel Marsh and John King, of Kentucky, Saturday evening in an impressive ceremony performed by the Rev. James D. Nixon at the Methodist Church.

The bride is the daughter of Mr. and Mrs. Robert Staulter of 211 Cairns St.

Mrs. Kenton Hunt played nuptial music preceding the ceremony and accompanied Les Bennett who sang, "The Lord's Prayer" and "Savior, Like a Shepherd Lead Us."

The bride, given in marriage by her father, was wearing a white bridal gown of Chantilly lace and satin made by her aunt, Mrs. Buelah Morehouse of Detroit.

She wore pearl earrings, the gift of the groom, and her jeweled tiara held in place the three-tiered veil, the last extending beyond the train of her dress.

She carried a bridal bouquet of white carnations and pompoms.

Friends of the bride were her attendants. Nancy Lamson in blue was the maid of honor; Sheila Kirk in pink, Donna Lamson and Fannie May King, were the bridesmaids.

Bonnie and Linda Staulter, sisters of the bride were the junior bridesmaids. Cathy Morehouse was the flower girl carrying a white wickerf basket filled with pink carnations and white pompoms.

George Morehouse was the ring bearer. Guests were seated by George Morehouse and Jim Teagarden.

Leverett DeJonghe was the best man.

A reception was held at the Tecumseh Products Union Hall following the ceremony.

The young couple both attended Tecumseh High School and he is employed as a baker in the Campbell Bakery in Clinton.

Following a weekend trip they are making their home at 307 N. Pearl St.

A rehearsal luncheon was given in the home of the bride's parents Friday evening.

Janet Bashore Don Kennedy Married Aug. 8

Janet Bashore, daughter of the Rev. and Mrs. Blair Bashore, and Don Kennedy were united in marriage at the Highland Park Christian Church in Los Angeles Aug. 8.

The church was decorated with gladioli, chrysanthemums and white satin bows.

The bride's father performed the ceremony assisted by the pastor of the church, the Rev. Albert Bunny.

She chose an ice blue lace length dress with matching veil and shoes and carried a white orchid and stephanotis cascade arrangement on a white Bible.

Mrs. James Kroske, of Ypsilanti, was his sister's only attendant, wearing baby blue organdy with a darker blue cummerbund which matched her shoes. She carried white carnations and stephanotis enhanced with blue tulle.

The groom's brother, William Kennedy, was his best man and the guests were seated by James Bashore and Mel Melou.

The nuptial music included a violin solo, "The Lord's Prayer" as the couple knelt at the altar.

Mrs. Florence Jennings registered the guests, about 130 at the wedding and reception which followed in the church basement.

The groom is a graduate of Pasadena City College, 1952, and has served three years in the US Army. He will enter Los Angeles City College this fall and is employed at Standard Stations, Inc.

The bride is employed at R. L. Kautz and Company in Los Angeles. She graduated from Tecumseh High School in 1954.

On their wedding trip to northern California they visited Monterey, San Francisco, Sacremento and Yosemite National Park.

Mr. and Mrs. Herbert Simon returned last week from a trip to Acadia National Park in Maine. They stopped in Albany to visit friends enroute home.

You Told Us

BY DOROTHY GRIGG
Herald Society Editor

Tecumseh residents as a whole are miserably uncomfortable this week with the excessive heat, but there is a special elite group.

Those who live on Nokomis St. have an edge on the rest. They are itching and scratching with poison ivy. Our editor, Tom Riordan, is one of those especially "blessed."

The pesky disease is no respector of persons, small and tall are afflicted.

It is thought that some of the children may have contracted the plant's oil by patting a friendly goat in the neighborhood.

Now, really, the rest of the population of this fair city can sit back refreshed and be glad to be hot, hot, hot but at least not itching.

Many people are returning from vacations this week. Dr. and Mrs. C. N. Broderson have just arrived home from a 5,000 mile tour of the western states including, Nebraska, Denver and Washington.

They missed the quake at Yellowstone Park simply by a chance decision to go to Glacier National Park on Route 2.

Mrs. Broderson had a thrill of sorts when a bear stuck his nose in the car window, right in her face.

Mr. and Mrs. Clarence Marsh spent the weekend in the Upper Peninsula accompanied by Louise Matheny. While there they visited Tahquamenon Falls.

Mrs. Zoe Smith, of Cleveland, is spending the week visiting her sisters and their husbands, Mr. and Mrs. M. H. Theilan, and Mr. and Mrs. Walter Pieper.

Mr. and Mrs. Steve Maples and children have returned from Lake Nettie near Rogers City.

Mr. and Mrs. Stanley Cook and family have returned from a two weeks vacation at Evans Lake.

Mr. and Mrs. John G. Tomorsky have returned from Cedarville, Mich., where they saw many others from Tecumseh Among them were Mr. and Mrs. Kenneth Connair, Mr. and Mrs. Robert King and family, Mr. and Mrs. Ed Bailey.

Mr. and Mrs. Elmer House have returned from a trip to Niagara Falls and Akron, Ohio.

Mr. and Mrs. Walter Mueller and children returned Saturday from their Hubbard Lake home. The two younger children were left in the care of Mr. and Mrs. Elmer Spreeman who stayed in the Mueller home.

Mr. and Mrs. Ronald Van Valkenburg and daughters have returned from a trip touring Colorado. They saw the Royal Gorge, Garden of the Gods and drove up Pike's Peak. They also visited a cousin and family in Johnstown, Colo.

Mr. and Mrs. Charles Fay toured Wisconsin where they visited Judge and Mrs. C. Gilman. They also enjoyed a week at their cottage at Mercer, Wisconsin. Before returning home they stopped at Porcupine Mountains in Michigan.

Sunday visitors at the Sand Lake cottage of the Ed Heilman family were Mr. and Mrs. Bob Romel and son, Mr. and Mrs. Don Romel and daughter of East Lansing.

Two weeks of swimming and fishing were enjoyed by Mr. and Mrs. Ted Golat and family at Wamplers Lake.

Mr. and Mrs. Lonal Bishop and children and Mrs. Helen Lang of Ann Arbor took a trip to Bob-Lo Sunday

Girl Diamond Stars Down GTS, 22-6

The Tecumseh Girls softball team met the Girls Training School Aug. 4 for the fourth and final time.

Final score of the home game was 22-6 in favor of Tecumseh.

Lorraine Daniels and Sharron Spencer did the pitching and catching for the GTS.

Carol Hand, Marcia Kunkle and Connie Kunkle sharing the catching duties for the home team. Ann Kempf was the pitcher.

Top hitters for Tecumseh were Carol Kapnick, who got 4 for 7, and Marcia Kunkle, Carol Hand, Brenda Whelan and Ruth Auten, all of whom got 5 for 7.

J. Pohl was the leading GTS hitter with 3 for 5.

A spokesman for the team said this was the first year a girls team competed against other towns. Next year, the girls hope to continue the team and to play many other teams.

Rotarians Hear Adrian Mentor

Adrian College's new football coach, Dr. Les Leggett, told Tecumseh Rotary clubmen about his experiences as a grid mentor Tuesday.

The talk was flavored with humorous incidents.

That "Dr." is correct. He holds a PhD in physical education.

Dr. Leggett was head coach at Portland State College in Oregon the past two seasons.

He takes over a team here which won three and lost five last year.

The speaker was introduced by Gale Fisher.

Married 25 Years

An open house was held Sunday honoring the 25th wedding anniversary of Mr. and Mrs. George Merritt, of Tipton.

The home was decorated with bouquets of roses, carnations and gladioli. Mrs. Merritt wore a corsage of sweetheart rosettes.

Mrs. Janice Cooper, of Clinton, a daughter, served a decorated five-tiered cake. Two other daughters, Mary and Cathy, served punch and ice cream.

The Merritts have another daughter, Carol Jean Isais of Alhambra, Cal. They also have three granddaughters and a grandson.

Guests were present from Flint, Holly, Brooklyn, Clinton, Jerome, Toledo and Tipton.

The Merritts were married in Holly August 22, 1934 and have lived most of their married life in the vicinity of Clinton and Tipton.

Mr. and Mrs. Bert Moore spent Thursday in Champaign, Ill. in the home of Mr. and Mrs. Norman Worth. They also visited Mrs. Colter in Bloomington.

President's Day Is Rescheduled

The annual President's stag day at Tecumseh Country Club has been rescheduled for August 29 instead of Aug. 22.

Tickets are available at the club house or pro shop or from the following members: Tim Neill, Ned Rosacrans, Jack, Bill or Bob Hanna, Roger Linger or Ray Schlegel.

Prizes will be profuse as well as exotic entertainment and refreshments.

Golf prizes will be presented for nine holes only.

Want A Kittie?

Three kittens are looking for homes. Jim Mull, 212 Maple St. would be happy to give them.

Players Must Take Physicals

Coach Duncan Leetka asks that all football players report for their physical examinations at 10 a.m. Thursday morning at the high school.

Practice begins Monday, Aug. 31, Leetka said. He said he expects a large squad again this year. The THS team will have time to get into shape for its first game at Hudson Sept. 18.

Meeting Rescheduled

Circle 2 of the Presbyterian Church will meet Tuesday, Sept. 8, rather than Sept. 1 as previously scheduled.

The 6:30 potluck supper will be held at the home of Mrs. Victor Voorhees with Mrs. Charles Howe and Mrs. Margaret Kidman as assisting hostesses.

READY FOR JUNKET — Skipper Bob Moore, (right) watches his crew get things ready for their trip down the Mississippi.

Cruising Down The River

Tecumseh "River Rats" under Commodore Bob Moore ran the Mississippi "Stairway of Water" from Minneapolis to Cairo, Illinois, two weeks ago.

Making the trip were Hugh Walters, Tom Walters, C. M. Brown, Tom Brooks, and Richard Fielder.

The boys reported seeing many interesting sights. They especially enjoyed the "Tom Sawyer" Hannibal portion and upper Mississippi through Minnesota and Iowa.

The Mississippi River has been changed since 1939 into a series of "Steps" which river traffic "climb" or "descend" as they travel upstream or downstream.

From Minneapolis below Lock No. 27 at Gravite City, there exist 26 locks and dams and the river falls about 420 feet in a distance of 669 miles.

Many industries, particularly those engaged in bulk products in great volume, have taken advantage of the low cost transportation made possible by the river project.

Growth of commercial traffic on the upper Mississippi since the beginning of operation of the project in 1939 has been rapid and steady.

Today, a tow of 20,000 tons of freight loaded on 12 or 15 barges with a length greater than the "Queen Elizabeth" all powered with one sturdy Deisel towboat is common practice.

All are standard equipment today.

Some highly specialized types of barges have been devised for unusual cargoes. There are some with foot-thick lining of specially treated balsa wood which carry liquefied Methane Gas.

Others are filled with collapsible plastic containers to hold carbon black, and a special tank barge carries anhydrous ammonia.

The upper Mississippi is one link in the Mississippi Valley's great inland waterway, which includes Illinois waterway, the Ohio and Missouri Rivers.

As other great navigation projects such as the St. Lawrence Seaway and connecting channels are placed in operation, the inland waterways can be expected to make even greater contribution to the economy of the nation and pleasure to its people.

This link of the inland waterways covered by the Tecumseh men completes the travel of Bob Moore's boat, "Missi-Sipi" (Ojibway Indian name for "Great Waters"), via the entire Mississippi, Ohio, Wabash, and inland waterway to Houston, Texas.

The two Toms, Tom Brooks and Tom Walters, claim Tom Sawyer never had it so good, especially the St. Louis River Front stop.

As Bob Moore said in his poem, "Down Ole Miss" — the water was rough, Dick gave it the gun; the motor revved up like a son of a gun.

"At five o'clock we arrived at the stream that completed our trip and also our dream."

Show Set for Photo Enthusiasts

Tecumseh camera fans may be interested in the fourth annual Midwest Photographic Show, sponsored by the Detroit Free Press and the Michigan Photographic Representatives.

The only show of its kind in the midwest, it will be held in Detroit from Nov. 18-22.

Designed to satisfy the needs of all picture-takers — amateur and professional — it will feature a full-scale trade show, a complete program of lectures, demonstrations and photographic events.

The show again will be held at the Light Guard Armory, which is readily accessible from anywhere in the Detroit metropolitan area. It will, however, be vastly expanded from last year's show, which drew more than 30,000 photo enthusiasts.

Leading manufacturers of photographic equipment, camera clubs and top-ranking photographers from many branches of the photo industry will take part in the show.

Photographic demonstrations—from snapshooting to darkroom procedure—will be conducted by top-ranking lensmen and technicians. Prize-winning pictures will be on display to give the amateur an opportunity to study the work of experts.

Thomas O'Hara, 207 W. Pottawatamie, underwent major surgery Monday in St. Joseph hospital, Ann Arbor.

Mr. O'Hara was transferred to Ann Arbor from Herrick hospital.

Exhibit Livestock

Sharon Burleson, Lenawee's Dairy Queen, exhibited the senior champion Guernsey and the reserve champion guernsey at the county fair last week.

She and her brother, LeRoy, are among those who will show livestock at State Show Sept. 1-4.

Karl Kimmerer of Britton exhibited the Grand Champion Guernsey.

Duck Season Reduced from 70 to 40 Days

Michigan's 1959 duck hunting season has been slashed from 70 to 40 days as a result of the severe drought which hit the major duck producing provinces of Canada earlier this year.

An October 7-November 15 duck season was adopted this week by the Conservation Commission which set the state's waterfowl seasons and limits within a framework of federal regulations.

Although bag limits will remain unchanged for ducks in general at four per day and eight in possession, there will be noted changes in kill quotas of species.

Hunters may have only one canvasback or one redhead, or one ruddy duck in the bag or in possession.

Last year, two canvasbacks or two redheads, or one of each, were allowed in the daily bag while the possession limit was four canvasbacks and redheads, singly or combined.

This year's daily bag and possession limits also include one wood duck and one hooded merganser. Wood ducks have been protected in Michigan for several years.

In addition to the regular duck bag of four an deight, bag limits on American and red-breasted mergansers will again be five per day and 10 in possession, singly or combined.

Low Pheasant Kill Expected This Year

Conservation Department game men expect this fall's pheasant kill in Michigan to dip below the one million mark for the first time since 1952.

Their kill estimate of around 900,000 birds is based on ring-neck production which suffered a noticeable drop throughout the state this year, according to brood surveys completed early this month by rural mail carriers.

In the southern lower peninsula—the state's prime pheasant range—ringneck production fell 27 percent below that of 1958. Production plunged 53 percent in the fringe pheasant range of Gladwin, Mecosta, Lake, Newaygo and Oceana counties.

A below-range hatching season in 1958 coupled with last winter's severe weather are chiefly blamed for the low production.

Merzs Have Guests

WSCS Meets Sept. 1 Farm Group to Meet

The WSCS of the Methodist Church will meet Wednesday, September 2, at 6:30 p.m. at the church for a potluck supper. All circle members are urged to attend this important meeting.

Church Group Holds Meeting

The Womens Missionary Society met Tuesday evening at the home of Mrs. Elmer House. Following devotions by Mrs. Harold Smith the group sang, "We've a Story To Tell To the Nations."

"Missions in Mexico," was presented by Mrs. Robert Hamilton and Mrs. House showed colored slides.

In keeping with the motif, Mexican food was served.

Mrs. Wilson Is High Winner

Mrs. M. W. Wilson won first prize for high score at the ladies bridge luncheon Wednesday at the Country Club. Mrs. Willis Porter was awarded second prize.

Table prizes were presented to Mrs. Earl Lindsley, Mrs. Leland Hubbard and Mrs. Paul Keyser.

Hostesses for Sept. will be Mrs. Ralph Helzerman and Mrs. Royal Welch.

Don's Grill Re-Opens Friday

Don's Grill will re-open Friday morning in its new location, the former French's Market, next door to the old Grill.

During the Tecumseh Sidewalk Carnival Friday, owner Don Smith will have his "Paris Cafe" set up along the sidewalk.

Warning!

About 100 overdue parking violations are waiting on J. P. Ernie Oliver's desk for disposition to local police.

Offenders will be given two weeks to take care of these little "details" and then names and addresses will be checked, complaints and warrants issued, thus necessitating higher fines and costs.

Dickinsons Are Home

Mr. and Mrs. Fred E. Dickinson and sons, Tom and Tim, have returned from two weeks vacation at Douglas Lake. Both boys are suffering from ear infections.

On Vacation

Richard Johnson, son of Mr. and Mrs. Donald Johnson, is spending a vacation with his grandparents, Mr. and Mrs. Floyd Chappell, of Kalamazoo.

Eloise Watson, 709 Occidental Road, was charged Tuesday with being drunk and disorderly.

Club Joins State Group

Little Garden Club met at the home of Mrs. William Schroer August 18. Sixteen members and one guest, Mrs. Bert Ousterhout, were present.

It was voted to have the club join Michigan Federation of Garden Clubs. Apropos to the coming Art and Flower Show Mrs. Paul Burns presented each member with a Michigan State University extension bulletin on floral arrangements.

After the business session Mrs. Ousterhout displayed many beautiful dried fall arrangements and gave hints on drying flowers.

Refreshments were served by co-hostesses Mrs. Royal Welch and Mrs. Paul Burns.

September 15 is the date of the next meeting at the home of Mrs. Dan Reed. She will be assisted by Mrs. Robert Randall and Mrs. Judson Miles. Members will meet at 8:30 p.m. to tour a fall garden prior to meeting.

Museum Offers Adult Courses

Classes will resume again next month at the Toledo Museum of Art.

Four new subjects are among 21 adult art and music courses offered by the institution. Registration starts Sept. 8 and closes Sept. 10. Students may enroll by mail if necessary.

Do-it-yourself courses include decorating the home, advertising lettering and layout, and a new workship to teach ear training and sight singing to choir members and other group singers.

Beginning Sept. 15, 21 courses will be offered in 34 weekday and evening classes. A brochure giving all details bay be obtained by contacting the Toledo Museum.

During registration hours, museum staff members will be available to advise students about what they want to study.

THAT BRAND LASTS A LONG TIME....

Some "low cost" companies writing auto insurance have the habit of cancelling a policy soon after their insured has an accident. This brands a driver as "unsafe" and makes it difficult to get insurance at regular rates in a good company.

Don't run this risk. And you won't if you insure with a local, independent agent. See us!

Drought Dries Up Potholes, Homes for Ducks

A severe drought in the major nesting areas of Canada and the two Dakotas has painted a somber duck hunting picture for this fall.

According to a release from the U.S. Fish and Wildlife Service the drought has dried up 50-80 percent of the potholes around which millions of ducks gather annually to nest and hatch their young.

About 60-70 percent of North America's ducks are produced in the prairie provinces of Canada. The Mississippi Flyway, in which Michigan is included, relies on these provinces for most of its duck population.

Results of the drought were reflected in the recently-completed breeding pair survey conducted in all three Canadian provinces. Compared with 1958, breeding pairs showed a definite decline with sharp reductions experienced in southern Manitoba and Saskatchewan.

The only increases in potential nesting ducks were recorded in the Northwest Territories. However.

What's Happening in Tipton

By MRS. FAYE LUCE Phone 15

Mr. and Mrs. Wayne Curtis have returned home after spending a two weeks vacation at Platt Lake.

Rev. and Mrs. Gordon Blossom and family of Plainwell were Saturday overnite guests of Mr. and Mrs. Donald Whelan and Janice, returning home Sunday. Rev. Blossom was the guest pastor at the morning church services in the Tipton Community Church Sunday. After the services a potluck dinner was served in the Church basement to about 50 members and guests, followed by a church board meeting at 2:30. The dinner was in charge of Mrs. Don Hunt.

Lorranne Williams returned to Plainwell with the Blossoms to be a guest of their daughter, Nancy, for a week and Shirley Blossom remained in the Whelan home as a guest of Janice.

Mr. and Mrs. Ernest Scheuerman, Sr. and son Roger entertained at a family gathering recently. Guests included Mr. and Mrs. Joseph Muntwiller of Ft. Pierce, Fla., Mr. and Mrs. Monroe Marsteller, Mr. and Mrs. Robert Marsteller and children, Mrs. Clara Hurly, Mr. and Mrs. Carl Peterson and Mrs. Robert Larsen, all of Toledo, Mr. and Mrs. Ernest Scheuerman, Jr. and children, Margaret Ann Schwartz, Mr. and Mrs. Alex Peterson and Kathy and Media and Alma Peterson of Adrian.

Mrs. Mabel Taylor of Lavonia is a guest for a week of Mr. and Mrs. Clifford Hardy.

Mr. and Mrs. Kenneth Fowler of Bronson were guests of Mr. and Mrs. Fred Davis on Monday.

Mrs. Harry Daniels left Thursday for Leslie and returned Saturday. She was the guest of Mr. and Mrs. Walter Hoenig and family. Mrs. Daniels and Mrs. Hoenig called on friends in Corunna Friday. The Hoenigs accompanied Mrs. Daniels home Saturday and remained for the day.

Mr. and Mrs. Ray Stockinger and children, Debbie and Ernest, returned home on Sunday after spending a week at Houghton Lake.

Mr. and Mrs. Fay Luce attended the Peter Young reunion Sunday held at the Miller cottage at Marr Lake.

Mr. and Mrs. Harry Daniels entertained a few neighbors including, Mr. and Mrs. Dean Cook and family, Mr. and Mrs. Wayland Kahle, Lida Spalding, Michael Aten and Mr. and Mrs. Fred Davis on Monday night for supper. The occasion was in honor of the birthday of Mr. Davis.

Mrs. Berdell Williams has returned home after spending a few days with her son and family, Mr. and Mrs. Mick Williams and new son Cory, at Chicopee Falls, Mass. While there she spent two days with Mr. and Mrs. Ed Lorden and family in Boston.

Local Woman Was Insurance Student at Michigan State

Mary E. Reed, of Tecumseh, Thursday received a certificate of attendance from Michigan State University upon the completion of a nine-day course in the basic fundamentals of insurance.

The class of 60 students, from throughout the state and Indiana, studied various types of fire, home and auto insurance, general liability, workmen's compensation and other coverages.

Although the course was designed primarily to help new insurance personnel prepare for the state qualifying examination, insurance agents wishing a refresher course also attended.

The course, sponsored by the M.S.U. College of Business and Public Service, is held seven times a year. The classes are conducted by members of the M.S.U. faculty and representatives of leading insurance companies.

Kathy Tomorsky Is Honored at Hospital

Kathy Tomorsky, daughter of Mr. and Mrs. John G. Tomorsky of 108 S. Maiden Lane, was one of 28 on the honor roll of a class of 86 at the Mercy School of Nursing in Toled.

Miss Tomorsky received an award as class representative to the Student-Faculty Association and as a member of the student nurse band.

The first annual awards program was devoted to students who have gained recognition in scholarship, leadership and sportmanship.

The band was identified in a Toledo paper as "the cool cats with the charm beat."

Music played by the gals in white is strictly for recreation but they generated a lot of enthusiasm for basketball games last winter as well as dances and an occasional formal affair.

The band is about a year old having played its first performance last August for Sister Caroline, the nursing director's, silver jubilee.

Miss Tomorsky received her first stripe Aug. 15. The capping ceremony in April included the nursing pledge of fidelity and the traditional Florence Nightingale lamp lighting ceremony.

Fill 'er Up, Again

You can guzzle all the milk you want for a dime at the Michigan State Fair.

Two booths will be erected this year and the regular staff will be augmented by volunteers from the Michigan Farm Bureau.

The "drink milk" exhibit was the most popular at the 1958 fair. On two occasions, drinking had to be halted while trucks rushed in a fresh supply.

Youngsters especially like to drown themselves in milk. A 10-year-old boy took the honors last year by downing 16 glasses—far more than his nearest competitor.

Depositing a dime, you can drink until you can barely stagger away from the counter.

AROUND CITY HALL

Community Interest Is Vital for Summer Recreation Program

By MARY SEAGER

Purpose of this column is to explain to you, the citizens of Tecumseh, how your tax money is being spent.

Most of you readers are parents. Many of you have sons or daughters participating in the city's summer recreation program in some way. Swimming lessons, ball clubs, tot lots, and tennis tournaments are all part of this program that is almost wholly-supported by your tax money.

The city management is constantly trying to present a well-rounded recreation program that includes everyone—adults, too.

A good program is of immeasurable value to the city through increase in healthful activity, reduction of accidents involving children at play and a lowering of the crime rate.

☆

THE DIRECTORS of this program have been improving it year by year but a greater community interest and backing is necessary to maintain it.

There are still many material things that should be added to the city's facilities: a larger city park, more area for a winter skating pond, two horseshoe courts, another lighted softball diamond, lights for the tennis courts, a playground for the northwest section of the city, and better sanitary facilities for all play areas.

Breaking the whole program down into its separate parts will demonstrate its wide scope. It centers around the Joyce Andrews Memorial Swimming Pool, the athletic field and its numerous playing fields, the three playgrounds and the tennis courts across from the junior high school.

The swimming pool is doing a valuable job through its swimming lessons offered for everyone in this school district starting at age 7. During the two sessions of swimming lessons, 437 children and 41 adults received instruction.

The different groups of lessons were beginners, advanced beginners, junior intermediates, intermediates, swimmers, junior and senior lifesaving, synchronized or water ballet, and the adult series.

☆

THE CHILDREN will demonstrate what they have learned in a water show to be held at 7 p.m. Aug. 28 at the pool. The synchronized swimmers will also perform.

Besides the lessons, the pool is open from 2-5 p.m. the afternoons and 6:15-9 p.m. in the evenings seven days a week. Since the pool opened early in June, 11,500 people have used it.

Due to increased adult interest in swimming, the pool is open solely for adults from 8-9 p.m. on Monday, Wednesday, and Friday evenings.

However, some thought must be given to either enlarge the present pool facilities or build one that can be used the year-around because even now it is hard to accomodate all the swimmers.

A lot of appreciation should be given to those men and the service clubs who have coached and sponsored the various ball clubs this summer. Two hundred and eighty-nine boys have participated in the five leagues supported by city taxes.

☆

THE PEEWEE League is for boys from seven to nine years of age and has four teams. The Minor League of ten to twelve year olds has five teams. Six teams of 10 and 12-year-olds play in the Little League. The Babe Ruth and Pony Leagues are combined with four teams of 13 to 15-year-olds.

There is also a girl's softball team with twelve members. Men thirty and over participate in the Blooper Ball League (Oldtimers') which has four teams with about 50 members.

For the first time this year in Tecumseh, there has been a tennis tournament. In the men and boys division, there are twenty players in Senior competition with about thirty in the Junior. To date, there has been no girls' play due to lack of interest.

Three tot lots around town are open from 9-12 a.m. in the mornings. There is one at the Central Playground, one in Tecumseh Acres and one in Herrick Park. These are fully supervised during the hours they are open.

The Community Chest helps the city pay the bill for the recreation program each year. Some people feel that extra taxes should be raised so that everyone in the community will be supporting the recreation program.

This, however, makes it hard on the older citizens who have no children who would use the program. But people who have children should support the Community Chest since the result is a good recreation program.

MEA Gains New Members

Region 3 of the Michigan Education Association showed an increase in both Michigan Education and National Educational Association memberships for 1958-59.

Monroe, Lenawee, Washtenaw and Jackson Counties had memberships of 3,984 and 1,451 for both groups. This figure compares with 3,848 and 1,363 registered last year.

MEA now has 53,392 members an increase of 2,986 over last year.

OBITUARIES

MRS. LOUISE MARK

Funeral services were held Saturday at the Green-Dunn Funeral Home for Mrs. Louise Katherine Mark who died at the age of 93 at the Baker Nursing Home.

Her home was at 302 W. Pottawatamie St. She had been in failing health for about two years.

She was born in Riga June 15, 1866 the daughter of Christopher and Margaret Rudisiler.

She married James Mark in 1889 in Riga. He died in Sept. 1939.

She has been a resident in and near Tecumseh for the past 77 years.

Mrs. Mark was a member of the Methodist Church.

She is survived by one daughter, Eva Louise Smith of Rochester; three grandchildren and seven great grandchildren.

The Rev. James D. Nixon officiated at the services and burial was in the mausoleum at Brookside cemetery.

MRS. V. IRENE BOWKER

Mrs. V. Irene Conklin Bowker of Kalamazoo, sister of Mrs. Ellsworth Collins, succumbed Wednesday afternoon after several months of failing health.

Her husband is the Rev. James D. Bowker, pastor of the Stockbridge Avenue Methodist Church in Kalamazoo.

Mrs. Bowker was 61 years of age. She was born Oct. 23, 1897 in Macon and graduated from Tecumseh High School.

Besides her husband Mrs. Bowker is survived by two daughters, Mrs. David Millard of Paw Paw and Ruth Bowker at home; three grandchildren, Nancy, Carol and Vicki Millard, and Mrs. Collins of Brooklyn. There are a number of cousins in the Lenawee community.

Funeral services were held Saturday at the church in Kalamazoo with graveside services and burial in Brookside cemetery here.

MRS. WILLIAM BALLARD

Mrs. Bert Cregar has received word that her sister, Mrs. William Ballard of Rock Island, Ill., passed away in her home last Tuesday evening.

She had been in poor health for several years. She was born in Tecumseh, the daughter of Mr. and Mrs. Peter Handy.

She is survived by her husband, a son, Dale Manley of Battle Creek; a daughter, Mrs. Joyce Patterson of Rock Island; two grandchildren, Polly Patterson of Chicago and Larry Manley, in the service; three brothers, Ed and Fred Handy of Tipton and Frank Handy of Fairfield; two sisters, Mrs. Andrew Carson of the Parrett Nursing home, Tecumseh, and Mrs. Cregar.

Mrs. Ballard was preceded in death by a daughter, Dorothy, who died at the age of 11.

Funeral services were held Friday in Battle Creek and burial was there.

MRS. V. IRENE BOWKER

Services were held Saturday at the Stockbridge Methodist the Stockridge Methodist Church in Kalamazoo for Mrs. V. Irene Conklin Bowker, 61, who died Wednesday in her home after many months of failing health. Burial was in Brookside Cemetery.

Mrs. Bowker was born Oct. 23, 1879 in Macon. She was a graduate of Tecumseh High School.

She was the wife of Rev. James E. Bowker, minister of the Stockridge Ave. Methodist Church in Kalamazoo.

Besides her husband, she is survived by two daughters, Mrs. David Miller, of Paw Paw, Mich., and Miss Ruth Bowker, of Kalamazoo, and a sister, Mrs. Ellsworth Collins, of Brooklyn, and three grandchildren.

G. EARL WOOD

Funeral services were held Tuesday in ackson for G. Earl Wood of 310 N. Pearl St. who passed away Sunday in the Mercy Hospital there.

He had been a patient for about three weeks and in failing health for the past two years.

Mr. Wood was 83 years old. He was born May 19, 1876 in Hillsdale the son of Mr. and Mrs. Leverett Wood.

He married May Lambert of Hillsdale in 1903. She preceded him in death in 1956.

Survivors are one son, Richard of Jackson; a daughter, Mrs. Samuel Lawrence of Tecumseh and two grandchildren.

Burial was in Lakeview cemetery in Hillsdale.

JOHN L. SMITH

Funeral services were held Saturday in Addison for John Leonard Smith of Somerset who passed away suddenly Aug. 19 at his home.

He is survived by his wife, Margaret Haverstock Smith, postmistress in Somerset and sister of Mrs. Alvin Brazee of N. Maiden Lane, and several nephews and nieces.

Mr. Smith was born in Ridgeway March 5, 1898, the son of Edward and Anna Swartz Smith.

He served as branch manager of the Commercial Guardian Bank of Toledo until he moved to Somerset 15 years ago where he operated a filling station until retirement two years ago.

Burial was in Somerset.

Grange to Hold Chicken Barbeque

Plans for the Chicken Barbecue to be held by the Tecumseh Grange on Labor Day were completed at meetings last week.

The succulent fowls will be prepared by Mr. and Mrs. Floyd Barrett, Mr. and Mrs. Mills Swick, Mr. and Mrs. Charles Ricicia, Mr. and Mrs. Don Bilby; Mrs. Roscoe Hewlett and Clarence Kellar, chairman.

This committee will also have charge of the barbecue pit, the tables and other equipment.

The roast will be held at the Tecumseh Airport with Charles Patterson and Walt Wonderly in charge of parking.

Virgil Bortel and Hamilton Moore will supervise the food line between 1-8 p.m.

Mrs. Herbert Gilmore and Mr. and Mrs. Walter Wonderly are publicity chairmen.

HE GOT 32c — Richard Williams, 2142 Russell Road, wasn't able to win a ribbon with his steer at the County Fair, but in the auction ring he scored to the tune of 32c a pound. That's how much the Tecumseh Kroger store paid for Richard's beef on the hoof.

Our Readers Write

To The Editor:

There are many things that most of us take for granted — for example, an efficient, modern, automatic washing machine. We grow accustomed to its bounty — clean, fresh-smelling clothes, day after day—until suddenly some trouble develops. Then, there is an uproar until the machine is running smooth again.

There are people who, day after day, contribute to our happiness and well-being and we take them for granted until we are deprived of their services by mishap or death. Then, we heap praise and accolade on their memory.

Often we read in metropolitan newspapers of the misdeeds of the police department, reports that sometimes are exaggerated but true. How often do we pick up our paper and read a tribute, an article of deserved praise for the men in the familiar uniform of the city policeman?

Each man who is a member of the Tecumseh Police Department is an outstanding citizen, contributing to the safety and security of their fellow men by constant devotion to duty. Not only do they diligently pursue their work, but they contribute their services to their churches and various civic and fraternal organizations to which they belong.

Yet, how do you react when stopped by a policeman? Do you feel disgruntled and upset because you were stopped for some minor infringement of a law or traffic violation? You should be thankful that someone cared enough to stop you.

How much easier it would have been for your friend in the blue uniform to look the other way and permit you to take careless driving for granted. Like loving parents who point out errors to their children, our policemen strive to keep law and order.

When our children cross the streets to school, you know they will arrive safely because a policeman is on the job — and doing it well.

We should feel grateful when we see the familiar police car roaming the streets because we know that someone is keeping a close watch on those we love and their property.

Next time you see your good neighbor in the familiar blue uniform, give him a friendly wave of the hand or a bright smile that will tell him, "Thanks a lot for everything."

2 Officials to Attend Convention

Michigan's municipal officials will hear how local units of government in England are granted broad fiscal powers at the 61st annual convention to be held Sept. 10-12 on Mackinac Island.

Honorable Norman G. Prichard, of London, England, will be the main speaker.

Over 800 mayors, village presidents, councilmen, managers and other elected and appointed officials from 415 cities and villages are expected to attend the three-day gathering.

Mayor H. H. Hanna and city engineer Cal Zorn, alternate delegate, will represent Tecumseh. Their expenses will be paid by the city.

MEA Begins Educational TV Series

The first educational television network of its kind will be inaugurated this fall by the Michigan Education Association in cooperation with Michigan State University.

The MEA, an organization of more than 50,000 teachers and administrators, will produce and distribute to participating Michigan television stations 30 one-half hour kinescope recordings (films) beginning in mid-September.

Entitled, "The Constant Challenge," the series is the first ever attempted on such a large scale by a state teachers association.

The 30 programs are being prepared by the MEA, Michigan State University's television staduction and direction of the series.

As part of the cooperative venture, WMBS has made available its studio facilities and has assigned a producer-director and a production crew to the year-long project.

To date, 10 Michigan television stations have expressed the desire to be a part of the kinescope network. If no other TV outlets join the network, "The Constant Challenge" will still be seen by a potential audience of five million.

Nine VHF channels in the lower and upper peninsulas and a UHF channel in Detroit will telecast the series.

One American in four has this disease

Physicians call it obesity, but it's just as unhealthy if we call it *pounds—too many pounds.* In some places a chief cause of early death is malnutrition but in this country the Grim Reaper's number one helper is overeating. Overweight people subject their heart and blood vessels to undue stresses and strains. Every ounce of excess flesh is a menace to health. Which is why so many of us diet today. And those of us who are wise see a physician first. We, as professional pharmacists, know how effective a doctor's advice can be.

HERE AND THERE

BY DON BAUERLE

Two weeks ago, Clara Waldron's by-line appeared on a story she wrote a few years ago about the year the grandstand fell at the Lenawee County Fair.

Well, the other day Mrs. Mabel Whiting brought a copy of the Adrian Press, dated Oct. 4, 1879, to the Herald office. A story on page one gave some more facts on the disaster at the fair.

Here is how the reporter described a man who was one of the injured:

"Josiah Westerman, of Riga, had his shoulder crushed, his head cut and was generally bruised.

"He is a man of heroic nature and bravely walked up town in his terrible condition to a doctors office, where he submitted to surgical repairs almost without a murmur.

"He was an old soldier, and the disaster was terribly suggestive of the carnage of a battle-field where he braved and escaped danger, only to be crushed at a county fair."

Meanwhile, in another column of the same newspaper, the Press offered space to the architect of the grandstand because he "feels greatly agrieved by what he deems the unjust responsibility cast upon him by The Press."

The Press still defended its story that ran the previous day and added:

"Our statement was made after what we deemed a close and careful investigation, premising it however, with the opinion that a coroner's jury must decide where the fault lay and who might be found to blame, or at least answerable for the terrible disaster.

". . . We wish to do even justice, no more, no less, and having heard Mr. Sizer's (the architect) statement, we felt that we may have placed him in a wrong light; and having not the slightest wish to wrong him in so grave a matter, we present his side of the matter as we understood it at the interview.

After a lengthy explanation of Mr. Sizer's case, the Press said: "This is Mr. Sizer"s statement essentially and we cheerfully accord space for it. In the meantime public opinion must await the investigation."

☆

SINCE I am meeting my final deadline this week for the Herald, perhaps many readers are still wondering how Tom Riordan and I met. So, I'll let out the secret.

Remembering the circumstances, it seems like a twist of fate. I had one journalism course at Wayne State last semester and I was inclined to cut class occasionally. One day, however, my fiance got mad because I wanted to take another "holiday" from "Reporting Public Affairs."

Consequently, I went to class. The instructor had told us that there would be a feature speaker that day. Of course, Tom was the speaker. Enthusiastic — a Riordan characteristic, Tom told us about his newspaper and his experience as a reporter.

One casual comment Tom made about hiring a summer reporter stuck in my mind. I was working at the Detroit News as a copyboy but I was determined to get a newspaper job this summer so I could find out if I wanted to stay in the trade.

After class, I had only a few minutes to talk to Tom — I didn't want to skip history — but we agreed to meet at 2 p.m. At the designated hour, I asked Tom many questions and finally I decided to drive to Tecumseh the following Sunday.

As we—Betty and I—drew closer to Tecumseh, I was hoping I would get the job. There were only two obstacles: Tom was interviewing other candidates at Michigan and Michigan State and Jim Lincoln wanted to meet me.

After we were introduced to im and saw the office, Tom excused himself—he had to cover the building and home show at the union hall—and Jim took us on a tour of Tecumseh. I liked what I saw. Betty knew I did. Thus, I was convinced that my goal was to work for the Herald.

But I forgot something. I was still employed by the News. Fortunately, however, Mr. Harvey Patton, managing editor, and Mr. Allen Nieber, city editor, agreed that I could take a leave of absence from the News for the summer.

Then, on June 2, I came to Tecumseh. Now, after 13 editions, I will pack my suitcase and typewriter and head for home Friday. But I'll never forget my summer in Tecumseh—I began my newspaper career here.

Michigan Is Big Producer of Oil

Michigan has had an important role in the development and productivity of the oil industry celebrating its centennial birthday this year.

Forty-seven of 83 counties turn out an annual 9,227,000 barrels of crude oil. Such a record is greater than the crude production of Cuba, Bolivia and Chile.

Three new fields in Scipio, Albion and Mt. Clemens have stirred a new exploration interest in the state and have accounted for many of the 436 wells drilled last year.

Five per cent of the state's acreage is leased by oil operators.

☆

THERE WERE 4,250 wells operating in the state in 1958. The average well produced 5.9 barrels of crude oil daily.

Michigan has 15 refineries processing 165,100 barrels of oil daily at peak capacity. Although only three other states have more refining facilities and capacity than Michigan, the state cannot meet the demands of its nearly 3,500,000 cars and trucks.

Michigan has 3,453 miles of pipelines and the sixth largest tank truck fleet in the nation—about 3,500 vehicles — bringing fuel to the state.

About 34,000 Michigan persons are employed in the industry and the annual payroll is close to $130 millions. Statistically speaking, this is equivalent to one member of each family in Battle Creek and Kalamazoo working in the oil field.

☆

ONE HUNDRED years ago, the oil industry was born in Titusville, Pa., to provide kerosine for illumination, grease for machine and wagon lubrication and crude oil for a host of strange-sounding medicines.

Now, the industry is composed of more than 42,000 businesses engaged in production, refining transportation and marketing. There are more than 181,000 service stations located in every corner of the country.

In Michigan, there are 1,106 petroleum bulk plants and terminals and 8,170 service stations. Another 2,000 merchants handle gasoline in some quantity.

Sales volume for service stations in 1954—the last year figures were available—show that their business was greater than the combined sales of apparel, shoe, accessory and jewelry shops in the state.

During the last fiscal year, the petroleum industry produced $156,382,400 for the state treasury and more than $60 million from the three-cent federal gasoline tax. Revenue collected on the six-cent gas tax was $133,800,000.

Play for Club Championship

It will be veteran Paul Callahan against youngster Max Smith, Jr. for the 1959 Tecumseh Country Club golf championship Sunday.

A former club champ, Mr. Callahan won his way into the finals, dropping John Elliott, 1-up in 19 holes.

Max, who is a sophomore at Michigan State University and a former Tecumseh High School linksman, bested Frank Muszyuski, 2 and 1.

In recent first flight play:

Frank Reinhart defeated Dr. Robert Bowers, 1-up.

Ed Christison defeated Herb Dillon, 3-2.

Joe Horvash defeated Skip Milheim, 3-1.

Bill Hanna defeated Ralph Hodges, 3-2.

Fred Randall defeated Cal Roll, 4-3.

In second flight:

Earl Baldwin won his way into the finals by stopping Gordon Haskins, 1-up.

Frank Saxton defeated Charlie Steveson, 2-1.

Ray Ernst defeated Jack Morehouse, 3-2.

Winner of the Saxton-Ernst match will face Mr. Baldwin for the crown.

In Third Flight:

Investment Service Available at Library

Moody's Investors Service is now available at the Tecumseh Public Library. The Moody service consists of five manuals of investment covering: governments and municipals, banks and insurance companies, industrials, public utilities, and transportation companies.

The complete set of volumes, together with the twice-weekly supplemental issues, constitute a complete, comprehensive and up-to-date statistical and analytical investment library.

Moody Stock and Bond surveys are also included. These publications give a weekly opinion on the tends of the market; studies of various industries and specific recommendations for investment action.

This investment service is a joint effort of the Tecumseh Public Library and the Investment Clubs of Tecumseh. Moody's will be available at the Library, from 2 p.m. to 9 p.m. Monday through Friday and from 11 a.m. to 6 p.m. on Saturdays.

VOICE of THE HERALD

A Vote of Confidence

Over 80 years ago, Frank W. Woolworth opened the "Great 5c Store" in Lancaster, Pa. Now, after operating under progressive policies, F. W. Woolworth Co. has 3,250 branches in nine countries.

In 1958, for example, Woolworth's opened 89 new stores in areas not previously served by the company. As a Woolworth's spokesman stated: "We pick and choose shopping locations carefully to determine their suitability to Woolworth operation."

Last week, the firm added another store to its vast chain when it disclosed that a Woolworth outlet—the only one in Lenawee County—will be built in Tecumseh and occupy half of the floor space of the present Ford Sales and Service building with Gambles after the structure is remodeled.

Woolworth's is recognized as a well-known institution. Perhaps its popularity can be attributed to this company principle: "All the best there is to offer in goods and services should be made available to the greatest possible number of people."

In addition, Woolworth's is aware of the acute problems facing the nation. The field of education is a good example. Woolworth's has discovered that many high school graduates can't attend college due to the cost of higher education. So the company initiated a scholarship program in 1957.

Scholarships are granted in 10 geographical sections of the country. A talent search is conducted by the National Merit Scholarship Corporation. Then the candidates are announced and the awards are made.

We are proud Woolworth's selected Tecumseh as a retail center for its merchandise. Woolworth's has, we feel, expressed its confidence in Tecumseh, a growing and prospering city, and we trust that another company tradition—maintaining a friendly relationship between itself and the community—will persist.

An International Reputation

Somewhere high in the atmosphere over foreign soil, Peter Gluckmann, San Francisco's "Flying Watchmaker," is using his skill and experience as a pilot and a quality engineered aircraft in an attempt to establish a world record for an around the world flight.

Whenever Gluckmann lands at principal cities plotted on his course, we are speculating that he is asked "Who made your plane?" or "Where was it made?"

For the curious members of the press and other interested parties, Gluckmann will have two standard but locally significant answers: "My airplane is the best built. It was designed and built in Tecumseh, Mich., by Al Meyers."

By selecting a Meyers Model 200 for his historic flight, Gluckmann has recognized the talents and craftmanship of the Meyers Aircraft Co. Made in Tecumseh by Tecumseh people, each plane is fabricated by hand, although a small-scale assembly line is utilized as the plane is being built.

As Gluckmann flies across Europe or Asia or wherever he is, news stories of his whereabouts and progress will be flashed around the world. Thus, people will know who Peter Gluckmann is. They will know he is operating a single-engine plane manufactured in Tecumseh.

We can justifiably boast that Tecumseh has earned an international reputation in the aircraft field.

GOSH, I CAN'T SMELL A THING—John Perry, 714 River Acres Dr., has to take a peek at what's cooking for supper because he certainly isn't able to smell it. John is recuperating from nose surgery and will be bandaged up like this for several weeks.

Mr. and Mrs. Max Smith Sr. and Mr. and Mrs. Cal Damon toured upper Michigan last week. They went up the east coast and came down the west coast. They spent a few days at Mackinaw City.

Fruit Enzymes Discolor Peaches

Home-canned peaches should be yellow in color—but sometimes they turn brown. It's an enzyme action, says Roberta Hershey, foods and nutrition specialist at Michigan State University.

It happens when peaches are not processed correctly.

Browning may occur on the surface of the pack. This is a sign there was not enough heat to destroy the fruit enzymes — or the heating process was too slow.

You will seldom see this surface browning on peaches that have been hot-packed and processed correctly in a boiling water bath. The quick heating before peaches go into the jar of peaches discolors soon after canning, perhaps the peaches were overprocessed. This is not likely to occur. However, it may happen when you handle too many peaches at one time, so that some are overcooked.

Miss Hershey recommends working with small quantities — just enough fruit to fill two or three quarts at one time.

Dance Is Friday

The "Signature Swing" will be held from 8-11:30 p.m. Friday in the Britton-Macon High School study hall.

Prices are singles, 50 cents, and couples, 75 cents. The dance is sponsored by the Britton-Macon Annual Staff to distribute the Britton-Macon Annual.

BEAM GOES INTO PLACE—Construction of the first unit at the Ralph Mull & Associates professional center on M-50, across from Bud's A&W Drive-in, is rolling along. Being built by Howard Trusdale, the building is 28x30, will be all brick, have a full basement and air conditioning. Other, identical structures will go up in a row behind the first one, which will be occupied by the Mull firm of accountants. A special hard-topped area adjoining the center will provide parking for 40 cars.

IMPORTANT NEWS! Now you can add your dependent parents to your Blue Cross-Blue Shield group contracts.

New and exclusive with your M-75 group coverage . . . Blue Cross-Blue Shield protection for all your "income tax dependents", regardless of age

Now, for the first time, Blue Cross-Blue Shield protection is available to every member of your family circle . . . under your present Blue Cross-Blue Shield M-75 group membership!

Your father or mother . . . your adult children . . . even your in-laws (if they are "dependents" of yours) are eligible for Blue Cross-Blue Shield health care under two new additions that you may make to your present contract.

Result: You are relieved of financial burden should illness or accident strike *any* of your "income tax dependents".

Here's how the new Blue Cross-Blue Shield coverage works:

Your employer may arrange for you to select either—or both—of two new "riders" now being offered for addition to the Blue Cross-Blue Shield M-75 contracts you already have.

One of the additions, "FAMILY CONTINUATION RIDER F", provides health care for your dependent children after they reach age 19. As you know, Blue Cross-Blue Shield has always offered group protection for your youngsters *up to* 19 years old. But now, the new rider *extends* that coverage for your unmarried children through the college years up to age 25.

The second addition that you may wish to make to your present M-75 contract is called the "SPONSORED DEPENDENT RIDER S". This provides 30 days of hospital and medical care for still other dependent members of your family circle. Your own parents, for example. Or even children *over* 25.

Limited Time Only

As a group member of the Blue Cross-Blue Shield M-75 plan, and subject to the agreement of the employer of your group, you are welcome to add either—or both—of these new "riders" to your present coverage. The cost of the additional benefits will simply be added to your regular contract payment.

However, your group must act promptly. The current "sign-up" period for these new "riders" extends only to November 1, 1959.

For full details on the most complete family coverage Blue Cross-Blue Shield has ever offered, see your personnel or payroll officer or call the Michigan Blue Cross-Blue Shield office nearest you. Information about these two new riders is being sent to every M-75 group this week.

It's wonderful to feel cared for

Students Drive - Not Walk - to School

How times change . . .

It wasn't too long ago that kids walked—or, if they were lucky, rode a bike—to school each day. Some of our parents even rode horseback to school.

Those days, the distance most children had to cover was at least a mile, often more—and regardless of the weather.

Those days are gone forever.

Many students still walk to school, but increasing numbers drive.

☆

THE PROBLEM of schools in bygone days was to get enough racks for students' bicycles. Today, high schools often must build parking lots to hold the mass of motor vehicles their students arrive in.

If schools don't construct parking lots, students have to leave their cars around the school building—thereby creating a traffic hazard for motorists and pedestrians.

The motor vehicle, then, can be quite a headache to schools.

Nearly six million teenagers—many of them students — drive cars. They make up about one out of 14 of the nation's 80 million licensed drivers.

A teenage driver is involved in one out of 10 fatal auto accidents. Main fault of teens, according to the National Safety Council, is a tendency to speed.

"Lots of teenagers drive to school today," the NSC said. "And, unfortunately, young people too often get an urge to show off around their friends.

☆

"THE RESULT? More accidents involving teenagers."

What is the solution to the problem?

"One way to bring down the accident toll among young drivers is for every student to take driver education," the NSC said. It urged adherence to this driving code:

1. Be proud of your driving. Do your part to prove teenagers can be the best drivers on the road.

2. Smooth driving is the mark of a pro. Don't make jackrabbit starts, squealing turns and fast stops.

3. Be courteous at the wheel. Give the other fellow a break.

4. Don't try to get ahead of the other driver, or to even the score if he's inconsiderate.

5. Speed is a killer. Adjust it to road, weather and traffic conditions.

6. Keep both hands on the wheel and your eyes on the road.

7. Obey the law. Stop at stop signs.

8. Keep your car in top condition. Give special attention to tires, lights and brakes.

9. Don't be a bumper chaser. Keep a safe distance between you and the car ahead.

Remodeling Started at Ford Agency Site

Although the deadline for moving out of the present location is Oct. 1, E. L. Simmons, Inc., local Ford agency, is renovating its new showroom on M-50 at Occidental Highway.

Howard Truesdale is the contractor.

Two grease racks are now being installed. Then a modern parts and service department will be set up.

The display area for new cars will measure 47 x 27 feet and will be finished in mahogany. Windows will be placed on the front and west side of the building.

A used car lot will be situated on the west side of the property.

In May, E. L. "Speck" Simmons purchased the Ford agency from Charlie Butler. The Ford building in downtown Tecumseh was sold to Don Martin, who operates the Gamble store.

After the city planning commission and the council objected to the dimensions of the proposed showroom, which formerly housed the International Harvester dealership, Mr. Simmons and his partner, Bob Karle, said they would relocate as soon as possible.

Last week, Woolworth's and Gamble's announced that the two firms would occupy the present Ford site. Woolworth's expects to open its store later this year.

Don Murphy Named Chairman of Local Fund

Don Murphy, secretary of the Chamber of commerce, has been named chairman of the Tecumseh Community Fund Drive. The drive will be held the week of Oct. 19.

The local budget of $6,550 will be alloted to the following groups:

Girl Scout Association — $700.
Tecumseh Scout Organization Cabin Maintenance) — $200.
Tecumseh Service Club — $1,200.
Recreation Board — $3,250.
Chamber of Commerce (Community Parties) —$1,200.

Pat Boling, California Pilot, Visits Here

By DON BAUERLE

Pat Boling, a rival of Peter Gluckmann — finally landed in Tecumseh last weekend.

"I have flown over this area many times but I never had a chance to see it before," Boling said.

Why was Boling in Tecumseh?

"About two and a half years ago," Pat explained, "I met Ambrose Hamaker, a local public relations representative, on a flight from Chicago to the west coast.

THEN MR. Hamaker followed my adventure across the Pacific last summer."

Last August, Boling, flying solo in a Beech-Craft Bonanza, made a nonstop flight from Manila to Pendleton, Oregon, a distance of 7,090 miles.

He beat the then existing record by 2,000 miles.

But Boling's record was smashed this June by Max Conrad, of San Francisco. Conrad flew from Casablanac, Africa, to Los Angeles, a flight of 7,83 miles, in 58 hours, 38 minutes.

Peter Gluckmann was believed to be heading for Tokyo and an attempt at the distance record — his flight would have been about 7,800 miles—until he postponed his trip.

☆

THEN GLUCKMANN announced last week that he was going to fly a solo flight around the world in a Meyers Model 200 aircraft made in Tecumseh. He left San Francisco, his home base, last Saturday.

Boling, 44, is a professional flier. Trained in the Navy, he has been a United Air Lines Captain for 17 years.

He ordinarily makes seven flights a month for United; six to Chicago and one to Denver. "I have to record a total of 85 flying hours a month. It amounts to working 15 days on, 15 days off," Boling said.

Asked if he though Gluckmann would set a record for his global hop, Boling commented:

"He isn't flying a difficult route. It is a relatively good area for a trip. I don't think Gluckmann will run across any insurmountable problems."

REFERRING TO his 1956 flight, Boling said he had to fly the "great circle route."

"Now, however," he said, "a dog leg is allowed.

"When you are flying across the ocean, the weather is more predictable," Boling said. "There are too many vertical kinks on land.

"Any deviation from the circle course is time consuming," Boling said. He added: "The preferred time to try a record attempt is late summer."

He said he has no definite plans about making another long flight.

In addition, Boling, a pilot for 18 years, gave this advice to nonfliers: "Don't start to fly," he warned. "Once you do, you get the bug.

☆

"THEN YOU can't stop."

While he was in Tecumseh, Boling toured the Meyers Aircraft Co. ("Al Meyers builds a very good airplane") and the Bridgeport Brass Co. in Adrian where airplane fixtures are made.

He left for Chicago Monday night. He was heading for Palo Alto, Calif., and his wife and three children.

Between flights, Boling fills speaking and personal appearance engagements in the U.S., Canada and points in the far east.

Two weeks ago, Boling and Hamaker flew to Fort Collins, Colorado, to attend the Flying Farmers national convention. Boling was the principal speaker.

Tecumseh has been a hub of flying activity this summer. Jim Smith has been "gliding" about the country. Peter Gluckmann picked up his aircraft here. Now, Pat Boling is guided from Tecumseh.

"TRUTH IS THE AIM OF ALL RESEARCH"

Recently a research study was performed to find out if people really read the directions and warnings printed on the labels of patent medicines. Any medicine can be harmful if improperly taken, or if used when the ingredients are contra-indicated.

It was discovered that a very large number of people do not completely read the directions, heed the warnings, or study the formula. If simple patent remedies are always as safe as some of the ads state, why are cautions about their use required by law to be printed on the label? The truth is that all medicines should be secured from a pharmacist. We can warn you against any possible danger.

FINAL TOUCHUP—William Poole, local sign painter of 10 Pleasant St., winds up his chore of lettering the new city police car. Officers George Kempf and Don Rodehaver look on in approval. The new scout car is a Rambler, purchased at low bid from prices submitted by local auto dealers.

Gary Cameron Will Attend GM Institute

The appointment of a Tecumseh young man to attend General Motors Institute in Flint, Michigan, has been announced by Detroit Transmission Division of General Motors Corporation.

Gary J. Cameron, of 205 North Democrat, will report to the Institute for the fall semester.

He will enroll in the Four-year Cooperative Engineering Program, alternating study at the Institute with work periods at Detroit Transmission Division.

Gary was graduated from Tecumseh High School in 1957 and attended Eastern Michigan University for two years. He has been a member of the chemistry and conservation clubs, Michigan Archers Association and the school annual staff.

Recent guests of the Jim McKenna family of Red Mill Pond were Mr. and Mrs. Elmer Anderson and Mr. and Mrs. Harvey Farrant of Dearborn.

Good Drivers May Get Break

Motorists, who have no driving record or convictions, may get lower insurance rates if a plan, advocated by Secretary of State James M. Hare, is adopted by Michigan insurance companies.

"Many of us interested in traffic safety spend most of our time and effort straightening out the habitually careless driver. It is time that somebody gave the careful, law-abiding driver a break," Hare said.

At a recent meeting in Lansing, 60 representatives of insurance companies discussed the possibility of accepting a California plan where good drivers get reduced insurance premiums.

The plan could give a rebate as high as 20 percent.

"The good driver rebate plan has many merits," Hare said. "We will pledge out continuing cooperation to insurance companies and others in Michigan who may wish to adopt the California plan."

Public Pool Being Built in Clinton

Clinton will soon have a community swimming pool.

Measuring 30 x 60, it is being constructed behind the village's high school. Mr. and Mrs. W. P. Van Tuyle, of 315 Tecumseh Rd., donated the money for the pool.

Since the pool doesn't have a heating unit that costs about $1,000, the Clinton Rotarians are sponsoring a chicken barbeque Thursday evening, serving meals on the school lawn from 5-7:30 p.m.

Tickets are $1.50 for adults and $1 for children.

Shade Trees Add Beauty, Value to Home

Interested in increasing the value and livability of your home?

Shade trees are one way of doing it. And now is a good time to decide where you want to put them, according to Joseph T. Cox, landscape specialist at Michigan State University.

Now, while the foliage is thick, you can see where the shade from present trees falls, and where you want to put other trees to complete or fill out the pattern.

Hints offered by Cox for locating trees include: 1. put the trees to the corner of the house, where convenient, to avoid blocking window views and lawns.

2. Put in a stake where you want the tree to be put, and come transplanting time this fall, you'll know just where it should go.

Trees should be kept from drain lines—you're only asking for root-plugged lines if you put them too close. A minimum distance from drain lines would be 25-30 feet. Roots spread at least as far as branch tips.

Reader's Delight

You can relax in a cool atmosphere while patronizing the Tecumseh Library.

An air-conditioning unit, the gift of Jens Touborg and the Tecumseh Products Co., has been installed.

As the temperature soars higher and higher, many people have found that the library is one of the coolest spots in town.

Thru My Window

FUN TO SEE, AND FUN TO READ ABOUT

Our attention was first attracted by a noise. Something was going on outside—apparently in the soft maple which stands on the creek bank so near our window. It took only a moment to spot the source of all the commotion and sure enough, all the loud, shrill screaming was coming from a baby bird.

But what a baby bird—it was so big. The bird we were looking at was a Flicker and indeed, it was big.

The birds we are accustomed to seeing on the tree trunks, the up-side-down Nuthatches and the Downy Woodpeckers, are probably no more than six inches long where as this child, almost fully grown, must have measured 12 or 13 inches in length.

His loud clammering for food brought quick results and only seconds after we started watching, a big tannish-brown parent flew in.

In true Woodpecker fashion, Junior was clinging to the side of the tree. When the food-bearing parent arrived, it assumed a position on the same tree trunk directly above the youngster.

The birds were facing each other, the young bird right side up the older one head down, and thus the stage was set for the most amazing bird feeding we have ever seen.

☆

FLICKERS ARE Woodpeckers and as such, have long bills. Like other Woodpeckers, they feed their young by regurgitation.

The feeding performance which we found almost alarming went something like this—Junior tilted his head back a little, opened his mouth incredibly wide and the parent put its bill into this wide open mouth and made repeated downward thrusts.

For all the world it looked as if the youngster were being frightfully labbed, but no injury resulted—this is the customary pattern of feeding in the Woodpecker clan it seems.

Since the dramatic feeding bit, the Flicker family have been daily visitors. We have not witnessed another frightening performance so apparently the youngsters are fending for themselves.

The family group still hangs together, however, and it is not at all uncommon to see six or seven of these handsome birds happily hopping about the yard.

☆

ONE GETS into all sorts of difficulties when describing Flickers. Their tannish-brown color is relieved by black bars, stripes and spots, yellow washes on their breasts and wings, shows white humps, red splashes on the back of the heads, most distinctive black crescents on the upper breasts and unbird like black "mustaches".

Truly, these are among the most colorful birds seen strutting through our yards.

The appearance of so many Flickers in the neighborhood sent us scurrying to the books and what interesting birds we found them to be.

Most birds are known by several names but just listen to the variety the Flicker has—Wilkrissen, Golden-winged Woodpecker, Yecker Bird, High holder, Pigeon Woodpecker and Yellow-hammer, this later apparently being preferred by many.

"Audubon Bird Guide" emphatically lists Yellow-shafted Flickers and the Red-shafted, but then goes on to explain that although once the Great Plains served as a geographical barrier to the mixing and interbreeding of the two species, extensive planting of trees and setting out of fence posts and public utility poles has let East meet West.

☆

ONE OF THE most unwoodpecker like traits of the Flickers is their decided preference for ground feeding. Know what they are after as they patrol our lawns? Ants.

Various estimates have been made but most agree that almost 50% of their diet consists of these little crawly things. They are fitted for such dining by remarkable tongues.

These tongues can be thrust out two-and-a half-inches or even more beyond the end of their long bills and are covered with a sticky saliva, "which catches and holds the ants as they rush forward to attack what appears to be a long worm that has crawled across their path or entered their burrow".

What do they say about tricks in all trades?

Baseball Manager Is Blasted

Coach Duncan Leetka was raided by his girls softball team two weeks ago.

He was their manager for their first successful season—the girls won four games and lost none.

The girls made a dramatic but ungraceful entrance as Jay Warren of Jones, the driver, blasting the horn, stopped in front of the coach's home on Tecnes Rd.

Giving him a gift, the girls stayed long enough to gulp down some ice cream and watch Archie Moore knock out his Canadian challengers.

Reason for the gift: Coach Leetka was so understanding while managing the female diamond stars who made a lot of errors, had skinned knees and dusty bottoms and played in pin curls.

Regardless of their mistakes, the girls said they had a lot of fun this summer as coach Leetka turned out a squad that scored perfect record.

This Is It, Kids—Classes Will Open on Tuesday

Tecumseh public schools open Tuesday.

All children will start classes at nine locations, the high school, junior high, West Branch, Patterson, Herrick Park, Tecumseh Acres, Tipton, Macon and Ridgeway.

Hot lunch programs will begin opening day and will operate in the same buildings as last year, the high school, Patterson, Tipton and Ridgeway.

Eligibility of elementary children to remain at school for lunches will be determined by the same rules as last years.

Because of the small number of pupils involved, there will again be no hot lunch program at Macon. These children will eat at home or bring lunches.

"Only two grades will be taught at Macon — the first and second — and there will be no combined grades in one room at any school this year which is a distinct improvement educationally over last year for all of these children," states Supt. James McDowell.

☆

HIGH SCHOOL pupils will report to the gym at 7:51 a.m. when the $6 book fee will be collected.

Pupils will then secure their class schedule cards from advisors. Pupils may leave after they have obtained their schedule cards, unless they are to take prognostic tests for algebra or foreign language.

These tests will be given in the study hall:

Algebra — Tuesday at 9 a.m.

Foreign language — Tuesday at 10:30 a.m.

Pupils are to return at 1:30 p.m. Tuesday and go to their first hour class for orientation.

Regular classes will begin Wednesday at 7:51 a.m.

☆

JUNIOR HIGH school pupils report Tuesday at 7:31 a.m., the seventh grade to the boys' gym on the first floor and the eighth grade to the girls' gym on the third floor.

Book fees of $6 will be collected and schedule cards handed out.

Pupils may leave for the morning after obtaining their schedule cards, returning at 1:30 p.m. and then go to their sixth hour class for orientation.

Regular classes will begin Wednesday.

Pupils in junior and senior high who do not come prepared to pay their book fees must report directly to the principal's office before receiving permission to enroll.

Long AND Short OF IT

By TOM RIORDAN

Say, do you mind if I play like Duncan Hines this week?

This all has to do with the new Don's Grill, a really striking eating place.

Owner Don Smith and his wife Edna have really gone all out. Nothing, it seems, has been overlooked.

To describe it in one sentence —here is an establishment with real warmth and beauty.

One of the most unusual aspects—and something I think will make Don's become extremely well-known—is the collection of oil paintings which adorn the walls.

Most of them are the work of Russell Steinke, the Tecumseh artist, and each is beautifully done.

One, which took a second place in the recent Toledo Art Show, is of a metal horse in full trot, perched upon a weather vane.

In the background, dark clouds signal an approaching storm, but just behind the animal's head is a circular patch of bright blue sky. It's so life-like you can almost hear the inevitable wind.

Other oils are by some of Mr. Steinke's more advanced students and each canvass shows fine skill with the brush.

Most of the paintings — and there are about two dozen — will be available for purchase.

This gallery idea was a stroke of genius.

And now about the food.

Don is placing his emphasis on roast beef. He's going in only for the top grades of meat.

All serving is buffet, with a waitress meeting you as you complete the job of selecting your meal. She takes your tray to the table. And, incidentally, the trays are painted with different designs.

The girls serve second cups of coffee and clear the dishes when you're finished.

Don has added some new furniture of a Danish modern motif. The chairs are certainly comfortable and the tables roomy.

Tecumseh architect Jim Smith designed the new Don's and he certainly gets a well done.

Next month, the Grill will be open Sundays.

Tecumseh folks can boast of a first-rate public place to dine, with warmth and almosphere and excellent food.

REASON TO SMILE—Edna and Don Smith have completed the move to their new location and all is in readiness for the Grand Opening of Don's Grill Saturday.

THEY'RE CHAMPS—Max Smith, Jr. and Mrs. Bob Moore hold trophies they were awarded Sunday following the exciting matches which crowned them 1959 champions of Tecumseh Country Club golfers. In the photo at right, professional Leo Bishop congratulates Paul Callahan, who finished second to Max in a duel that went to 37 holes before the 19-year-old youth took the honors. Trophies were also given to various flight winners at a ceremony on the lawn at the club.

TECUMSEH HERALD PHOTOS

Youth Will Be Served

Max Smith Jr. shot his way to the Tecumseh Country Club golf championship Sunday, edging defending champion Paul Callahan in 37 holes.

The new champ, a sophomore at Michigan State, evened the match on the 36th hole with a birdie. A par on the 37th copped the title.

Leo Bishop, club pro, presented trophies Sunday afternoon to Smith and other winners.

Leckta Puts THS Gridders to Work

Looking forward to a good season in a new league, THS football coach Duncan Leckta is sending his 75 gridders through their first week of drills.

Big task in the three weeks of preparation before the Hudson opener Sept. 18 will be teaching the Indians a new offense, the wing "T".

Coach Leckta, in his second year, believes the prospects of an all winning year and a championship are good in the newly formed class B Huron League.

The Michigan State grad bases his prediction on the return of 13 letterwinners, six of them starters, more depth and balance, even though the squad will not be exceptionally husky.

"We should do as well as last year's fine 6-1-2 record," the mentor believes. The only defeat came at the hands of Adrian, 26-13.

Tecumseh fans will have to wait until the third game to see the Indians play home. Following the Hudson exhibition, THS travels to Dundee for the Huron League opener. The home opener is with Ypsilanti Lincoln Oct. 3.

Drills will continue at two a day pace through Labor Day. Earlier this week the team had three workouts a day.

Leckta has a temporary addition to his coaching staff in his brother, Ron Leckta, a Wayne State University graduate.

Rev. Le Shana of 'Friends' to Speak Here

Rev. David Le Shana of Taylor University, Upland, Ind. will be speaking at the Tecumseh Friends Church Saturday evening Sept. 5 at 7:30.

Mr. Le Shana has just returned from a trip visiting mission stations around the world, and will have many interesting experiences to share.

Mr. Le Shana is well known to Friends in this area. At one time he was pastor of the Ypsilanti Friends Church.

There will be special music in this service and time of fellowship following the message.

Decide Meeting Day

The Royal Neighbors decided at a meeting held Aug. 24 that they would meet once each month, the fourth Monday, rather than twice as previously.

Mrs. Ward Perso has invited the group to meet at her cottage at Evans Lake Sept. 10 for a potluck dinner at noon followed by a penny party.

The next meeting will be held Sept. 28 at the IOOF Hall on Green Highway.

Elementary Pupils to School Tuesday

Elementary students, grades one through six and including Kindergarten, join the parade back to school Tuesday as Tecumseh school bells will ring at 9 a.m.

School bus schedules are expected to run the same as last year except for Kindergarten routes. Drivers will attempt to notify all parents of Kindergarten children of the new schedules.

The book fees, which are due opening day of classes, are: Kindergarten, $2.50; grades 1, 2, 3, 5 and 6, $5.50. Fourth grade must pay a $6 fee, the extra 50 cents paying for a work book.

Only students that live long distances from the schools are allowed to eat lunch at the buildings.

First, second and third graders must live more than seven-tenths of a mile from school before they may bring or buy their lunch.

One mile is the minimum set for the fourth, fifth and sixth graders.

Only exception is made for students whose mothers work during the lunch hour. A statement from the parent is needed before permission will be granted.

Oil Paintings Are a Feature at Don's

Edna and Don Smith climax 12 years in the restaurant business Saturday when a grand opening celebration will be held at their new restaurant in downtown Tecumseh.

"Don's Grill" is indeed attractive.

The owners have combined old brick with extensive use of redwood and Scandianavian chairs and tables. Planters on natural maple floors offset different areas.

The old butcher's meat block from French's Market will be used for serving hors d'oeuvres.

For the opening, 18 paintings by local artist Russell Steinke and his students, will hang on the brick and burlap covered walls.

Tecumseh architect Jim Smith and assistant Gordon Lewis planned the restaurant's layout, including the unusual redwood-covered light fixtures.

The new restaurant will have seating facilities for 109, an increase of 29 over the former grill.

Mr. and Mrs. Smith, who started in Manchester 12 years ago, purchased French's Market building from Helen and George French. Remodeling started several weeks ago.

Employees for the buffet serving include Frances Caristianos, Isabelle Roe, Max Smith Jr., John Elliott, Mary Bender, Vesta Smith and part time help, Suzie Rhoweder and Linda Hanna.

Seven of the wall pictures were painted by Mr. Steinke. Others were done by Lynn Cook, Dr. C. C. Cook, Alice Randall, Bill Hanna, P. M. Galazzi, and Zelma Ross.

Saturday's opening features free coffee and rolls.

Ruth Margaret Boyce Marries Richard Santer

Mrs. Wilbur Boyce of 8607 Billmyer Rd. designed and made the gowns worn by the bridal party Saturday evening when her daughter, Ruth Margaret, was united in marriage to Richard Arthur Santer of Detroit.

The groom is the son of Mr. and Mrs. Arthur Santer, 20209 Fenkell Ave., Detroit.

The Rev. David Van Winkle of the First Presbyterian Church of Ann Arbor performed the double-ring ceremony in the First Presbyterian Church here.

Mrs. F. C. Dickinson provided traditional nuptial music and accompanied Mrs. Al Merz who sang "Because", "The Wedding Prayer" and "The Lord's Prayer."

The bride approached the altar on the arm of her father in a floor-length gown of white silk organza over taffeta with two panels of rosepointe lace encircling the skirt.

The fitted bodice of lace came to a "V" both in front and back with covered buttons down the back. It featured a sweetheart neckline with short sleeves and both the bodice and the lace panels were trimmed with sequins and pearls.

SHE WORE elbow length mitts of matching lace which came to a point over the hands and a baby pearl choker and earrings which were the gift of the groom.

Her fingertip veil of French silk illusion fell from a matching lace cap also trimmed with pearls and sequins.

She carried a dainty bouquet of white butterfly roses interspersed with tiny strands of ivy.

Marie Boyce was her sister's maid of honor and Julia Boyce, another sister, and Marlene Sewick of Wallied Lake were the bridesmaids.

All wore princess—style gowns of matching blue silk organza over blue taffeta in ballerina length.

The dresses featured a large bow at the back of the neckline with bow streamers falling to the hemline.

THEY WORE matching blue head clips with tulle face veils, white gloves and pearl earrings which were the gift of the bride.

They carried cascade arrangements of crimson rosettes and

MRS. RICHARD SANTER

modern foliage.

Donald King of Detroit was best man and the guests were seated by brothers of the groom, Thomas and Kenneth Santer.

Both mothers wore corsages of roses and the brides grandmothers, Mrs. Margaret Kidman and Mrs. Alta Boyce, wore carnations corsages.

Mr. and Mrs. John Hamilton and Mr. and Mrs. Robert Ries received the guests at the reception held in Fellowship Center following the ceremony.

John Boyce, brother of the bride, registered the guests. Others assisting at the reception were Mrs. Leland Jacobs, Marjorie Boyce, Mrs. Alta Boyce, Mrs. Margaret Kidman, Mrs. William Oberstadt, Mrs. Thomas Santer, Diane Blyth and Ruth Ann Kempf.

FOLLOWING THEIR wedding trip through the midwest, the couple will make their home at Fort Carsen, Colorado where the groom is a second lieutenant with the regular army.

The bride is a graduate of Tecumseh High School, Eastern Michigan University and holds an elementary teaching certificate.

The groom is a graduate of Redford High School, Eastern Michigan University and holds a BS degree and secondary teaching certificate. He is a member of Sigma Tau Gamma fraternity.

The rehearsal dinner Friday evening was given at Rock Inn by Mr. and Mrs. Arthur Santer.

Officer Davis of Ann Arbor Finds 'Hermit'

Ritchie Davis, son of Mr. and Mrs. R. T. Davis of 817 Occidental Rd., was one of the city police officers in Ann Arbor instrumental in finding the Chinese "hermit" who had been hiding out in the Methodist Church there for four years.

Mr. Davis joined the Ann Arbor force last year in July after leaving Tecumseh.

He said Tuesday in a telephone conversation that there semed to be no doubt that the student, Cheng Guan Lim, had not spoken to anyone in four years and had been in hiding in the church all of that time.

Lim was willing to submit to a lie detetor test and had been questioned by immigration officers and other authorities.

Mr. Davis said that he and another patrolman had answered numerous complaints of prowlers in the church which is checked periodically by a security guard. But this time the guard had heard a door close and then found doors to the upper stories locked, which was unusual.

Unlocking the doors the two men climbed the ladder to the eaves of the church where more suspicion was added to the investigation when they found a jar of coffee on a catwalk over the church proper.

Mr. Davis proceeded farther out on the catwalk when a beam from his flashlight revealed the 27 year old student, crouched about four feet in front of the patrolman beneath the walk.

The former U of M student was clothed in a pair of dirty shorts, worn out tennis shoes, a cap and gloves.

He had plucked his beard with tweezers. Though he had cut his own hair it was pretty long, and hanging in his face said Mr. Davis.

During the time he remained hidden the foreign student had the use of a radio which he had connected to wires in the church.

Flora Nixon and LeRoy Betzolot Married by Ann Arbor Minister

The Rev. David Van Winkle of the First Presbyterian Church of Ann Arbor officiated for the wedding of Flora Anne Nixon and LeRoy Donald Betzoldt Friday evening at the Presbyterian church here.

The bride is the daughter of Mr. and Mrs. Donald Nixon of 513 W. Logan S., and the groom is the son of Mr. and Mrs. Raymond Betzoldt of 8542 Macon Rd.

Mrs. Carol Schmidt sang "I Love You Truly", "Because" and "The Lord's Prayer" accompanied by Richard Wegner.

Candelabra, white Fuji mums and gladioli were used to decorate the chancel, windows and the pews of the church. The traditional white aisle runner was laid preceding the entrance of the bridal party.

The bride's gown was a Maude Bell creation made of silk organza over taffeta. Puffed roses of Swiss embroidery were scattered over the full floor length skirt.

The rose applique outlined the rounded neckline and formed the brief sleeves of the fitted bodice. A pleated cummerbund finished with an Obi sash gave back interest to the gown and a matching half hat secured the shoulder length veil.

She carried a cascade of pink Carol Amling sweetheart roses and stephanois centered with white Eucharist lilies accented with ivy.

Mrs. George Haddad was her sister's matron of honor. Donna and Nancy Nixon, also sisters of the bride, were bridesmaids with Cathlyn Cornell.

All wore gowns of melon pink silk organza over a lighter shade of taffeta, The sleeveless dresses featured rounded necklines and short full skirts with pleated cummerbunds finished at the back with hand made taffeta roses.

Petal head bands were of a matching color. All were made by Mrs. Bell.

Mrs. Haddad carried a white pearlized basket of pink Carol Amling rosebuds and white sweetheart roses centered with a white Fuji mum and ivy streamers.

The bridesmaids carried white Butterfly roses and pink sweetheart rosebuds with ivy accents in lacy baskets.

Dale Daniels served as best man and Dan and Fred Betzoldt, brothers of the groom, seated the guests.

Mr. and Mrs. Raymond Puffer, Jr. received the guests at the church.

A pink and white theme was used in decorating the Country Club for the reception held following the ceremony. Mr. and Mrs. Harley McConnell and Mr. and Mrs. Wallace Whiting were hosts there.

MRS. LEROY BETZOLDT

Mrs. Perry Hayden and Mrs. Morris Cornell assisted at the refreshment table while Joliar Knudson and Rita Crosby cut and served the cake.

Mr. and Mrs. Kenneth Bortel, Mr. and Mrs. James Fielder served punch.

Anne Rebottaro registered the guests and Lynn Neighbower and Susie Hite had charge of the gifts.

Following a four day trip to Northern Michigan the newly married couple will make their home on Newburg Rd.

The bride is a graduate of Tecumseh High School, attended Central Michigan University and is a graduate of Stautzenberger Business College in Toledo.

The groom is a graduate of Tecumseh High School and attended Michigan State University.

The rehearsal dinner Thursday evening was given in the home of the groom's parents.

You Told Us

BY DOROTHY GRIGG
Herald Society Editor

What a lovely respite from the hot, hot weather we are having. Cooler breezes are so welcome during the week when mothers are shopping for new school things for the children.

September 8 is arriving right on the heels of the vacations. Parents may not be quite in the mood for school but little Bernie and Carol are already, in fact they have been, almost since the first week after school recessed.

Several Tecumseh families are moving preceding the resumption of school. One of them is the Hammack family who are going to Kalkaska this week to make their home.

√

Mr. and Mrs. Carl Gruber entertained 65 friends and relatives of the Hammacks Saturday evening at a corn roast and going away party. A gift of a set of silver-ware was presented to them from the group for their new home.

√

Mrs. Albert Todd accompanied by her son, Robert, returned Friday evening from a trip through eleven states and Mexico. For twelve days they were escorted about Mexico stopping in the larger cities and were taken for a cruise on the Pacific at Acapulco.

The group of 35 tourists represented 15 states, England and Canada. Leaving the tour the Todds went west into Colorado where they were escorted through the Royal Gorge, the Shrine of the Sun and many other points before returning to Tecumseh through Nebraska and Iawo.

√

Mr. and Mrs. R. C. Osburn returned Sunday from Curtis, Mich. where they spent a week vacationing.

Among those attending the funeral services Saturday afternoon for Mrs. Curtis Beach were Mr. and Mrs. Harold Crawford and daughter of Finley, O., Mr. and Mrs. Frank Kite of Leipsic, O., George Joseph and daughter of Toledo, O.

√

Mrs. Perry Hayden accompanied her grandson, Kenny Woodward, to his home in Lansing Thursday after he had spent ten days here with her and his paternal grandparents, Mr. and Mrs. Andrew Woodward.

An infant son, Thomas Reid, was born to Mr. and Mrs. Kenneth Woodward on August 17 in Lansing.

√

Joe Satterthwaite and daughter, Ruth Eva, are visiting here with Beth, Geneva and Perry Satterthwaite.

Mr. and Mrs. Kenneth Munson, nee Camilla Satterthwaite, and family have been visitors in her father's home from Salinas, Cal. They stayed over to see the Joe Satterthwaites and left Tuesday morning.

√

Mr. and Mrs. Herbert Hoag and family have returned to their home after spending the summer at their cottage on Devils Lake.

√

A number of Tecumseh residents viewed the TV presentation of the Allen Seager's story, "A Taste of Champagne" over channel 2 Friday evening. Hans Conreid and Monique Van Vooren starred in the comedy which was quite delightful.

Mrs. Mildred Crawford of Miami, Fla., arrived here Saturday to spend ten days as a house guest of Mrs. C. M. Steiger of 1005 Willow St.

√

Word has been received here of the birth of a son to Mr. and Mrs. Leo Lehrman of Toledo, O. The baby was born August 17 and named Eric Paul. The Lohrmans are former residents of Tecumseh. Mr. Lohrman managed the Palman Store here before it closed.

√

The Rev. and Mrs. K. F. Koeplin and family have returned from a trailer trip through the southern states including Kentucky and Tennessee. They visited his alma mater at Springfield, Ill., Lookout Mountain and the atomic energy plant at Oakridge.

√

The Rev. and Mrs. B. O. Bashore and Jim returned from a trip through the western states Thursday. Coming back from the Canadian Rockies they stopped in Jackson, Wyoming to visit the Rev. and Mrs. E. C. Dicken who sent greetings to their many friends here. On August 23 the Rev. Bashore preached in the Chapel of Transfiguration at the foot of the Grand Teton Mts. Mrs. Bashore said that not less than forty of the worshippers came on horseback to the services.

Over the weekend the Bashores visited his mother, Mrs. Emma Bashore, in Pennsylvania.

√

Mr. and Mrs. Joseph Dziachan have returned from a Northern Michigan vacation trip including the Soo locks, Tahquamenon Falls and Copper Harbor.

√

Paul Spencer Fisher, grandson of Mrs. Hoyt Whelan, has received several promotions in the Air Force recently and has been transferred to the Philippines. He is the son of Mrs. Martin Fisher of Lansing. His wife and three sons will remain at their home in Kinross until housing arrangments have been made for them in the Islands.

Mr. and Mrs. Gilbert Nighswander and family are moving Thursday to Imlay City where he has been promoted to General Office Manager for the General Telephone Company. Jim Nighswander will remain here in the home of Mrs. Bernice Williams until his graduation from high school in June.

√

Mr. and Mrs. Elmer Spreeman recently visited in New Orleans at the home of Mr. and Mrs. Joe Piazza, formerly of Tecumseh. They visited Mr. and Mrs. Paul Lauer of Baton Rouge, also former Tecumseh residents.

√

Kevin Corkery, son of Mr. and Mrs. Tom Corkery, was a patient at St. Joseph Hospital last week for the removal of tonsils.

√

John Ladd who was injured in an auto accident recently returned to his home from St. Joseph Hospital in Ann Arbor Friday.

√

Mr. and Mrs. Melvin Jewell and family of Swanton, O., Mr. and Mrs. Ray Jewell of Adrian, Gladys Mitchell of Jackson and George Tilton of Tecumseh were guests Sunday of Mr. and Mrs. Alfred Jewell.

√

Mr. and Mrs. Thomas Kampmueller and family returned Sunday after spending three weeks vacation at their cottage on Marr Lake.

√

Mrs. Alfred Naser and son, Howard, of Pittsburgh, Pa., spent the weekend in the Harold Naser home. Howard Naser, Jr. and Mary Ellen Barnes, who have been spending a week here, returned home with them on Monday.

√

John Naser, with five of his fraternity brothers, drove to Atlanta, Ga., on Tuesday, where they will attend the National Convention of their fraternity, Delta Sigma Phi. The boys are delegates from the Albion College Chapter of the fraternity. John has been chosen rushing chairman for the coming year.

Dr. and Mrs. W. T. Claxton of Britton are enjoying their European tour immensely according to letters received here by friends. Their address until the middle of September will be % American Express No. 16 Friedrich Ebert Allee, Heidelberg, Germany.

√

Staff Sgt. Stanley Frost has been transferred from Spangdelham, Germany to England. Mrs. Frost and the children will remain in Germany until housing arrangements have been made for them.

Karen Johnson spent last weekend with Rita Crosby here. On Tuesday they left for Lake Margaret near Grayling to spend a week. The girls are roommates at Western University.

√

Weekend guests of Dr. and Mrs. R.G.B. Marsh were Ingrid Hokanssen of Oak Park, Mich., Mr. and Mrs. Bruce Osgood of Midland.

√

Mr. and Mrs. E. H. McConnell and Mr. and Mrs. Floyd Bryan of Britton returned Friday from South Branch.

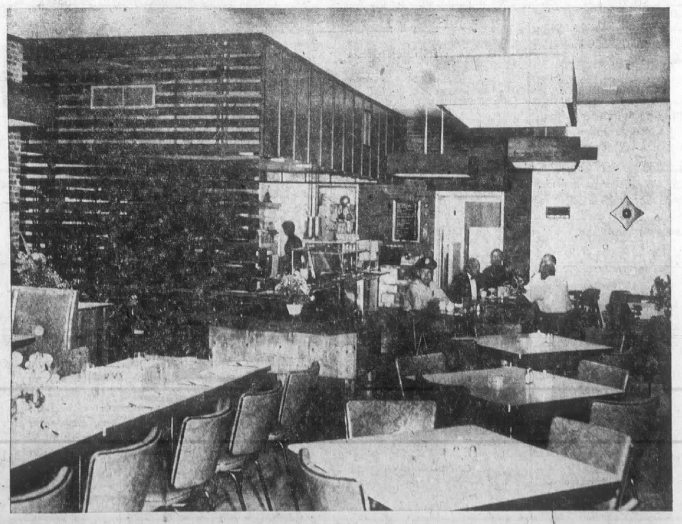
FREE COFFEE and ROLLS SATURDAY

Come see, you'll agree, a move next door has brought Tecumseh and southeastern Michigan a truly outstanding restaurant! It's entirely new. Buffet serving from a large selection with dining a pleasure in a warm and charming atmosphere.



The Finest Food The Best Restaurant in Tecumseh at Don's Grill

Dear Friends,

During the past few weeks, we have made the change to a new restaurant, a completely different restaurant. We've switched from the common and stereotyped restaurant to one that combines warmth and charm of old brick, redwood lattice work and paneling, and planters. Even an old butcher's meat block for your selection of hors d'oeuvers adds to the quaintness. We sincerely hope you will enjoy it.

OBITUARIES

Mill Chief Is Drowned

Memorial services will be held Friday at 2 p.m. at the Congregational Church at Dundee for Henry C. Weghorst of Dundee.

He was believed to have drowned Aug. 28 when he was seen to fall from his boat in Saginaw Bay of Lake Huron.

His body was recovered Monday by skin divers.

The body was sent to Detroit for crementation.

Mr. Weghorst was manager of the Hayden Flour Mills Inc. here for the past four years, following the death of William Beardsley. He was assistant manager preceding that time.

State Police at East Tawas reported that Mr. Weghorst was seen to fall from the 14 ft. outboard motor-boat, which continued to circle.

It was stopped by troopers and coast guardsmen and later identified by Mrs. Marjorie Weghorst.

She said that her husband had left their cabin north of Point Lookout, about 18 miles northeast of Standish, about 7:15 a.m. Friday to go for a boat ride.

He was 57 years old and was chairman of the Board of Directors of the Monroe County manager here. He was a graduate of Purdue University, a member of Sigma Phi Epsilan fraternity, trustee of Cleary College, dicetor of Detroit Protein Products, previously he had been associated with the Ralston Purina Co., for over 25 years. He was also a member of the Masonic Order.

He is survived by his wife, Marjorie, a brother, John and a sister, Mrs. Julia Darling.

In lieu of flowers Mrs. Weghorst suggests that contributions be made to the Weghorst Memorial Fund to be used by Dundee Boy Scouts and Campfire Girls, chairman of the Monroe County

Born in Dunkirk, O. Nov. 22, 1881, she married Mr. Beach April 15, 1905, at Leipsic and came to Michigan in 1906. She spent most of her married life in Ridgeway.

Mrs. Beach was a member of the Ridgeway Methodist church and the United Workers Class.

She is survived by her husband; two sons, Clarence and Chester, both of Tecumseh; three grandchildren and one great grandchild. She was preceded in death by one daughter, Anna Marie, and one son, Arthur Harrison Beach.

Burial was in the Ridgeway cemetery.

—o—

MABEL M. BEARDSLEY

Private family funeral services were held Friday at the Collins-Corkery Funeral Home for Mrs. Mable M. Beardsley, 401 W. Chicago Blvd., who passed away at 6:30 p.m. Thursday after an illness of three weeks.

Mrs. Beardsley was 76-years-old, a daughter of the late Senator and Mrs. Curtis D. Meeker.

She was born Jan. 24, 1883 at Monticello, Ind. In June 1906 she married Dr. John Wallace Beardsley who died in 1937.

Mrs. Beardsley was a graduate of Western College for Women and the Chicago Institute of Art. She was a member of The First Presbyterian Church of Tecumseh.

She is survived by two sons, John W. of Clawson and James C. Beardsley of Tecumseh; a sister, Mrs. Hattie Turner of Winchester, Ind., a brother, Fred Meeker of Monticello; 15 grandchildren and two great grandchildren.

She was preceded in death by one son, William M Beardsley, in 1955.

The Rev. Alvin Brazee officiated for the services and burial was in Brookside ceremtary.

—o—

MRS. ETTA McDONNELL

Funeral services were held Saturday for Mrs. Etta McDonnell of Petersburg, mother of Cyrenus McDonnell, 108 W. Shawnee St. who died suddenly at her home Thursday following a stroke.

She is survived by three other sons, Perl of Petersburg, Charles of Ypsilanti and Melvin of Detroit; one daughter, Mrs. Homer Bird of Petersburg; three brothers; a sister; 20 grandchildren and 27 great grandchildren.

Burial was in Pleasant View cemetery.

New Owners Spruce Up Mkt.

An attractive black and white tiled floor and freshly painted interior greet the customers of Wegner's Market, formerly Ben's Market.

Since taking over from Mrs. Ben Hammack and her son, Ben, August 13, Melvin and Jo have tiled, painted and cleaned the store.

While they have been busy restocking the merchandise they still do not have facilities for carrying fresh meat. They plan to have a new meat case and perhaps carry packaged meats.

This is the first venture into business for Melvin and his wife, Jo, and they have lots of plans for the future of the store.

They are parents of David, 11, and Paul, 4. The family is well known in Tecumseh.

Mr. Wegner has been employed at the Products for almost 20 years. Mrs. Wegner has also worked there as an office employee.

They make their home on Billmyer Hwy.

"What's the best way to build a backlog of money-in-the-bank?"

One saver has suggested: "Start realistically; follow through doggedly!" Let us add just two thoughts. First, to start realistically means to take into account all one's fixed expenses and usual living costs. Only thus can one determine how much can reasonably be saved each payday. Second, to follow through doggedly on a regular savings program shouldn't be hard for a person of ordinary will power—who starts realistically. Open a savings account with us and try it!

Booster's Club Collecting Money for Fund

For $1, Tecumseh residents can support the Tecumseh Booster's Club, a group formed to build a new press box and concession stand at the athletic field.

Said Don Murphy, secretary of the Chamber of Commerce:

"If you purchase a ticket, you will automatically become a member of the club. Your dues will be paid to 1960."

Mr. Murphy said the present press box is sagging and in generally bad condition.

"It's very bad. It's just about ready to fall over. It's constructed of a few cross-bars and some 2 x 4's.

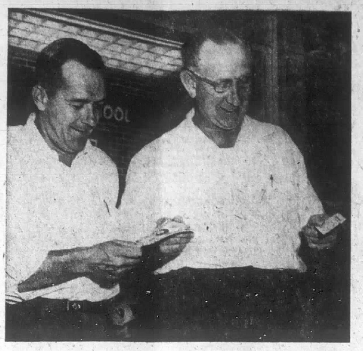
"The new building would also be used to house the controls for the new scoreboard."

He said at the band show last year "people in the front row couldn't stand up when the National Anthem was played.

"Bandsmen on the field couldn't have seen the band director who was waving a lighted baton if the fans stood up. The field was dark."

He said the tickets will be sold at various businesses in the city, by service clubs and at "President's Day" Saturday at the Tecumseh Country Club, under the supervision of Tim Neill.

"If the money is collected in the next few weeks, we will be able to put up the new facilities before the football season begins," Mr. Murphy said.



TECUMSEH HERALD PHOTO

THANKS, RALPH — Jack Hanna, president of the new Sports Booster Club, happily accepts a $20 note from Ralph Hodges, who purchased membership card No. 1.

Start Services at First Baptist

Services will be resumed at the First Baptist church Sunday, Sept. 6, after four weeks vacation.

The Rev. Blair Bashore will speak and the choir will present an anthem.

The Baptist Women's Missionary Society will meet in the Youth House Sept. 14 for the regular meeting.

Wednesday evening choir rehearsal was preceded by a pot-luck dinner served at the home of Mr. and Mrs. James Danforth in Herrick Park.

A decorated cake was served honoring the birthday anniversary of the director, Mrs. Harley McConnell.

ARMY EXHIBIT

"This Is The Army" — an official U.S. Army exhibit showing how the Army is helping to solve the complex problem of providing an effective Atomic-Age National Defense—will be unveiled to the public at the Michigan State Fair in Detroit, Sept. 4-13.

BRIDGE WINNERS

Mrs. Orville Laidlaw and Mrs. Clarence Champanois were high score winners at bridge at the Country Club Wednesday. Table prizes were awarded to Mrs. Charles Stevenson, Mrs. Earl Lindsley and Mrs. Donald Wright.

Parties Bid Bright So Long to Nighswander's

Mrs. Gilbert Nighswander was honored at a going-away party Tuesday evening held at the home of Mrs. Hugh Schultz.

Ten members of a former birthday club met for an evening of fun and presented Mrs. Nighswander with a TV lamp.

A luncheon was served during the evening by the hostess, Ricky Nighswander was surprised when Mrs. William Randolph requested his company for the same evening. She had invited 12 of his neighborhood friends to a party honoring him.

A group of girl friends entertained Nancy Nighswander Monday evening to bid her farewell. The girls enjoyed dinner together and went swimming.

Some time ago the Telephone Company gave a party for the family.

WANTED: DONATIONS

2 Tecumseh Grads Among Albion Frosh

ALBION—The initial event of the 1959-60 academic year at Albion college will occur Sunday afternoon, Sept. 13, when a four-o'clock convocation will be held in Goodrich chapel for approximately 475 incoming freshmen, transfer students and their parents. This will be followed by a compilmentary picnic supper.

According to Register Marvin F. Pahl, the total enrollment at Albion this year will be slightly in excess of the 1300 mark which the college considers its optium quota of students.

Again the Campus Religious Council of Albion college will sponsor three foreign students.

Freshmen will register for classes Wednesday, Sept. 1, and upper-classmen, Friday, the 18th. All classes begin Saturday morning, September 19, at eight.

Two 1959 Tecumseh High graduates will be among the 475 newcomers at the Albion. Enrolled as freshmen are Ann Preston and Gary Elliott.

CROP Group Plans County

Robert W. Ries, publicity chairman for the Lenawee county CROP committee, announced Tuesday that the organization is sponsoring a "refugee meal".

It is in cooperation with the Farm Bureau, Grange and the United Church Women of the county. The "meal" will be held at the Cadmus Presbyterian Church Thursday, Sept. 10, at 7 p.m.

Bernie Beach of the Michigan Milk Producers Company will speak on the topic of "Feeding Children Overseas".

Tickets are $1 and reservations may be made with Mrs. Stanley Ball of Cadmus by phoning Clayton HI 5-4150 by Mon., Sept. 7.

Mr. Ries says, "This is your opportunity to hear about overseas relief needs from your neighbor who has been in Europe for UNICEF to study the situation first hand.

Attend Clinic

Mr. and Mrs. John Surratt attended the personnel clinic for the United States Savings and Loan League last week at the Palmer House in Chicago.

They were accompanied by Mr. and Mrs. Harold Sherman of Adrian. Mr. Sherman is the president of the Adrian Federal Savings and Loan Association.

"S" ENTERTAINED

Mrs. Wade Hendershot entertained 10 members of Circle 5 of the First Presbyterian Church Tuesday evening.

Potluck supper was served preceding the meeting and program from the study book presented by Mrs. Ray Sluyter. Devotions were given by Mrs. E. J. Aebersold.

NOT MEETING YET

The WCTU will not begin meetings for the fall until a later date. The time will be announced.

I'm Proud To Announce That Doug Aylesworth Is Now Working with Me

Doug has joined me in the distribution of Mobil products — Mobiloil, Mobilgas and Mobilheat — in the Tecumseh area. We're prepared to handle all of your bulk needs, 24 hours every day.

Right now is an excellent time to learn about the Budget Plan offered with our sale of Mobilheat, the quality fuel which keeps your home snug and warm during the cold months. Mobilheat "M", our furnace oil, can be used in furnaces that now require a No. 1 grade fuel oil at one cent more per gallon because of outside storage facilities. Mobilheat "M" can be stored outside—no matter how low the temperature gets—and it will always flow freely to your furnace.

You can pay for Mobilheat over a period of 10 months. We offer a guaranteed "Keep-Full" program whereby your fuel tank is checked regularly and never runs dry. (If it ever should, we'll give you 50 gallons of oil absolutely free.)

We're proud of our service record and proud of our products, which rate second to none. So please give us a call, at either 1032, 685-W or 524-J, any time of the day or night.

VOICE of THE HERALD

Check Your Driving

J. Robert Cooper, president of the Michigan Trucking Association, has offered the following rules for safe driving for the Labor Day weekend:

Check your driving:

1. Keep your mind on your driving. It's a full-time job.

2. Whenever you drive, allow time for unavoidable delays.

3. Congestion or crowds along the road are "slow-down" signs. Watch for them.

4. Sudden stops invite accidents. Pump your brakes to flash the stoplights as a warning to following drivers.

5. Never stop on the traveled roadway except for traffic lights or other necessary traffic stops.

6. Pass with care. Check traffic ahead and to the rear before pulling out. Return to the right lane promptly, but not before you see the vehicle you have passed in your rear-view mirror.

7. Know your vehicle. Know what to expect in the way of acceleration, ease of handling, and stopping ability under all conditions.

Check your vehicle:

1. Check tires daily for proper inflation, cuts, breaks, imbedded foreign objects, and signs of excessive wear.

2. Keep windshield and windows clean inside and out for best visibility. Check windshield wipers periodically.

3. Try brakes before entering traffic. Be sure they take hold without pulling to one side or the other.

4. Be alert for signs of potential trouble, such as unusual noises or sudden changes in performance or handling. Keep an eye on dash instruments or pilot lights.

5. Check front-end alignment and keep steering properly adjusted (not more than 2 inches of free play in steering wheel).

6. Check lights before driving at night. Be sure they are all working. Check headlight aim at least twice a year.

7. Be ready for emergencies. Be sure you have a jack, jack handle, lug wrench and flashlight on hand.

Time To Be Careful

Consider, as back-to-school time approaches, these five facts from the National Safety Council:

1. Accidents are the leading cause of death to school-age children.

2. More than 2,500 children 5-14 years of age are killed annually in accidents involving motor vehicles.

3. More than 1,100 of those children are pedestrians.

4. A total of 150,000 children in the 5-14 age group are injured each year in motor vehicle mishaps.

5. One out of 12 students injured in a "school-jurisdiction" accident is on his way to or from school.

That's the problem — and back-to-school time is when the problem reaches its peak, according to the National Safety Council.

Solution to the problem?

"Parents," the Council said, "should teach their children to stop, look and listen before crossing streets or railroad tracks. It's not old-fashioned to be safe.

"Parents also should set a proper example. Don't expect a child to obey a rule you violate."

Some Council suggestions to motorists as the nation's schools prepare to open their doors:

1. Keep your car in good condition. Pay special attention to tires and brakes. You can't blame the garage man if your car doesn't stop quickly enough in an emergency.

2. Drive slowly near schools. And slow down where children are walking or playing.

3. Expect the unexpected from children. Most of them get hurt running from behind parked cars or crossing in the middle of an intersection.

How Are You Set for Blades?

Rainy weather occurs on the average of one out of three Labor Day weekends. According to the U.S. Weather Bureau, the last two Labor Days have been free of rain.

Rain might ruin holiday picnics or outings and it can tie traffic in knots by obscuring drivers' vision and slowing cars down to a crawl. Worse, it causes accidents when drivers can't see clearly.

Thus, 90% of driving decisions depend on sight, warns the Highway Visiability Bureau. Rain brings added grief as wiper-streaked windshields blur drivers' vision.

Recent studies of the National Safety Council emphasize the importance of good vision. One report shows that 45.4% of all accidents where obstructed visibility was a factor, were caused by vehicles having rain and snow on the windshield.

The same conditions accounted for 37.4% of traffic deaths.

HVB officials point out that older cars have ineffective wiping equipment, smearing or streaking the windshield.

As soon as wiper blades start to blur your vision, drivers are advised to have them changed. Drivers must see danger in time to avoid it.

Antique Show Set by Toledo Woman's Club

A CHANGE OF HEART
Michel Butor

A record of the thoughts and feelings of a man on a twenty four hour railway journey from Paris to Rome. The journey he is taking is the culmination of innumerable other journeys he has made between the two cities so that every stage of the way sets off the uncontrollable mechanism of memory.

A MEDICINE FOR MELANCHOLY
Ray Bradbury

A delightful and unusual collection of fantasy. Some of the stories included are: "The End of the Beginning", "The Great Collision of Monday Last", "The Day it Rained Forever", and seventeen others.

THE CAROLINIANS
Jane Barry

This compassionate novel tells the gripping story of the men and women for whom the American Revolution became a bloody civil war. It centers on a devoted Loyalist family in the Carolinas who sheltered a wounded rebel.

HOUDINI
William Gresham

He rose from a lining cutter in a neck-wear factory to become one of the brightest stars in the vaudeville firmaeet. He was Houdini, the most famous professional mystery man of the twentieth century. Here is the story of the man behind the myth—more fascinating than the fictions he spun about himself — together with authoritative explanations of his most closely guarded methods.

Bunt Disease Hurts Wheat Quality, Yield

Seed treatment controls bunt, a disease that hurts wheat quality and yield, says Milton Erdmann, farm crops specialist at Michigan State University.

Bunt can mean a price discount up to 20 cents per bushel, Erdmann cautions. Michigan elevators say they have received quite a bit of bunted wheat this year.

The scientist recommends three seed treating chemicals — Ceresan, Panogen and Terrachlor. County extension agents list all recommended chemicals now on the market.

A dye supplement along with seed treatment can give the seed color required by state law, Erdman relates. He warns farmers not to use more than the recommended amounts of seed treatment materials.

Many elevators and seed stores have treating equipment, says the scientist.

Thru My Window

The Uncooperative Model

Uusally the birds and squirrels who come to our feeder are such willing photographic subjects that it came as a real surprise last weekend when we had something less than full cooperation from a guest.

One of our little red squirrels was the uncooperative model. He was more than happy with the corn he found on the feeder, but as for having his picture taken—nothing doing.

A week before the picture-try Little Red braved his way to the feeder for the first time. It was something we had hoped would happen and I am sure our excitement at having him come so close was as great as his nervousness at undertaking such a daring trip.

An ear of corn was the tempting lure and although several times his courage failed half way up the feeder post, he finally made it and what a thrill.

Our first impluse, of course, was to take a picture right away, but no we didn't want to take a chance on spoiling his first visit.

He was terribly skittish and nervous. It must have taken great courage for that little bundle of nervous energy to venture out of his safe tree-top world and come to a wide open feeder not more than four feet from a house.

☆

HE SEEMED to gain courage from his first trip, and in succeeding days made more or less regular visits. We hoped he would gain confidence and become a little less flighty, but if he did, it was barely noticeable.

He took fright at anything and everything. The thing we did notice was that although he ran as quickly as ever, he was, as his visits became more and more regular, coming back quicker after being frightened away.

It was sheer frustration seeing him out there so often. He was so cute and every pose would have made such a good picture. Finally we decided to chance it.

The electronic flash on our camera is so fast that it practically never bothers most of our free-leaders. They hardly ever notice it even and although honestly I didn't hope for that much from Little Red maybe, just maybe he would surprise us.

☆

SO IT WAS that on the fateful day we carefully aimed the camera, checked the focus, pinned the remote-control switch to my bed and waited.

All day we watted and as if knowing, that little squirrel taunted and tantilized us by not making an appearance.

Shortly before dinner we gave up. My bed was rolled down, but just on the slight chance that our tormenter might want a late snack, we left the camera turned on and put the switch on a nearby table.

How lucky can we get—Little Red did dine late that day. We saw him streaking his way up to the feeder and we were ready for him.

That is to say, Mom was ready. The switch was beyond my reach, but fortunately she was near it. Hardly daring to breath for fear of frightening him away, we waited for him to get into position.

Usually so fast and practically never given to just looking around, this was, of course, the time he picked to explore the feeders.

Finally, however, he scampered over to the corn, settled back on his hauches and made ready for a feast.

☆

MOM AND I looked at each other, this was it. For so long we had wanted to photograph Little Red . Now his dainty smallness his lightening fast speed, all that nervous energy and best of all, his lovely coloring, the rich back and the snowy white front—all this was conscentrated on, what we hoped, was the right spot, exactly four feet from the camera lens.

Mom tripped the switch.

The flash went, the shutter clicked open and shut and Little Red was gone.

Really, it just doesn't seem possible that anything could move as fast as he did. He was off the feeder and half way up the "wren tree' almost before we knew what was happening.

Did we get the picture—well, the film is still in the camera so we can only hope.

Now came the tense waiting, how long would it be before Little Red would come back? Our last glimpse of him that day was merely a bit of red streaking through the trees.

All the next day we waited for him to come back and the next, and the next. We are still waiting. Mom is feeling terribly guilty about having frightened him so and I too am having qualms. Was the picture we "may be got" worth it?

☆

THIS AFTERNOON I saw Little Red in a nearby tree. It is the closest he has been since that fateful day and we can only hope that gradually he is working back to us.

If he does come back will we risk another picture? We will just have to wait and see I guess. He is such an appealing, almost an irresistible model—why does he have to be so uncooperative?

$15,000.00 — 1959 SPECIAL ASSESSMENT WATER BONDS

$12,000.00 — 1959 SPECIAL ASSESSMENT SANITARY SEWER BONDS

Sealed bids for the purchase of 1959 Special Assessment Water Bonds of the par value of $15,000.00 and 1959 Special Assessment Sanitary Sewer Bonds of the par value of $12,000.00, will be received by the undersigned at her office in the City of Tecumseh, Michigan, until 7:30 o'clock p.m., Eastern Standard Time, on Monday, the 21st day of September, 1959, at which time and place said bids will be publicly opened and read.

Said 1959 Special Assessment Water Bonds will be coupon bonds of the denomination of $1,000.00 each, numbered consecutively in direct order of maturity from 1 to 15, both inclusive, will be dated September 1, 1959, and will mature serially without option of prior redemption as follows:

$3,000.00 September 1, 1960;

$4,000.00 September 1st of each of the years 1961, 1962 and 1963.

Said 1959 Special Assessment Sanitary Sewer Bonds will be coupon bonds of the denomination of $1,000.00 each, numbered consecutively in direct order of maturity from 1 to 12, both inclusive, will be dated September 1, 1959, and will mature serially without option of prior redemption as follows:

$2,000.00 September 1, 1960;

$3,000.00 September 1st of each of the years 1961 and 1962;

$4,000.00 September 1, 1963.

Interest on said bonds will be payable on March 1, 1960, and semi-annually thereafter on September 1st and March 1st of each year.

Said bonds will bear interest from their date at a rate or rates not exceeding five per cent (5%) per annum, expressed in multiples of ⅛ of 1%. The interest rate for each coupon period on any one bond shall be at one rate only. Both principal and interest will be payable at such bank or trust company as may be designated by the purchaser of the bonds. Accrued interest to the date of delivery of such bonds must be paid by the purchaser at the time of delivery.

For the purpose of awarding the bonds, the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from October 1, 1959, to their maturity and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the City. No proposal for the purchase of less than all of the bonds herein offered or at a price less than their par value will be considered.

Said 1959 Special Assessment Water Bonds and said 1959 Special Assessment Sanitary Sewer Bonds are issued in anticipation of the collection of a like amount of special assessments on 1959 Special Assessment Rolls Nos. 1 and 2 and 1959 Special Assessment Rolls Nos. 3 and 4, respectively. The liability of each of the Special Assessment Districts shall be limited in the manner provided in the bonding resolution. In addition, said bonds pledge the full faith and credit of the City of Tecumseh for their payment.

A certified or cashier's check in the amount of $500.00, drawn upon an incorporated bank or trust company, payable to the order of the Treasurer of the City of Tecumseh, must accompany each bid as a guaranty of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid is accepted and the bidder fails to take up and pay for the bonds. No interest will be allowed on the good faith checks, and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, attorneys of Detroit, Michigan, approving the legality of the bonds, which opinion will be furnished without expense to the purchaser of the bonds prior to the delivery thereof. The purchaser shall furnish bonds ready for execution at its expense. Bonds will be delivered at such place as may be agreed upon with the purchaser.

The right is reserved to reject any or all bids.

Envelopes containing the bids should be plainly marked "Proposal for Bonds."

CHAMBER of COMMERCE

Murph Reports

By DON MURPHY
Executive Secretary

The Retail Division, Chamber of Commerce, wishes at this time to express appreciation to the people of the Tecumseh area who helped make the second annual Sidewalk Carnival a success.

The success of any promotion takes the participation of the business people and the shopping public, and this we had and are thankful for.

During the past year I have said many things, and written many more, concerning the benefits of a Chamber of Commerce to the business of a city.

I missed my point on these benefits so many times that my face is beginning to take on a definite reddish hue, but today I was discussing a possible membership in the Chamber with one of our businessmen and one thing he said made me think of how simple it is to explain the benefits of a Chamber of Commerce to a businessman.

After talking for a few minutes to this man he said, "the benefits of the Chamber really go to the citizens of a community".

And after all these months I have been trying to say this and haven't been successful, he is right you know, the Chamber benefits the community and every person living in it.

After Mr. Businessman made this statement I asked him this question, "and who do you benefit from Mr. Businessman"?

Of course the answer to this was obvious, these same citizens, and this community buys his products and hires his services, so it is a beautiful circle.

The businessman supports the Chamber of Commerce with his finances and time, the Chamber supports the community and people with their know-how, and the citizens and community support the businessman.

The Chamber is dedicated to work for the good of the community and the people living here and every one of the citizens of Tecumseh profit from the work of the Chamber.

Within the next couple of weeks you will be reading about the Tecumseh Communitay Fund Foundation and you probably will have many questions concerning this, the workings of it, the benefits, etc.

I would appreciate it so much if you would write your questions on a card and drop them to the office at 1101½ Chicago Blvd., or call 1027 and the question will be published, along with the answer in the next week's paper.

We are very anxious to have every person in Tecumseh fully understand this Foundation and feel that if we ask our questions and get them answered that we can be well informed.

I feel that the Tecumseh Community Fund Foundation can do so much for our community, in fact this is the most important project that has ever hit Tecumseh.

Our children and their children and on down will profit from this foundation so let's find out all about it and give generously when called on.

Bonnie Beattie Honored Guest at Shower

Bonnie Beattie was the guest of honor August 26 at a miscellaneous nuptial shower given for her by Brenda Heeman and Mary Lou Peery.

Games with prizes were played by the 18 guests. Prizes were won by Mrs. Don Berkley, Mrs. David Dick, Mrs. Charles Gross, Mrs. George Heeman, Mrs. Carl Beattie and Joyce Bryan.

Following opening of the gifts, refreshments were served.

Michigan Waters Claim Their Toll of Victims

State police are urging water enthusiasts to be especially careful over the long Labor Day holiday.

Over the Fourth of July weekend, 15 persons drowned. Thirteen persons were traffic fatalities.

Of 239 water accidents reported to Aug. 24, 170 were fatal. 86 resulted in personal injury and 37 caused property damage exceeding $50.

Michigan waters claimed 194 victims: 23 boat operators, 41 boat passengers, 54 swimmers, 2 skin divers, 1 water skier, 18 children who wandered away from parents, 11 youngsters who slipped into the water while playing and 44 others.

Major causes of boat accidents, state police say, include overloading, reckless operation, using high powered motors on small boats and the failure to beach crafts after storms appear.

Swimmers drown mainly because they try to swim unattended or too soon after eating or dive before checking the depth of the water.

Jame Lambes Finishes 'Boot'

GREAT LAKES, Ill.—Jame W. Lambes, son of Mrs. Charles W. Bowen of 703 S. Pearl st., Tecumseh, graduated from recruit training Aug. 29 at the Naval Training Center, Great Lakes, Ill.

The graduation exercises, marking the end of nine weeks of "boot camp", included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the "raw recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

U-D Graduates Get Highest Starting Salary

The June 1959 education graduates of a Michigan college or university planning to teach this fall will earn anywhere from $3,600 to $6,000, according to Thomas J. Northey, special assistant in reasearch for the Michigan Education Association.

Northey based his findings on figures released from 10 Michigan colleges and universities offering education programs and degrees.

Statistics from Hillsdale and Hope colleges, Wayne State and the University of Michigan are not yet available.

Average salaries run as low as $4,100 for Adrian College graduates, as compared to a high of $4,700 at the University of Detroit.

The lowest salary—$3,600—was recorded at Michigan State and Western Michigan universities. An MSU graduate will also receive the highest, $6,000, which is an Alaskan placement.

The institution, lowest salary, highest salary and average are:

Adrian, $3,800, $4,400, $4,100; Albion, $4,000, $4,800, $4,304; Alma, $4,000, $4,700, $4,331; Central Michigan, $3,800, $4,800, $4,300; Eastern Michigan, $3,00, $5,844 (special education student), $4,523; Ferris, $3,800, $4,650, $4,144; Michigan State, $3,600 $6,000, $4,300; Northern Michigan, $4,200, $4,765,$4,295; University of Detroit, $4,000, $5,200, $4,7000; and Western Michigan, $3,600 $5,500, $4,285.

Orrie Gilbert Named Member of College

Mr. and Mrs. Orrie Gilbert recently returned from New York City, where Mr. Gilbert, administrator of the Herrick Memorial Hospital, attended the American Hospital Association convention.

While there Mr. Gilbert was formally inducted as a member in the American College of Hospital Administrators.

The College is a professional society of men and women devoting themselves to the administration of hospitals as a life's work.

To become a member a candidate must qualify on the basis of training, experience, and noteworthy service in the field of hospital administration.

Director Speaks

Bill McAnallen, talented director of the Clark Lake Players, will speak to Herrick Memorial Hospital Auxiliary members at their first meeting of the fall season Tuesday at 8:30.

Mr. McAnallen will talk about "little theatre work." The meeting is open to the public.

A business session at 8 precedes Mr. McAnallen's talk.

Mr. McAnallen is closing his fourth successful summer with the Clark Lake Players.

The enthusiasm and talent of the group, which now numbers 200, has inspired him to present bigger and better productions each season.

Besides directing the Players and the 1954-'55 season of the Jackson theatre, he taught theatre arts for three years at Portland, (Ore.) State College.

In addition to his teaching duties, Mr. McAnallen also designed and directed some 25 college productions there.

☆

Mr. McANALLEN WENT to New York from Portland State for a six-month study of Broadway vs. Off-Broadway productions and a comparative analysis of production costs and directing techniques.

Next fall he plans to make New York his winter season headquarters and to teach theatre arts at some college in that vicinity.

His time in army, was spent as an entertainment director in Korea where he directed musical revues that toured all military installations on the "Pusan to the Parallel" circuit.

Mr. McAnallen also holds a bachlor of arts degree in theatre from Westminster College and a masters of arts degree from the University of Michigan.

The Auxiliary is sponsoring the Clark Lake Players in two benefit performances of "Guys and Dolls" in Tecumseh, Sept. 16 and 17, at the Strand Theatre.

10 Words (or Less)

Ten words (or less) are going to win some Michigan resident a week's paid vacation for two at Grand Hotel on Mackinac Island at a time of his choice, Michigan Highway Week Chairman J. Carl McMonagle announced. The words, in form of a slogan on highways, may also become a part of Michigan tourist promotion.

McMonagle invites all Michiganians to enter a contest to produce the winning slogan of 10 words or less which best illustrates the advantages of a modern road and street system, not only for the motorist, but for Michigan's future economic growth.

A sample slogan to give readers ideas is "Good Roads Are Good For You." Entries or requests for further information may be sent to Michigan Highway Week, 614 Michigan National Tower, Lansing, Mich. Entries must be postmarked before midnight Sept. 30, 1959.

The slogan contest is part of Michigan Highway Week Oct. 4 to 10, whose purpose is to remind all Michiganians that better roads mean a better future for everyone.

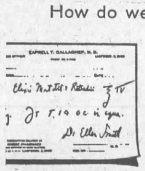
How do we read prescriptions?



According to some of our customers, prescriptions aren't written—they're doodles. Yet your pharmacist looks at the cryptic scribbles and calmly reaches for a bottle. The *right* bottle. Prescriptions are written in a special international language known to physicians and pharmacists . . . a kind of universal, standardized shorthand that's grammar- and penmanship-proof. It exists so any registered pharmacist anywhere can fill your prescription accurately. That's how we're always able to give you just the drug your physician prescribes, and why the directions are always correct. We are pleased to serve you whenever prescription medication is required.

The Big Payoff

Employees at the Tecumseh plant of the Quaker Oats Co. got about 3½ week's of extra pay last Wednesday in annual profit-sharing checks.

Donald Nixon, plant manager, said this was the company's 24th annual bonus. Eligibility, he said, is dependent on six or more months of service.

The plan was established by Quaker Oats in 1936. Each year, a percentage of the company's earnings is set aside. Thus, employees share the profits whenever the company has a successful year. To date, they have shared $22,377,092.

AROUND CITY HALL

Paving Program Gets Major Share of Tax Expenditure

By MARY SEAGER

The largest city government expenditure is the construction and maintenance of streets and highways.

This high expenditure probably would not have been necessary if the engineers who originally built these streets had been far-sighted enough to provide for the huge growth in the number of trucks and automobiles. The streets should have been built to withstand the demands of the present traffic with little or no maintenance. Since this was not the case, you, the present-day taxpayer, must pay for their mistake.

The street and highway program in Tecumseh consists of two main parts: construction of new roadways and the maintenance of the old. The bill for these two parts combined runs about $100,000 a year, about equally divided between the two.

Under the heading of new construction comes the 14 miles of curb and gutter installed in the past seven years. The State Highway Dept. has constructed three new bridges inside the city limits at a total cost of $427,000.

Maintenance includes the removal and trimming of trees and storm water control.

During the past seven years, the city has concentrated heavily on curb and gutter and good road base construction because they are necessary to good streets. This year, however, that activity has been cut down somewhat and more bituminous pavement has been installed than in all the other years combined.

The city hopes it will be able to continue installing a permanent coat on the major streets which will not only save maintenance money but will also give motorists a better riding surface.

Looking back to the streets' condition several years ago, the city was surprised that they were able to install the bituminous pavement in the quantity that they did this year.

Since the new subdivisions must build their own curb and gutter now, it will save the city money which can then be diverted to new construction in older parts of the city.

The present objective is to complete the building of curb and gutter and a bituminous coating on North Union from Chicago Blvd. to Brown St. A new bridge on North Maumee near the athletic field should also be built. A new wider bridge would not only eliminate a dangerous condition but would also speed up the traffic flow and thereby relieve the pressure on the intersection of Evans and Brown making it less congested and safer.

Some cities have in the past used funds from the weight and gasoline taxes to help finance their street programs. Since the 1951 Act was adopted which made it necessary for the city to match all state funds spent on the city streets, Tecumseh has followed this procedure. Tecumseh has also followed the state street building specifications.

The city has used over 1,000,000 yards of gravel from the city gravel pit in the past six years on the city streets. At this rate, soon every street in the city will have a sound base in which to build a smooth riding surface. With a sound basic construction and a smooth riding surface for all of the city streets, the aim of the city street and highway program will have been reached.

Nation's Oldest Fair

The colorful Michigan State Fair, the nation's oldest and one of the biggest, opens the doors for the 110th time on Friday, Sept. 4 and General Manager Donald L. Swanson anticipates the largest attendance in history.

The Fair will have a 10-day run concluding on Sunday, Sept. 13.

"We have had exciting Fairs in past years but I believe the 1959 program exceeds anything we have had before," says Swanson, "That's why I believe we will better last year's near-record attendance of 807,318 if we receive a bit of co-operation from the weatherman."

The dates of September 4 through September 13 are the latest ever for the big event.

The traditional Opening Day Parade through the Detroit downtown business section starting at 11 a.m. officially starts the activities.

The veterans will have their big day on Saturday, September 5, climaxed by the naming of the "Veteran of the Year". Many of the State's 1,500 posts have nominated outstanding members. All veterans will be admitted free by wearing a service cap or by presenting suitable identification.

Dr. Reuben Youngdahl, pastor of Mt. Olivet Lutheran Church in Minneapolis and one of the nation's Protestant leaders, will deliver the sermon at the ninth annual Church Day sunrise services on Sunday.

Union and labor organizations will step into the spotlight on Labor Day.

The Kiddies will have their chance to participate in the Fair activities on Tuesday, Sept. 8 in the annual Children's Day festivities. There'll be pie eating contests, pony-tail events for the girls and a full day of events for all youngsters.

Governor Williams will have the limelight on Wednesday, the traditional Governor's Day and Agriculture Day at the Fair. He'll participate in the auctioning of the grand champion livestock in the afternoon in the Coliseum and then crown Miss Michigan State Fair in the evening in the Music Shell.

Oldtimers, many as old as 90 or more will be honored guests on Thursday, Sept. 10.

Then follows Family Day with the selection of Mrs. Michigan State Fair on Friday, Sept. 11; Teachers Day on Saturday, Sept. 12; and the windup comes on Sunday, Sept. 13 with the huge International Day festival.

In addition, there'll be free shows twice-a-day in the grandstand for the first nine days and then a 250-mile New Stock Car race in front of the grandstand on the closing day and a gigantic free fireworks display that last Sunday night.

The Coliseum will feature its traditional stage shows.

Then there's the famed Farm Fun Frolics in the Coliseum on the evenings of Tuesday, Wednesday and Thursday.

Sunday School Classes Resume at St. Peter's

Regular Sunday School classes will resume with registration Sunday at St. Peter's Episcopal church at the 11 family service this week.

It will be the Parish Communion, at which the Rev. Frank W. Hawthorne, rector, will be the celebrant and preacher.

The time of service has been changed back to 11 from the summer hour of 10.

There will continue to be an 8 a.m. celebration of Holy Communion each Sunday.

St. Peter's bell rings from the tower each day at 7 a.m. and 7:30 p.m. for morning and evening prayer from the Book of Common Prayer.

Special petitions and intercessions are said for the sick, the troubled, the dying, for the peace of the world, for the welfare of our community, etc.

On Thursdays and other days, when the Holy Communion is celebrated at a later hour in the morning, morning prayer is said immediately preceeding it.

The public is invited to all services at St. Peter's.

☆

ADULT INSTRUCTION classes for inquirers and church members will be held on Thursday beginning Sept. 10 in the Parish Hall.

Those interested ade invited to attend the first session at 7:45 p.m. Religion classes for teenagers will begin Sept. 9 with a parents-teachers-students meeting at 7:45 in the evening.

Thereafter the Wednesday classes will meet following a 5:30 supper at the church. Gibbs Barber, Russell Cooper, Lee Norcross and the rector will teach the groups. Mrs. Richard Preston is in charge of arrangements for the suppers.

Confirmation instruction for fifth and sixth grade school children will be held on Saturdays at 9:30.

—o—

The Tipton Community Church will resume regular worship hours on Sunday, September 13. Sunday school at 10 a.m. Worship Service at 11 a.m.

Two members from each circle will be appointed to assist Mrs. Helen Williams with the lunch October 1 when Edith Parks will speak.

Joy circle, represented by Mrs. Phyllis Thomas, gave devotions; Mrs. Russell Collins and the Faith circle presented the program, "the Church". Refreshments were served by the Mary-Martha circle.

THAT BRAND LASTS A LONG TIME . . . .

Some "low cost" companies writing auto insurance have the habit of cancelling a policy soon after their insured has an accident. This brands a driver as "unsafe" and makes it difficult to get insurance at regular rates in a good company.

MR. and MRS. "CHET" RICHARD

Golden Anniversary Time for Richards

Mr. and Mrs. Charles (Chet) Richard of Tecumseh will be glad to shake hands with all their friends, relatives and neighbors at an open house Sunday from 2 to 5 p.m. at the IOOF Temple on Green Hwy.

The event is being planned by their children honoring the Richards' 50th wedding anniversary.

Charles Richard and Ethel E. Roeder were married in the home of her parents at Lima, Ohio on Sept. 8, 1909, by the Rev. A. M. Herron.

They moved to Tecumseh in 1915.

Mr. Richard was superintendent of the Tecumseh Gravel Co. for over 40 years, retiring in 195.

He owned the company for 10 years before selling it to his children.

9. DO YOU THINK a full picture page feature should be continued?

Good idea.
Enjoy it.
Very good improvement.
Very interesting.
Draws attention to it.
Very much so.
Many people wouldn't see things otherwise (e g. pool).
Shows you something!
Creates interest. Adds to the paper.
Especially to people out of town.
Is it expensive for the paper?
Up to editor's judgment.
Depends on what is covered.
If they find enough interesting subjects.
If something special or unusual, yes.
Not necessarily.

10. Do you think the paper should continue to print the admissions and dismissals from the hospitals?

Definitely!
Likes it especially.
Most people are interested.
Like to hear it.
Helps to learn of people's illnesses.
Very definitely. Hard to keep track of friends. This helps.
Births, yes. In general, not necessary.
Don't read them, but know out-of-town readers like it.
Not too necessary.
Doesn't read them.
Already see it in Telegram.
Not too interested.
Ridiculous!

11. If you have ever submitted news to the paper, has it been correctly reported?

Very pleased.
Never had any trouble.
Fair, but could be better.
Usually.
Minor mistakes in school news.
Reports for clubs, several mistakes.
Yes, but a week late!
No, but before the new ownership.
Often wrong.
Article on drapery shop not in yet!

12. If you have ever placed a classified ad, did you receive good response?

Excellent.
Furniture ad. Immediate response, satisfied.
Don't like idea of having to pay before putting ad in paper.
For a job several years ago, no response.
Lost a parakeet, no response.

LOOK AT THE LOOT — Mrs. Harold Easton and fathers who marched for the Emergency Polio Fund are pleased with the $378 they collected from citizens in the city Aug. 25. Pictured from left to right are Fred Ward, Mahlon Lord, Mrs. Easton, Leslie Wykes and Richard Hicks. The men were more than glad to help with the soliciting because either they or some one in their immediate family has received assistance from the Polio March of Dimes in the past. Mrs. Easton said, "Those who worked did a real nice job. Some were from the Legion, some from the VFW and subdivision chairman. It really wasn't any one organization."

Herald Is Recipient of 100-Year Award at Michigan Fair

A letter from Gov. Williams to Herald co-publishers Jim Lincoln and Tom Riordan revealed that this weekly will receive special recognition at the State Fair.

Wrote the Michigan governor:

"On behalf of the government and the people of Michigan it is my pleasure and honor to inform you that The Tecumseh Herald has been selected to receive one of Michigan's new Centennial Awards.

"This year Michigan newspapers 100 or more years old are being honored as a public expression of appreciation for those pioneering organizations that have grown up with our great state.

"The first of these Centennial Awards were presented last summer to those Michigan industries that have thrived in our State for more than 100 years.

"The people of Michigan are justly proud of the vigorous journalistic heritage of their state and will join enthusiastically in public acknowledgment of the great debt we all owe to pioneering newspapers like The Tecumseh Herald.

"Since its founding in 1850, The Tecumseh Herald has provided news and civic leadership to community and state and has been an inspiration to all who have watched the incredible growth of Michigan.

"In order to provide a proper setting for the presentation of this Centennial Award, a special appreciation luncheon will be held an Old Timers Day, Thursday, Sept. 10, 1959, at the Michigan State Fair in Detroit.

"To this luncheon, sponsored by the Ford Motor Company, another great Michigan pioneer, many newspaper, business and governmental leaders of our state will be invited.

"It is my sincere hope that you will be able to attend and participate personally in this award program."

Sincerely,
G. Mennen Williams

WEST-END PROPRIETORS BRING OUT NEED

Sewer, Water Dispute Lingers

By JIM LINCOLN

Council, checked again Monday night in its attempts to install sewer and water lines in the A&W Drive-In area on W. Chicago Blvd., requested interested parties to meet with City Manager Ed Nelson and engineer Cal Zorn.

Clayton Greenwald, local laundry owner who is planning a new laundry building; Ralph Mull, accountant, presently building in the area, and Mrs. Bud Ruettinger of A&W have requested the utilities.

Other residents in the area protested, saying costs are too high. Rev. Dale Harvey of the Nazarene Church said the costs would be quite severe for his congregation.

Mr. Mull and Mr. Greenwald offered to advance their share of the costs to start the project. The sewer would run on the south side of the street and the water line on the north.

William Powell, real estate agent, again asked why the sewer couldn't be installed along Evans Creek, just north of the street.

He proposed this plan originally several months ago.

☆

Ordinances controlling the solicitation of residents and dogs were passed after considerable discussion. The ordinances are printed in full in this section of The Herald.

☆

The admission of laundries and launderettes into zoning Class A Business was passed despite a protest from the Servi-Soft coin operated laundry.

A coin operated laundry is planned on W. Chicago Blvd. near Cairns St. A representative of Servi-Soft said the protest was being made because of competition and that the competition could ruin the Servi-Soft investment.

☆

A petition for sewer and water on Jane St. was tabled to the next meeting.

Three hundred feet of sewer and water installation on Sunset from Cairns to Occidental was approved.

Local Officers Help in Search for Bank Thiefs

Tecumseh city police were alerted and assigned to a road block at the intersection of M-50 and M-52 Wednesday to assist in the pursuit of two men who robbed the Newport State Bank of an undetermined amount of money.

It is known that at least $2000 was taken.

The car in which the men fled was found on the expressway and had been hit. It is believed that they then stole a 1952 Oldsmobile.

They are described as being dark skinned, of Spanish descent and wearing dirty white shirts. A slim mustache on one, is another identifying feature, and their estimated heights are 5'4" and 6 feet.

MUSICAL HIT—Jackie Bixler in a musical stint in Guys and Dolls, coming to Tecumseh next week at the Strand Theater. The play is now a popular attraction at Clark Lake Playhouse, being held over an extra week. Two local performers include Mrs. Gloria Jadwin and Mrs. Richard Coak, at tables.

THE Long & Short OF IT

By TOM RIORDAN

This is one of those sad weeks for getting up a column . . . a holiday shortened the early part of our week and, oh, this weather.

So it will be sort of casual ("Isn't it always?" I can hear a voice asking. OK, guess it is.)

☆

You've got to hand it to those youngsters going out for football. Almost every day they practiced has been in 85 to 90 degree heat.

It's a wonder half a dozen haven't keeled over from sun stroke. Apparently that's what makes 'em rough and tough come game time.

Certainly it proves to we oldsters, who would wilt just thinking about such antics, that we're really over the hill.

☆

Dale Dean had quite an auction at his place near Ridgeway Saturday, selling 77 purebred Jersey cows. You might enjoy our picture story about this event on the last page of the second section.

☆

We lost our summer reporter, Don Bauerle, who returned to Wayne State University two weeks ago.

Quite by a quirk of fate, a friend from Port Huron, who is studying journalism at Michigan State University, phoned and wondered if we'd need some help for three weeks before he started classes again.

He's Jim Wallington who has an amazing newspaper background for a lad only 20, having worked nights, weekends and summers on the Port Huron Times-Herald since 1955 while a high school student.

Jim's chore at Port Huron this summer was swing man in the advertising department during vacations. This ended Sept. 1 and gave him three weeks of free time and we were pleased to book him up.

With us, Jim is doing a little of everything, from writing and editing to setting heads on the Ludlow and bundling papers for the post office.

In another week or two, I'll be telling you why we've needed the college-student help this year. For now, we'll refer to it as Project X.

So, like the radio soap operas, we'll leave you panting in anticipation of learning the details of the Big X.

"Panting in anticipation," that voice says again. "Sorry, friend, that's just from the heat."

☆

We had a visitor at our home last week in the personage of my brother's 14-year-old son, Ed Riordan of Birmingham, Mich.

He's a typical teenager, getting tons of enjoyment out of every minute of this life.

Eddie taught us one new slang phrase, which must be "the" item with his friends these days.

When he'd tease his cousins or tune in some jive on the little transistor radio he carries everywhere, Eddie would smile at us and remark,

"This is how I get my jollies."

Bus That Rides The Rails

ONE TRACK BUS—Tuesday saw school buses all around Tecumseh as school opened. It also saw a school type bus down the New York Central tracks through the downtown district as the Railroad's special vehicle (above) visited the city. Fred Nash, local NYC freight agent, inspects part of the equipment used to adapt the motor vehicle to track travel. Nary a tread is worn on the tires on the bus, even though they are four years old. The above vehicle is one of four in the NYC system, all built in Jakckson. It carried rail officials from Ohio on an inspection tour.

'Guys and Dolls' Show in Town For 2 Days at Strand Theatre

One of the greatest Broadway musical hits comes Tecumseh way next Wednesday and Thursday—"Guys and Dolls" by Damon Runyon.

The musical fable of Broadway promises to be an even greater success here than last year's "The Boy Friend."

The Clark Lake Players, brought here under the sponsorship of the Herrick Memorial Hospital Auxiliary, will present "Guys and Dolls" at the Strand Theater, Sept. 16-17.

Mrs. Ralph Dabe and Mrs. Gloria Jadwin, Auxiliary officers in charge of handling arrangements here, have tickets to sell along with 21 other Auxiliary members. Tickets also may be purchased at the Strand box office.

Proceeds from the two-night stand will be used to purchase another hot-food cart for the patients at the local hospital.

Returning here in different roles are Brooke Banfield, Albion College sophomore, and Jackie Bixler, Tecumseh and Jackson dance instructor.

Both were well received here in performances in "The Boy Friend" and reports from Clark Lake Playhouse indicate even better performances in next week's musical.

Two local ladies, Mrs. Jean Coak, president of the Auxiliary, and Mrs. Jadwin, have walk-on roles in the play. They have rehearsed the past few weeks with the Players and appeared at the Playhouse, Aug. 27-28-29 and Sept. 3-4-5, and again this Thursday, Friday and Saturday evenings.

Popular acceptance of "Guys and Dolls" has forced the play into an extra week's run.

This play concludes the season for the Players and Director Bill McAnallen, and the second consecutive year they have performed at the local theater under the sponsorship of the Auxiliary.

Tickets for the presentation of "Guys and Dolls" by the Clark Lake players are available from the following people and places:

Mrs. Orrie Gilbert
Mrs. Robert D. Moore
Mrs. John Sisson
Mrs. Richard Coak
Wright's Drug Store
Eggleston Jewelry

You Told Us

BY DOROTHY GRIGG
Herald Society Editor

Everyone likes to be remembered and this writer was happily surprised when the Rev. and Mrs. Blair Baskore brought the Centennial issue of "The Oregonian" home with them from their recent vacation tour for the Herald crew to mull over.

One interesting bit of information gleaned from the editorial page read like this:

"A tinker's d-m is not a tinker's curse, just plain little tinker's "dam" with no malice or evidence about it.

The tinker made a little dam of clay or mud around a hole he wanted to mend, to hold the precious solder from running away before it "set". When the solder was cool and the clay dam dried by the heat, the little piece of clay was tossed away.

"Not worth a tinker's dam" or "I don't give a tinker's dam" therefore signifies worthlessness. If one substitutes damn for dam the expression is meaningless.

It seems that many a vivid folk-saying has lost its significance and been warped out of its meaning by modern ignorance of its origination.

We wonder what some of the other sayings frequently used are that have lost their true meaning.

WHAT'S COOKING IN TECUMSEH

Bread Dressing

By DOROTHY GRIGG

Mrs. Charles O'Neil is back at work this week after summer vacation from her duties as supervisor of the cafeteria in the Tecumseh Public Schools.

With the opening of school it seemed appropriate that we choose this good cook as the first in another series for the "What's Cooking" column.

This is the second year that Mrs. O'Neil has been supervisor and the first full-time position that she has taken since her husband passed away very suddenly in 1956.

After his death the family consisting of three boys returned to Tecumseh from Muncaptain.

Charles, Jr., better known as "Skip", lives here with his pretty wife and attends the University of Michigan. Bob graduated in June and expects to join the armed forces. Ronald is a sophomore this year in high school.

Mrs. O'Neil's interest's have been mainly in her home, cooking and using her extremely good sense of humor to make it a happy place for her family and friends. She bowls too, and has an avid interest in all school activities, especially the games.

She gives us this recipe for pork and dressing which she says is a special favorite of theirs. She serves it was a gravy made from chicken bouillon.

BREAD DRESSING

8 ozs. Chopped onions (2 cups)
8 ozs. Chopped celery (2 cups)
7 ozs. Shortening (1 cup)
2 lbs. Bread, cut in ½ inch cubes (7½ quarts)
2 tsp. Poultry seasoning
2 ozs. Good Seasons Chicken Soup Base Bouillon (¼ cup)
2 cups Hot water

1. Cook onions and celery in shortening until tender, but not brown.

2. Add bread cubes and poultry seasoning.

3. Dissolve soup base in hot water. Add to bread mixture and toss lightly until thoroughly mixed. Makes 5 quarts.

Note: This dressing is delicious as stuffing for pork chops, veal birds, or poultry. (Allow 1 cup dressing per pound of ready-to-cook poultry). Or bake dressing in pans about 45 minutes in moderate oven and serve with roast meats or poultry.

Bill Service is a bed patient at his home following a heart attack which occurred about 2½ weeks ago at Eagle Harbor where he and Mrs. Service were vacationing.

They returned home by ambulance early Wednesday morning.

√

Weekend guests of Mr. and Mrs. LaVern Seizert were Mr. and Mrs. Leslie Banks and Tillie Ruhl of Toledo. Sunday guests in the same home were Mr. and Mrs. Archie Smith of Swanton, O., Mr. and Mrs. Clarence Seizert and Mrs. May Seizert of Blissfield.

ORDINANCE

WHEREAS divers requests from residents of this City have been received for legislation controlling door-to-door, and other selling;

WHEREAS it is also necessary that a record be kept of commercial establishments located within the City for the purpose of the equitable assessment of personal taxes.

NOW THEREFORE THE CITY OF TECUMSEH ORDAINS:

1. (Effective 31 December 1959) Section 3.975—It shall be unlawful for any person, firm, or partnership or corporation to solicit sales, or sell, any goods, magazines, materials, appliances, clothing, or any other tangible item within the City of Tecumseh without first having obtained a license from the City Manager, said license to be issued by the City Manager upon the completion of a form to be furnished the applicant by the City Manager, and upon payment of a License Fee of $5.00. Provided however, that this section shall not apply to any fabricator or manufacturer who maintains an industrial building which clearly appears to be such, and is located within an industrial zone.

2. Section 3.977—It shall be unlawful for any resident of the City of Tecumseh to sell, or solicit for sale, his services he it professional, artistic, in pursuance of a trade, or otherwise without first having obtained a license from the City Manager, said license to be issued by the City Manager upon completion of a form to be furnished the applicant by the City Manager, and upon payment of a License Fee of $5.00. Provided however, that this section shall not apply to any employee who sells his services regularly to one or more employers at a fixed salary or wage; nor shall this section apply to those persons doing jobs of common labor in the nature of odd jobs.

4. Section 3.978. Section 3.975 through 3.977, supra, are not to be interpreted to require more than one license where there are several persons working upon a common enterprise; but shall apply only to each employing unit, individual or otherwise, as the case may be. Nor shall the foregoing sections apply to any person, firm or corporation activity engaged in such business on the effective date of this ordinance; but shall apply only to those businesses which are activated; or come into being subsequent to that date. Nor shall the foregoing sections apply to sales or solicitations made in pursuance of a recognized charitable object if advance permission be received from the City Manager. Nor shall vendors of farm produce, if such produce has been raised by the vendor himself; nor shall said sections apply to specialized salesmen who contact particular vocations or who are wholesale in their nature rather than retail.

ORDINANCE DECLARED ADOPTED:

Dated Sept. 8, 1959

Attest: City Clerk, Naomi Sallows

The following ordinance was read for the third time and acted upon.

ORDINANCE

WHEREAS divers complaints have been received in connection with unruly dogs within the City.

NOW THEREFORE THE CITY OF TECUMSEH ORDAINS:

1. That Section 3.900 through Section 3.904 Tecumseh Codified Ordinances are repealed and in lieu thereof there is passed (effective 1 September 1959) the following:

2. Section 3.901—It shall be unlawful for any person to own, possess or harbor a dog six months of age or over in the City of Tecumseh without first having obtained a City license therefor. Every person in possession of any dog, or who shall suffer such dog to remain about his premises for the space of ten days shall for the purposes of this ordinance be deemed the owner thereof.No dog shall be permitted upon the public streets or off the premises of the owner unless such dog has been immunized against rabies in a manner approved by the City Health Department, or unless said dog is confined in the process of being transported to or from the premises of the owner. No dog shall be allowed to run at large in the City of Tecumseh unless said dog is under the reasonable control of the owner. For the purposes of this ordinance a dog shall be deemed under such reasonable control:

a. When said dog is with the owner or some member of the owner's family; or,

b. When the dog is within 1,000 feet of the premises of the owner, and not with the owner or some member of the owner's family.

For the purposes of this ordinance a dog shall be deemed not to be under reasonable control:

a. When such dog commits damage to the person or property of any one other than the owner, except in the defense of the owner, his family or his property or;

b. In the case of a female dog while in heat, off the premises of the owner, unless confined in the process of being transported to or from the premises of the owner.

3. Section 3.902—It shall be unlawful for any person to operate a dog kennel in the City of Tecumseh. Any person owning, harboring or keeping for pleasure or profit 3 or more dogs shall be deemed the operator of a dog kennel.

4. Section 3.903 — Licenses to own or harbor a dog, shall be issued by the City Clerk upon application made. The applicant shall furnish a certificate or other proper evidence that the dog has been immunized against rabies in a manner approved, by the Health Officer of the City. Said licenses shall contain printed on the back thereof a summary of the requirements of this ordinance. All dog licenses shall expire on the 31st day of December following their issuance.

5. Section 3.904 — The license fees shall be as follows: $1.00 for each dog. When application is made for a license after March 1st. or after a dog is 6 months of age, or more than 30 days after the dog has been acquired or its owner has moved into the City, an additional charge shall be made by way of penalty and the fees shall be $2.50 for each male or unsexed dog, and $4.00 for each female dog; provided, however, for any dog acquired or who becomes six months of age, or whose owner becomes a resident of the City after September first of each year, the fees shall be omitted for the remainder of that calendar year.

6. Section 3.905—At the time of issuing the license the Clerk shall deliver to the licensee a license tag of metal or other suitable material, containing the number of the license duly stamped or engraved thereon, the year of issuance, together with the words "Licensed and immunized, Tecumseh, Michigan." The color and style of license tags shall be changed each year. Every person owning or harboring any dog shall provide the same with a substantial collar of durable material, to which shall be securely attached the license tag, or tags, above described. Failure to wear such collar and license tag shall be prima facie evidence that said dog is not licensed, and any person finding such dog on his premises may seize and deliver the City Clerk upon payment of 10 cents.

such dog to the pound. No person shall remove any license tag from any dog without the consent of the person owning or harboring said dog for which the tag was issued. In case of the loss of a tag, the owner may secure duplicate from

7. Section 3.906—No person shall keep or harbor a dog which by loud or frequent or habitual barking, yelping or howling, shall cause a serious annoyance to the neighborhood, or to people passing to and fro upon the streets. No person shall own or harbor a fierce or vicious dog, or a dog that has been bitten by any animal known to have been afflicted with the rabies. Any person who shall have in his possession a dog which has contacted, or is suspected of having contracted rabies, or which has been bitten by any animal known to have been afflicted with the rabies, shall, upon demand of the Health Officer, or any police officer of the City produce and surrender up said dog to the Police Department of the City to be held for observation and treatment; provided, that with the approval of the Health Department any such dog may be surrendered to a registered veterinary, or to any approved non-profit corporation organized for the purpose of sheltering dogs. It shall be the duty of any person owning or harboring a dog which has been attacked or bitten by another dog or other animal showing the symptoms of rabies, to immediately notify the Police Department that such person has such dog in his possession.

8. Section 3.907—The City shall provide and maintain a pound and it shall be the duty of the Dog Warden, or any other person employed by the City Manager for that purpose, and of any police officer of the City of Tecumseh to promptly seize, take up and place in said pound, all unlicensed dogs, harbored or being kept any place within the City of Tecumseh contrary to the provisions of this ordinance.

9. Section 3.908—No dog shall be released from the pound unless the owner or other person entitled to demand the same shall pay the sum of $1.50 for the care and feeding of such dog, together with any other expenses incurred by the City, including the cost of immunization. If the dog was an unimmunized dog, and furthermore, produce a proper license for said dog in case such dog had been previously unlicensed. No dog shall be released from the pound unless immunized. All dogs taken to the pound not claimed and released within 10 days after being impounded, shall be destroyed in a humane manner; provided, however, if such dog is worthy and valuable, the Dog Warden may dispose of the same to any responsible person who will undertake said dog outside the City, or keep and harbor said dog with the City in accordance with the provisions of this ordinance.

10. Section 3.909—It shall be the duty of the Dog Warden or other person appointed by the City Manager to make diligent inquiry as to the dogs owned, harbored or kept, in the City of Tecumseh, and whether such dogs and kennels are licensed. Any dog found unlicensed after March first of each year by the Dog Warden or other duly delegated officer, may be seized and impounded by such officer, or the person owning or harboring such dog may be notified to procure a license for the same within five days of the date of such notice. The Dog Warden shall make a report to the City Clerk of all unlicensed dogs found in the City of Tecumseh after March 1. It shall be the duty of the Dog Warden to enforce the provisions of this ordinance, and in the furtherance of such duties he may make complaints to the Justice Court of the City of Tecumseh in regard to any violations of this ordinance of which he has knowledge.

11. Section 3.910 — No person owning or harboring any dog, or any other person, shall treat a dog in a cruel or inhuman manner, or wilfully or negligently cause or permit any dog to suffer unnecessary torture of pain.

12. Section 3.911—Any person or persons violating any of the provisions of this ordinance shall, upon conviction thereof, be guilty of a misdemeanor.

Meet Tecumseh Indians Friday

Friday night is "Meet the Indians" night in Tecumseh.

The high school football team and its coach Dunc Lectka is inviting all residents to come to recreation field Friday night at 7:30.

The gridders will have an intra-squad scrimmage while the coaches introduce new rules and explain some of the old ones.

There is no admission charge.

Lectka will lead his gridders back to serious work the next afternoon when the squad scrimmages with Saline High.

The Western Michigan-MSU schooled mentor admits that his squad has not progressed as he hoped it would.

As a result several supposedly first stringers have dropped to second string as the team gears for its season opener next Friday in Hudson.

Dennis Bryan, a transfer from Britton, took over Jon Aho's spot at left half and may force the letterwinner to go back to his fullback slot.

Another veteran shoved down a notch was Jim Neitling, a guard. Sophomore Tom Simmons has replaced him.

☆

LECTKA also expressed dieappointment in the running of his right half backs, Dave Weekly and Roger Meads. Both are letterwinners.

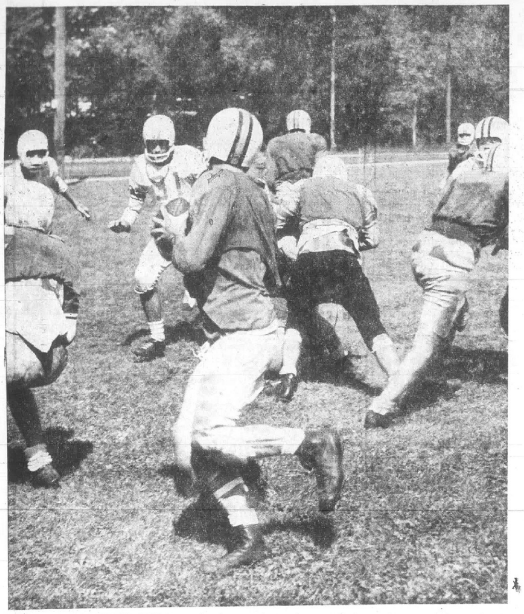
On the other hand the mentor is pleased with Mike Green and Bob Keffron, a transfer from Morenci. Both are fullbacks.

Only two positions are wrapped up. Jim Curth is breezing along at a guard and Lee Britton at center.

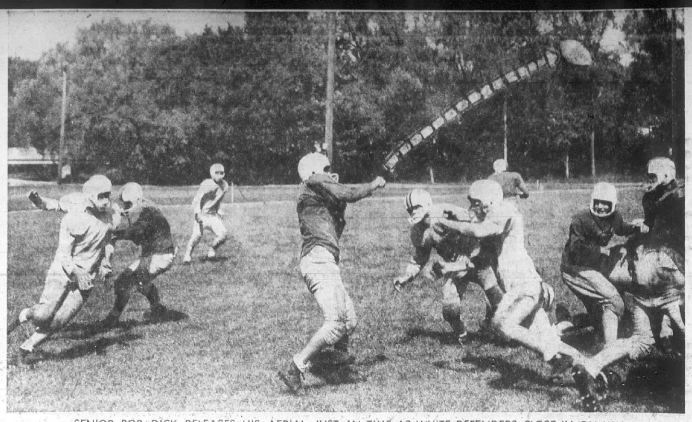
Lectka's biggest headache is at the tackles were there is a single holdover, Ron Hathaway. But he played defense last season.

Charlie Baird, who didn't play last year, may move into a starting spot. There are a couple of reserves coming up, also.

Right now the coaching staff, made up of Charlie Gross, Jack Trudeau, and Vic Lawson, besides Lectka, is concentrating on eight plays to teach the players.



SIGNALCALLERS THROW—THS quarterbacks sought to sharpen their passing game in workouts this week in preparation for the Hudson opener a week from Friday. In above photo junior Dale Tuckey, with ball, fades back as he looks for a receiver. Dennis Harrison, no. 31, a defender moves in to stop the quarterback. Tuckey is a lefthander.



SENIOR BOB DICK RELEASES HIS AERIAL JUST IN TIME AS WHITE DEFENDERS CLOSE IN ON HIM.

The Herald Re-Visited

Second grade students from St. Elizabeth school visited the Tecumseh Herald office and press room last spring before school recessed.

When they returned to classes each student wrote a report of their visit. The following three were judged the best:

☆

By Daniel Wyles

I like the Herald because it gives you enjoyment. And can you remember on Thursday, May 28, 1959, it had "Back To Dog's Life for King." I really liked that but I can't get a kitten.

At the Herald there is a machine where they put the paper to sleep. It sounds funny, but they really do.

There is a machine called "a-linotype machine." And they work it like this. They put a key in it and a letter comes up. They keep doing it until they get all the letters.

By Edward Willis

Friday, our class visited the Herald Office. It was very interesting to see the big machines at work. I saw the printing press in action and watched a lady operate a linotype machine.

The part I liked best was watching them print the Tecumseh Products paper as that is where my dad works. I enjoyed my visit very much.

☆

By Pamela Kovach

One day our class visited The Herald. The first thing we saw was the big typing machine. A lady was typing a story on it.

Then we went over to the printing press and saw them print a piece of paper.

Also we saw large rolls of paper. These rolls were laid in beds four at a time.

After this we went to the office where a lady talked to us. She told us that the news came over the telephone and letters.

We learned a lot about how newspapers are made. I enjoyed it very much.

Thank you Mr. Riordan.

Says Telephone Calls Brought Little Reaction

The Herald office received a distress call this week during which a citizen asked for help.

"Who do you call," she asked, "when you want something done by the city?"

Upon further conversation it was learned that a leaking water hydrant on W. Brown St. has been reported to "every city official" with absolutely no results, only an agreeing "it's a mess, isn't it?"

The "drip" has increased in size until it is now a "stream" and residents of the area fear for the safety of small children.

Franklyn Gals Host Parents

The North Franklin Maidens entertained their parents and families last Wednesday with a supper at the Episcopal Parish House.

The event was to climax the girls cooking project that they have been engaged in during the summer.

About 25 attended.

The menu consisted of baked ham, potato salad, gelatine salad, relishes, rolls and cookies.

Following the dinner the girls modeled the dresses they have made and exhibited at the Lenawee County Fair.

In October the sewing for the winter project will be started. Leaders of the club are Mrs. Harold Joseph and Mrs. Roger Williams.

TB X-ray Unit Due In Tecumseh Soon

Dr. John S. Wisely, County Health Officer, announced today that a chest x-ray survey will be conducted in Lenawee County from September 9 through October 30.

All persons 18 years of age and over will be eligible for a chest x-ray.

The survey is sponsored by the Lenawee County Health Department, Lenawee County Medical Society, the Michigan Department of Health, and the Michigan Tuberculosis Association.

"A chest x-ray," Doctor Wisely said, "will protect the life of the individual, his family and his friends by detecting unsuspecting tuberculosis, heart disease, cancer, and other chest abnormalities.

"TB usually can be treated successfully if it is discovered early. The only way to find the disease early is with the chest x-ray.

In Lenawee County, 223 new cases of tuberculosis and 15 tuberculosis deaths were reported in the five-year period, 1954 1958. Twenty-one TB patients were hospitalized last year at a cost to local tax payers of $80,000 or $220 a day.

Eighty per cent of the TB cases reaching Michigans' Sanatoriums are already in an advanced stage, according to recent studies cited by Doctor Wisely. Early cases usually require only months, rather than years of expensive tax-supported hospitalization. Early detection reduces greatly the risk of the spread of the disease to others.

Doctor Wisely stressed the simplicity of the mobile unit survey examination. More than 100 persons can be x-rayed in an hour. No undressing is necessary. The only requirement is that metal objects be removed from the chest area and men will be asked to empty their shirt pockets.

The mobile unit will spend four days in Tecumseh at the Methodist church location starting Tuesday, Oct. 6.

Tuesday, Wednesday and Thursday the survey begins at noon and lasts until 6 p.m. Tuesday and 8 p.m. Wednesday and Thursday. The Friday session begins at 9 a.m. until 3 p.m.

The unit will also visit Addison, Onsted, Hudson, Morenci, Blissfield, Deerfield, Clinton and Adrian.

POLICE BLOTTER

A one car accident, resulting from defective brakes, occurred last week at the intersection of Mill Rd. and Russell Rd.

An auto driven by Anna I. Pratt, 212 Brown St., Clinton, failed to negotiate the curve when the brakes didn't work. The driver escaped injuries when the car went into the ditch, breaking off a front wheel. No summons was issued.

√

Paul Poe, 28 years old, of rural Tecumseh, was released from the county jail last week after posting $1,000 bond.

Poe and four Adrian men were charged with breaking into the Adrian Grain Company and stealing between $8 and $12 after an unsuccessful attempt to open a safe May 2. Poe is awaiting circuit court action. Justice L. J. VanDeusen set the bond.

√

City police arrested Charles F. Willoughby, 42 years old, of Chelsea at 2:53 p.m. Friday and booked him in the county jail for drunkenness.

√

Raleigh C. Cole, 37, of Britton was arrested Friday in Britton by Britton police and booked in the county jail at 7:27 p.m. for drunkenness.

√

Police arrested Samuel P. Davis, 19, of Jerome and booked him for investigation of parole. He was turned over to Hillsdale County authorities.

√

The licenses of 306 habitually careless and violation-prone Michigan Drivers were suspended last week according to a report issued by James H. Hare, Secretary of State.

The licenses of 25 additional accident-prone or negligent drivers were revoked the report showed.

Among the motorists in the Lenawee area who were grounded were: Jack Huffman, Addison, and Daniel Rodriguez of Riga.

LETTERS TO THE EDITOR

To the editors:

How is everything doing in Michigan these days?

The weather is sure hot here, a lot hotter than in Michigan. We sure do enjoy The Tecumseh Herald. It brings up on all the news going on around our home towns. We read it from front to back.

We would like to renew our subscription for another year.

OBITUARIES

LYMAN G. GARRISON

Funeral services were held Sunday at the Green-Dunn Funeral Home for Lyman G. Garrison of 7604 Raisin Center Hwy. who died at Herrick Memorial Hospital Friday morning where he had been a patient for nine days.

He was 78 years old. He was born in Clayton Dec. 6, 1880, the son of Orrin and Sarah Garrison.

He was married to Rebecca Burgess Jan. 27, 1909, in Jasper.

Mr. Garrison was a life-long resident of Lenawee county and was well-known as a builder and contractor in southern Michigan and northern Ohio. He was a member of the Masonic lodge.

Mr. Garrison is survived by his wife; two sons, Delmar of Royal Oak and Milton of Addis Ababa, Ethiopia, a daughter Dorotha of Washington, D. C.; a brother, E. L. Garrison of Adrian; six grandchildren; one great granddaughter and a number of nieces and nephews.

The Rev. Arthur Clay of Adrian officiated and burial was in the North Dover cemetery.

PAUL D. BOWEN

Funeral services were held Saturday at the Collins-Corkery Funeral Home for Paul D. Bowen who passed away Wednesday night at the Herrick Memorial Hospital.

Mr. Bowen, who was 67 years old and a retired chef, moved here a few months ago to make his home with his son and family, Mr. and Mrs. Charles Bowen at 703 S. Pearl St.

He was born in Altoona, Pa. Aug. 31, 1892. He is survived by his wife, May; two sons, Charles and William of Tecumseh; a daughter, Mrs. Ella May Colburn of Blue Hill, Neb., two sisters and 12 grandchildren.

Burial was in Lenawee Hills cemetery.

Lectka Romps in Tennis Win

Dunc Lectka won the men's singles division of Tecumseh Open Tennis tournament Wednesday night.

The Tecumseh High football coach beat Ray White 6-2, 6-2.

Lectka's main weapon against the Tecumseh Country club manager was a shot into the backcourt putting White off-balance and forcing a backhand.

Tecumseh Acres	479	Macon	55
Ridgeway	252		

Methodist Groups Start Year's Events

Worship and Church School sessions will feature the Rally Day theme at the Methodist Church in Tecumseh this Sunday, according to the pastor, the Rev. James D. Nixon.

The pastor's theme in the service of worship at 10 a.m. will be "Education Must Be Christian"

The Asbury Choir will return following the July and August vacation to sing an anthem directed by Leslie M. Bennett.

Rally Day in the 11:15 Church School will include a worship program by the combined departments. Greetings will be given by the new Church School Superintendent, Herbert Simpson.

Mrs. Raymond Hatch, superintendent of the children's division, will tell a story to the children and the pastor will explain the church school program which will begin Oct. 4. There will be a special Rally Day offering.

The staff is nearly complete and will be using graded materials for each class.

Mrs. Hatch reports that a questionaire will be sent home with the children this week so that parents can indicate their preference for church school time for their children.

"We have an excellent staff of trained teachers and a fine enrollment in our Sunday church school", says Mr. Nixon. "However, we do not have the room which we need for classes of moderate size to meet simultaneously. That is why we hope to make two classes out of each existing childred's class, having them meet at different times.

"We hope that enough parents will want to attend church school along with their children so that we can have an additional class for parents at the 9 a.m. session."

Two Methodist Youth Fellowships begin Sunday. The pastor will meet with the Intermediate Methodist Youth Fellowship at 5:30 as it explores the work and meaning of the M Y F and plans for election of officers. This group includes all who are now in the 7th, 8th, and 9th grades in school

The time for the Senior Methodist Youth Fellowship is 7 p.m.

Sally Hunt is the president. The counsellors will be Mr. and Mrs. Duncan Leetka. The September meetings of this group will be used to study the purpose, organization and work of the MYF. It will also include program planning for the rest of the year.

BONUS HELPS BUY NEW CAR—Otto "Tony" Baaske (behind car door) receives keys to his new 1959 car from Louis Schneider of Schneider Bros. Inc. of Tecumseh. Part payment for the new automobile was made by Mr. Baaske with his Quaker Oats bonus check from the company's profit sharing plan established in 1936. Mr. Baaske, who is package supply and machine attendant at the Tecumseh plant, received his first bonus check in 1937.

St. Elizabeth Sets Fall Dinner, Festival

St. Elizabeth's annual Roast Beef Dinner and Fall Festival have been combined this year.

The two events are set for Sunday, Sept. 20. Previously the dinner has been in August and the Festival in October.

By combining them, the committee feels that greater revenue can be realized from the events.

This year's affair is under the chairmanship of James McKenna. Mrs. Gertrude Golat is in charge of the Festival events.

This will include a series of booths and games.

One unique booth will feature surprise gifts, each worth at least 50c from out-of-state. Parishioners are writing friends all over the nation to obtain these.

Hessian Fly Can Kill Wheat

The old Hessian fly is bothering farmers and wheat crops again.

Wheat for 1960 is likely to be seriously damaged if it was planted before the "fly-free date," Sept. 25, reports John Comstock, county agricultural extension agent.

Hessian flys lay eggs in wheat seedlings in the fall.

Injury to wheat and other grains is caused by the feeding of maggots between the leaf sheaths and stems. They extract the juices of the young stems, resulting in the destruction of small tillers.

In grave infestations of the fall brood, the young wheat is killed outright or so weakened that it can't survive the winter.

But this insect can be controlled by growing fly-resistant varieties of wheat, Dual wheat in Michigan, and waiting until Sept. 25 to plant the crop.

Rebekah's Set Plans

Alice Collum, noble grand, presided at the meeting of the Rebekah Lodge Friday evening.

Plans were made for the annual Key paper and toy party which will be held Wednesday, Sept. 23 at the Odd Fellow Hall.

Readings were presented pertaining to the month of September, games were played and prizes awarded.

The next regular meeting will be held September 18 at 8 p.m.

When You Buy . . . Tell them why

Each issue of The Tecumseh Herald carries the advertising of reputable merchants who offer you their best values, services and products. They strive to garner your patronage and "good will."

These merchants know that their Herald advertising pays by measuring the results produced in increased sales. However, one result of their advertising is not subject to definite measurement — the intangible factor of "good will."

A friendly word from you, the reader-buyer, will assure the merchant that his advertising is appreciated and is producing the desired results.

Next time you buy — tell your merchant why — tell him you saw his "ad" in The Herald.

And if your favorite merchant is not a Tecumseh Herald advertiser, why not mention the market possibilities he is missing.

Patronizing Tecumseh Herald advertisers helps keep down the cost of your subscription.

The Constitution - Our Heritage

THE CONSTITUTION

WHEREAS, September 17, 1959 is notable as marking the one hundred seventy-second anniversary of the adoption of the Constitution of the United States of America by the Constitutional Convention; and

WHEREAS, To accord official recognition to this memorable anniversary, and to the patriotic exercise which will form a noteworthy feature of the occasion, seems fitting and proper; and

WHEREAS, Public Law No. 915 guarantees the issuing of a proclamation by the President of the United States of America designating September 17 through 23 of each year as Constitution Week;

NOW, THEREFORE, I H. H. Hanna by virtue of the authority vested in me as Mayor of the City of Tecumseh in the State of Michigan do hereby proclaim the week of September 17-23, 1959 as

CONSTITUTION WEEK

in the City of Tecumseh, and urge all our citizens to pay special attention during that week to our Federal Constitution and the advantages of American citizenship.

In Witness Whereof, I have hereunto set my hand and caused the Seal of the City to be affixed at 11:30 this day of September 5th., in the year of our Lord one thousand nine hundred and fifty-nine, and the independence of the United States of America, the one hundred and eighty-third.

Tour Art Exhibited

Watercolor pictures of quaint fishing villages, country churches seascapes and landscapes by Toledo architect, Timothy Y. Hewlett, will be shown in the Toledo Museum of Art from Sept. 13 through Oct. 4.

The exhibition, entitled, "A Sketching Tour Through England and Scotland," is the first exhibition of the 1959-60 season in Gallery 8, the space reserved to show art by Toledo area and former Toledo residents.

TECUMSEH HERALD PHOTO

THE LAW OF THE LAND—Mrs. Herbert Newman, Regent of the Abi-Evans Chapter of the Daughters of the American Revolution, is pictured receiving the proclamation of Constitution Week, Sept. 17-23, from Mayor H. H. Hanna on the steps of City Hall. Other organizations bring special emphasis to the residents for Constitution Week are represented in the picture. They are from left to right; Joe Rice, State Board member of the Sons of the American Revolution; Dennis Goller, Commander of the American Legion Post; Mrs. Harold Meade, president of the VFW Auxiliary; Gaza Kish, Commander of the VFW Post; Mrs Richard Beasley, president of the American Legion Auxiliary; Mrs. Newman and Mayor Hanna.

AIR SHOW IN TOLEDO

A military-civilian air show and personal appearance of Max Conrad, world-record holder of the longest non-stop flight in a single-engine plane, will be highlights of the Sept. 12-13 "Aviation Days' phase of "Know Your Community Month" at Toledo Express Airport.

'Constitution Week' Promoted by DAR

The local chapter of the DAR is making a special effort to bring Constitution Week, Sept. 17-23, to the attention of Tecumseh citizens.

Mayor H. H. Hanna signed the proclamation Saturday at City Hall before a group of interested citizens including the commanders of the local veterans organizations and the presidents of the auxiliaries.

The purpose of the observance of Constitution Week is to recall for the American people the true significance of the events that occurred during the week of Sept. 17-23 in 1787 and to revitalize appreciation of our great heritage which is the Constitution.

On Sept. 17, 1787, the United States Constitution was approved unanimously by the delegates and during the week following it was made known to the people throughout the country.

Mrs. Herbert Newman, president of the local chapter of the Daughters of the American Revolution, has arranged a window display in Rosecrans Dry Goods Store for the residents.

Special observance will be made in the Good Citizenship Clubs in the schools.

Mrs. Joe Rice, chairman of the committee for the chapter, asks that all residents, especially the merchants, fly the United States flag all during that week.

TO GIVE RESUME OF TRIP

Grace Dennis and Ann Cameron are inviting other Girl Scouts, leaders and anyone interested to enjoy their experiences at the Senior Round-Up this summer.

The girls will give a resume of their trip to Colorado from 7 to 8 p.m. Thursday, Sept. 10, at the scout cabin. All Junior Hi and Senior High girl scouts are especially invited to attend.

Mr. and Mrs. Raymond Kahle and family spent Labor Day weekend at Pentwater.

Can you deny her equal Opportunity

Ten years from now, one-half of all our youngsters will go to college. Fifteen years from now, more than half will enjoy higher education.

Because her possession of equal opportunity depends so much on you, the parent, Adrian Federal urges you to start a regular saving program while she is still "just your tiny princess." In fact, the earlier you start saving, the more you'll have to meet rising college costs.

The laughing eyes of a child look up to you for grown-up security. Can you provide for her future education? You can . . . with this plan to raise $6,000 partly realized through Adrian Federal's regular additions of earnings.

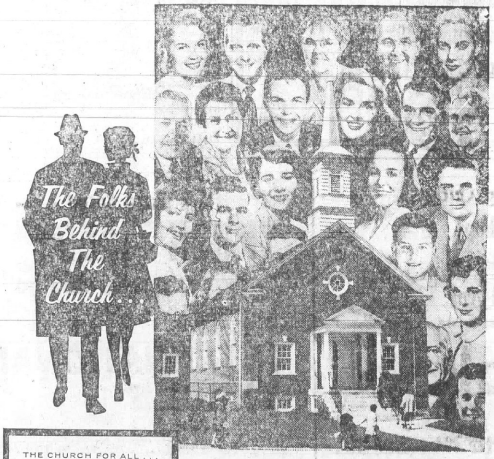
FOR ALL WE HOLD SACRED
. . . ATTEND CHURCH !



THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Acts	20	35
Monday	Ecclesiastes	5	18-20
Tuesday	I Thessalonians	3	8-13
Wednesday	Isaiah	52	7-8
Thursday	Ephesians	6	5-8
Friday	Luke	14	7-11
Saturday	Psalms	22	25-27

TOP ROW:
Cora and Jim Eggers, who take the altar flowers to the sick . . .
Mrs. Godshall and the kindly doctor . . .
Myra Adams who heads the Primary Department . . .
MIDDLE ROW:
Elder Rod Stuart with Mrs. Stuart . . .
And the newly-weds, Alec and Gwen . . .
Orval Merrick and Mrs. Wellington; Orval you know, is Sunday School Superintendent . . .
BOTTOM ROW:
Peg Rosser with Vic and his sister, Louise . . .
Connie Edwards, the soprano soloist . . .
And young Todd Breckenridge who is studying law at the University . . .
Below Todd, Head Usher Foster Comland and his wife Rose . . .
The twinkling eye of Ward Conley . . .
And Young Adult President Jack Burgess . . .
These are just some of the people behind a church. Their worship, faith, time and talents are devoted generously to Christ. They are helping their church to grow, and to serve the community. And you'll find their welcome warm and friendly—for they believe YOU BELONG IN THE PICTURE.

Robert Kuster and family visited his parents, Mr. and Mrs. W. R. Kuster, over the weekend and will visit relatives in Ohio before returning to their home in Kalamazoo, where he will teach this year.

Barbara and Bette Bailey returned home Monday from Put-in-Bay where they spent the summer.

Mrs. Fletcher Spencer, chairman of the Polio drive in Rogers City Township, reports a total of $172.46 collected. Those assisting in the drive were: Mr. and Mrs. Alfred Kocher, Mr. and Mrs. Edward Sporer, Mrs. Stella Cook, Mrs. Sheila Warner, Mrs. Lillian Kniffin, William Kuster, La Verne Wagner and La Mara Sochr. Anyone missed and cares to donate may give to any of the helpers or the chairman.

Sunday guests of Mr. and Mrs. Earl Lavine and family were Mr. and Mrs. Wendell Belz and family, all of Detroit. Mr. and Mrs. Harold Mosher and daughters of Toledo and David Levine of Detroit.

University Offers Real Estate Course

"Real Estate Appraisal II," an advanced course in the University of Michigan's program leading to a Certificate in Real Estate, will open in Adrian on Thursday, Sept. 24.

The course is being given with the cooperation of the Lenawee County Board of Realtors.

Class sessions will meet at 7 p.m. in Room 101, Metcalf Hall, Adrian College.

Registration, which is $27, is open to all interested persons and may be made at the first session.

Instructor will be Donald H. Treadwell, "M.A.I., Wyandotte, realtor.

Announcements of all real estate courses offered this semester in the statewide program may be had on request from Charles H. Sill, 4524 Administration Building, Ann Arbor, Michigan, or from the local real estate board.

Registration Due

Today is the final day for adults to register for classes at the Toledo Museum of Art according to the school bulletin.

Children registration for art and music classes will take place this Saturday.

The course offered to adults encompasses modern art and is designed for understanding present-day art.

2 Scholarships to 2 Tecumseh MSU Students

East Lansing — Two Tecumseh residents were among 1,46 students at Michigan State University awarded William and Sarah E. Hinman scholarships for the 1959-1960 school year, according to Paul D. Bagwell, director of scholarships at MSU.

Receiving the scholarships were Harold A. Daisher, a graduate administrative and educational services student, and Norbert O'Hara who is studying graduate geology.

A third Lenawee county recipient was Sharon Shepard of Onsted, a junior in home economics.

Recipients are from 34 Michigan counties and two are from out of state.

The scholarships range in value from $150 to $450. They are made under the William and Sarah E. Hinman Endowment Fund through the American Bank and Trust company of Lansing as trustee, according to the will of Mrs. Eliza Hinman Beamer.

Scholarship award winners must be juniors or seniors who reside in Michigan or adjacent states and who have demonstrated superior academic ability and promise.

They must be of good character, have a record of good school citizenship, and show promise of personal development through the advantages afforded by higher education.

Sharron Muhn to Tell of Trip

Sharon Muhn will speak to members of the Friends Missionary Society Thursday evening at 7:30 about her recent trip through Europe with the Michigan Chorale.

This is the first meeting for the fall season and a good attendance is anticipated to hear Miss Muhn who has only recently returned to the city.

Always the heart of our business

Why do most drugstores sell everything from breakfast to dance wax . . .? The answer is simple. It is a matter of economic necessity. Americans, thank goodness, are generally healthy and there are not enough prescriptions to keep all drugstores going. Thus, we sell a variety of merchandise. By so doing we are able to stay open and render assistance whenever and wherever it is needed. Prescription service, however, continues to be the heart of our business and we are always pleased to assist you when medication is needed.

Addition Makes Room for 400

A 12-foot addition to the Tecumseh Friends church has doubled seating capacity and given the sanctuary a new 22-foot balcony.

Altogether the addition has given the church 46 more feet of room including expansion of the basement, according to Rev. Paul Brantingham, pastor of the church.

Six more Sunday School classes and 400 worshippers will be accomodated when the construction work is completed in October.

Along with the addition lights will be changed from the hanging type to indirect. For the indirect lighting the ceiling will be painted white.

"Church members felt that the previously crowded sanctuary necessitated the expansion," said Rev. Brantingham," and they have been very generous in their contributions to the building fund."

Even though contemplated costs of the overall project could reach $25,000, money has not been taken from the established money program of the church, which goes to help others, the pastor was quick to point out.

Three committees at the church have been instrumental in promoting the construction—the building, trustees and finances.

Members of the committees are: buildings — Clair Martin, Ronald Van Valkenburg, Jenny Slater; trustees—Ralph Comfort, Melvin Muhn, Naomi Sallows, Marvin Johnson, Raynor Van Valkenberg; finance — Mabel Lockwood, Ralph Comfort, Raynor Van Valkenberg, Naomi Sallows, Amos Wilson, Ashley Chase, Walter Weimer.

Raymond Kempf of Tecumseh is the general contractor.

Williams Calls for Regional Safety Meets

Governor Williams invitations to discuss the serious traffic accident trend in Michigan has met with prompt and favorable response from civic leaders and local and state officials.

Sponsored by the State Safety Commission, the Michigan Citizens Highway Safety Action Committee and five community safety councils a series of regional conference has been set up.

Opening Sept. 14 at Grand Rapids, the series will move to Midland, Sault Ste. Marie, Coldwater and conclude at Royal Oak on September 23.

Primed with information from Secretary of State James M. Hare, top state officials and other able speakers, delegates will discuss the problem in all its phases.

Safety leaders are confident that total attendance will near 1000. This would make the Michigan program the largest of its kind in the country.

The slogan of the conference is "Safety Is Everybody's Business."

State Chairman of the Citizen's Action Committee, trucking executive John Burge of Grand Rapids, said, "We hope the conferences can reverse the bad trend that has taken an average of more than 100 lives per month in Michigan this year. If we all work together, it can be done".

Mr. and Mrs. Jack Allen returned home on Labor Day after spending their vacation in Humanville, Miss, as guests of her parents, Mr. and Mrs. Harley Wilt.

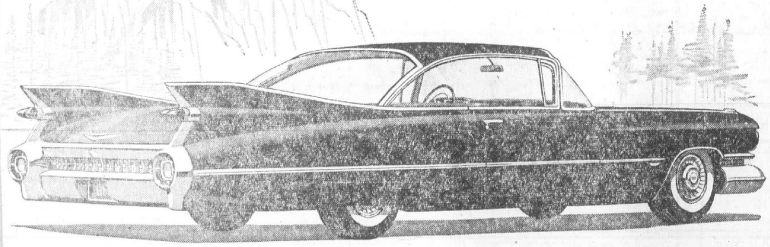
Durability
...makes it a wiser decision than ever!



When a Cadillac car has completed its tour of duty for its original owner, there is always a buyer on hand eager to assume title as the second owner. For motorists have discovered that a Cadillac—no matter what its age or mileage—is amazingly economical to own and to operate. Naturally, this enviable reputation for durability makes the Cadillac motor car a uniquely fine investment, for its value remains high over a span of many years. Moreover—this is an excellent time to visit your Cadillac dealer to learn why the car's all-inclusive cost makes it a wiser decision than ever.

AUTOMOTIVE NEWS

Car Makers Unveil Innovations

Olds Believes Noise Reduced

Oldsmobile has taken another important forward step toward reducing road noise and harshness in its 1960 models. Jack F. Wolfram, general manager of Oldsmobile and a vice president of General Motors stated here today.

"This has been accomplished," Wolfram said, "by making full use of the sturdiness of Oldsmobile's Guard-Beam frame in conjunction with the location of new live-rubber 'Vibra-Tuned' body mountings at the modal points of the frame."

Wolfram explained to an audience of auto writers attending Oldsmobile's 1960 West Coast Press preview that the modal points—points of minimum vibration along the frame—are determined by the use of special electronic equipment.

Wolfram told the auto writers that the advencement had been brought about by Lowell Kintigh, an Oldsmobile assistant chief engineer, who has made a vocational hobby of analyzing and learning to control vibrations. Last spring Kintigh and his staff of engineers reported that they had been successful in finding a better way to mount to body to Oldsmobile's Guard-Beam frame.

Ford Boasts of Revolution in 'Falcon'

Ford Motor Company unveiled its new economy car, the Falcon, and said it represented a "revolutionary breakthrough" in automotive design, and compared the significance of its introduction with those of the Model T and Model A.

In an unprecedented 21-city news conference conducted by means of closed-circuit television, Henry Ford II, president, revealed that the Falcon is an all new, six-passenger car with a six-cylinder, 90 h.p. engine, front-mounted engine capable of 30 miles to the gallon of gas.

Mr. Ford said the Falcon is three-quarters of a ton lighter than the Ford Fairlane, yet has passenger space comparable to standard cars, has a big-car feel, and has excellent structural rigidity and durability. This, he said, represents a significant engineering breakthrough that could "materically alter the future of the automotive industry."

"It's the three-quarters of a ton we've taken out that makes possible the low price to the consumer."

The new car, to be on public display at Ford Division dealerships across the country starting Oct. 8, will weigh 2,368 pounds compared with 3,758 pounds for the average 1959 Ford.

Only Car Tabs Needed in '60, Plates in 1961

Judging from inquiries at 250 Michigan Department of State Branch Offices there are many people in Michigan who are not aware that they will have new license plates in 1960.

Instead, starting on November 1, 1959, owners of passenger vehicles will, when registering, get a metal tab, 3¼ by 1½ inches in size, which is affixed to the upper right hand corner of the 1959 license plate.

The tab carries a serial number etched in the metal and the number '60 in green on a golden yellow background. This is the reverse of the 1959 plates which carry yellow numberals and letters on a green background.

The serial numbers will not be identical with the two-letter four-digit county-designated license plates but will run numerically starting at 1001.

According to Secretary of State, James M. Hare, the low numbers will be shipped to Upper Peninsula branches and the highest numbers, which run into seven digits, will be sold in Wayne County branch offices.

"Production on these tabs is well under way at Jackson Prison," Hare said.

"Inasmuch as a new law passed by the Legislature this year calls for completely reflectorized plates in 1961, we will not be able to use the 1959 plates for three years as we did originally intended," Hare added.

"It was our goal to save a quarter of a million dollars over the three year period but now that the plan for so-called permanent plates may have to be abandoned, there is little hope that those savings will be achieved."

LUDMILA
Paul Gallico

Ludmila was an uncomely cow whose desire to be beautiful and loved was so great that it wrought a miracle in the diminutive country of Liechtenstein and gave rise to a legend that has lasted for over one hundred years. Here is that legend told with all its tenderness and warmth by the author with the magic touch—Paul Gallico.

CALIFORNIA STREET
Niven Busch

Anchylus Saxe came to San Francisco in a hand-me-down suit, hungry for success. Ruthless and tempestuous in everything he did, Saxe found a bride, seized a newspaper, and used it to take wealth, power and position. His strong opinions came out daily in every edition; his house on California Street was a place of wonders, with a glass roof that glowed like ripe fruit, and an organ to pipe music into every room, and bright metal birds that sang at the touch of a gold button—all these things he had, but one thing eluded him.

THE EAGLE OF THE NINTH
Rosemary Sutcliff

"The unlucky ninth" men called the lost ninth Roman Legion, which once marched north beyond Agricola's walls into the mists of Caledonia and was never seen again. But Marcus Aquila courageously set out into the unknown territory of Ultima Thule, determined to find and restore to Rome the lost eagle standard, symbol of a legion's honour.

PLEASE KEEP PLASTIC FILM FROM CHILDREN

Plastic film is an excellent product to protect recently laundered blankets and clothing. It can be a most dangerous hazard to infants and children.

PLASTIC FILM HAS CAUSED DEATHS.

Infants and children playing with this thin, adhesive film can block their nose and mouth so that breathing becomes impossible. Using plastic film as a mattress cover for baby's crib or play-pen invites trouble.

PLASTIC FILM IS A DANGEROUS PLAYTHING

Most children like to pull these film bags over their head while playing their imaginative games. When static charges cause a film bag to cling to the face, asphyxiation results.

PLEASE DESTROY SURPLUS PLASTIC FILM.

When it has served its original purpose, dispose of it. Never permit children to play with pills, medicines and dangerous household articles, including plastic film.

JACK OSBURN'S NEW REALTY OFFICE NEXT TO A&P STORE.

New Offices Spring Up

New office construction has hit two sides of town.

In the north Jack Osburn has completed work and is now moving into his new office adjacent to the new A&P market at 111 Herrick Place dr.

Mr. Osburn will conduct his real estate business, along with Lamar Brown and Lillard Brown, Sr., in the 24'x30' office building which took 30 days to build.

Mr. Osburn said ample parking space is available as his customers may use the A&P parking lot, which Osburn owns along with the market building.

A&P leases the building from the Tecumseh realtor.

Work on a second unit in a proposed six unit office block began last Friday.

The west side construction of Ralph V. Mull and Associates is located on W. Chicago across from the A&W root beer stand.

The Mull firm will occupy the first office which has not been completed.

The contractor of the construction, E-D Construction company of Onsted, plans to halt work on the interior of the first office in order to speed up work on the second office. Then the interiors of both units can be worked on during fall's cool and wet weather.

The second office will be four feet wider than the first, 24' to 20', but the first unit will be the only one with a basement.

As each section is added to the office building, a section of the proposed paved parking lot will be extended. When completed the parking lot will hold 60 to 70 cars.

Public services and business offices will be offered space in the five remaining units, Ralph V. Mull, sponsor of the construction, indicated.

Mr. Mull hopes to be in his office by November.

MSU Grid Squad to Emphasize New

EAST LANSING — The accent was on the new and different when Michigan State opened practice for its 63rd football season Tuesday, Sept. 1.

There is a new system of offense, three new assistant coaches, a new head trainer, new secret practice facilities and 40 brand new varsity players. There also is sure to be new determination and purpose born of the doleful 1958 campaign which saw State win but three and tie one of nine games and finish in the Big 10 basement.

Head Coach Duffy Daugherty says he will drive hard in preseason drills to complete installation of the new double wing offense, work on which was begun in the spring.

The system is a moderization of the old Pop Warner-Andy Kerr double wing, but now featuring such twists as the unbalanced line, man in motion and the quarterback working from the T position.

The new assistant coaches heading into their first season with the Green and White are Danny Boisture, defensive backfield coach; Calvin Stoll, ends coach, and Henry Bullough, assistant coach.

A late summer project on the campus was the fencing of a large hitherto open area of the football practice fields south of Spartan Stadium. This will permit closed practice for the entire squad on occasion rather than just part of the squad as previously was the case. The enclosed area now will contain two complete football fields.

The contingent of 40 new sophomore players is the most closely observed group of athletes among the 71 players due to report for early practice.

Many of them will have to make important contributions to the team right from the start if State's hopes of abandoning the Big 10 cellar are to be realized.

States first encounter is Texas A&M Sept. 2 in East Lansing.

The Joy Circle held their meeting with Mrs. Janet Gorton on Wednesday evening. Mrs. Gerald Miller was in charge of the business meeting.

They will have a candy booth at the Church Fair.

Mrs. Wilma Clark and Mrs. Gerald Miller will help on the lunch committee for Miss Parks on Oct. 1.

Mrs. Phylliss Thomas volunteers to help on the church calender.

They still have vanilla and pepper to sell, anyone wishing some is asked to contact Mrs. Edgar Clark or any member of the circle.

Mrs. Clark read "School Days" for the devotion. Instead of a program they filled in their date books for the coming year.

Mrs. William Gorton was the co-hostess and helped serve dessert following the meeting.

Mrs. Dil Burleson and Mrs. Ray Gilmore will help with the apron booth at the church fair on Oct. 9. Mrs. Russell Van Valkenburg has ordered more napkins and will have them to sell soon. Mrs. Harold Kuder will help with the Church calender.

Mrs. Clarence Hall was the host and Mrs. Harold Kuder assisted her.

STRICTLY INDEPENDENT ...That's Us!

Those are magic words when it comes to the insurance business. It simply means that you are going to get good treatment.

You see, an independent agent isn't tied to any one company on a full-time salary basis. He sells for many, but on a straight commission, and he is going to be dead sure HIS customers are treated right when it comes to a claim.

That's one reason why you're wiser if you buy your insurance from an independent agent.

Chorale Singing Sept. 13

Sharron Muhn of Tecumseh and her fellow members of the 100-voice Michigan Chorale will perform in a concert Sunday, Sept. 13 in Ann Arbor.

Being held in Hill Auditorium, it will be the only concert given by the youngsters following their junket through much of Europe.

The Michigan Chorale is the choir of the Youth for Understanding teen-age exchange program, representing 40 different high schools throughout Michigan.

The young singers began their overseas itinerary on June 24 with a 10-day stay in Northern Ireland, where they enjoyed enthusiastic receptions in Belfast, Bangor, Ballymena and Colraine.

Then they went to England, where stops in Keswick and Royal Tunbridge Wells earned further praise for "singing from their hearts."

Concerts followed in Stolberg, Germany, and in Paris — where they performed in the American Cathedral — and in Amsterdam.

They gave more concerts throughout Germany and Sweden, and in Helsinki, Finland.

Tickets for the concert Sept. 13, at 75 cents main floor and 50 cents balcony, are available at The Herald and offices of the University Musical Society in Burton Tower, Ann Arbor.

On concert day, tickets will be sold at the box office, Hill Auditorium, one hour before concert time.

Mr. K's and Ike's Exchange First

EAST LANSING — The coming Eisenhower-Krushchev exchange of visits will be the first for chief executives of the two nations, according to a professor of diplomatic history at Michigan State University.

No American president has ever made a public visit to Russia while in office, and neither Joseph Stalin, nor Nikolai Lenin nor any of the czars ever visited the Western hemisphere, Dr. Paul A. Varg pointed out.

President Franklin D. Roosevelt was in Russia for the historic Yalta conference, he explained, but that was not a public visit. President Roosevelt did not see Moscow or other major cities as President Dwight D. Eisenhower will.

President Eisenhower was in Russia — he visited Stalingrad to inspect war damage in 1945 — but was not president then.

Visits by President Eisenhower to the capitals of West Germany, England and France, the M.S.U. professor said, are also notable firsts for an American president.

President Woodrow Wilson, first to go aboard while in office, went only to Paris to attend the peace conference after World War I.

President Roosevelt attended conferences in the Egyptian capital of Cairo and in Tehran, capital of Iran. President Harry S. Truman went to Potsdam, Germany, but did not visit any foreign capitals.

But President Eisenhower will be the first to visit foreign capitals as president and with the express purpose of conferring with heads of state. Presidents Truman, Hoover, Theodore Roosevelt and others toured Europe, but not while in office.

Through My Window

THE GREAT LADY

She has eyes only for Dad; she belongs to him heart and soul. He is her hero and in her graces he can do no wrong. They speak of a one man women, well, that exactly describes the Great Lady.

Her whole life centers around just one person; Mom, she tolerates—me, she completely ignores—but Dad, she worships; Who is she? Why our white and black English Setter, who else!

Now, if you have never been intentionally snubbed or completely ignored by a dog, you just cannot realize what a scathing experience it is. Lady can look in my direction and not even see me. She doesn't seem to work hard at trying to ignore me, I just simply don't exist as far as she is concerned.

It has been suggested that perhaps she doesn't understand me being in braces and in a wheel-chair. Actually, I don't think she even considers me enough to be conscious of 'these metal and leather things and the chair on wheels'.

In her world I am absolutely nothing.

Only once did Lady, of her own volition, come close to me . It was one of our first bright warm Sundays last May and I was sitting out in the yard, a few feet from the top of the creek bank. Lady was loose; she had been for a swim. As she came out of the water and romped up the bank she spotted me. Her soft long hair was full of water and the minute she looked at me, I knew what was going to happen.

A long tale was written in those big brown eyes. Sure enough, she circled around, came up in back of me and when about three feet away, shook! A long haired dog can throw off a lot of water you know and oh, but those big wet drops can be cold.

Every dog has its own distinct personality and, of course, every dog lover thinks his own particular 'pride and joy' is something special. We, I know, think the Great Lady is quite a dog—and she certainly has given us many laughs. Her absolute devotion to Dad has somehow twisted her thinking and she completely ignores many dog-like formalities.

Wearing a collar for instance—she obviously does it only to humor us. We have tried all kinds and sizes and it is always the same thing. As long as she wants them on, as long as it pleases her to stay attached to the long chain which fastens to her kennel, okay. The minute she wants to investigate something or just take a little roam around the yard, the collar is slipped. Technically it is pushed—we have watched her and she uses her front paw to push it off.

A leather collar, no matter how tight it is, she can get out of; even a chain collar, which I know is not usually used on long haired dogs, works only as long as she wishes it to. She is now wearing two collars, but we are certain that when the mood strikes, we will find them empty at the end of her chain.

The nice thing is that on these roaming occasions she never goes far; in fact, rarely out of the yard. When she is loose and someone goes outside, she rushes up to them all pleased and excited. She then runs out to her house, sits down, points her nose into the air and patiently waits for her collar, or collars, to be put on again.

One day she appeared to be playing a game with Gramps; no less than seven times did he go out to tie her up. She is quite a tease you see.

She also loves attention and is, incidentally, very expert at getting it. One evening Mom and Dad were working at the table in the dining alcove; it was about seven-thirty, dark enough so that the lights were on. All of a sudden Mom said she heard something outside. Dad looked and there, right beneath the window, was Lady.

She had apparently seen them working inside so she slipped her collar and came over for a better look. Well, Dad brought her in and she made the rounds, getting some petting and ear scratching from everybody. In a few minutes she was taken out, her collar replaced and Dad came back to the book work.

In about an hour and a half the same rustling noise was heard and sure enough, Lady was back under the window. Again she was brought in for a few minutes and of course, the petting and exclaiming over her was repeated. When the folks got back to work again, all went well and about eleven-thirty their job was done.

Everybody was tired so we made quick work of getting ready for bed but just as Mom was about to turn the kitchen lights out—

"Harry, Lady is loose again!"

While Dad put his shoes back on, Mom opened the door and Lady came romping in all set for the usual fussing over. How pleased she was with herself; we just couldn't be angry; she knew she had a good thing going and believe me, she was going to play it for all it was worth. The folks obliged and my, how happy she was.

Finally, Dad took her out once again and as soon as he was back, Mom turned the lights out in a hurry. We were through and the Great Lady knew it. I think probably however, that as she settled herself for the night, her last thoughts must have been about what a fun evening it had been.

So ends the first chapter in the adventures of our Great Lady. Maybe someday there will be more—everybody likes to talk about their pets.

$38,577 Is Bid at Cow Auction

Nearly $39,000 worth of purebred Jersey cows were purchased at the Fall Fashion Sale of Meadowridge Farms, just north of Ridgeway, Saturday afternoon.

Jersey fanciers from all across the middle west and south were on hand to bid on offerings put up for sale by Dale Dean.

The 250 folks first armed themselves with a meal served by the Ridgeway Methodist church ladies prior to the start of bidding at noon.

From that point, straight through until nearly 5 p.m., the guests sat in bleachers, placed in a giant circus-type tent with a sawdust ring on one side. Into it were brought 77 cows, several as young as one month. All were from Mr. Dean's highly-regarded Jersey herd of almost 150 head.

Professional auctioneers handled the selling and they used a rapid-fire technique which would make the old radio-commercial tobacco man seem calm by comparison.

"I've got 18, I've got 18, I've got 18 . . ." Merlin Woodruff of Urbana, O. would begin, rolling into high gear until the amatuer ear had no idea what he was saying.

As he machined-gunned on, two assistants roamed the ring, peering into the faces of potential buyers, watching for the slightest nod which would mean a raise.

When one would spy an offer of another $200, he'd leap into the air, flaying his arm down and shouting to Mr. Woodruff, "Yeah, here's 200."

After an animal had been sold, she'd be quickly led out and another brought in and the whole process would start anew.

A six-year old Jersey named Advancer Jester Wonder brought the top price — $2,000 — from a Florida buyer, Stewart Shadel, who already owns a milking herd of 300 and is a brother of Bill Shadel, National Broadcasting Corp. newscaster.

The cows brought in an average of $501 each, making a gross on the sale of $38,577.

Mr. Dean was assisted by his 21-year-old son James, who is a freshman in junior veterinary school at Michigan State University and 11-year-old Tommy, who hustled bill-of-sale cards to buyers when the bidding closed. Mrs. Dean was in the office handling telephone calls.

Attending were people from as far away as Iowa, Minnesota and Florida. Illinois, Indiana and Michigan were also represented. Mail bids came from New Mexico and Colorado.

Mr. Dean rents Meadowridge from Curtiss M. Brown, but owns the herd himself. He sells his milk to Sealtest, which is distributed in the Tecumseh area by Meadowridge Dairy.

Long AND Short OF IT

By TOM RIORDAN

A good friend dropped us a line last week, rapping our knuckles for misspelling the name of a certain family in town.

He did add that even the Adrian paper got it wrong recently.

"If you will check with the family you will learn that there name is correctly spelled as it appears above," he noted.

This little incident leads us into an unpopular topic: the typographical error.

Newspapers make mistakes — plenty of them. And, as we note above, sometimes so do some of their readers.

We're always trying to stamp out errors. It's like swatting a roomful of flies. You think you've got them all, but one or two always get away and reappear when you least want them.

And speaking of muffs did you see the misplaced line in the city legal last week? For those who missed it, we'll do a special repaet:

It was in a notice about care of dogs:

"Failure to wear such collar and license tag shall be prima facie evidence that said dog is not licensed, and any person finding such dog on his premises may seize and deliver to the City Clerk upon payment of 10 cents."

☆

This week's picture page, which is in the second section, deals with a popular sport which seldom gets much attention in the weekly press.

It's sail boating.

Going along for a boat ride in order to make these pictures was a most enjoyable thrill. An afternoon in the cooling breezes makes one feel as though in another world.

Incidentally, for the technically minded, the shots were made with a 35mm camera, which is capable of great things and will play a bigger and bigger role in Herald photography in coming issues.

☆

This writer was dispatched to the State Fairgrounds last week to pick up a certificate which signified The Herald is more than 100 years old.

To be exact, your Tecumseh weekly will be 110 next month and certainly we should have some sort of a party or something for such a grand old gal.

Some weeks, partner Jim Lincoln and I feel as though we had been around for every one of those century-plus-10 years.

☆

Football gets into the sports spotlight around Tecumseh this Friday and we'd like to wish Coach Lectka and his Indians all the best.

First two games are on the road, at Hudson this week and then Dundee the next. So the home opener is still quite a while off.

It's Oct. 2 with Ypsilanti Lincoln.

☆

Clara Waldron says she is definitely starting on her history of Tecumseh this fall.

Our community's cracker-jack historian, Clara has gathered a wealth of material with this one-volume project in mind.

Actually, it will be more than a record of Tecumseh from its beginning until about 1935, but also a book of reference, which can be referred to for all sorts of information in future years.

Tecumseh from '35 to the present is still another job, which at some later date Miss Waldron may plunge into.

Such a book as Clara plans will be invaluable and I, for one, am anxious to see it completed.

☆

There are flocks of cute cards to be placed above one's desk these days, each with some whacky remark.

A good friend unceremoniously thrust one into my hand the other evening. Shown is an eager reporter getting notes for a story.

The message:

"Give me the facts. I can mix 'em up when I quote you."

☆

Bill Damon wants to know what's going on in his garden— his lilacs started to bloom Tuesday afternoon.

☆

At least one Linotype operator in Lenawee County, The Herald's Leota Smith, is gritting her teeth with the start of football.

It all has to do with a fullback candidate on the Tecumseh team.

Did you ever try to set a name like Delbert Poskarbiewicz?

Warns Small Weapon Owners

Chief of Police Kilbourn states that there is a city ordinance concerning the use of B.B. guns within the city limits.

He recommends that persons desiring to use the guns go out of the city. Anyone using them within the city limits must be on their own property and keep the pellets on their own premises.

Several complaints have been made concerning the use of B.B. guns and if further complaints are made the guns will be confiscated by the police department.

'Guys and Dolls' Wrap Up 2 Days at Strand

Tecumseh's Broadway closes Thursday night.

Damon Runyon's "Guys and Dolls", presented by Clark Lake Players and sponsored by the Herrick Memorial Hospital Auxiliary, will close a two-day stand at the Strand Theater at 8:30 p.m. Thursday.

Tickets for the final staging can be purchased at the theatre and from people and establishments listed in last week's paper.

Two local ladies, have walk-on roles in the play. Rehearsing with the Players in last few weeks have been Mrs. Jean Coak, president of the auxiliary, and Mrs. Jadwin.

Proceeds from the two-night stint will be used to purchase another hot-food cart for patients of the hospital.

"Guys and Dolls" by the Clark Lake crew was so enthusiastically accepted at the Playhouse it was held over a week.

The Tecumseh performance marks the end of the season for the Players and their director Bill McAnallen.

This is the second straight year they have performed at the local theatre for the Auxiliary.

3 Tecumseh People Receive U of M Degrees

ANN ARBOR — Three Tecumseh residents were among 1,245 University of Michigan students receiving degrees at the end of the 1959 Summer Session.

They are Jerrold Barron, 216 W. Pottawatamie st., in Master of Business Administration; Mary Glancy, 131½ W. Chicago blvd., in Master of Arts; and Geraldine E. Gorton, 9930 Pennington, in Bachelor of Arts in Education.

David Rohrback of Blissfield received a degree in Master of Business Administration.

According to the Office of Registration and Records, 1084 degrees were granted at the end of Summer Session last year.

Has Meeting, Dinner

Mrs. Dale Bowen entertained members of Circle 1 of the Presbyterian Church last Tuesday for a potluck dinner at her home.

She was assisted by Mrs. Orrie Gilbert and Mary McWilliams.

Each member related her summer experiences and devotions werepresen ted by Mary Whitelock.

'Watchmaker' Is On Way Home

The "Flying Watchmaker" is heading home! Peter Gluckman of San Francisco is on the last leg of his around-the-world flight covering 24,000 miles. Gluckman's ship is a Meyers 200, built in Tecumseh. At last report the adventurer was in Tokyo where he was late in arriving because of the monsoon season. He should be in San Francisco soon, point of his departure.

Show Exhibits Readied

These two ladies will be among those providing displays for Saturday's Arts and Flowers Show, which is being held in the Union Hall. Mrs. William Stearns (at left) is shown with hooked rug she made. At right, Mrs. Donald Ketteman chooses flowers for an arrangement she'll enter in the show. Painting by Russell Steinke and his students will also be featured. Doors will be open from 2 to 9 p.m.

Building 9-Hole Course

Plans for a nine-hole public golf course were revealed this week.

Walter Morden and Harold Gibson are working on the course which is located on Macon Hwy. four miles east of the airport.

The partners hope to have it ready for public use next June.

A feature of the green fee links will be the absence of sand traps. Trees and shrubbery will become the obstacles.

Golfers will encounter a small water hole, also.

This weekend work will be done on insiallation of pipes from a new well. The water pipes will feed water to the greens.

Accident Victim In U-M Hospital

Jesse Torres, six-year-old son of Mr. and Mrs. Raymond Torres who live on M-52 two miles north of Tecumseh, is a patient in University Medical Center.

He suffered a fractured skull and broken right leg when he ran into the side of a car at 4:20 Monday afternoon.

Jesse ran into the highway without looking after the departure of the school bus on which he was a passenger. The car was driven by Howard J. Baughey, 32, of Tecumseh.

Troopers said Mr. Baughey had no chance to avoid the mishap. The child was given first aid at Herrick Memorial Hospital before his transfer to Ann Arbor.

His condition was reported as good Wednesday.

HEATER OVERHEATS

An overheated water heater caused minor damage in a fire at the Robert McDonald residence at 1205 Russell Rd. Thursday. City firemen answered the alarm.

Sewers, Water Get OK

W. Chicago property owners agreed as the city council unanimously voted to install sewer and water lines in the A&W Drive-In area at special meeting Monday night.

The $6,000 project will see a water line extended 1,100 feet on the north side of the road from Wegner's Market and a sewer installation 864 feet from the Nazarene church on the south side of the highway.

The water line will terminate at the Kroger store while the sewer extends to the Charles Beland property.

After several businessmen requested the utilities in that section, residents protested that the costs would be too high.

Rev. Dale Harvey of the Nazarene Church said the costs would be too severe for his congregation.

But he was satisfied when the church was allowed five years to pay the assessment.

Others must pay the assessment in the customary three year span.

City Manager Ed Nelson said opposition that existed previously seemed to disappear.

He says work would start next week on the sewer phase of the project while preparations are made for the water installation.

The manager points out pipes must be ordered for that phase.

City crews will do the work with token assistance from outside equipment the city does not own, such as a digger.

Conservation Club to Develop Creek

The Tecumseh Conservation club is planning to develop Evans Creek as a fishing and recreation area.

At a meeting at the clubhouse Thursday night the members voted unanimously to take over the project.

The city council has already approved the idea.

A comittee has been appointed to make preliminary surveys, check with the State Conservation and Stream Improvement Department for technical advise and to get the project organized.

Hugh Donahue, chairman of the committee, says the success of project will depend to a large extent on the cooperation the club gets from all the organizations in the city.

No funds are now available for the project. Voluntary work from members, welfare workers and the used of city equipment will be needed.

The committee plans to ask for the aid of Boy Scout troops and garden clubs in the city to help with the work.

It is hoped that money will be put with the project treasury by contributions from various city organizations, churches, and interested local sportsmen.

This money will be used to purchase pond fertilizers, camp barriers, regulation signs and to stock the creek and pond.

Club officials pointed out that there would be no door to door solicitations.

But contributions can be sent to Richard Beasly, 603 Orchard dr. He is the secretary-treasurer of the club.

First work on the project will start on the north side of the athletic field on property controlled by the city.

Initial duties will be cleaning up the creek bank, building rip dams and foot bridges.

5 New Faces at THS

By MARY SEAGER

Students at Tecumseh High School were greeted by five new faces this year.

These new faces belonged to first year teachers Anthony Bronzo, Janet Stark, James Hoffman, Mrs. Dorothy Rathbun and Eleanor Fay Guthrie.

The five are not only new to Tecumseh but also beginners in their profession. All of them are natives of Michigan and most went to schools in state.

Mr. Bronzo who hails from Flint and graduated from Flint Northern High School teaches government, sociology and senior problems. He graduated from the University of Michigan with four years of pre-law behind him. He studied one year in law school. Deciding he didn't like law, he switched to teaching.

Bronzo received his Master's degree in guidance and counseling at the same time as he received his teacher's certif.icate. At Michigan, the Flint native was a resident adviser in the South Quad for a year. As of September 20, he will have been married three months.

The girls' new physical education teachers is a cook at the University of Michigan Biological Station near Cheboygan on Douguas Lake during the summers. Miss Guthrie (Ellie to her friends) is an Ann Arbor girl who went on to school at the University of Michigan.

During her college years, she was president of the Woman's Physical Education Club and business manager of the Annual Dance Concert. Her favorite sports are volleyball, field hockey, bowling, and tennis. She is adviser for the cheerleaders and the G.A.A.

Miss Stark, the new librarian, graduated from Detroit's Redford High and went from there to Western Michigan University at Kalamazoo where she majored in English and minored in library science. Her activities included dorm treasurer, Alpha Beta Alpha, the profesional library science sorority, and the English Club. Basketball ranks first among her favorite spectator sports.

She is engaged to be married December 19.

The freshman basketball coach is Mr. Hoffman who also teaches citizenship, and anterican history.

He originally comes from Charlotte, Michigan, but went out of state for his college education going to Huntington College, Huntington, Ind., where he played four years of baseball and two years of basketball. He was a member of the Varsity Club, business manager of the college yearbook his junior year, president of the senior class. He also belonged to the Student Education Association and the Y.M.C.A. He is married.

"I'm amazed at the remarkable amount of discipline the Tecumseh students have over themselves. They are very well behaved. In Roosevelt High in Ypsi where I did my student teaching, the students were extremely hard to control," says Mrs. Rathbun, the new French teacher.

She teaches first and second year French and tenth grade English. Her hometown is Adrian and she went to Eastern Michigan University. While there, she majored in French and minored in English and history.

Her extra-curricular activities in college centered around her husband Vaughn and her nine-month old daughter, Kathy. She was married her junior and senior years.

HERE'S THE PLAN—Jim McKenna, chairman of St. Elizabeth's Roast Beef Dinner and Fall Festival, outlines plans for outdoor booths which will dot the landscape near the school Sunday to Mrs. Ted Golat and Mrs. Tom Riordan. Mrs. Golat is chairman of the Festival and Mrs. Riordan co-chairman of the Dinner. Serving will take place from noon until 7 p.m.

Beef Dinner Is Set for Sunday

St. Elizabeth's parishioners will present their sixth annual Roast Beef Dinner and Fall Festival Sunday.

The meal will be served from noon until 7 p.m. and the Festival booths and games opening at noon and continuing until 10 p.m.

Two door prizes—an electric clock and blanket—will be awarded when the meal is complete.

The Festival features nine booths, including one dealing in electronic gear, another in religious items. Others are International, Oriental, Spanish, sewing, country store, wishing well and refreshments.

They'll all be located outside the school building under canvas.

Mechanical rides and ponies will help entertain the youngsters.

For the teen agers there'll be dancing to a juke box.

Chairman James McKenna states that nearly 150 members of St. Elizabeth's have been working on the annual event, which provides vital funds for operation of the parish.

About 1,000 meals are expected to be served. Charges are $1.50 for adults and 75c for children.

Serving will be buffet style and the menu will include roast beef, baked potatoes, corn, green beans, relish plate, cherry and apple pie, rolls, milk, tea and coffee.

"Everyone is welcome," smiles chairman McKenna.

Seek Men for Schools

The Second Congressional District of Michigan will have two vacancies at the United States Military Academy at West Point and one at the United States Air Force Academy at Colorado Springs for classes beginning in July 1960.

The Second District has no 1960 vacancies at the United States Naval Academy at Annapolis.

Congressman George Meader will nominate principals and alternates to take the entrance examinations for the academies with vacancies. In addition, he will nominate 10 candidates to compete for the United States Merchant Marine Academy.

Applicants for nomination by Congressman Meader to any of the service academies must reside in Michigan's Second Congressional District which includes the counties of Monroe, Washtenaw, Jackson and Lenawee.

Dog Competition Friday at Store

Tecumseh mongrel dogs have a chance to get in the limelight.

A dog pet show will be held Friday, Sept. 18 at 6:30 p.m. at the Tecumseh Country Market, the show's sponsor.

Prizes to be awarded include: gold and silver loving cups, ribbons, tee shirts, dog leashes, booklets, and every dog who brings his master will receive a free can of dog food.

Classes include (1) best trick dog, (2) dog with the most spots, (3) dog with the longest tail, (4) shaggiest dog, (5) best groomed dog.

Bonnie Beattie Marries Jack Bryan

Bonnie Beattie wore an Empire dress of Jacquard brocaded taffeta Saturday afternoon for her wedding to Jack Bryan in the First Methodist Church.

The Rev. James D. Nixon performed the double ring ceremony before a setting of palms and cathedral candelabra.

The bride is the daughter of Mr. and Mrs. Carl W. Beattie of 1013 River Acres Dr. and the groom is the son of Mr. and Mrs. Robert G. Bryan of Dinius Rd.

Pyramid styled arrangements of white pompons and fuji mums were used on the altar and in the floor baskets that marked the entrance to the altar. White satin bows and clusters of huckleberry foliage marked the pews on either side of the white aisle runner as the bride entered on the arm of her father.

Mrs. Kenton Hunt, at the organ, provided the traditional nuptial music.

The bride's dress was styled with a sweetheart neckline and a flared skirt with soft pleats in the back which added extra fullness to the skirt and small chapel train.

She wore a crown of matching lace and taffeta trimmed with sequins which held the French illusion veil in place.

Her only jewelry was pearl earrings, the gift of the groom.

She carried a white satin covered Bible arranged with cascades of white satin ribbon with clusters of gardenias.

Martha Faust of Saline, a college roommate of the bride, was her maid of honor. She wore a ballerina length dress of toast colored taffeta with a sheer nylon overskirt trimmed with a sash of champagne colored sheer. Her headpiece and mitts were made of matching taffeta and tulle.

Joyce Bryan, sister of the groom, and Sandra Irelan were bridesmaids in gowns fashioned similar to that of the maid of honor. The bride's attendants each carried a cascade arrangement of green fuji mums and wood roses against a background of brown nylon wheat.

Cynthia Powell of Adrian, cousin of the groom and Judy Sommers were the flower girls. They wore bouffant dresses of nile green taffeta trimmed with lace. Each wore a clip of flowers and tulle on their head and their mitts were of matching tulle and taffeta.

They dropped petals from their green nylon tulle baskets which were arranged with bronze mums.

Donald Beagle of Jackson proudly carried the pillow holding the wedding rings.

Douglas Willitts of Clayton served as best man and the guests were seated by Roger Harsh and Gary Crawford.

A reception for 200 guests was held immediately following at the church with Janice Bryan, sister of the groom, registering the guests and the gifts.

Therese Strzempek of Romulus assisted by Joan Kempf presided at the punch bowl. Mrs. Howard Powell, aunt of the groom, cut and served the large wedding cake at a candle-lit table decorated with chrysanthemums.

The bride is a graduate of Tecumseh High School attended Eastern Michigan University and has transferred to Memphis State University. The groom is a graduate of Tecumseh and is in the navy, stationed at the Naval Air Base at Memphis, Tenn.

Sharron Muhn Becomes Bride of Phillip Leyrer

Sharron Marie Muhn became the bride of Phillip William Leyrer Friday evening in a double ring ceremony at the Friends Church performed by the Rev. Paul Brantingham assisted by the Rev. Herman Miller, brother-in law of the bride.

She is the daughter of Mr. and Mrs. Melvin B. Muhn of 415 W. Kilbuck St. and the groom is the son of Mr. and Mrs. Phillip B. Leyrer of Portland, Mich.

Mrs. Amos Wilson accompanied Mrs. Herman Miller, the bride's sister, at the organ as she sang, "Oh Day of Golden Promise" and "Wedding Prayer."

Palms, candelabra and gladioli enhanced the altar of the church as Mr. and Mrs. Muhn gave their daughter in marriage.

She approached the altar in a gown of white nylon taffeta featuring a scalloped neckline, pointed sleeves and a full skirt, full length with an overskirt of flocked nylon.

Her finger tip veil was held in place by a seed pearl and sequin cap. She carried a white flocked nylon fan with white gladioli.

Bonnie Isler of Leonard, Michigan was the bridesmaid in a gown of mint green taffeta with short sleeves styled similarly to that of the bride.

She carried a flocked nylon fan with pink gladioli. Both dresses were made by the mother of the bride.

James Eldridge was best man and the guests were seated by Rene Ledesma and Benjamin Brantingham.

The reception for 200 was held in the church social rooms featuring a tiered wedding cake made by Mrs. Clarence Randolph. White candles flanked the cake on the table.

Mrs. Willis Kilbourn served the bride's cake and Marjorie Chase, the groom's cake. Mrs. Robert Kempf served punch.

Karen Kelly, Joyce Brugger and Marjorie Van Valkenburg were in charge of gifts.

Mr. and Mrs. Richard G. Butler were hosts and others assisting with the serving were Mrs. George Watson, Mrs. Charles Manley, Mrs. Marvin Johnson, Mrs. DeArle Brugger and Mrs. Ronald Van Valkenburg.

The bride graduated from Tecumseh High School this year and the groom graduated from Portland High School, attended Adrian College in 1959 and transferred to Malone College in Canton, O.

The newly married couple will make their home in Carlton.

Prenuptial showers were held by the church with Mrs. Kilbourn, Mrs. Amos Wilson and Mrs. Charles Manley as hostesses; Mrs. Arthur Holdridge and the Ryder family in Adrian.

Foote, Lewis Wed in Home

Mrs. Lulu M. Foote of Britton and Harvey A. Lewis of Tecumseh were united in marriage at the home of his daughter and husband, Mr. and Mrs. Al Schmidt in Saginaw, Sept. 8th.

They will be at home to their many friends at 452 W. Monroe Rd., Britton, after Oct. 1.

3-4 Year Olds School Opens November 16

Applications are now being accepted for enrollment in the Tecumseh Nursery School which will begin Nov. 16.

This is an educational program for 3 and 4 year old children, designed to aid their total development. The program consits of individual and group experiences with equipment and materials suitable for their age.

Also included in the morning's program are refreshments (children will sometimes bake their own cookies), a short rest period, music and stories especially chosen for pre-school children and an outdoor period depending on weather.

There are a number of changes this year. The location is 1251 Monroe Rd. (M-50) which is 2¾ mi. west of town. Mothers will not be assisting as some of them did last year.

The school will operate 5 mornings a week, Monday through Friday, 9-11:30.

Children may be enrolled any number of days per week. The cost will be $1.40 per morning, plus a slight fee for supplies, depending on the number of days enrolled.

The school will be licensed by the State Dept. of Social Welfare and will be under the direction of Mrs. Leslie Bennett, a trained nursery school teacher.

She is, at present, teaching music in the elementary schools for a period of 10 weeks only. Applications may be obtained by calling 7052R.

Plan for Guest

A meeting with Carl B. Hathaway Oct. 19 was prepared for by the members of the Christian Science Society of Tecumseh at their last meeting.

He will conduct a meeting in which matters of special interest to the local church will be discussed.

Mr. Hathaway is of the Department of Branch Churches and Practioners of the First Church of Christ, Scientist of Boston, Mass.

The Sept. 14 meeting centered around the definition of the church as given in the Christian Science textbook, "Science and Health".

The Monday night meetings will continue until Mr. Hathaway's visit.

In Tennis Sweep

Left-handed Duncan Leetka helped make it a clean sweep in the city tennis tournament.

He and Vic Lawson won the doubles title, besting Lee Prettyman and Mickey Montague, 6-3, 6-3, last week.

Previously, Mr. Leetka captured the singles title.

Indians at Hudson as 1959 Season Swings Open

By JIM WALLINGTON

The Tecumseh Indians must don their "away" jerseys tomorrow night as they travel to Hudson to open the 1959 football season at 8.

Numerous lettermen, hard-running backs, good throwing signal-callers, rugged linemen plus desire could add up to a banner year and a first season championship for the Indians in the brand new Huron League . . . IF . . .

. . . If head coach Dunc Lectka can find a back—or two—to make up for the departure of Larry Yoakum the back who scored 89 of the Indians 194 points last year to be the top scorer in the county.

. . . If the coach can solve weaknesses at end and tackle as well as the lack of real depth on the squad.

. . . If the defense plays like last year when it limited a stingy 37 points in nine games and holding six opponents scoreless. Adrian grabbed 25 of those points.

☆

To offset some of the question marks Lectka has geared his squad with a new offense. He has balanced the line and put his backfield in the wing "T" formation.

In preparing for the 1959 season Lectka moaned that the team is behind schedule.

When asked about the porous pass defense that was detected Friday and Saturday he said that he hasn't worked on it yet because "the boys haven't jelled on offense." Thus our whole defensive picture isn't good."

The MSU grad even had a tough time in naming a starting line-up for Friday's contest.

In the backfield Lectka will start Steve Kruger at QB, Jon Aho and Roger Mead at halves and Mike Green at fullback.

Jim Poley is at one end, Ron Hathaway at a tackle (but could be changed). Jim Neitling and Jim Curth at the guards and Lee Britton at center.

Possibly Terry Hendricks could start at other end spot and Charlie Baird at the questioned tackle slot.

Kruger, even though pushed by Bob Dick and Dale Tuckey this fall, has picked up where he left off last year when moved into the QB slot when Yoakum was forced to move to halfback. Kruger's passing was more than effective as he led the Indians last season with better than 50% hurling.

The reason for the shift mentioned was Dave Weakly's broken arm which he suffered in the Monroe CC game. Previous to that Weakly was the squad's leading ground gainer.

But Weakly's name is missing from the first 11 this year as Mead pushed him out of a starting job. The mentor says he could regain his old form before the year is out, though.

After a late rush last season Aho has kept moving and jumped into a starter's spot where he is expected to be the team's most effective ground gainer. The swivel hipped speedster is only a junior.

Green edged Bob Koffron for the starting plunging job. Koffron may be moved to either end or left half.

The loss of Yoakum has hurt the team defensively, also. He and Mike Walter, also graduated, were the keys on defense.

Most of the offensive players will see defensive work, but all lack the Yoakum-Walter spark. Only change contemplated by Lectka is at guard where Roger Korte will move in.

Sophomore Tom Simmons, who displaced Neitling at offensive guard a couple of practice days, might see action as a defender.

Even though he has been named as a starter, Hathaway hasn't played as expected so far this year.

☆

The center wall is set and formidable. Co-captains Britton and Curth will team with veterans Neitling for up the middle strength.

In Hudson, THS will be meeting one of the state's class C powers.

With a 7-1-1 slate last year the Tigers breezed to the Lenawee County AA championship which they have been picked to carry away again.

New coach Rip Kinney said Hudson will be starting four backs that played in the 0-0 tie played in last year's opener here. They will be led by all-league candidate and team captain Russ Sutherland who will run from halfback.

With Sutherland in the backfield will be Larry Haffner at QB and fullback Dave Marry who played much last year.

☆

Ed Engle will lead an experience shy line from tackle. He was an outstanding end last year.

Although 20 seniors enhance Kinney's 32 man squad.

After two years as an assistant at Greenville, this is the Western Michigan graduate's first job as chief.

It could be a long climb to duplicate last year's fine 6-1-2 mark when the Indians took the Southeastern Michigan conference championship.

After a scoreless deadlock with Hudson last fall, THS improved by one TD to edge Monroe CC 7-0. The team's full potential burst out in the following win as Airport was snowed under 39-0.

Bedford managed a 6-6 tie.

Two more shutouts followed as Mason, 27-0, and Willow Run, 40-0, fell.

Howe Military School cashed in a score but was slaughtered 46-6.

The Tecumseh express was slowed down by Hillsdale, 19-0, before it came to an abrupt stop before Adrian when the Maples deprived THS of an undefeated year, 25-13.

But the expert tutelage of the popular Lectka could be the thing to help Tecumseh improve on last year's record.

At least he is football wise with experience at three high schools previous to the local job. He was head man at Sparta and North Muskegon, and assistant for a year at East Lansing High.

All of his coaching experience came after schooling at two of the top coach teaching schools in the state—Western Michigan and MSU.

After graduating from Cadillac High, where he played at right half, Dunc played minor league baseball in the Detroit Tiger system.

Dunc's assistant, Charlie Gross, is not a newcomer to THS, but is new in the position he holds. Last year he was a junior varsity mentor and was moved up to take Mike Rotunno's place.

Charlie is a graduate of Eastern Michigan.

Also on the staff are Jack Trudeau, junior varsity, and Vic Lawson, freshmen.

☆

High school students have an excellent opportunity to see the Hudson game as bus transportation will be provided and cheaper tickets are being sold to them.

Many towns people are expected to trek to Hudson to see the Indians.

The remainder of the team is made up of Jon Cook, QB; Dennis Bryan, HB; Dale Tuckey, QB; Bob Dick, QB; Bob Koffron, FB; Ray Sweet, C; Tom Simmons, G; Jerry Irelan, G; Dick Horvath, T; Mike Fero, T; Tim Whitney, G; Chuck Baird, T; Roger Korte, T; Terry Hendricks, E; Tom Walter, E; Jim Poley, E; and Jack Sisson, E; Larry Titley, E; Mike Robison, E; Clarence Champanois, HB; and Delbert Poskarbiewicz, FB.

Booster Club Moves to Build New Press Box at Field

A new press box for the high school athletic field has been announced by the Tecumseh Booster club.

A Friday groundbreaking will start work on the structure which is scheduled to be completed by Oct. 2, the day of the first home Tecumseh football game.

Don Murphy of the Chamber of Commerce and a Booster said the two story building will contain men and women's rest rooms on the bottom floor along with a concession stand to be run by high school students.

Above three units will provide space for newspaper reporters, game cameramen, public address announcer and operator of the new score board.

A glass front will protect the box occupants from the elements.

Plans now call for three rows of seating.

A drawing of the finished press box is on display in the Adrian Federal Savings building. Previously it was in the Tecumseh Savings window.

☆

Financing and materials for the new press facilities have come through solicitating by the Booster club and the generosity of local contractors and builder's supplier.

Jim Smith, Tecumseh architect drew up the plans and Max Elliott will supervise the construction.

Ready-mix cement and brick have already been donated and the promise of brick is tentative.

Mr. Murphy wanted it pointed that the booster projects are for the benefits of the city as a whole, not solely high school, even though present plans have been concentrated on the athletic field.

In sight is installation of a new PA system, new lights and additional stands on the field as well as ice rinks around the city.

Area Gridders to Have Added Head Protection

Every youngster playing football at Tecumseh, Britton-Macon and Boysville high schools this fall will wear mouth protectors.

Fitting the gridders with the rubber-plastic guards have been local dentists. Drs. Robert Murray, Robert Laidlaw, Robert Mohr and Don Phelan.

The Jackson District Dental Society recommended recently that prep gridmen should wear guards and the three schools agreed.

The school is providing the equipment and the dentists are donating their time to fit each boy.

It was pointed out by one that in past years 50% of football injuries have been to the mouth and head. Much of the mouth damage has been permanent and costly.

Manufacturers of the guards provide an insurance policy with each one. If a lad's teeth need dental care as a result of an injury while he is wearing a guard, the firm will pay up to $250 in goods.

Cheerleaders Sport Brand New Uniforms

Tecumseh's cracker-jack cheerleaders will go into action for the first time Friday night at the Hudson game.

Their new uniforms will be on display — black sweaters with orange letters and black slacks.

The six girls have been practicing long hard hours every night since school started. They are Mary Colgrove and Kendra Ringman, both seniors; Jeanie Hohenstein, Janet Murphy, and Vicky Baughey who are juniors; and Suzie Owen, a sophomore.

Their first pep meeting of the year and the first under the direction of their new adviser, Miss Guthrie, will be held Friday afternoon during last hour.

Farm Bureau, Senators Don't Agree

Members of the Newburg Farm Bureau bring to the attention of the Tecumseh Area residents an article published in the Michigan Farm News for Sept. 1.

When the Defense Education Act of 1959 was adopted by Congress last year, it included a "loyalty oath" provision.

Students receiving scholarships under the act are required to affirm that they are not members of and do not support any organization "that believes in or teaches the overthrow of the United State Government by force or violence or by any illegal or unconstitutional methods."

Farm Bureau asked the Senate not to pass S 819 which would remove the loyalty oath from the Act.

The local group would like their friends and neighbors to read the remarks made by Michigan's Senators Hart and McNamara.

Senator Hart wrote the Farm Bureau — "While I am glad to have your interesting comments, I must in all fairness tell you that I am in sympathy with the efforts to remove this section of the Act."

Senator McNamara — "Even though we are not in agreement on the loyalty oath provision of the Defense Education Act, I am, nevertheless, glad to hear from you again."

Lack of Depth to Hurt Tories

A definite lack of manpower and depth besieges Britton-Macon Tories as they prime to open their home football season hosting Waldron at 3 p.m.

The Brit-Mac's are also minus a league to play in as they were left out of the newly formed class D Raisin River conference. But school officials made an application to the league last Monday.

Even though 13 senior letterwinners are returning the team will be greatly undermanned as only two juniors, four sophomores and six freshmen fill out the remainder of the roster.

Most of the seniors are backfield aspirants, but some will definitely have to be moved into the line.

Two seniors appear to have ball-carrying duties wrapped up. They are co-captains Chuck Komom and Cal Robrbek, both alternating between halfback and quarterback.

With all his manpower troubles Coach Verne Neidlinger will have difficulties of even equaling last season's fine 4-3-1 record, much less bettering it.

This is Neidlinger's second year at the helm. He has a new assistant in Sam Hamilton who is also athletic director.

The Britton-Macon schedule: Sept. 18—Waldron, home; Sept. 26—Adrian C. C., away; Oct. 2—Deerfield, away, Oct. 9—Whiteford, away; Oct. 16 — Clinton, home; Oct. 23—Boysville, home; Oct. 30—Sand Creek, home; Nov. 6—N. Adams, away.

All home games at 3 p.m. and all away games at 8 p.m.

You Told Us

BY DOROTHY GRIGG
Herald Society Editor

Since Tecumseh residents and business people will be displaying the American flag this week in observance of "Constitution Week" it brings to mind a souldisturbing incident that happened while we were vacationing in the upper part of the state in August.

Other local people have probably visited the miniature city, the zoo of Michigan animals and wild life and the historical museum at Traverse City. We expected to spend a few minutes and stayed a full afternoon completely enthralled with the well-fed animals that we know inhabit our state, but seldom see.

Upon touring the museum we even found relics from Tecumseh on display. We were marveling at the extremely fine exhibits provided free of charge for tourists by the citizens of Traverse City when these thoughts were almost dissolved.

There was Old Glory wadded into a ball and thrown carelessly on the top of an old desk in the corner.

It did seem a shame.

Why had they given so much time and effort to the entertainment of the country's people and so little time to the care of the flag so beloved by these same people?

It is the hope of this writer that the city will be gay with the stars and stripes this week. It certainly does no harm to let our neighbors know that we are patriotic and who knows when we might have a foreign visitor?

√

Mr. and Mrs. Kenneth Herrick and family have returned to Tecumseh after spending the summer months at Wamplers Lake.

√

Toni Herrick was at Michakewa Lodge on Long Lake at Cheboygan for the July-August camping session.

Sunday Todd Herrick left for Howe Military School in Indiana for his senior year.

He arrived in New York Aug. 22 after six weeks in England, Scotland and Wales. He traveled in a group of eight young men from independent schools throughout the U.S. They especially enjoyed two weeks at Matlock, Darbyshire where they joined sixty students from all over the Free World at the International Holiday camp. Their itinerary included many recreational as well as educational projects.

√

Mr. and Mrs. Royce Beal and children of Ann Arbor were Sunday guests of Mr. and Mrs. Clyde Bailey. They had just returned from a weeks visit with his parents, Mr. and Mrs. James Beal in Greensburg, Pa.

√

Mr. and Mrs. C. W. Brock have returned from several days visit in Canada. The Floyd Bryan's stayed in the Brock home while they were away.

√

Bill Damon calls in the information that he has lilacs blooming in his garden. Wouldn't it be a happy surprise if they were right and we were to enjoy summer all over again?

√

Margaret Lowry has returned home from a month's visit with her sister and husband, Mr. and Mrs. W. H. Jones at Hendersonville, N. C.

√

Mr. and Mrs. Walter Beck have returned after spending two weeks with their son, Randall, who is in SAC at McDill AFB Tampa, Fla. Airman Beck has been assigned to base police. En-route home the Becks came through the Smoky Mountains.

√

Mr. and Mrs. Oscar Meads and Mr. and Mrs. Percy Slater celebrated their 45th wedding anniversary Sept. 15.

They had dinner with Mr. and Mrs. Ben Caswell and Mr. and Mrs. Otto Beaubien at the latter's Quick Lunch restaurant. Open house for the families was held at the Slaters Tuesday evening.

The couples were married in a double wedding ceremony Sept. 15, 1914.

Mrs. E. C. Brandt was in Temperance Sunday to visit her daughter and family, Mr. and Mrs. Ivan Gorr.

√

Mr. and Mrs. Ed Bailey returned from a vacation trip to Cedarville Tuesday evening.

√

Mrs. Fred Nash, Mrs. Lenore West, Mrs. Ralph Dabe and Mrs. Robert Bonner attended the officer's training and Seminar of the Woman's Society of Christian Service at Millville last Thursday.

√

Mrs. Ella Aten has returned to the home of her daughter, Mr. and Mrs. E. H. McConnell, after spending the summer in Birmingham.

A baby boy was born Monday at 10:30 p.m. to Mr. and Mrs. Harold Gibson at Herrick Memorial Hospital. He weighed 7 lbs. 8 oz. and his name is John Russell.

√

Wendell Cleveland of Lansing spent last weekend with his mother, Mrs. Don Cleveland.

√

Mr. and Mrs. Joe Rice anounced the birth of their first grandchild, Joseph Peter, born Sept. 8 to Mr. and Mrs. John Fox of Grand Rapids. The baby weighed 7 lbs. 3 oz.

Sunday guests for dinner in the home of Mr. and Mrs. Rice were Mr. and Mrs. Lloyd Knapp of Lansing.

√

Mr. and Mrs. Oris A. Scott celebrated their Golden Wedding anniversary on Sept. 7 in the community center of Cedar Springs. Many friends and relatives were present for the celebration.

The couple has recently returned from California and will make their home with their daughter, Mrs. Ralph Holdridge of Tecum-

Police Blotter

City police are investigating the breaking and entering of John & Bill's service station which occurred over the weekend.

This is the second time in as many months that the station, located on E. Patterson St. across from the Products parking lot, has been entered. Both times entry was gained through a back window.

Change from a coke machine and some cigars were the only items thought to be stolen. The report of the burglary was received by the police department Sunday morning and it is thought that it occurred sometime during the night Saturday.

√

Garald Leon Brewer, Seneca St., was arrested Tuesday evening by city police and booked at the county jail on an assault and battery charge. The complaint was signed by his wife. He was to be arraigned Wednesday.

√

Lloyd L. Watson, 18, of Tecumseh, was issued a summons charging violation of the speed law by Clinton troopers after his car struck the rear of another driven by George J. Tedder, 54, of Belleville. The accident occurred Wednesday on M-50 west of Occidental Hwy. Mr. Tedder said he was slowing to make a left turn.

√

Harry H. Ferguson, 52, of Detroit, was charged with improper parking on a highway and Charles McCarberry, 77, of Britton, was charged with driving without an operator's license in summonses issued by Clinton state police after an accident Wednesday on Milwaukee Rd. east of Ridge Hwy.

Troopers said Ferguson parked his car on the wrong side of the highway while making a house delivery. McCarberry said he did not see the parked car and his pickup truck struck it. Henry L. Woodbury, 32, of Britton, a passenger in the Ferguson car, suffered a leg injury.

Mrs. Maude McCarberry, 68, riding with her husband, suffered head and chest injuries.

√

It was reported that a deer was killed on M-50, east of Springville, Sunday. The carcass was turned over to the conservation department.

UNICEF Meet Is September 25

Mrs. Robert Bonner announces that there will be an organizational meeting for the UNICEF project Sept. 25 at 2 p.m. in her home at 800 Rogers Hwy.

"You will recall that UNICEF is an agency of the UN and at Halloween, money is raised for "allt he world's children. It takes a little of our time and money to cure children of yaws, a terrible disease, that afflicts so many in the tropical climates. Last year three churches participated in the project and collected $254.28. Let's do even better this year," she urges.

American Legion Auxiliary Installs, Hosts District Guests

Mrs. LaVern Seizert introduced distinguished guests at the meeting of the American Legion Auxiliary Monday evening.

They were Mrs. Dorothy Neily, 2nd District President, and her publicity chairman, Mrs. Plasters of Milan.

Mrs. Seizert conducted a short business meeting preceding the installation ceremonies conducted by the Brooklyn team with Mrs. Donald Woods as installing officer.

Delegates to the Fall Conference will be Mrs. Richard Beasley, the new president, and Mrs. Purnell Osburn, child welfare chairman.

Mrs. Kenneth Herrick was presented a volunteer workers pin by the auxiliary for her work at the Veterans Hospital.

Officers installed were:

President—Mrs. Richard Beasley

1st Vice President—Mrs. Otto Baaske

2nd Vice President—Mrs. Robert Smith

Secretary—Mrs. Sharon Henkel

Corresponding Secretary—Mrs. L. Cote

Treasurer—Mrs. Milton Meyer

Chaplain—Mrs. Harold Green

Historian—Mrs. Clyde Smith

Sergeant at Arms—Mrs. Don Van Camp

Executive Board Member—Mrs. Richard Eggleston

Following the installation the past presidents formed an arch of red roses and conducted the junior past president, Mrs. Seizert, to her new station where the roses were presented to her by Mrs. Al Bagshaw along with her past presidents pin.

Cops 2nd Prize at Jackson's Fair

Diane Handy, daughter of Mr. and Mrs. Clare Handy and a 7th grade student at Tecumseh junior high, won second prize with her educational display of minerals at the Michigan Gem and Mineral Society annual exhibition at the Jackson County Fair Sept. 6.

The prize was an azurite crystal.

She and Robert Murray were each awarded a sushite for exhibiting.

Diane collected most of her minerals at Ishpeming, Michigan. She cleaned and identified them herself and set up her own display in the two square feet allowed each participant.

Diane will be happy to show her display to anyone interested in advanced mineralogy.

The Handy family will present a display of rare foreign minerals at the new $30,000,000 Gem building in Saginaw this week.

TRUCKS THAT DO THE NEXT BEST THING TO PAVING EVERY ROAD IN AMERICA!

Imagine a truck ride so smooth and cushioned that fragile loads can travel the worst "washboard" roads with ease. Imagine a truck ride that virtually eliminates shimmy and wheel fight, cuts side sway on curves, makes steering far steadier and easier, keeps drivers far fresher. Imagine a truck ride that permits higher safe cruising speeds, more trips per day with all kinds of cargo over every type of road surface. Imagine a ride that keeps up to 78% of all objectionable road shock and vibration from ever reaching the driver and cargo, a design that sharply reduces twisting and fatigue forces on chassis, cabs and bodies, that keeps trucks young for extra thousands of miles. / *Soon you won't have to just imagine such a ride. You can try it for yourself in the trucks that do the next best thing to paving every road in America—new Chevrolet trucks for 1960. You'll see what happens when Chevy's truck engineers design a whole new line of trucks around a whole new kind of torsion-spring suspension. These trucks are new from the ride on up—with wonderfully roomier cabs, brawnier frames, style that's fresh as sixty and more! Don't decide on any new truck till you see the newest of all.*

Clear Railroad Crossing

Nothing is more treacherous to the auto driver while motoring in the country than approaching a railroad crossing without flashers.

This time of the year makes the task even more difficult than usual because of dusty roads and high-growing corn.

A rural Tecumseh woman, driving on such a road Monday with her two small sons in the car, approached a crossing. A truck in front of her stopped, then proceeded across.

Seeing this, she was sure there was no train in sight. Because of tall corn stalks, growing almost to the edge of the rails, she couldn't see.

Slowly pulling ahead, her car stalled just as she was astraddle the rail lines. Looking down the tracks she saw a train approaching.

Luckily, the engineer was alert and his train, not traveling too fast, was able to stop.

For the lady, those few seconds were sheer terror. She first attempted starting the car and when this didn't work, pushed the children outside, followed herself and pulled them to safety.

This is the story and we're happy not to have to report the auto was smashed or that the mother and her children had been killed or hurt.

It could have been this bad.

Something should be done by county or state officials about this problem of visibility.

One suggestion has been advanced, and we think it's a good one.

Triangular section of land at roadways be purchased by governmental units, cleared and kept cleared.

When corn blossoms to eight and 10 feet high on plots adjoining railway roadbeds, the driver faces an impossible task in sighting up the tracks.

Oil Industry's 100th Year

It was on Aug. 27, 1859, that Edwin L. Drake, a retired railroad conductor, struck oil at Titusville, in western Pennsylvania.

When Drake began operations, he had difficulty obtaining workers with sufficient zest for experiment to abandon the primitive method of producing oil by collecting the see-page.

After digging a pit and almost drowning the workmen, he conceived the idea of drilling for oil and putting a casing in the hole to prevent surface waters from issuing.

Beset by difficulties, townspeople dubbed the project "Drake's Folly," and when the drill slipped into a rock crevice and stuck, orders were to abandon operations.

However, the following day, within a few feet of the top of the casing a dark-green liquid appeared. Several gallons of oil were lifted to the surface and "Drake's Folly" was a dream come true.

With the widespread exploration for oil, which followed, transportation became one of the main problems. Railroads thrust their spurs into every oil town. Transportation facilities from the Pennsylvania oil fields were overloaded.

In 1865, Amos Densmore, a buyer-shipper, built two 1,700-gallon wooden tanks upright on a railroad flatcar. Such tanks soon replaced the leaky wooden barrels that had been used to ship oil to refineries via wagon and flatboat. Later, innovators replaced the two wooden tanks with one horizontal metal cylinder. This is the design used today for approximately 163,000 tank cars that ply America's railroads.

The oil industry was started by men who took big financial risks.

Today, with all the scientific methods devised for locating oil prospects, there is still only one way to strike oil—drill for it, and 9 times out of 10 the hole will be dry. But the possibility of profit still outweighs the risk. Therefore, the U. S. is blessed with bountiful oil supplies.

The oil industry is a classic example of the American free enterprise system.

35 YEAR PIN—Mrs. Winifred Gall of the Tecumseh General Telephone office was honored recently at a dinner for 35 years service. Vice President in charge of operations, K. W. Benckert, of Muskegon, presented Mrs. Gall a pin in appreciation. Nine, including Dale Clark of the Tecumseh office, were present at the dinner. Mrs. Gall lives in Saline.

Clinton Doctor Is Delegate

Representatives of the medical profession from every section of Michigan will set upon a wide range of subjects related to the State's health and welfare when the Michigan State Medical Society House of Delegates convenes Sept. 27 to 29 in Grand Rapids.

Dr. George C. Wilson, M.D., of Clinton will be the Lenawee County delegate with Adrian Dr. Francis W. Balice as alternate.

Traditionally, on Monday "Michigan's Foremost Family Physician" of the year will be selected from a list of doctors of medicine nominated by county medical societies. This item on the agenda annually attracts widespread public interest.

Deborah Moore daughter of Mr. and Mrs. Dean Moore returned home from the Herrick Memorial Hospital on Saturday, where she had been a patient since Monday.

DORMITORY DEDICATED — Cardinal Mooney dormitory at Boysville was dedicated Monday evening by His Excellency John F. Deardon, D. D., archbishop of the Detroit diocese. The picture shows some of the guests who were on hand for the ceremony. This dorm furnishes living area for 80 boys and cost $150,000. Following services, a ham dinner was served to about 200 in the gymnasium by ladies of St. Elizabeth's Rosary Altar Society.

Fount Goes to Church

A memorial service was held Sept. 13 at the Raisin Presbyterian Church at Holloway, John Calhoun presented to the church a beautiful Baptismal Fount in honor of his late wife, Edith M. (Rector) Calhoun.

When she passed away last January neighbors and friends gathered a considerable sum which they requested be used for a memorial for her instead of for flowers.

Adding to this his own contribution, the husband decided upon the Baptismal Fount as a suitable remembrance of the work she had done in the church and Sunday school.

TECUMSEH LIBRARY

ADVISE AND CONSENT
Allen Drury

This is an extraordinary novel of politics and politicians, a story so sweeping and complex in its conception that each segment alone would make an enthralling book. The author, an experienced reporter as well as a skillful writer, has penetrated the world's stormiest political battleground—the smoke-filled committee rooms of the United States Senate — to reveal the bitter conflicts set in motion when the President called upon the Senate to confirm his controversial choice for Secretary of State. This is a revealing picture of Washington's intricate political, diplomatic and social worlds, but is not meant to refer to actual persons.

DU BARRY
Stanley Loomis

Jeanne Becu, Comtesse du Barry, was the last and most beautiful of Louis XV's mistresses. In this biography, the first to be published in English for many years, she appears once more as a flesh-and-blood woman of her age. Born in the provinces, educated in a convent, she was barely past her teens when she rose from the streets of Paris to dazzling prominence as the King's Royal Favorite.

THE SILENT INVESTIGATORS
John Makris

The U.S. Postal Inspection Service has opened its confidental files for this first definite history of the government agency that safeguards the mails to protect the public. From this fascinating source material, the author has chosen many dramatic cases in the more than 200 year history of the Service. The result is an exciting first hand view of the activities of a unique agency that is perhaps richer in tradition than any other branch of our government.

THE ALTERNATE CASE
Joseph Dinneen

A day to day reconstruction of a fascinating and bizarre crime. All the punks, torpedoes, lock experts, wheelmen, decoys, bookies, and their victims in the vast world of crime appear in graphic relief; from the County Sheriff who ran the most exclusive county jail in the world with breakfasts at $1.10 a plate, to a psychotic killer. This is a world that no honest citizen ever knows —unless he is a crime reporter.

MARDA GENE DUNCAN'S Thru My Window

A NOISY HOME!

Somewhere there is a family of Sparrows who must be prime candidates for nervous breakdowns. If early childhood influences and environment are as important as some experts say they are, these kids are in trouble. Emotionally upset, maladjusted, neurotic psychotic—you name it and these Sparrows must be it.

We met, what I am sure must be the ill-fated family, some several weeks ago. It was a typical hot summer afternoon and when the folks got home from work, we decided to beat the heat by taking a back-road ride.

This has always been a favorite thing with us; we love the unhurried pace which allows time to see and enjoy the country side. With no destination in mind, we twisted and turned as first this and then that road beckoned.

Slowly the tensions and frustrations of the day eased; late summer is such a quite peaceful and lazy time. The soothing magic was soon working its charm and with complete relaxation came that gnawing empty feeling, it was dinner time.

A few more turns, this time taken with a definite purpose in mind, brought us to a main highway. Quite correctly we figured that we could not be far from a drive-in. It was a cute little place that we found, quite new, all glass and chrome bespeaking of spic-and-span cleanliness and tasty hamburgers.

It was just beginning to get dark when we drove in, in fact, as our order was being taken, the outside lights were turned on.

Dad had selected a parking stall at the side of the building and only after we were settled, did we notice that it was right in front of a big loud speaker. It was inconspicuously tucked up under the wide overhang and blessedly for a few moments at least, was quiet.

These noise boxes, connected to the juke-box inside, are no doubt appreciated by teen-age patrons; we however, find it no hardship to eat without the blaring accompaniment of Elvis or Fabian. When other cars started driving in, we knew the rock-and-roll was about to begin — sure enough, as soon as the first coin was dropped in the juke, out come the beat.

Now next to the speaker, no more than a foot away, was a light fixture. Casually we noticed a small tangle of wires between the two but thought no more about it until all of a sudden, a Sparrow used it as a landing field.

Surprised?

Well, it seemed a bit late for Sparrows to be about and certainly his perching spot was not one which by the stretch of the imagination could be called ordinary. Besides this, almost the second his tiny feet tightened on that wire 'tree limb', a loud shrill chirping was heard. Even above the frantic wailing of Rickie Nelson it could be heard.

Only one thing makes such a racket—a nest of baby birds.

Could it be—where was it?

Just before the Sparrow revealed his home, we had a chance to see what his bill was bulging with his children's night-time snack. After cocking his head around to make sure we noticed what a good provider he was, he took two hops and squeezed into a small crack opening between the building and the loud-speaker.

The bird racket within subsided and, as we noticed no further activity, it is to be assumed that the well fed family settled down for the night. Certainly not a peaceful one though.

Birds are always nesting in unusual places but why, oh why, would one choose such a busy and noisy spot?

Cars driving in and out all hours of the day and night; doors slamming, tires squealing; people talking, laughing and shouting; but worst of all, the almost constant screaming from the speaker itself.

Just imagine having to live with that noisy—in fact, ear splittingly noisy-screeching day in and day out. Under such frantic conditions how could the children help but have all sorts of nervous ties and afflictions?

And what about the poor mother? How could she have possibly hatched out a brood to the accompaniment of the latest rock-a-billy hit?

Do you suppose that even among birds there is a beat generation?

CROP Group Samples Basic 'Refugee Meal'

Beans, rice, corn bread, whole wheat muffin and milk formed the main ingredients of a CROP "refugee meal" served by the women of the Cadmus Presbyterian Church to CROP workers Thursday, Sept. 10.

These foods were featured because they are basic items in overseas food relief work.

The main speaker for the occasion, Mr. B. F. Beach, told the group of his work for UNICEF in the Middle East emphasizing the continuing need for food assistance especially among the children, many of whom are existing on starvation diets.

He also told the group that food relief work has been very effective in preventing Communism from expanding in the Middle East.

Rev. Clare Tosch of the State CROP Board explained how CROP works as the Food Collecting Arm of Church World Service and how money given by city, urban, and rural donors is converted to food and delivered to the areas of need.

The 1959 goal for Michigan is $100,000.

Arthur Brewer, campaign chairman, expressed the appreciation of the CROP Committee for the donations of food and milk used in preparing the dinner.

In speaking of the coming CROP drive set for October 11-25, he asked the people of Lenawee County to give at least a carload of soy beans for this year's contribution. Other grains or cash contributions will be converted to soy beans.

Pythian Sisters to Hold Dinner

At a meeting of the Pythian Sisters held recently members decided to serve a chop suey dinner Oct. 9 at the American Legion Post Home for the public and to also hold the annual bazaar in connection with it.

The bazaar will be open at 2:30 p.m. and dinner will be served at 5:30 p.m.

Tickets are available from Mrs. Cecile Smith and her committee.

AUTOMOTIVE NEWS

New Car Unveilings Are Near

SEE FALCON—E. L. Simmons and R. J. Karis of E. L. Simmons, Inc., were among some 7,000 Ford dealers in Dearborn last week to view the new Falcon, above, and other 1960 Ford cars and trucks.

Next Month to See 1960 Autos Released

Tecumseh area car dealers are preparing their showrooms for upcoming 1960 cars and truck presentations to the motoring public.

Not all dealers are sure of the specific date of the public showings, but know about when the 1960 models will be released.

Judging from numerous press releases the small car will standout in the unveiling limelight as the car manufacturers attempt to recapture the market stolen by foreign imports.

One of those in doubt about the opening date is Wilson Motor Sales which plans to release two cars, DeSoto and Plymouth, in the middle of October, perhaps the 15th.

Schneider Brothers will have two release dates, Oct. 2 will see the Chevrolet and its small car counterpart, the Corvair, released. The public won't be able to see the Buick and Opel until Oct. 7.

Wilson Rambler sees Oct. 8 as its day to introduce the Rambler, the original American small car.

Two dealers will get the jump on 1960 unveilings with Oct. 1 as their "days".

Baily Motors will introduce the "quieter" Oldsmobile that day.

Pontiac's will be shown to Tecumseh people the same day at Fisher Pontiac.

George Underwood in Clirton takes the prize for introducing the most cars with the Mercury, Lincoln and Edsel all being shown Oct. 15.

E. L. Simmons plans his grand opening as a Ford dealer, and the first day in the new location in conjunction with the first showings of the Ford, Falcon, Thunderbird and Ford trucks. The set date is Oct. 8.

The Simmons service department operations have already been moved to the new W. Chicago Blvd.-Occidental Rd. location where work will be handled next week.

The office and new car sales department will be transferred by next Wednesday.

Short Course Attracts Many

This fall and winter, hundreds of Michigan farm boys won't waste slack time. Instead, they'll take a short course at Michigan State University.

Young farmers can take a 16-month short course in general agriculture. The course opens on October 27, announces Harold Henneman, new director of the M. S. U. short course department.

Efficient production doesn't assure success in today's complex agriculture, Henneman comments. The young farmers' curriculum includes courses in conservation, marketing, land ownership, farm business analysis and writing and speaking skills.

"The short course program doesn't stop at teaching, "the director relates. "Graduates know just where to go on campus for technical advice or for help in finding an agricultural job."

M. S. U. now graduates about 300 short course students a year, says Henneman. He feels enrollment should keep expanding, as about 1,500 Michigan high school graduates enter farming each year.

Each year, about 20 to 30 short course students transfer much of their course credit to a regular four-year program, Henneman explains. Also, a few students in regular four-year courses transfer to the short course program.

2nd in Archery Meet

Dr. Ralph Helzerman won second place in the state archery association championship meet. this past weekend at Adrian.

First place was awarded to David Denboe of Benton Harbor. Approximately 350 archers participated in the contest.

Announce 2nd Cooking Contest

The nation's top teenage cooks will be spotlighted by the second annual Kroger-Westinghouse "Junior Cook of the eYar" competition which begins Sept. 21.

It was announced today by Mr. Carl Fuller, vice president of the Toledo division of the Kroger Co. The $100,000 recipe contest runs through Nov. 21.

Boys and girls from 12 to 20 will compete for a total of 2,000 awards, including a grand prize of $5,000 and an Air France trip to Europe for three.

Entries may be made throug home economics classes or other youth groups as well as Kroger stores and Westinghouse dealers.

PTA Group Plans Meeting

The first meeting of the Herrick Park PTA for the fall season will be held Thursday, Sept. 24, at the school.

A get acquainted evening has been planned featuring a kitchen shower. Each family is asked to bring one article for the kitchen such as a towel, sugar bowl, paper cups or napkins.

Mrs. Franklin Humble, president, urges all members to attend.

The teachers will be in their rooms at 7:30 p.m. to give a brief outline of what they expect the students to accomplish this year.

Refreshments will be served by the committee.

Fall Is Due Next Week With Lingering Evening Sun

Fall will begin on Wednesday, Sept. 23 at 2:09 p.m.

At that time the sun will cross the equator on its way south and will arrive at the autumnal equinox. It will rise and set exactly at the east and west points and the day and night will be said to be equal.

The daylight hours, however, will exceed those of darkness by as much as nine minutes and the actual equal lengths of day and night will not come until Sept. 26.

Although the sun will be above the horizon for only 12 hours on the day of the equinox, it will be possible to see it for a while longer because of atmospheric refraction, or bending power of the earth's atmosphere. Light coming in from space is bent on striking this denser medium — the atmosphere — and objects always appear higher in the sky than they actually are.

Therefore the sun comes fully into view in the morning before any part of it really comes above the horizon and it remains visible in the evening after it would otherwise have passed out of sight. In other words, the rising of the sun is hastened and the setting delayed, resulting in the lengthening of the daily duration of sunlight.

For this reason, e do not get our day and night equal until a few days after the equinox, when the refraction effect will be balanced by a slightly longer night. As the sun apparently moves farther and farther south, the days will become correspondingly shorter and shorter until the shortest day of all in December.

Dance for Teen Club

Ollie Musch announced at the meeting of the Teen Club recently that the Exchange Club will sponsor an outdoor dance for the members Saturday, Sept. 19, at the Country Market from 9 till 12.

The affair will be held in the parking lot and refreshments will be furnished. There will be no admission charge.

A local disk jockey will be present and several skits will be performed.

Dale Tuckey, new president of the club, presided at the meeting.

LICENSE SUSPENIONS

During the past week the driving licenses of 215 Michigan drivers were suspended and those of 67 were revoked.

According to James H. Hare, Secretary of State, suspensions are temporary withdrawals of the driving privilege up to a maximum of one year. A license which has been revoked is terminated and it not, as usual with suspensions, automatically re-instated after the period of suspension has ended.

Lenawee motorists receiving suspensions last week are: Delbert M. Flint, of Morenci and Jose Antonio Garza of Rt. 1, Tecumseh.

Mills to Bring Malone College Radio Program

"The Word of the King", weekly radio broadcast of Malone College in Canton, Ohio, is to be provided for radio listeners in southeastern Michigan as a public service by the Hayden Milling Company.

The program was announced this week by Mrs. Perry Hayden, president of the Tecumseh firm.

Station WABJ, Adrian and Tecumseh, will carry the first college broadcast on Sunday morning, Sept. 20, at 8:30.

Radio Director John Williams, a former Friends pastor in Lenawee County, reports that "The Word of the King" programs are now being heard from nine radio stations in the midwest and the West Indies.

"In view of the many graduates, students, and friends of Malone College who live in the Lenawee-Washtenaw area of Michigan, we are happy to share with the Hayden Mills in a southeastern Michigan broadcast," he says.

The WABJ broadcasts will feature sacred music by students of Malone College, along with a brief message by "the campus philosopher", Paul Uhrig.

The initial program will include a musical arrangement by Earilyn Dexter of Whittaker, Michigan, and music by the King's Messengers Quartet. James Brantingham, son of the Reverend and Mrs. Paul Brantingham of Tecumseh, is a member of the quartet.

How do you tell a drunk?

The man was acting strangely. You know what people thought. But the neighborhood pharmacist had a hunch, took a close look, gave the man sugar. Then he called a physician who found the man was in insulin shock. Too much insulin, not liquor. Without prompt treatment, he might have died. This story illustrates the potency of modern drugs. Before using powerful drugs you should see a physician and then *follow directions to the letter when taking them.* There's a happier moral. *Without* modern drugs, the diabetic in this story wouldn't have had a life to save.

Area 18 Year Olds and Above Included in TB X-ray Survey

All Tecumseh area residents 18 years of age and over are eligible for chest x-rays when the mobile TB X-ray unit visits Tecumseh Oct. 6 to Oct. 9.

The survey, which is sponsored by the Lenawee County Health Department, the Lenawee County Medical Society, the Michigan TB Association, is covering the whole county. It started last Wednesday and lasts to Oct. 30 covering most communities.

The mobile unit will spend all four days at the Methodist church on W. Chicago Blvd.

The daily hours will be:
Tuesday—Noon to 6 p.m.
Wednesday—Noon to 8 p.m.
Thursday—Noon to 8 p.m.
Friday—9 a.m. to 3 p.m.

"A chest x-ray will protect the life of the individual, his family and his friends," said Dr. John S. Wisely, County Health officer.

The doctor explained further that a x-ray detects unsuspecting tuberculosis, heart disease, cancer and other chest abnormalities.

Dr. Wisely stressed the simplicity of the mobile unit survey examination. More than 100 persons can be x-rayed in an hour.

No undressing is necessary.

In the survey the unit is also visiting Addison, Onsted, Hudson, Morenci, Blissfield, Deerfield, Clinton and Adrian.

KEEP IN STEP—Tecumseh high school band director, Don Johnson, is whipping his charges into shape these autumn days as the 70 girl and boy musicians prepare for the coming football season. This year Don has an assistant in Jim Harris, a graduate of Michigan State University last spring and now a music teacher in the Tecumseh system. For the next two weeks, Don will be working the youngsters on their effort for the first public appearance, Oct. 2 at the Ypsilanti Roosevelt game, first one in Tecumseh. Theme that evening will be "Name Bands." Drum major again this fall will be John Perry.

Festival Tickets Now on Sale

Ticket sales for the 13th annual Lenawee County Band Festival began Tuesday and will last until Oct. 19.

Clare Camburn, founder of the festival, said this year's edition will take place Tuesday, Oct. 20 at the High School athletic field.

The band festival has been termed one of the unique county promotions in the country. All proceeds from the program go to the participating bands. The amount usually reaches $200.

The Tecumseh Chamber of Commerce sponsors the event and carries all expenses.

Usually 600 musicians take part in the hour long program.

Each band plays its own selections with the finale being made up of all bands as a group.

"A MAN'S THOUGHTS MUST ALWAYS FOLLOW HIS EMPLOYMENT"

The practice of pharmacy has changed greatly within the past ten years. More than 70% of the medicines now prescribed were unknown before that. In order to keep up with this amazing progress we must be continuously studying medical and pharmacy reports. We must learn the dosage and properties of all new drugs.

We have to discard the old medicines no longer being prescribed and order in every new medicine a physician may specify. All this requires constant thought and we are glad to report that we can fill any prescription, written by any Doctor, even one from another city.

Sailors Really Love That Wind

To the sailor there's nothing so welcome as a nice steady wind. It fills their sails and sends their lightnings or rebels shooting silently over the waters. This weekend, about 80 skippers will be wishing more than ever for favorable breezes, as they take part in the Devils Lake Yatch Club's annual regatta. Boats will come from southern Michigan, northern Ohio and even Chicago. There'll be three classes competing—the lightnings and interlakes, which are both 19-foot crafts and the rebels. Festivities begin Saturday at 1:45 over the club's six-mile course with the first event. Another is held at 3:35 p.m. On Sunday there'll be one race, the starting gun sounding at 11:35 p.m. Spectators are welcome and can find good viewing along the south shore of the lake. This week's picture feature shows one skipper, Dr. Bob Laidlaw of Tecumseh, getting in a practice session before the big event, which climaxes a summer of weekend racing.

Meyers World-Record Plane Is 'Coming Home'

Around-the-world pilot Peter Gluckmann, San Francisco's "Flying Watchmaker," will be in town this weekend.

He'll touch down in his Meyers 200, which was built by the local aircraft firm and in which Mr. Gluckmann recently established his record 'round-the-globe flight.

Airman Gluckmann, a 33-year-old bachelor, negotiated 28,000 miles in 29 days — going east from San Francisco across the country, to the Middle and Far East, back from Tokyo to the west coast, with a dozen or so stops in between.

It was the world's longest flight in a single-engine ship and is recognized by the Federation Aeronauique Internationale, the group in Paris which judges all record flights.

Mr. Gluckmann phoned officials at Meyers Aircraft Tuesday to report "everything was very successful and I'm pleased about the whole thing."

His effort cracked Wiley Post's mark, which was 15,000 miles and only covered the upper portion of the globe. Mr. Gluckmann flew a course as close to the equator as possible.

He's bringing his ship here to have the auxiliary fuel equipment removed, including the "wet" wings, which each carried 120 gallons of fuel. The plane's regular seats will be re-installed where a group of special gasoline tanks had been carried during the record hop.

The history-making plane can be seen at the Meyers plant during the next two weeks.

VOL. 108 — ONE HUNDRED NINTH YEAR — NUMBER 49 TECUMSEH, MICHIGAN, THURSDAY, SEPT. 24, 1959 14 PAGES — TEN CENTS A COPY

Long AND Short OF IT

By TOM RIORDAN

Volunteer firemen went to work early Monday morning — 5:10, to be exact — to smother a burning taxi. (Details elsewhere in this edition.)

Two thoughts passed through my mind when the fire siren cut through that morning's stillness.

1. I'm glad I'm not a fireman and have to bolt out of a warm bed and rush to the station.
2. Isn't it wonderful Tecumseh has such a fine department.

☆

Eight years of effort by Ray Herrick have paid off.

Last week, Mr. Herrick had the honor of digging up the first piece of turf to signal the construction of our town's new phone building.

With its completion, Tecumseh will get a dial system.

Since 1951, Mr. Herrick has battled for modern equipment for his hometown from his position as a General Telephone Co. board member.

☆

Talk about loyal football fans— Tecumseh sure has got 'em.

Of the 3,000 spectators who watched the opener at Hudson, close to half were from Tecumseh.

The Indian side was jammed early and many fans had to seat themselves among the Hudson rooters.

As one chap remarked, "Two Tecumseh teams met Hudson Friday night.

"One was a listless, down-at-the-heels crew that didn't seem interested in playing football.

"The second outfit was a rough and ready, hard-charging bunch that wanted to win more than anything else."

☆

Folks in the automobile business are getting into the news this time of year.

Speck Simmons and Bob Karle, local Fordmen, stole a beat on fellow Tecumseh area dealers by moving into their new location on the west end of town.

They made sure their arrival was in advance of the showing of the new Fords. A grand opening in the new locale will be held in conjunction with introduction of the 1960 models.

About the same time the new "little" cars will be coming out and eyes will be focused all over town on them.

It seems more like the old days when the coming of the new models created a lot of excitement. In recent years we've gotten too blase about such things.

☆

George Romney's Citizens for Michigan is rolling into high gear.

This is the group dedicated to getting more people interested in the operation of our state.

In Tecumseh, George Schumm, Sr. is the man with complete information and membership cards.

George attended Monday's session in Lansing and is greatly enthused about the prospects of Citizens for Michigan.

If you're interested, call George at 412-R.

☆

It was another success for the Hospital Auxiliary in the field of stage entertainment with the Clark Lake Players.

"Guys and Dolls" drew 472 patrons in a two-night stand last week at the Strand Theatre and helped confirm the fact this will be an annual Auxiliary event.

Last year's production of "The Boy Friend" attracted 300 and drew much favorable comment.

This summer's production was even more enthusiastically received.

So the gals are already busy making arrangements with the Clark Lakers for next year and tentative plans call for "Oklahoma!"

A detailed review of "Guys and Dolls", written by guest critic Duane Furbush, appears elsewhere in this issue.

TECUMSEH HERALD PHOTO

IT'S OFFICIAL NOW—Ray Herrick, a member of the General Telephone Co. board of directors, breaks ground at the site of Tecumseh's new phone office at E. Chicago Blvd. and Oneida St. Among those watching were at left, Dale Clark, local phone manager and C. E. Hikes, vice-president of Kreighoff Construction Co. The ladies are Marie Phillips and Mrs. Ilah Mead, of the phone company. At right are mayor Oley Hanna and Ernest Greene, district manager of the firm in Adrian. Other phone office pictures appear on the last page of the second section.

Dial Telephone System Draws Nearer for City

Construction of the new $160,400 General Telephone office building began formally last week with ground-breaking ceremonies.

The new facilities, located at the corner of E. Chicago Blvd. and Oneida St., will house equipment for a dial system, due to go into effect March of 1960.

The office will be a one-story construction of brick and concrete block with a full basement.

With nearly 10,000 square feet of floor space, most of the building will be occupied by dial equipment to be installed upon the completion next March.

A special feature of the structure will be its rear "knock-out wall," which can be removed to allow for future expansion.

Dale Clark, local manager, said the new office will contain a $253,000 system of automatic electric "step-by-step" equipment, composed of a 1,700 line, 3,200 terminal telephone network.

He stated that the 1960 conversion will not only bring Tecumseh dial telephones but the metropolitan two-letter, five-digit numbering plan.

With 2L5, Tecumseh telephone users will dial a two letter code before dialing the remaining five numerals of a local telephone number. This is the first step to bring Tecumseh direct distance dialing.

Mr. Clark added that direct distance dialing is the result of years of research, planning and development and will allow Tecumseh telephone users to dial their own long distance calls direct, without the aid of an operator, to millions of telephones across the nation.

New Councilman Named

Arthur Swartz, former city councilman, was appointed Monday night to fill the unexpired term of Donald Purkey, who resigned earlier this summer.

The new councilman is employed at Tecumseh Products.

☆

THE ALLIED Disposal Company of Grand Rapids was authorized to fill the contract of Tecumseh Hauling Company, owned by Herb Dillon.

A company official said pickups of garbage and trash would be continued at the same cost, and a community-wide solicitation would be made to increase patronage.

The Grand Rapids concern also will take over and maintain the city dump.

☆

THE $15,000 special assessment water bonds and $12,000 special assessment sanitary sewer bonds were sold to Kenower, McArthur and Company of Detroit at 4½% interest with a premium of $1.50.

The only other bidder, United Savings Bank of Tecumseh, submitted a bid with an interest rate of 5% and no premium.

☆

IN OTHER action:

Council accepted the low bid for oil and gasoline from Cities Service.

2. Accepted a petition for sewer and water on Jane St. and placed it on file until a method of financing is determining.

3. Voiced approval of completing curb and gutter on N. Union St. and putting in a bituminous concrete street there.

ON HIS WAY—John Aho, a Tecumseh junior halfback, gained 112 yards as the Indians slipped by Hudson, 12-9, in the season's opener. Full details and five more pictures appear on the first page of the second section.

Leon Rosacrans Was Merchant 50 Years

Tecumseh oldest active merchant, Leon Fred Rosacrans, passed away Friday evening at Herrick Memorial Hospital.

He had been a patient there four weeks.

Mr. Rosacrans was in failing health for the last six months, but was in his store every day until his hospitalization.

It was just 50 years ago this month that Fred Rosecrans and Sons opened a dry goods store in Bidwell block.

Fifteen years ago it was moved to the present location.

Mr. Rosecrans was a life member of the Tecumseh F. & A. M., also the Knights of Pythians and the Tecumseh chapter of the Order of the Eastern Star.

He took an active interest in community life and merchants' groups.

He is survived by his wife, Mary; one son, Ned of Tecumseh; two brothers, Harry and Eugene Rosacrans of Santa Monica, Calif.; three sisters, Mrs. George Adamson of Tecumseh, Mrs. Marian Diamond of Detroit and Mrs. Carol Wood of Camarillo, Calif., and four grandchildren, Craig, Ned Bruce, Kim and Mary Jo Rosacrans.

Services were Monday at the Collins-Corkery Funeral Home.

The Rev. Alvin Brazee officiated and burial was in Brookside cemetery.

The bearers were William Wright, Ned Baldwin, Vern Russell, Edward Heilman, Dan Corkery and John Surratt.

LEON ROSACRANS

Holds Paper Drive

Underwood-Orr Post 34, American Legion will hold a paper drive Sunday morning. Paper is asked to be tied and placed at the curb. Proceeds will be used for the posts Child Welfare Program.

VFW Members Entertain GIs at Hospital

Members of the VFW Post and its Auxiliary went to Ann Arbor to entertain at the Veterans Hospital last week.

Refreshments were served in five wards, and entertainment provided by Mrs. Norma Worth, and Mrs. Ione Weaver.

Mr. and Mrs. Paul Maves showed slides of their recent trip to Europe.

Those attending from the Post and Unit were :

Mr. and Mrs. Gaza Kish
Mr. and Mrs. Harlon Boyes
Mr. and Mrs. George Downard
Mrs. Mamie Hensen
Mrs. Ted Sisson
Mrs. Jim Felton
Mrs. Harold Meade
Mrs. Carl Kempf
Mrs. Bart Aiuto
John Slick
Marley Slick
Warren Filter
Clarence Conklin

The party was planned by Mrs. Gaza Kish, Hospital Chairman, and Mrs. Carl Kempf her co-chairman.

Fall Round-Up for Girl Scouts Is This Sunday

The Fall Round-Up has been planned for all intermediate, junior high and senior Girl Scouts.

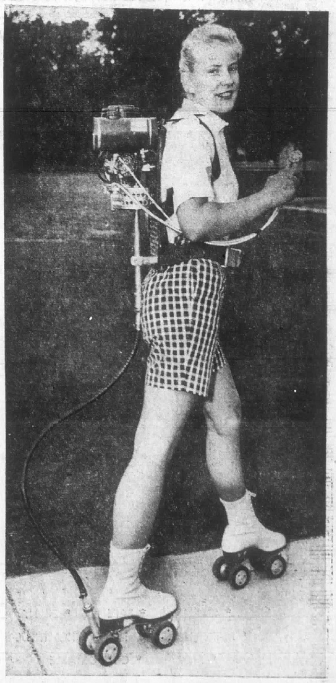
It will be held Sept. 28 at the Judson-Collins Memorial Camp at Wamplers Lake from 10 a.m. to 3 p.m.

Each girl is required to pay $1 registration fee to attend and bring a permission blank.

All leaders, co-leaders and Scouts eligible will meet at the scout cabin at 9:30 a.m.

A charge of 25c per person will be made and prizes will be awarded for registration and attendance.

Other entertainment will include a cook-out, nature hike, competitive sports, games and songs.



MOTORIZED SKATE—Linda Baldwin, a Tecumseh high school senior, tries the motorized roller skate for size. Its being distributed nationally by the Jiffy Co. of Tecumseh, of which Bill Davis is president. The one-quart gasoline engine is made by Power Products, a division of Tecumseh Products; will go 25 miles an hour. The rig will be featured on Jack Parr's "Tonight" TV show sometime next week while Mr. Davis is in New York for the national hardware convention.

NAMED DISTRIBUTOR

Perry Cook of Cook Electric has been appointed Lenawee county distributor and contractor for Modernheat, Inc., of Kingsport, Penn. The company installs units to heat homes by electricity.

Two Salesmen Join Agencies

Two automobile salesmen joined Tecumseh agencies this week.

John Long of Adrian is with Wilson Motor Sales. He was formerly with Erb Buick and in business for himself for nine years in Adrian.

Hugh Betts of Milan is now associated with the E. L. Simmons agency. He was with Ford Sales at Milan before joining the sales force here.

MR. AND MRS. FAYE VAN VALKENBURG

Faye VanValkenburgs Celebrate Fortieth

The 40th wedding anniversary of Mr. and Mrs. Faye VanValkenburg was observed Sunday when their three sons and families accompanied them to morning services at the Berean Baptist Church in Adrian.

Following worship services, the group enjoyed dinner at Don's Grill.

Brothers and sisters of the honored couple were callers in the afternoon at the VanValkenburg home on M-52. They were Mr. and Mrs. Deane VanValkenburg, Mr. and Mrs. Herbert Munger, Mrs. Bertha Hoag, and Mr. and Mrs. Earl McNeil.

Harry Waldron, a brother of Mrs. VanValkenburg, was unable to attend. Mrs. Waldron fell Aug. 14, breaking her back.

The afternoon was spent informally, taking pictures and viewing slides of the west, taken by Mr. and Mrs. Ernest VanValkenburg during their stay in Seattle, Wash. this past summer.

Mr. and Mrs. Ronald VanValkenburg and daughters, Marjorie and Jane, served refreshments in the evening.

Many gifts were received.

Florence Waldron and Faye VanValkenburg were married by Rev. R. Curtis in her parents home, Mr. and Mrs. J. K. Waldron of Tecumseh, Sept. 17, 1919.

They are the parents of three sons, Ernest of Ypsilanti, Dalton of Upland, Ind. and Gerald of Lansing. There are nine grandchildren.

MARRIED 55 YEARS

Mr. and Mrs. J. Ralph Kirk of Adrian observed their 55th wedding anniversary Monday.

They celebrated with a dinner that evening at which their son-in-law and daughter, Mr. and Mrs. Ben Gillis and sons were hosts.

Josephine Fojtik Marries Dean Jones

Josephine A. Fojtik's sisters were her attendants Saturday as she became the bride of Dean W. Jones in rites performed by the Rev. Fr. Thomas Collins in the St. Elizabeth Catholic Church at noon .

Barbara E. Fojtik of Chicago, Ill. was the maid-of-honor and Kathleen M. Fojtik of Dundee the bridesmaid.

The bride is the daughter of Mr. and Mrs. Joseph A. Fojtik of Dundee, and the groom is the son of the late Mr. and Mrs. Wade L. Jones of Tecumseh.

White gladioli and chrysanthemums filled the vases and white and tangerine gladioli filled large white baskets flanking the altar with a background of natural palms at the railing.

Mrs. Donald Johnson presided at the organ accompanying Wallace Whiting as he sang "Panis Angelicus" and "Mother at Thy Feet Kneeling."

☆

THE RADIANT BRIDE, given in marriage by her father, wore a princess styled gown of white mirmist taffeta with moulded bodice and long tapered sleeves and a deep rounded neckline appliqued with medallions of Swiss embroidered roses traced in seed pearls and sequins.

The same rose appliques were scattered on the full, floor-length skirt and handmade roses and taffeta loops gave back interest to the dress. Her gown was styled by Maude Bell.

Her veil was held in place by a pointed crown of pearls and sequins and her matching earrings were a gift of the groom.

Gardenias and strands of dainty ivy formed her cascade bridal bouquet.

The maid-of-honor and bridesmaid were gowned indentically in dresses of tangerine crystal debut made in princess style with rounded necklines and drop shoulders. A short peplum topped the double pleats giving interest to the back of the skirts which were worn over crinolines.

They wore head bands, nose veils and shoes all matching in color, short white gloves and pearl chokers and earrings which were the gifts of the bride.

☆

THEY CARRIED modern arrangements of lime green fuji mums with clusters of miniature tangerine grapes cascading from the centers.

Rudolfo Sobrada was the best man and the guests were seated by Rudy Fojtik, Leslie Calhoun and Harold Gibson.

The reception for 150 guests was held at the Country Club with Mr. and Mrs. Norman Groeschow of Adrian, sister and brother-in-law of the groom, Mrs. Laine Holden and David Holden, sister and nephew of the groom as hosts and hostesses.

An arrangement of tangerine carnations and green fuji mums centered the cake table which was flounced with pale yellow tulle festooned with tangerine ribbons and greens.

The tiered wedding cake was encircled with tangerine carnations and natural greens.

☆

DEBORAH HOLDEN registered the guests, Mrs. Rudy Fotjik, Mrs. Rudy Sobrando and Mrs. Richard Hellmer had charge of the gifts. Mrs. Gale Fisher and Mrs. John Paterewich of Toledo, Ohio served coffee.

Mr. and Mrs. Robert King with Mr. and Mrs. Dean Sheldon served punch.

Mrs. Guy Elder and Mrs. Eldon Sontag cut and served the cake.

Table hostesses were Mrs. Leslie Calhoun and Mrs. Harold Cole.

The bride is a graduate of Summerfield High School and is employed with the IBM Departtment of the Tecumseh Products Company.

The groom is a graduate of Tecumseh high school, Michigan College of Mining and Technology of Houghton and attended the Steven's Institute of Technology of New Jersey. He is employed as an engineer with Foreign Operations division of Tecumseh Products.

Following their wedding trip to Florida and Nassau for two weeks they will make their home at 416 W. Chicago Blvd.

The rehearsal dinner was given by Mr. and Mrs. Norman Groeschow of Adrian and Mrs. Laine Holden at the Holden residence on S. Union St. Friday evening.

Why we built two cars for 1960 . . .
as different as night and day

On October 2—for the first time in Chevrolet's 49-year history—you will be able to walk into your dealer's showroom and see two totally different kinds of cars. ■ One is the conventional 1960 Chevrolet, brand new in appearance and more beautifully refined and luxurious than you can imagine. ■ The other is unlike any car we or anybody else ever built—the revolutionary Corvair, with the engine in the rear where it belongs in a compact car. ■ We'd like to tell you why we built two such different cars, how we built them—and for whom we built them.

Why two *kinds* of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium.

And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets. There is new leisure time—but more things to do. There's a new standard of living—and more need for two cars in the family garage.

In short, America's automobile needs have become so complex that no one *kind* of car can satisfy them completely. That is why we at Chevrolet, keeping tab on these trends, have had a revolutionary *compact* car in the planning stages for more than nine years.

Thus, when we decided three years ago to prepare for production of such a car we were ready to build it the way it should be built. There was no need for a hasty "crash" program that would create only a sawed-off version of a conventional car.

That is why the two cars you will see in your dealer's showroom October 2 will be two entirely different kinds of cars. One is the conventional '60 Chevrolet—brand new in beauty, with new space inside, new spirit under the hood, a new feeling of sumptuousness and luxury never before attained by any car in its field. There is great V8 power linked with new thrift, plus Chevrolet's superb 6-cylinder engine. It is a traditional car that comes even closer to perfection—in silence, in room, in ease of control, in velvety ride—than any other car we have ever made.

The other is the Corvair, a compact car that is astonishingly different from anything ever built in this country. It has to be—because this is a *six-passenger* compact car, with a really remarkable performance . . . a car designed specifically to American standards of comfort, to American traffic needs.

The engine is in the rear. Among the basic advantages resulting from this engine location are better traction on a compact 108-inch wheelbase and a practically flat floor. But to be placed in the rear, the engine had to be ultra light and ultra short. So Corvair's engine is totally new—mostly aluminum and *air cooled;* it weighs about 40 per cent less than conventional engines. It is a "flat" horizontally opposed six—so it is only three cylinders long . . . and that leaves a lot more room for passengers.

Another weight saving: like modern airplanes, the Corvair has no frame; the body-shell supplies it great structural strength . . . it's a welded unit that is virtually rattle-free.

The ride is fantastic. But to get it we had to design *independent suspension* at every wheel; conventional springing would give a compact car a choppy ride. Right now we'll make one prediction: no other U.S. compact car will ride so comfortably, hold the road so firmly and handle so beautifully.

Now there are two kinds of cars from Chevrolet—because it takes two kinds of cars to serve America's needs today. If you love luxury—the utmost in luxury—and if you want generous interior space, breath-taking performance, automatic drives and power assists—then the conventional '60 Chevrolet may be your choice.

If easy parking, traffic agility and utmost economy are high on your list—then you should seriously consider the Corvair. But the best thing to do is to look these two new cars over at your Chevrolet dealer's . . . take them out for a drive. It may be that the only logical choice for your family between two cars like this is—both. They make a perfect pair.

MR. AND MRS. FAYE VAN VALKENBURG

Faye VanValkenburgs Celebrate Fortieth

The 40th wedding anniversary of Mr. and Mrs. Faye VanValkenburg was observed Sunday when their three sons and families accompanied them to morning services at the Berean Baptist Church in Adrian.

Following worship services, the group enjoyed dinner at Don's Grill.

Brothers and sisters of the honored couple were callers in the afternoon at the VanValkenburg home on M-52. They were Mr. and Mrs. Deane VanValkenburg, Mr. and Mrs. Herbert Munsee, Mrs. Bertha Hoag, and Mr. and Mrs. Earl McNeil.

Harry Waldron, a brother of Mrs. VanValkenburg, was unable to attend. Mrs. Waldron fell Aug. 14, breaking her back.

The afternoon was spent informally, taking pictures and viewing slides of the west, taken by Mr. and Mrs. Ernest VanValkenburg during their stay in Seattle, Wash. this past summer.

Mr. and Mrs. Ronald VanValkenburg and daughters, Marjorie and Jane, served refreshments in the evening.

Many gifts were received.

Florence Waldron and Faye VanValkenburg were married by Rev. R. Curtis in her parents home, Mr. and Mrs. J. K. Waldron of Tecumseh, Sept. 17, 1919.

They are the parents of three sons, Ernest of Ypsilanti, Dalton of Upland, Ind. and Gerald of Lansing. There are nine grandchildren.

ANSWER ALARM

Firemen answered an alarm caused by a smoking floor furnace at the C. N. Merrillat residence, 504 Orchard Lane, at 4:10 a.m. Saturday. City firemen said members of the family awakened and smelled smoke. There was minor damage.

Study Group Hosts Guests

Guest Night of the Child Study Club No. 1 was held Sept. 14 at the home of Mrs. Owen Partridge.

One new member, Mrs. Orrie Gilbert, and nine guests of the club were present to hear the Rev. B. O. Bashore speak on "Relationships Among Children." He was introduced by Mrs. Stanley Cook, program leader.

Roll call was answered by members paying "A Penny an Inch" for their waistlines.

Members voted to sponsor Girl Scout Troop No. 24 with Mrs. Keith Barron as committee woman.

Children's favors of pencils and gum were provided. Refreshments of ice cream and cookies were served by Mrs. Arthur Schwartz and Mrs. Neal Brazee.

The next meeting Oct. 12 will be "Husbands Night" at the home of Mr. and Mrs. Robert Ries in Ridgeway.

Roll call will be "Husbands Pet Peeve."

MARRIED 55 YEARS

Mr. and Mrs. J. Ralph Kirk of Adrian observed their 55th wedding anniversary Monday.

They celebrated with a dinner that evening at which their son-in-law and daughter, Mr. and Mrs. Ben Gillis and sons were hosts.

Josephine Fojtik Marries Dean Jones

MRS. DEAN JONES

Josephine A. Fojtik's sisters were her attendants Saturday as she became the bride of Dean W. Jones in rites performed by the Rev. Fr. Thomas Collins in the St. Elizabeth Catholic Church at noon.

Barbara E. Fojtik of Chicago, Ill. was the maid-of-honor and Kathleen M. Fojtik of Dundee the bridesmaid.

The bride is the daughter of Mr. and Mrs. Joseph A. Fojtik of Dundee, and the groom is the son of the late Mr. and Mrs. Wade L. Jones of Tecumseh.

White gladioli and chrysanthemums filled the vases and white and tangerine gladioli filled large white baskets, flanking the altar with a background of natural palms at the railing.

Mrs. Donald Johnson presided at the organ accompanying Wallace Whiting as he sang "Panis Angelicus" and "Mother at Thy Feet Kneeling."

☆

THE RADIANT BRIDE, given in marriage by her father, wore a princess styled gown of white mirmist taffeta with moulded bodice and long tapered sleeves and a deep rounded neckline appliqued with medallions of Swiss embroidered roses traced in seed pearls and sequins.

The same rose appliques were scattered on the full, floor-length skirt and handmade roses and taffeta loops gave back interest to the dress. Her gown was styled by Maude Bell.

Her veil was held in place by a pointed crown of pearls and sequins and her matching earrings were a gift of the groom.

Gardenias and strands of dainty ivy formed her cascade bridal bouquet.

The maid-of-honor and bridesmaid were gowned indentically in dresses of tangerine crystal debut made in princess style with rounded necklines and drop shoulders. A short peplum topped the double pleats giving interest to the back of the skirts which were worn over crinolines.

They wore head bands, nose veils and shoes all matching in color, short white gloves and pearl chokers and earrings which were the gifts of the bride.

☆

THEY CARRIED modern arrangements of lime green fuji mums with clusters of miniature tangerine grapes cascading from the centers.

Rudolfo Sobrada was the best man and the guests were seated by Rudy Fojtik, Leslie Calhoun and Harold Gibson.

The reception for 150 guests was held at the Country Club with Mr. and Mrs. Norman Groeschow of Adrian, sister and brother-in-law of the groom, Mrs. Laine Holden and David Holden, sister and nephew of the groom as hosts and hostesses.

An arrangement of tangerine carnations and green fuji mums centered the cake table which was flounced with pale yellow tulle festooned with tangerine ribbons and greens.

The tiered wedding cake was encircled with tangerine carnations and natural greens.

☆

DEBORAH HOLDEN registered the guests, Mrs. Rudy Fojtik, Mrs. Rudy Sobrando and Mrs. Richard Hellmer had charge of the gifts. Mrs. Gale Fisher and Mrs. John Pateriwch of Toledo, Ohio served coffee.

Mr. and Mrs. Robert King with Mr. and Mrs. Dean Sheldon served punch.

Mrs. Guy Elder and Mrs. Eldon Sontag cut and served the cake.

Table hostesses were Mrs. Leslie Calhoun and Mrs. Harold Cole.

The bride is a graduate of Summerfield High School and is employed with the IBM Department of the Tecumseh Products Company.

The groom is a graduate of Tecumseh high school, Michigan College of Mining and Technology of Houghton and attended the Steven's Institute of Technology of New Jersey. He is employed as an engineer with Foreign Operations division of Tecumseh Products.

Following their wedding trip to Florida and Nassau for two weeks they will make their home at 416 W. Chicago Blvd.

The rehearsal dinner was given by Mr. and Mrs. Norman Groechow of Adrian and Mrs. Laine Holden at the Holden residence on S. Union St. Friday evening.

You Told Us

OBITUARIES

MRS. HARLEY McCONNELL

Funeral services were held Monday afternoon at the First Baptist Church for Mrs. Harley H. McConnell, 511 W. Logan St., who passed away suddenly Saturday morning.

She suffered a heart attack.

Mrs. McConnell, who was 47, had been in poor health since January.

Mrs. McConnell was the daughter of Martin and Mary Edna Cain and was born Aug. 29, 1912 at Valparaiso, Indiana.

She was a member of the First Baptist Church and directed the choir there for the past 11 years.

She is survived by her husband; two daughters Mary Lu and Jane; a brother, Marvin C. Cain of Valparaiso; a sister, Mrs. Howard Burns of Brazil, Ind; three nephews and one niece.

The Rev. B. O. Bashore officiated and burial was in Brookside cemetery. Funeral arrangements were made by the Collins-Corkery Funeral Home.

BURT M. PRICE

Funeral services for Burt M. Price, former printer and newspaper composing room worker at The Herald, were held Monday in the Wetherby funeral home in Jackson.

He passed away Thursday night in Mercy hospital.

Before his retirement in October, 1958, Mr. Price worked for the Vibradamp Corp. in Michigan Center. He was 72-years-old.

He and his wife, who also worked for The Herald as a typesetter shortly before and after their marriage in 1909, were members of the Citizen Patriot Golden Wedding Club.

They have resided in Jackson 49 years.

Mr. Price was a member of the First Presbyterian Church. Surviving besides his wife are two daughters, three grandchildren and seven great grandchildren.

Mrs. Price is a sister of Verdi Skinner.

MRS. CARRIE SAUL

Funeral services will be held Thursday at the Green-Dunn Funeral Home for Mrs. Carrie Saul who passed away Monday evening at the home of her daughter, Mrs. Anna Haughn.

She was 93-years-old and had been living with Mrs. Haughn at 212 Bidwell st. for the past 16 years. She had been in failing health for a number of years.

She was born Nov. 16, 1886, in Macon, a daughter of Smith and Dianna McCarbery. She was a charter members of the Tecumseh Maccabees.

Her husband, Charles, preceded her in death in 1943. Five brothers and two sisters also preceded her in death.

Mrs. Saul is survived by two daughters, Mrs. Maud Bell and Mrs. Haughn; four grandchildren and four great grandchildren.

The Rev. Alvin Brazee will officiate and burial will be in Brookside cemetery.

LAWRENCE L. MILLER

Funeral services were held in Howell Thursday for Lawrence L. Miller, a former resident of Britton, who passed away suddenly Sept. 14 while at work with the Michigan Bell Telephone Co.

He was 1-years-of-age and had moved to Howell about 30 years ago from Adrian.

He was 61-years-of-age

He served in World War I and was a member of the American Legion and the Pioneer Telephone Workers.

Mr. Miller is survived by his widow, Sadie Covell Miller; a brother, Elmer Miller of Tecumseh and a sister, Mrs. Leona Underwood of Sylvania.

Why we built two cars for 1960 . . .
as different as night and day

On October 2—for the first time in Chevrolet's 49-year history—you will be able to walk into your dealer's showroom and see two totally different kinds of cars. ■ One is the conventional 1960 Chevrolet, brand new in appearance and more beautifully refined and luxurious than you can imagine. ■ The other is unlike any car we or anybody else ever built—the revolutionary Corvair, with the engine in the rear where it belongs in a compact car. ■ We'd like to tell you why we built two such different cars, how we built them—and for whom we built them.

Why two *kinds* of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium.

And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets. There is new leisure time—but more things to do. There's a new standard of living—and more need for two cars in the family garage.

In short, America's automobile needs have become so complex that no one *kind* of car can satisfy them completely. That is why we at Chevrolet, keeping tab on these trends, have had a revolutionary *compact* car in the planning stages for more than nine years.

Thus, when we decided three years ago to prepare for production of such a car we were ready to build it the way it should be built. There was no need for a hasty "crash" program that would create only a sawed-off version of a conventional car.

That is why the two cars you will see in your dealer's showroom October 2 will be two entirely different kinds of cars. One is the conventional '60 Chevrolet—brand new in beauty, with new space inside, new spirit under the hood, a new feeling of sumptuousness and luxury never before attained by any car in its field. There is great V8 power linked with new thrift, plus Chevrolet's superb 6-cylinder engine. It is a traditional car that comes even closer to perfection—in silence, in room, in ease of control, in velvety ride—than any other car we have ever made.

The other is the Corvair, a compact car that is astonishingly different from anything ever built in this country. It has to be—because this is a *six-passenger* compact car, with a really remarkable performance . . . a car designed specifically to American standards of comfort, to American traffic needs.

The engine is in the rear. Among the basic advantages resulting from this engine location are better traction on a compact 108-inch wheelbase and a practically flat floor. But to be placed in the rear, the engine had to be ultra light and ultra short. So Corvair's engine is totally new—mostly aluminum and *air cooled;* it weighs about 40 per cent less than conventional engines. It is a "flat" horizontally opposed six—so it is only three cylinders long . . . and that leaves a lot more room for passengers.

Another weight saving: like modern airplanes, the Corvair has no frame; the body-shell supplies it great structural strength . . . it's a welded unit that is virtually rattle-free.

The ride is fantastic. But to get it we had to design *independent suspension* at every wheel; conventional springing would give a compact car a choppy ride. Right now we'll make one prediction: no other U.S. compact car will ride so comfortably, hold the road so firmly and handle so beautifully.

Now there are two kinds of cars from Chevrolet—because it takes two kinds of cars to serve America's needs today. If you love luxury—the utmost in luxury—and if you want generous interior space, breath-taking performance, automatic drives and power assists—then the conventional '60 Chevrolet may be your choice.

If easy parking, traffic agility and utmost economy are high on your list—then you should seriously consider the Corvair. But the best thing to do is to look these two new cars over at your Chevrolet dealer's . . . take them out for a drive. It may be that the only logical choice for your family between two cars like this is—both. They make a perfect pair.

DAR Staging Regional

Regional meeting of the DAR will be held in Tecumseh at St. Peter's Episcopal Parish House Sept. 29 at 10 a.m.

State Regent Mrs. Roy V. Barnes and other state officers will be present. The meeting is open to all DAR members.

Reservations for the dinner may be made with Mrs. Herbert Newman until Friday.

Guest chapters will come from Ann Arbor, Dearborn, Adrian, Trenton, Monroe, Plymouth, Northville and Ypsilanti.

Dr. Sara Van Hoosen Jones spoke on Genealogical Research at a recent meeting of the local chapter when Mrs. Louis Schneider entertained the members at her cottage at Wamplers Lake.

She is friend of Mrs. Pearsons, who introduced her, and a member of the Pontiac Chapter of DAR. Her friend, Alice Serrell, was also a guest.

Rotarians Hear Writing Expert

Charles Martin, a handwriting expert with International Harvestor Co. of Springfield, Ill., was guest speaker at Rotary Tuesday.

He analyzed handwriting of a dozen members, telling what type of a persons they were—and according to Rotarians, he was amazingly correct.

He was introduced by Al Merz.

Guests were O. B. Keldkamp of Clinton, Alvin Gross and Art Donaldson of Blissfield.

Those making up for last week's absence, were Perry Satterthwaite, Speck Simmons and Bob Karle.

College Offers Evening Courses

Adrian College is again offering night courses.

Classes opened Monday, however anyone wishing to register may still do so this week.

Several meet at 4 p.m.; others at 7 p.m.

Registrations can be made at the business office of the college where information is available concerning the courses offered.

With Tecumseh Teens

BY MARY V. SEAGER

School spirit of an especially strong kind was much in evidence for our first game of the '59-60 season. We might add that Tecumseh beat Hudson 12-9.

The pep meeting Friday during the last 15 minutes of the sixth hour was a great success. Cheering was loud and strong under the excellent leadership of the cheerleaders.

Cheering contests were held among the classes, but everyone did so well that it was declared a four-way tie.

Coach Leetka was introduced by the cheerleaders. He in turn presented the football team to the student body with appropriate comments and a few remarks about the team as a whole.

The interest in the game was so great that three student buses made the trip to Hudson to see it.

☆

The Teen Club dance that was held in the Country Market parking lot was a big success. The advisers of the Teen Club arranged for the use of the parking lot from 9 to 12 on Saturday night.

Admission was free and free food was furnished for everyone. The Country Market was responsible for obtaining the food from various sources.

The Fritos came from the New Era Co., the potato chips from Q-Man's, the Coca-Cola from the Cca-Cola company; and the ice cream from Page's Dairy.

Records were played by different teen-age disk jockeys and requests made up most of the music.

The chaperones were Mr. and Mrs. Wallace Whiting, Mr. and Mrs. Ollie Musch, Mr. and Mrs. Merl Hoag, Mr. Lucas and Jerry Jancusek.

A big vote of thanks should go to the Country Market and the men who arranged this dance.

☆

The student council held its first meeting of the year Thursday during second hour. James Howard has been appointed council adviser this year.

Mr. Hart spoke briefly on the proper qualifications of student council members.

It was decided to place three hall monitors in the hall each hour; one by the study hall, one in the lower hall at the junction of the two corridors, and one near the entrance of the girl's gymnasium.

Next on the agenda was the election of officers, which was presided over by the president, Mike Fero. Dale Tuckey is vice-president, with Doris Oliphant as secretary and Steve Kruger as treasurer.

They discussed the parking problem around the high school.

Since Homecoming is Oct. 23, the general Homecoming committee with Doris Oliphant appointed chairman.

☆

We apologize for the omission of the class advisers when the new class officers were published. Here they are! Douglas Murdoch for the seniors, Charles Gross for the juniors, Jack Trudeau for the sophomores, and Ray Sommers for the freshmen.

☆

The GAA held its first meeting under the new adviser, Eleanor Guthrie, Monday evening.

☆

The results of the tuberculin tests were read Monday morning during second hour.

☆

Word has been received from Dundee about ticket prices for the game Friday night. They are 75c for adults, 50c for students there, and 40c in advance if bought in Mr. Hart's office. The varsity game starts at 7:30, a change from the usual.

☆

A meeting of the senior class motto committee was held Tuesday after school in Mr. Murdoch's room under the direction of the class president, Paul Surratt.

☆

The Senior Honors Activities Room went into operation on Monday morning after a meeting explaining its purpose and rules, which was held Friday after school.

To remain eligible for this privilege, the student must maintain a B average for every marking period. If his grades drop, his pass to the room is removed.

Those eligible for this marking period are Lee Britton, Ann Cameron, Jon Cook, James Curth, Janice George, Linda Godfrey, Marlynn Halley and Judy Harvey.

Louise Pennington, Mary Ries, Marjorie Bidle, Brenda Bugbee, Janet Graham, Robert Gray, Brenda Hall, Ralph Helzerman, Linda Kelly, Steve Kruger, Roger Mead, Doris Oliphant and Mary Seager.

Dave VanValkenburg, Sally Vincze, Janet Harris, James Beach, Jane Crawford, Robert Dick, Sandra Howard, Carole Kilburn and Sylvia Klught.

Marilou Layton, Alice Titley, Kay Rickard, Leroy Gillen, Larry Green, Mary Colgrove, Michael Fero, Kendra Frost, Karen Hall and Gary Schmitz.

☆

Junior magazine sales start Friday of this week. Go to it, juniors! See if you can top the seniors' record.

☆

There will be an assembly sponsored by the Student Council on Sept. 28 at 1. John Dallavaux of Rutland, Vermont, will lecture on Citizenship.

Brocks Invite Friends Oct. 6 to Open House

Mr. and Mrs. Clarence B. Brock will celebrate their 25th wedding anniversary Sunday, Oct. 6, with an open house at their home from 3 to 7 p.m.

Clarence Brock and Dorothy Good were married Oct. 6, 1934 in Toronto, Canada.

Three sons were born to them: Peter, deceased; Barry, a junior at Michigan State University and David, a sophomore at Tecumseh high school.

The family moved to Tecumseh in June of 1948.

Mr. and Mrs. Brock invite all their friends and neighbors to their newly remodeled home for the celebration.

Sunday Will Be Promotion Day at Baptist Church

Sunday will be Promotion Day during the Sunday School hour, 10 to 11, at the First Baptist church.

Bibles will be presented to members of primary No. 3 class, taught by Mrs. Francis Packard, during the 11 a.m. worship hour.

Fifteen attended the teachers meeting held Tuesday.

A discussion was held concerning the possibility of presenting more film strips for the students.

Missionary Rally

A Missionary Convention and Rally will be held at the Tecumseh Friends Church Friday, Saturday and Sunday.

The Convention will emphasize foreign and home missions.

Friday evening at 7:30, the Rev. Leonard Borton of Battle Creek will present the Church Extension program. Miss Hilda Rice will speak relative to the Friends Rescue Home of Columbus, Ohio. This home has for many years cared for unwed mothers.

The evening will conclude with the Church Extension film: "Reaching Out."

Saturday evening, the Malone College Quartet will sing. Two local boys, Joseph Hayden and Jim Brantingham, are members of this group. Dr. Ronald D. Jones, Dean of Malone College will bring the evening's address: "Misison to the Mind of Youth."

Sunday at 10 a.m., the Malone Quartet will be in charge of Music. The message will be brought by Dr. Everett Cattell.

He is recognized throughout America as well as other places in the world, as an authority on India Missions and his services are in demand by many boards and schools.

Dr. and Mrs. Cattell have recently returned to the States to take up the work of General Superintendent of the Ohio Yearly Meeting of Friends.

DR. E. L. CATTELL

Sunday School Rally Day is at 11:10.

Sunday evening at 7:30, the Rev. Howard Moore, son of county treasurer Willis Moore, will bring a missionary address. Howard Moore is the descendant of a long line of Michigan Quaker folk. He is a native of the Raisin Valley Friends Church near Adrian.

Friends Church Celebrates 125th Birthday

REV. LOWELL SHREVE

By MRS. EDGAR RELYEA

Raisin Center's Friend Church, which is located on Raisin Center Hwy., will celebrate its 125th anniversary Sunday.

About the year 1825 there were many pioneers from the various groups known as the Society of Friends (Quakers), especially those of New York State who migrated to Michigan.

Many times during the winter of 1931-32 the members of the Preparative Meeting of Friends of Royalton, Niagara County, and New York gathered together and discussed the future in the Michigan territory.

On May 1, 1832, about half of the Royalton group received "minutes" (church letters) directed to the Adrian Monthly Meetings of Friends, which had been established in 1831.

In the spring of 1833, most of the remaining members of the Royalton group joined the group which had migrated the preceeding year and settled with them on the "south bank of the Raisin River" in Michigan.

☆

THE GROUP MET at the home of Sylvanus Westgate and his wife Esther Haviland Westgate in a 12' x 16' log cabin for religious services.

It was under the care of the Adrian Monthly Meeting and was duly organized on September 18, 1834. At that time the log cabin was on land that Mr. Westgate obtained from the government.

The land is now owned by Edith Haviland. Although the first building was a cabin, the second was a wooden structure. It was divided into two sections, the left side for the women's meeting and the right side for the men's meetings. At the front were three rows of elevated, or "rising seats" for elders, overseers and ministers.

The site for the present church was given in 1840 by Charles Haviland, father of Esther Haviland Westgate.

It was under the guidance of Benjamin Kelly, who was chairman of the building committee, that a completely modern structure was built in 1882.

☆

MEMBERS OF THE local meeting who served the church as ministers from 1834 to 1870 included Charles and Esther Haviland, John White, Ansel Rogers, Lydia B. Wilson and Zelpha Bowerman.

Others who have served as ministers since that date include the Rev.s Jacob Baker, Alfred Barlett, Cordelia Rees, William Westgate, George Fox Westgate, Walter W. Brown, Paul B. Lindley, George M. Hicks, Claude Roe, Mary Hufford, Howard Green, Clyde B. Wood, S. Harland Mosher, Paul L. Zook, Harry Green and Thomas Riley.

The Rev. Lowell R. Shreve is the present minister.

☆

TO CELEBRATE the anniversary a pagent has been written for the afternoon service, which will be at 2:30 p.m.

There will be special music and greetings from those who are present and written messages from those who are unable to attend. During the pagent historical facts of the 125 years will be presented by early Friends, who will be in Quaker costumes.

The Rev. Tecumseh Man Facing Charge of Molesting Girl

Kenneth Cole, 26, of Tecumseh., demanded examination when arraigned Friday before Justice Francis O'Brien in Ann Arbor on a charge of taking indecent liberties with a minor girl.

The hearing was set for Sept. 28 and Cole was remanded to the Washtenaw county jail in lieu of bond of $2,000.

Cole was arrested Thursday on the complaint of a 14-year-old Tecumseh girl.

Matt Walden, 30, of Route 2, Tecumseh, the second man involved, was arrested by the Tecumseh police department Monday when he went to the station to inquire about Cole.

Walden stood mute before Justice O'Brien in Ann Arbor and the court entered an innocent plea and set the trial for Sept. 28.

Cole and Waldon picked up two girls in Tecumseh Sept. 14. Cole took indecent liberties with the girl in Washtenaw county, it is charged.

Walden is charged with furnishing beer to a minor. The other girl involved is a 15-year-old.

Trooper Swerves To Miss Truck — Then It's Wham!

Trooper Ray C. Valley, 27, of the Clinton state police post, was taken to Herrick Memorial Hospital Monday, suffering from minor injuries received when he swerved his patrol car into a ditch to avoid hitting a turning truck.

The accident happened at 9:30 a.m. on M-50 a mile east of Tipton.

The trooper had started to overtake the farm truck when it made a left turn in front of him.

The truck driver was not identified. Damage to the patrol car was minor.

Behind 9-0, Indians Rally to Beat Hudson, 12-9

By JIM LINCOLN

A heavily-favored Tecumseh eleven embarks for Dundee Friday night with one victory in the fold and as odds-on favorite to tuck away another win.

Victors over Hudson last Friday night, 12 to 9, the Indians open the Huron League schedule against Dundee, edged last week by Ida, 13-12.

The game starts at 7:30.

Hudson, having its way in the first half against Tecumseh in rolling to a 9-0 lead, simply couldn't cope with the Indians in the final two quarters.

Halfback Dave Weakly climaxed a winning 84-yard drive in the final period by diving over from the one with just over four minutes left on the clock. The tally moved the Indians into the lead for the first time this season.

Weakly set up the TD with a 22-yard jaunt from the 23, taking a handoff from quarterback Steve Kruger.

Tecumseh's first score midway in the third stanza combined a little bit of alertness on end Jim Poley's part and luck.

On fourth down, from Hudson's 11, quarterback Steve Kruger flipped a pass to Poley.

Two Hudson defenders battled with Poley for the pigskin before Poley grabbed the ball on his back in the end zone.

Fullback Mike Green and halfback John Aho sparked the Tecumseh running attack with Aho eating up most of the yardage in the winning drive.

The lanky halfback carried seven times in the 84-yard march, once four times in a row. He averaged slightly over six yards per carry in the contest and totaled 112 yards on 18 carries.

Green thrilled the fans several times, especially with the second half kick-off return of 40 yards.

Tecumseh would just as soon forget the first half which saw Hudson dominate play, score all nine points, and pass at will against the Indians' defense.

Hudson picked up five of its six first downs in the first two quarters, largely through passes.

In the second half, Hudson completed only three passes for 17 yards and was a minus eight yards via rushing.

In the first period Hudson tallied when Aho was trapped behind the goal line for a safety. Just before the half, Hudson moved to the Tecumseh two on a 46-yard pass play. Three plays later Rex Dilyard plunged over.

Hudson	2	7	0	0	— 9
Tecumseh	0	0	6	6	— 12

Hudson scoring: Dilyard (1, plunge); safety (Aho tackled in end zone). Pat - Sutherland.

Tecumseh: Poley (11, pass from Kruger); Weakly (1, plunge).

HUDSON STAR—Rex Dilyard was the loser's standout, here racing to the 10-yard line in the opening period.

TECUMSEH TOUCHDOWNS—Above is the first one, a zanzy end-zone catch by Jim Poley. At right, Dave Weakly going in with the clincher. Just before Poley tallied the Indians were behind 12-0, were down to Hudson's 11-yard line. Steve Kruger faded and threw towards a cluster of four players, two from each team. As the boys lunged for the ball, three fell to the turf and somehow Poley got hold of it as he lay flat on his back. Dennis Bryan, the other Tecumseh lad, at left, appears to be applauding Jim's grab. The second TD was more conventional, Weakly capping an 84-yard march with a sprint around the Hudson right side from the one-yard marker. John Aho (22) is at right.

TROUBLE (RIGHT)—This is how Hudson scored its safety the first time Tecumseh got its hands on the ball. Starting from the two-yard line, Steve Kruger (24) handed off to John Aho (22). Hudson's line crashed through and tossed Aho before he could get out of the end zone, giving the Tigers their initial two points.

GIVEN APPROVAL — Michigan Conservation officials met Monday with local representatives to talk about developing Evans Creek as a fishing and recreation area. On hand, from left, John Boudreau, county conservation officer; Earl Baldwin, Edward Bacon, district Fisheries supervisor; Hugh Donahoe, Don Cobb and Ed Nelson. The two representatives of the Conservation and Stream Improvement Department gave unqualified approval of the project. They promised to stock the local creek with fish as soon as it has been cleared and rip dams built. Work on the effort will start on the north side of Recreation Field, property owned by the city. Plans are to ask Boy Scouts, garden clubs and other organizations in the area for their cooperation and assistance.

WHAT'S THE STORY ON THE NEW FORD FALCON?

Come in and we'll tell you all we know!

HOW BIG WILL THE ALL-NEW FORD FALCON BE? HOW MANY PEOPLE WILL IT CARRY? HOW ABOUT POWER?

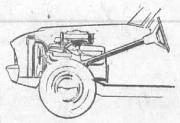
To start with, in the all-new, New-Size Ford—the Ford Falcon—you *sate*, but never "do without!" You get modern, fine-car styling . . . six-people-big room and comfort . . . a car that's born and bred for the *American* road! And you get it from Dearborn, Michigan, automotive capital of the world.

LET'S TALK ABOUT STYLING FIRST!

You're going to be amazed by the Falcon's beauty. It has a low, sleek, European flair in new, beautifully proportioned style. It has safe, "wide-open" visibility all around. Interior styling is fresh and new, with smart looking, durable upholstery. In a nutshell, the Falcon is Ford's way of proving that a *true* economy car doesn't need to look, ride or feel like one.

LET'S TALK ABOUT THE ALL-NEW FALCON'S SIX-PASSENGER SIZE!

Available in both 2- and 4-door models, both models will have full-width seats accommodating six. There's room for all their luggage, too, with 265% more luggage space than the two most popular foreign cars. Pretty amazing, isn't it? The main reason is the way the Falcon is *built*.



SO LET'S TALK ABOUT THAT!

The Falcon uses the latest type of single-unit construction (like the fabulous Ford Thunderbird). This adds extra inches everywhere inside—and it makes the car one solid, silent, integrated structure.

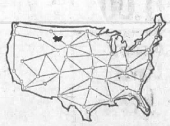
Along with its all-new size . . . there are lots of other things, like extra-big brakes and light-finger steering, that make the Falcon a delight to drive. And the Falcon is so maneuverable, it makes driving in city traffic a cinch!

LET'S TALK ABOUT THE FALCON'S PERFORMANCE!

The all-new engine is up front, where exhaustive crash tests, skid tests and handling tests prove it *should* be, for safety and stability. It has six cylinders . . . is of the world's most modern design . . . yet it's built on full-proven principles. It will deliver up to 30 miles per gallon on regular gas, only needs oil changes every 4,000 miles. The engine is also *water cooled*, which permits use of a water-type heater that's safer and never robs you of gas mileage! Unlike many cars of its size, the Falcon's available with automatic drive, too.

AND NOW WE'VE SIMPLY GOT TO TELL YOU ABOUT THE FALCON'S FABULOUS EXPERIENCE RUN!

It tops off a rugged 3-year, 3,000,000-mile test program. A fleet of Falcons is now traveling over every numbered U. S. highway in the country. It's from the drivers' logs on this run that we got the "30-miles-to-a-gallon" mileage figure. Some of the Falcons are driving around-the-clock—and new records are rolling in every day.



BUT THE FALCON'S ECONOMY IS MEASURED IN MANY MORE WAYS THAN GAS AND OIL SAVINGS!

Take the price. Though we can't give you the figure just yet, we can tell you this: the low, low price of the Falcon will help *prove* to you that it's the savingest car, *right from the start!* What's more, the main body understructure is heavily zinc-coated to protect it against corrosion through the years. Front fenders are bolted on for easier, more economical servicing. Insurance will probably cost you less. And Falcon service will be available everywhere, using standard American tools.

We've just been able to scratch the surface of the Falcon news here. Come in. Bring all your questions. But make it soon. We have many orders already.

Here's Chance To Assist Kids in State Home

Mrs. Mable Duncan, Mrs. Walter Murphy, Mrs. Gene Skinner and Mrs. Russell Hall were in Battle Creek Saturday to assist with the annual carnival at the State Home sponsored by the Michigan Eagle Auxiliary.

The local Auxiliary members have voted to "adopt" the home as a state project and will sponsor birthday parties there once each month, as well as other festivities at holiday time.

Anyone who desires to assist with contributions such as used nylon hose, laces, ribbons, combs, buttons, tablets, pencils, toothbrushes, crayons, soaps, powders, perfumes and other such items may call Mable Duncan phone 1065-R.

The hose are used to make stuffed toys.

The installation of officers has been postponed from Sept. 16 to Oct. 7. The Morenci Auxiliary has been invited toattend.

Mrs. Frank Gray is the hostess chairman.

New Post Office Is Going Up at Tipton

Tipton is going to have a new post office building in October.

Mrs. Grover Swarts, postmaster of Tipton, and her husband, are near completing a building which they plan to lease to the United States government.

The exact opening date for the new post office depends on delivery of counters, boxes and other new equipment.

After leasing the new structure to the government, Mrs. Swarts will operate from the new facilities as postmaster.

Started in July, the building 24 by 40 is finished interiorly with Phillipine Mahogany paneling and green ceiling.

The exterior is finished with face brick and white paint over cement block.

Plans call for landscaping and blacktopping of a driveway. At present 110 yards of gravel cover the parking area.

E-D Construction of Onsted is the contractor.

Mr. Swarts could offer no estimate of cost except "it's too much."

Currently the one-carrier post office district is located in Krouts store at Tipton.

Corn Picking Contest

The air is crisp and the corn is ready to be picked.

And picked it will be on Oct. 15 at the 2nd annual Michigan State Mechanical Corn Picking Contest near Hudson. Both one row and two row pickers will compete on the John McCombs farm, 4½ miles east of Hudson on route M-34.

The one row pickers will take off at 10:30 in the morning and the winner should be decided by 11:30. Cash prizes are offered for the first two places in this section of the contest.

MSU Offers Fall Courses in Area Cities

South-central Michigan residents can continue their education "at home" by enrolling in 33 extension courses offered this fall by Michigan State University in 16 area communities.

Credit and informal courses will be given at Adrian, Albion, Alma, Battle Creek, Coldwater, Concord, Dansville, Fowlerville, Hillsdale, Howell, Jackson, Kalamazoo, Lansing, Mt. Pleasant, Owosso and Quincy.

The majority of courses will begin the week of Sept. 14, with others starting the latter part of the month.

Classes will be offered in education, English, comparative religions, group discussion, art, sociology, speech, geography, gardening, psychology, philosophy, Shakespeare, poetry and in other liberal arts areas.

Area adults are invited to register at the first or second class sessions.

The following M.S.U. courses will be offered in this area: Adrian — Social Goals in Education; Jackson — Public Speaking for Executives, Guidance Procedures for Individual Analysis, Recent American Literature, Principles and Practices of Administration, Geography of Michigan, Botany for Gardeners, Normal Personality, Philosophy and Society, Shakespeare for Moderns.

Headquarters for off-campus services in south-central Michigan is Room 15, Kellogg Center, Michigan State University, East Lansing. Elmer S. Anttonen is the coordinator.

Adults interested in additional courses information, such as meeting dates, times and course credit, can obtain this from local school officials or from Mr. Anttonen.

Oil Company Suggest Tips to Safe Driving

More than 2,547,000 copies of a new booklet of safe-driving tips for teen-agers have been distributed free and exclusively by Standard Oil Company (Indiana) and its marketing affiliates.

The National Safety council has called the booklet, which was produced seven months ago as a public service, "one of the most important contributions to safer highways and better teen-age driving that has ever been made in this country. We wish every young driver could read this booklet."

Standard dealers have distributed 1,892,000 copies of the free booklet in the Midwest.

Teen-agers, the new booklet of safe-driving tips reveals, are involved in twice as many fatal accidents for the number of miles they drive as drivers over 25.

Teen-agers who have had driver education have fewer than half the accidents of those who have not had it.

The safe-driving tips for teen-agers are from professional drivers like the state patrolman, the test track driver, and the trucker, who have found safe driving is a matter of experience and attitude:

"1. Don't show off or clown behind the wheel.

"2. Have guts enough behind the wheel to chicken out when common sense tells you it's time to give in. Never mind who's right. Be smart—stay alive!

"3. The public highway is for sharing, not competing.

"4. The squeal of tires and roar of the exhaust may sound hot stuff to a driver who needs it to build up his ego. But it tags him as strictly an amateur to the real pro.

"5. The pro gives in to bad weather, bad roads, and traffic jams, and slows down.

"6. Would your coach send in a player who had been drinking? Well, it goes double for driving. Remember—a half-loaded driver is more dangerous than a loaded gun."

Sebring Wins Contest Prize

Mahlon Sebring, Herrick Park Dr. at Evans in Tecumseh, won an all-expense trip to Chicago September 21 for top service station appearance and cleanliness record.

The competition was among 2,200 Standard Oil Dealers in Michigan's Lower Peninsula, W. C. Love, District Manager at Lansing, announced.

Mr. Sebring was among 96 grand prize winners in the 9th annual appearance and cleanliness contest conducted by Standard Oil Company among 16,000 dealers in the Midwest.

He visited Standard Oil's general office, its Whiting refinery and research laboratories, saw a major league baseball game and other current entertainment featured in Chicago.

The returns today.

HURT IN FOOTBALL

Daniel Greene, son of Mr. and Mrs. Faye Greene of 712 Wenonah St., was taken to Herrick Memorial Hospital Monday afternoon for observation.

Dan, a freshman in high school, received a knee injury Friday afternoon during football practice.

PEANUT SALE APPROACHING

Announcement was made at last Thursday's Kiwanis gathering that the annual Peanut Sale will be Oct. 2 and 3.

Proceeds will be used for Youth Work in Tecumseh.

James Mull is chairman for the sale.

Tim Neil and Don Murphy of the Booster club explained operations of the club.

JUNGLE GYM UP—Patterson's school's playground has a jungle gym now, thanks to money earned at recent Patterson Fairs and donated labor of PTA dads, who assembled it. It's quite obvious that students are happy with the addition. For the older children, an outdoor basketball court was installed. Total cost for the new play gear: $900.

Chairman Says 'Thanks'

"When other words fail in expressing gratitude, it has oft times been said that a sincere 'thank you' conveys all that one may say to acknowledge help or assistance," says Jim McKenna, who chairmaned St. Elizabeth's Roast Beef Dinner and Fall Festival.

"We resort to this old-fashioned method to let the people of Tecumseh know that we appreciate all that has been done to make over sixth annual event a wonderful success.

"Whereas it is impossible to acknowledge individually the effort contributing to the success of our venture, we wish publicly to extend our gratitude to the following persons, firms and organizations, without whose generosity such an affair could not be undertaken," the chairman said.

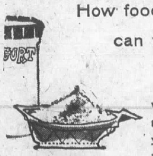
How food fads can fool you



We don't mean there's anything wrong with eating yogurt and wheat germ and so on. They are fine, healthful foods. But here's the rub. Advocates of some food fads promise benefits that diet alone can't deliver. Occasionally, someone with a medical problem will try to solve it by living mostly on cabbage juice or some such thing. Special foods and diets, however, have limitation—can be harmful when improperly used. So if you think there's anything wrong with you, by all means see your physician.

Milk Cans Are Due to be Thing of Past

Almost all Michigan farmers who sell milk for bottling will have farm bulk tanks by 1962-63, predicts Donald Murray, extension dairy specialist at Michigan State University.

These large tanks are fast replacing small milk cans.

"The state now has about 9,000 farm bulk tanks — second in the nation," Murray notes from a recent nation-wide survey of land-grant college dairy specialists. "About 60 per cent of Michigan's fluid milk is cooled in these tanks."

Lansing and several other Michigan towns buy mostly bulk fluid milk, Murray reports. He feels the large Detroit market will reach that point within a few years.

The nation-wide survey showed that:

By January 1958, nearly one-half of all milk sold on federal order markets was cooled in farm bulk tanks. This included only bottled milk.

Most bulk trucks pick up milk at the farm every other day. Almost all Michigan bulk routes follow this system. So do 86 per cent of all routes covered in the 35-state survey.

Most experts feel a 15-25 cow herd is large enough to justify a bulk tank. However, a 15-cow herd must give a lot of milk to pay for the investment.

Murray estimates that a bulk tank with 150 to 300 gallon capacity costs about two to three thousand dollars. Conversion may cost four or five thousand dollars where the tank means building or remodeling a milkhouse.

Quiz Program Is Presented at Music Club

The Tecumseh Music Club met at the home of its president, Elizabeth Wilson, Tuesday evening with 10 members and two guests in attendance.

The guests were Mrs. Lewis Lake and Mrs. Leland Fogelsong.

Following a potluck dinner, a quiz program was presented by Mrs. Marvin Schroder, assisted by Mrs. Paul Brantingham.

During the business session Mrs. Ray Sommers was elected to the treasurer's office to replace Mrs. Beverly Baldwin, who has moved from the city.

The next meeting will also be held at Mrs. Wilson's home.

Friends Fete Couple on 50th Anniversary

Mr. and Mrs. Irving (Slim) Lewis former residents of Holloway celebrated their 50th wedding anniversary Sunday when 100 friends and relatives attended open house in their honor.

It was held at their home at 427 Comstock St. in Adrian.

The home was decorated with floral arrangements an dthe hosts were Mr. and Mrs. Wilson Sawyer, assisted by Mrs. John Gritsmaker.

Mrs. Hazel Klappich and Mrs. Helen Montague nieces of Mr. Lewis poured.

Mr. and Mrs. Leon Lewis, nephew and niece of Mrs. Lewis attended the guest book and cut the wedding cake.

All the brothers and sisters of both the honored couple were among the many guests.

Reviewer Applauds Director

By DUANE K. FURBUSH
Drama Director
Taylor Center High School

Herrick Memorial Hospital Auxiliary last Wednesday and Thursday won a token of the plaudits they deserve with their second annual presentation of living theatre.

It was Clark Lake Players in "Guys and Dolls" at the Strand Theatre.

This musical fable (book by Abe Burroughs with music by Frank Loesser) based on stories by Damon Runyon enjoyed a long run on Broadway and the road.

It also had considerable success as a motion picture.

It was revived this season and was seen just a couple of weeks ago at the Cass Theatre with Robert Horton as Sky Masterson.

It must be confessed at the outset that this reviewer fails to understand such an abiding interest in this very slight theatrical fare.

☆

THEREFOR IT is all to the credit of director Bill McAnallen and his players that this production, for the most part, was able to instill a modicum of interest in material which is never in touch with reality.

Mr. McAnallen showed a deftness and lightness of touch in his handling of ensemble and the various bits of stage "business" of almost all his minor characters and his overall conception.

His direction of Miss Adelaide (beautifully portrayed by Jackie Bixler), Nathan Detroit (Bob Waldo), Sarah Brown (Brooke Bandfield) with capable assistance from Nicely-Nicely (Harold Harrington), Pickpocket (Joe Brown) and others was excellent.

It is doubtful whether Mr. McAnallen, or any other director, could do much with Jerry Dixon's Sky Masterson. The kindest thing to say is that his conception of the role was leaden rather than laconic.

☆

HOWEVER, HE managed to convey the meaning and intent of his songs, and Sarah's tipsy scene with him was genuinely delightful and had just the right shading and grace.

This scene and all of Miss Adelaides', and the marvelous marching of Agatha (Beverly Waldo) and her flute, demonstrated the kind and degree of directorial stylization which should have, but didn't characterize the production as a whole.

The lugubrious and funereal tempo of the overture almost killed the play before it began, and the "pace" (consistency of pacing in a musical is an absolute "must") was never sure, hardly ever light or breezy in the intolerably long first act.

☆

"THINGS PICKED-UP" with the entrance of the really talented Adelaide or Agatha; then fell back to a deadly routine with their exits.

Even Bob Waldo's otherwise disarming Nathan Detroit was marred throughout much of the first act with no more limberness than a man on stilts; then gradually relaxed into the real Nathan Detroit throughout the remainder of the play.

The second act was "all of a piece" and as such was a warm delight. It swung along gracefully and at times possessed a winsome and fanciful quality that quite transcended the book's mundane "cuteness".

☆

SPACE DOES not permit the justly deserved compliments to the many other members of this large cast for the uniformly good quality of performance or the freshness of their collective approach.

Nor can, any brief statement here convey the appreciation due to the technical staff for the polish and smoothness of production.

And it "goes without saying" how many thanks are due both Walt Nichols, manager of The Strand, and the Hospital Auxiliary for bringing "live" theatre to Tecumseh.

Firemen Douse $200 Taxi Fire

City firemen were called out at 5:10 Monday morning to the Texaco parking lot where a taxi owned by Walter Shea was burning.

Origin of the fire was undetermined.

Damage was approximately $200.

Diane Handy Takes First

Diane Handy took first place in the Junior division with her rare minerals exhibit at the Tri-County Mineral Show last week.

Held in connection with the Saginaw County Fair at Saginaw, the show was the first annual one of the organization which is made up of Bay, Saginaw and Midland counties.

Diane is the daughter of Mr. and Mrs. Clare Handy.

NOW...'60 CHEVROLET TRUCKS
WITH REVOLUTIONARY
CHEVROLET TORSION-SPRING SUSPENSION
THAT GIVES ASTONISHING NEW
SHOCKPROOF ACTION !!!!!

Chevy's done the next best thing to paving every road in America!
First they threw out the front axle and put in torsion-spring independent suspension. Then they built wide-base coil rear springs into most light-duty models, variable-rate leaf springs into heavies. That made-it—a ride you have to feel to believe. A ride that lets you move faster to get more work done in a day's time.

Brawnier bulldozer build!
Frames are stronger, cabs 67% more rigid. Front wheels and tires are precision-balanced. And that new suspension cushions jars and road shock that used to spell slow death for the truck's body and sheet metal.

More comfortable cabs!
Easier to hop in and out of too. Many models are a whole 7 inches lower outside. Yet there's more head room inside, plus more width for shoulders and hips. More real comfort!

Big in the power department!
With the industry's most advanced gas-savings 6's. With high-torque Workmaster V8 performance in heavyweights. With new 6-cylinder or V8 power available in L.C.F.'s.

More models than ever!
New 4-wheel-drive models and tandems and high-styled Suburban Carryalls. It's the handsomest, hardest working Chevy fleet ever to report for duty. See your dealer soon for a ride!

Anything less in an old-fashioned truck!

OLD GAMES — NEW PLAYERS!

In the dark, dim and faraway distant past, when most of my summer afternoons were spent at The Pit, it was a rare thing indeed when two or three impromptu games of King on the Mountain didn't spring up.

You remember how they went — one or two people took possession of the raft and the rest of us tried to push them off. A simple game, but on a hot afternoon, lots of fun.

It has amused us to notice that the birds have their own version of our old pastime.

Really, about the only difference between the game we used to play and the one which goes on daily outside my window, is mood. Whereas we played for fun, the birds are serious and most businesslike. This, of course, is understandable — after all, their mountain is a well stocked bird feeder.

Who most often plays the King? A Blue-jay, who else!

Occasionally other birds aspire to the title and it is just such an event about which I would like to tell you.

Two Tufted Titmice, so young that they were not yet tufted, were having breakfast and what fun. It was a beautiful Sunday morning and they were just bubbling over with high spirits. Their squeaky little voice proclaimed the goodness of life and their boundless energy kept our window picture hopping.

☆

BREAKFAST WAS good but they were much to full of the joy of living to be still for long. With frequent stops at the big feeding tray for two or three tasty sunflower seeds, they flitted from one thing to another — from the big feeder to the little one, up to the trees, out to the fence, down to the ground.

They had to be everywhere, to see everything.

Into this happy carefree scene came the villain.

At first, it must be admitted, we did not recognize him as such. Instead of wearing a flowing dark cape and twirling a stringy black mustache, he wore the dark blue and pearly grayish-white of a male Nuthatch. Because of the newness of his feathers — really, they looked as if they had not had much wear and tear — we assumed that another youngster had come to share breakfast with the Tufted Titmice.

Usually Nuthatches are sociable and friendly, why this little character suddenly decided that he should have the feeder all to himself we don't know. Maybe he got up on the wrong side of his perch, maybe he was just another young blade trying to show off; what ever the reason, he came sailing into the feeder and things were peaceful no more.

☆

IN HIS ridiculous Nuthatch voice, he started telling off the Titmice.

Not wanting trouble, one of the youngsters left; the other one, the smaller, was not about to give up so easily.

Because of his ragged, tousled, unkept appearance we had dubbed this one Tuffie and now, by his actions, he lived up to the name.

He tried to stand his ground but that long, sword-like bill coming towards him was too much. As the Nuthatch lunged forward, the little Titmouse left.

Now the Nuthatch was truly King of the Mountain but actually, the game had only just begun.

Time and time again the spunky little Titmouse tried to regain the feeder; each effort ,however, was repulsed.

☆

I JUST wish you could have heard the noise when these two youngsters came together. With scratching claws, beating wings and jabbing bills they fought and, of course, their small bird voices were raised high, each trying to drown the other out.

The Titmouse, of course, stood little chance against the long-billed Nuthatch but he certainly made a good try. In fact, he kept the Nuthatch so busy protecting the feeder that he, the Nuthatch, had no time to eat.

Certainly these new players take our old game far more seriously than we ever did.

To Represent Local Hospital

Mrs. Richard Coak and Mrs. Robert Fuller will represent Herrick Memorial Hospital at a meeting of Michigan Association of Hospital Auxiliaries.

The fall meeting will be held at Hidden Valley, Gaylord Oct. 6 and 7.

The meeting will feature reports, panel discussions and talks by outstanding hospital authorities.

"THE PATIENT MUST COMBAT THE DISEASE ALONG WITH THE PHYSICIANS"

Physicians have to be good detectives. Their only clues are the various symptoms that accompany sickness. Many different diseases have similar symptoms. By a thorough physical examination, asking pertinent questions and the process of elimination, physicians find out the exact causes of the trouble. You can help them to be more effective if you follow these simple rules. Visit your physician at the very beginning of any illness. Sometimes a cure takes time. Don't be impatient. Most important, take any medicine your physician prescribes according to his exact directions. Pharmacists always follow a physician's instructions exactly when compounding a prescription. You do the same and you will get well much quicker.

YOUR PHYSICIAN CAN PHONE TECUMSEH 245 WHEN YOU NEED A MEDICINE

Pick up your prescription if shopping near us, or let us deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

22 at 1st Baptist Women's Meet

"Anyone who has not compassion in their heart has the worst kind of heart trouble" said Mrs. Ben Antrobus as she called the meeting of the Womens Society of the First Baptist Church to order Sept. 14.

About 32 were in attendance to receive the year books distributed.

The members voted to sponsor Morning Glory Troop 17 of Girl Scouts with leaders, Mrs. Orville Bishop and Mrs. Charles Beland.

Because of requests members voted to order six dozen Serva Spoons for sale.

The Lenawee Association annual fall missionary tour was announced for Sept. 21 at Temperance and the Ladies Fall Rally will be held Oct. 5 in Monroe.

A rummage sale is planned by the ladies with Mrs. Anna Grigg as chairman.

The dates are Oct. 1, 2, and 3. Anyone wishing to contribute is asked to bring articles to the rummage room of the church as soon as possible so that the committee may have plenty of time to ready them for sale. Call 215-J for pick up.

Mrs. Bashore gave the benediction prayer and dainty refreshments were served with Mrs. Antrobus and Mrs. Bashore pouring.

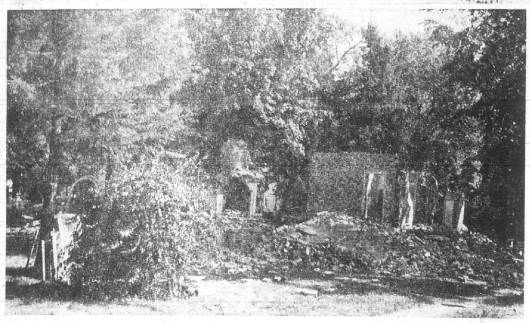
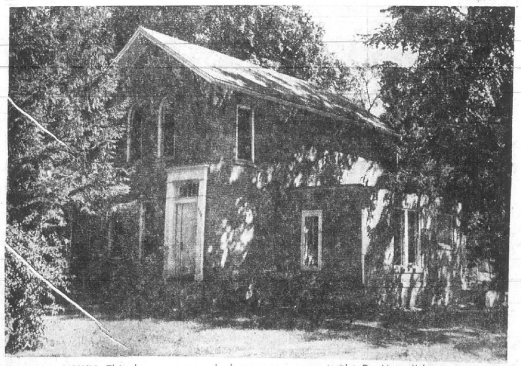
Del King, local insurance agent, is now a licensed real estate broker and will start handling listings and sales from his agency on N. Evans St.





COMING DOWN—This house commonly known years ago as the Dr. Howell house is to be replaced by a new building for the General Telephone Company. Dr. George Howell built the house nearly 100 years ago probably in the 1860's. He was a practicing physician in Macon for over 20 years before moving here. He was a member of the State Legislature and Senate as well as supervisor of Macon township for a number of terms. Dr. Howell was the grandfather of Mrs. Ellsworth Collins and the father-in-law of Dr. Herbert Conklin whose home and office were next door where Ousterhout Flowers is now located.

Man of Courage, He Is Teaching Wife to Fly an Airplane

Men who attempt to teach their wives how to drive an automobile find it an exasperating, and a next-to-impossible job.

"But you should try to teach your wife how to fly," sighs Richard Jacobs, a pilot instructor, of 112 Burt St.

Jacobs is in the process of teaching his wife, Hazel, a mother of five children, how to fly.

Holder of a student pilot license, Mrs. Jacobs has three hours towards her regular pilot's certificate. She needs 40 hours of solo flying to earn it.

She soled for the first time last week.

Mr. Jacobs, who operated his own flying service from Meyers airport, has been a pilot 15 years. He is regularly employed in Adrian, flying late afternoons and weekends.

Banquet To Honor Products' Birthday Set for Oct. 24

An Appreciation Banquet, honoring Tecumseh Products' 25th birthday, will be held Oct. 24, announces chairman Tom Corkery.

It will be the climax of a series of events and displays during the firm's silver anniversary week.

Tickets for the banquet, printed in a limited supply, are $3 each. Oley Hanna is in charge of this phase.

Being served country-style by the Tecumseh Grange, the dinner will be held at Tecumseh High School.

Long AND Short OF IT

By TOM RIORDAN

What is more tantalizing than the smell of burning autumn leaves?

☆

David Damon, son of Mr. and Mrs. Cal Damon and a fifth grader at Patterson, says it's easy to spell Mr. K's name.

His teacher, Mrs. Purnell Osburn, taught him and his classmates how.

David relates the formula:

"Start with a KH,

"Then add RUSH,

"Next, start to spell the name of a Chevrolet, only stop at the "v" . . . CHEV."

So you have it, KH-RUSH-CHEV."

☆

Well, Project X is out.

I refer to the announcement of our special edition honoring the 25th birthday of Tecumseh Products Co.

It was a challenging undertaking—all 56 pages—starting back in April. (Our fingers are crossed. There are still eight pages yet to be done.)

But already in finished form are 48 pages, chuck full of stories and pictures and ads, all pertaining to an industry's first Quarter Century.

It will be issued as part of the Oct. 15 edition. We're going to sell extra copies, which you might care to send to relatives or friends living outside the area.

This is one way you can have them learn about your hometown and its major industry.

For instance . . .

Did you know that Tecumseh Products is the world's largest manufacturer of refrigeration compressors?

How many units have been turned out here? (More than 38 million.)

You'll be mightily pleased (I know all of us at The Herald were) when you read what folks who do business with the Products think of our hometown industry. This is told in advertisements which appear in the special.

As for pictures, there are a raft—some real old timers, many new ones. They cover from the start in 1943 to the present day, showed how Tecumseh Products helped build a city.

One of the feature articles is an 8,400 word history. Others deal with the compressors themselves, overseas setup, company advertising program, the employee publication, the Union, Credit Union, war-time work at the Products and other major topics.

☆

At last, Tecumseh has a home game.

Besides the football action, there'll be plenty of music.

The Tecumseh High School 70-piece marching band, under the baton of Don Johnson, takes the field at 7:15, playing salutes to both schools and the National Anthem.

The half-time intermission will be shared with the visiting Ypsilanti Lincoln band.

Tecumseh's 10-minute, between-halves performance will be themed, "Name bands."

☆

Rhae Henkel, one of our town's hair trimmers, purchased a King Midget automobile this summer. It stands about four feet from the pavement and weights just a few hundred pounds.

On a recent day, Rhae drove downtown and parked. He did a little shopping and upon his return, Rhae found the King had been carefully lifted onto the sidewalk and his parking space filled by a conventional-size auto.

Appears as though folks just refuse to take these new economy cars seriously.

WEEKEND WIND—A terrific wind from the southwest Saturday night snapped off giant tree limbs all over town, like this oak on the property of Harry Creger at N. Union and W. Brown Sts. Examining the damage are John Goodman of 413 W. Brown and Gary Maynard, 404 Seneca. City crews cleaned up the mess around town Sunday and Monday. Telephone and power companies had considerable damage to repair, as well.

56-Page Special Edition Tells Story of Products

Tecumseh Products Co. will celebrate its 25th birthday on Oct. 20.

To help commemorate the event, The Herald will issue a 56-page supplement to its regular edition of Oct. 15.

Work on the special section was started last April with the gathering of pictures and material for stories. It has been continued ever since.

Advertisers are major suppliers of the Products and financial institutions which handle accounts for the local industry. Such well-known names as General Electric, Ex-Cell-O and Emerson Electric are among the 80 firms which have reserved space.

Nearly all the ads and stories were composed into metal during July and August and placed into special storage areas at The Herald.

Seven press runs of more than 5,200 copies each are required. These were started in late summer, taking place after the regular issue of the paper had been completed.

So far, six sections have been completed and "stuffed" — that is, one section placed inside the others.

☆

STORIES AND PHOTOS in the special edition will take the readers through the entire 25-year period — 1934 to 1959.

An 8,400-word history begins with the news that a new industry is coming to Tecumseh and carries up to the present time.

Other special articles report in detail the story of the refrigeration compressor itself, perfected and built by Tecumseh. There are illustrations of the first model and also pictures of later units, including the air-tight hermetic.

Another piece tells about World War II at the Products and is illustrated by war-time pictures.

The role of company advertising in trade magazines is covered.

An illustrated history of the "TP Broadcast", the firm's own employee publication founded in 1941 ,is included.

Other interesting high points are a page of pictures taken around the community, showing how the Products has benefitted schools, housing, recreation and the city's hospital.

The Herald announces how readers may obtain extra copies of the special edition in the advertisement on the first page of the second section.

Winds Lash Area

Violent winds and torrential rains Saturday night caused considerable damage in the city's trees and utility lines. Immediate results were darkened homes and discontinued telephone service for many of the city's residents.

The storm — of near twister force—struck shortly before midnight and seemed to follow a course that began west of the city and continued in a west and north direction to Welch Rd.

City manager Ed Nelson reported that six large trees were lost, four of them at Brookside cemetery.

A big tree, about 30-inches in diameter, was blown down on Maiden Lane, but the largest was on N. Union St.

☆

HEAVY WINDS also blew trees down on Burt St. and the River Acres area suffered wind damage.

Television antenna were reported toppled throughout the west and north section of the city.

Gerald Smith, plant superintendent of the General Telephone Co., reported 125 phones out of order as a result of the storm. Falling trees and limbs on lines caused the majority of the trouble.

Telephone crews were called out early Sunday and worked most of the day.

Earl Parker, maintenance superintendent for Consumers Power Co., reported that heavy winds on Burt St. knocked services down in that section.

However, Consumer lines were not hard hit in any one area.

The lightning from the storm Monday caused much more trouble to power lines than Saturday's storm, according to Mr. Parker.

He reported that every transformer in the city was hit by the lightning. No serious damage resulted.

Line fuses were blown and up to 14 linemen were working from 10 p.m. until 4 a.m. Tuesday.

SHARP FOOTBALL—Here was a defensive gem at Dundee last week. Dundee quarterback Joe Uhl passed to halfback Leo Elder (40 on ground), who was immediately smacked with a vicious tackle by linebacker Clarence Champanois, jarring the ball lose. Tecumseh's Jim Curth (62), coming up fast, leaped on the pigskin. However, it was ruled no play when the official said the pass was not completed.

Chop Suey Supper

The Pythian bazaar and chop suey supper will be held Oct. 9 at the Pythian Home, 202 W. Pottawatamie St., instead of at the Legion Home as previously announced.

This decision was made at the regular meeting Sept. 23.

The bazaar will open at 1:30 p.m. and the supper will be served from 5 p.m.

Aprons, candies and novelties will be on sale.

Mrs. Elizabeth Freer gave a report on the Grand Temple Convention proceedings held in Grand Rapids recently.

Carol Saul of Pontiac, a 16-year-old high school student, won the National $1500 scholarship awarded by the Knight of Pythias for her speech on "The Greatest Man That Ever Lived."

The contest is open to any high school student in the U.S. and Canada and is promoted in Michigan by Sgt. Irvin Lawler of the Detroit police force, who is frequently seen on television.

Miss Saul presented her speech at the convention banquet Friday evening.

Mrs. Buelah Todd and her committee served refreshments following the meeting.

Business, Professional Gals Pick Committees

"Hi Neighbor" was the theme of the first fall meeting of the Business and Professional Woman's Club held in the Fellowship Center of the Presbyterian Church Monday evening.

The program was in charge of Mrs. Clayton Greenwald and Mrs. Burlin Brees.

Partners were chosen by numbers and each member introduced her partner or "guest" and gave a brief biography of her.

Routine business was conducted and plans for the year discussed.

Standing committees were read:

Finance — Mrs. Ray Sluyter, Mrs. Ronald Harris and Marjorie Wickwire.

Membership — Mrs. Hal Marshall, Mabel Lockwood and Mrs. Reid Bailey.

Courtesy — Geraldine French, Mrs. Ted Golat and Marie Koernig.

Publicity—Mrs. Lewis Schultz, Mrs. Clayton Greenwald and Mrs. Burlin Brees.

Program committee — Mrs. Cecile Smith, Mrs. Purnell Osburn, Mrs. Donna Elliott, Mrs. Robert King and Mrs. David Watson.

Child Welfare — Mrs. Sam Sisson, Mrs. Fred Randall and Mrs. Dan Reed.

Parliamentarian — Mrs. Duaine Service.

Radio Chairman — Mrs. Ralph Sager.

Auditing — Mrs. Cecil Viele.

Mrs. Steve Illeck gave devotions.

Hostesses were Mrs. Albert Todd, Mrs. Herman Strawe, Mrs. Lewis Schultz and Mrs. Orville Dewey.

FTD Accepts Another Shop

The Florists' Telegraph Delivery Association announces that Pickard Floral Shop, owned by Harold and Alda Pickard, is a new member of the association.

Approximately 11,000 members of the association handle flowers by wire. The other FTD member in Tecumseh is Ousterhout's.

Tri-Town Members Wrap Trinkets, Candy for Hospital Patients

Mrs. Gene Tuckey and Mrs. Ray Fee were guests at the meeting of the Tri-Town Extension Club held at the home of Mrs. John Robison Sept. 21.

Sixteen members were present for the planning of the program for the year.

A white elephant sale was held for the Sunshine Fund and members wrapped trinkets and candy for the state hospital.

Refreshments were served by the hostess.

The next meeting will be held at the home of Mrs. Jerry Eggleston Oct. 19, when the lesson will be "Come To Tea."

Members are asked to "Come as you are" for a Holloween party.

Furniture, Appliance Store Opening

A new retail store selling furniture and appliances, and possibly other merchandise, will open in Tecumseh soon.

Named, "Warehouse Sales," it will be located behind the Federal Savings and Loan, in the building formerly occupied by Schneider Bros. garage.

John Powell of Wamplers Lake and an employee at Tecumseh Products, will be the manager.

The store reportedly will not be a discount or auction-type of business and will be supplied by manufacturer and distributor Wayne Townsend of Marshall.

Mr. Townsend also operates several retail outlets.

The building, owned by Louis Schneider, will provide 3,750-square-feet of display floor space.

Mrs. Roosevelt Will Be Speaker

Mrs. Merlyn Downing entertained members of the Raisin Green Bees Extension Club Sept. 21 at her home.

During the meeting it was announced that Mrs. Eleanor Roosevelt will be the speaker for the United Nations Day program Nov. 10 at Ridge Auditorium in Adrian.

The program is open to the public and tickets for $1 are available from the Federated Woman's Club and the Extension Clubs.

Refreshments were served by the hostess assisted by Mrs. Wynne Matteson.

THS Seeks 3rd Win

By JIM LINCOLN

When's Tecumseh going to turn in a full game?

This question was repeated last week after the Indians recovered from a scoreless dull, first half to rout Dundee in the final two periods, 20-0.

Answer to the puzzling question had better be this week when tough Ypsilanti Lincoln opens the home season here at 7:30 p.m.

Another game marked by lackadaisical play in the first half could easily result in defeat for the Indians.

For the first time this season, Tecumseh faces a veteran eleven with size and speed comparable to the local squad.

☆

FRIDAY'S GAME at Dundee was a repeat performance of the Hudson contest. Unlike Hudson, however, which tallied nine points in the first half, Dundee was unable to take advantage of its scoring opportunities.

The entire first half was played in Tecumseh's territory with the host 11 twice moving within the Indians' five-yard line.

Late in the second quarter, Dundee moved to the three and a first down. Two plays gained just two yards, and on third and fourth downs, Tecumseh tossed its opponents back for one and four-yard losses.

☆

THE INDIANS completely monopolized the second half and scored the first time they gained control of the ball.

Tecumseh, taking over on its 27, tallied on nine plays with Dave Weakly scooting around left end. Weakly's run for the extra point failed.

Mike Green, spunky fullback with more drive and determination than seen in this spot for sometime, carried four times in the TD drive and picked up 39 yards.

Coach Dune Lectka's eleven scored twice in the final period.

Tackle Jim Curth broke through to block a Dundee punt midway during the quarter with the Indians taking possession on the 18.

On the third play from the 14, Roger Mead ended up with the ball on a double reverse to circle Tecumseh's left end untouched. Weakly ran for the extra point.

The Indian's final score resulted from a 59-yard drive in six plays.

Dale Tuckey, left hand quarterback, pitched to Tom Walter in the end zone. Mead ran for the final point.

☆

ALTHOUGH winners by 20 points, the Indians were far from being impressive.

Ypsi Lincoln could upset the local eleven unless the Indians come to life—especially in the first half. Although Ypsi lost last week, 19-7, to Grosse Isle, scouts report a rough time for Tecumseh.

Ypsilanti threw 25 passes against Grosse Isle, 17 in the second half. Pass defense has been a problem here, and it will have to improve over the Hudson game to stop Ypsi.

Grid Tickets $1

Tickets for the Tecumseh-Ypsilanti Lincoln game here Friday, will be $1 for adults and school children from seventh grade on up. Youngsters in sixth grade and under can obtain admisison for 25c. Prior to game time, student tickets are on sale at the principal's office at the high school for 50c. The contest starts at 7:30 p.m.

Adult Classes Starting

Registration for adult education courses offered by the Tecumseh schools will be held Tuesday evening at the High School in room 2 from 7 until 8 p.m.

The following courses will be offered for the present and others will start when necessary arrangements are completed:

1. Shorthand as a refresher for those people who have had previous experience in shorthand.

2. Typing, primarily for beginners.

3. Driver education for adults.

People interested in women's recreation, men's recreation, sewing, slip covering, cake decorating, volley ball, or any others please contact John Pobuda at 800 during the day and 752-M evenings.

If enough people are interested in a course or activity, arrangements can be made to offer it to the community.

Raynor Hammill Enters Institute

Among the 375 new students at Moody Bible Institute, Chicago, this fall semester is Raynor L. Hammill, son of Mr. and Mrs. Donald E. Hammill of 4685 Shepherd Rd., Tipton.

He is in the Sacred Music course.

Moody Bible Institute's 1,000 students come from almost every state in the nation and numerous foreign countries. Represented in the student body are more than 100 different denominations.

At the famed Chicago school they study theology, Bible, Christian education, missions, evangelism and music.

This school also operates the world's only specialized training program in missionary aviation and radio.

Linda McGehee Wed Sept. 12 in Lansing

Linda McGehee, daughter of the Rev. and Mrs. Eldridge Mason McGehee of Bedford, Iowa formerly of Tecumseh, and Jeffrey Stewart of New York City were united in marriage at the Emma Lott Chapel, First Presbyterian Church in Lansing Sept. 12.

The Rev. McGehee, a former pastor of the local Presbyterian Church, gave his daughter in marriage and also officiated at the double-ring service.

Arthur Cathey of Manchester, cousin of the bride sang several solos, Marcia McGehee was her sister's bridesmaid and the groom's brother was his best man.

Yellow and brown mums were used in decorating the church reception hall and the four tiered wedding cake.

Guests were present from California, Nebraska, Illinois and New York.

Following the wedding trip through the New England States the couple will make their home in New York City where the bride is a junior at New York University and the groom is a senior at Columbia University.

New Barber Opens Shop

Tony Merchese of Monroe has opened a new barbershop in the new addition to Joe's Market on West Chicago Blvd.

Tecumseh's new barber, who started cutting hair here last week, has had previous experience and expects to have two chairs open soon.

Joe Mannino, owner of the building, recently black-topped the parking area in front besides adding to his market.

Offering Will Assist World Needy

Annual observance of World-Wide Communion Sunday will be made at the Methodist Church this Sunday.

A special offering for Overseas Relief is a part of the observance.

"This offering is then distributed in the form of food, clothing and medical supplies through the interdenominational auspices of Church World Service," pastor the Rev. James Nixon reported.

During this same service copies of the Revised Standard Version of the Bible will be given to children being promoted into the fourth grade.

Boys Dormitory Built, Furnished by DAR Chapters

The Abi-Evans Chapter hosted the regional meeting of the Michigan Society of DAR at St. Peter's Episcopal church Tuesday.

The morning session was opened at 10:30 by the local regent, Mrs. Herbert Newman.

Mrs. Roy V. Barnes of Royal Oak, state regent, conducted the meeting. Reports were made on contitution week activities.

The theme for the year was announeed, "Faith of Our Fathers Living Still."

It was also reported that ground has been broken for the little boys dormitory at Tamassee, S. Carolina, a combination day and boarding school.

The building will be provided b by the Louisa St. Clair Chapter No. 1 of Detroit, the largest in the state, and the furnishings will be provided by chapters from the various states.

Luncheon was served by the Daughters of St. Peter's Church to 86 attending from Dearborn, Ann Arbor, Adrian, Plymouth, Ypsilanti and Northville.

Flowing Well Pumps 36,000 Gallons a Day

A flowing well was brought in Saturday at the Tonneberger housing addition on Union St., north of Tecumseh.

It is pumping at a rate of 36,000 gallons every 24 hours, explains Lee Fogelsong, who supervised drilling of the well.

Mr. Fogelsong, who will cap it next week, is the general contractor in the building on homes in the Tonneberger subdivision.

Homer Bays of Bays Well Drilling, which hit the gusher, says it was the best flowing well his firm ever dug.

They sunk a four-inch pipe 70 feet before hitting water.

The city operates a similar well in the same general location.

Mr. Fogelsong owns or has options on eight lots in the general area of the new well.

So, far, six houses are located in the Tonneberger addition and two more will be started by Mr. Fogelsong this fall.
